

DEATHS

MASON

The funeral of James F. Mason, 83 years old, who died Sunday, January 19, 1936, at his home on the Lexington road near Wilmore, was held Tuesday at 10:30 o'clock at the residence with the Rev. S. M. Logan, of Winchester, conducting the services. Burial was in the Lexington cemetery. Mr. Mason was well known to many in Harrodsburg as he had spent much time here with his daughter, Mrs. C. D. Tucker, Beaumont avenue. Mr. Mason, during his active years, was a prominent citizen of Jessamine county, and a man of splendid intellect and ability.

He is survived by his wife, Mrs. Ella Coffman Mason, and three daughters, Mrs. Alice Pinckard, of Fort Worth, Texas; Mrs. S. T. Wright, Waycross, Ga., and Mrs. C. D. Tucker, of Harrodsburg. Mrs. Tucker, who recently went to Florida for the winter, returned several weeks ago to be with her father during his illness. She left yesterday to rejoin Dr. Tucker at Delray.

The pall bearers at the funeral were Dr. V. C. Gillispie, Robert Thompson, M. Butler, Rutherford and W. L. Kaufman and Oscar Elmore.

TERHUNE

The following concerning a former well-known native and citizen of Mercer county is of interest to many relatives and friends here. It is taken from a Niagara Falls paper:

Guy S. Terhune, former widely known Niagara Falls businessman and civic leader, died during the last week-end at his home, 85-50 Forest Parkway, Woodhaven, L. I., at the age of 63 years. Funeral services were held in New York on Monday.

Mr. Terhune's death came as a shock to his numerous friends here. He had suffered a severe illness more than a year ago but had apparently recovered. About a month ago he had a recurrence of the illness but his condition did not cause friends alarm. Death was due to a heart condition.

A native of Harrodsburg, Kentucky, Mr. Terhune came to Niagara Falls as a young man and entered business here. For more than 20 years he operated the G. S. Terhune grocery and meat business on Third street. About four years ago he was in charge of real estate for the East New York Savings bank.

During his residence in Niagara Falls he was an active leader in civic affairs. He was formerly president of the old Board of Trade, forerunner of the Chamber of Commerce, and was later an active member of the chamber. For some time he was president of the Ongara club.

Mr. Terhune is survived by his wife, Mrs. Barbara L. Terhune, of New York; two sons, Robert S. Terhune, former city purchasing agent, of this city, and Guy L. Terhune, vice-president of the East New York Savings bank, New York, and two brothers, Hugh D. Terhune, of this city, and Walter Terhune, of Cincinnati.

MONTGOMERY

Mrs. Emma Hopper Montgomery, 71, of Perryville, widow of the late Moore Montgomery, who has been dead between 12 and fifteen years, died Tuesday morning, Jan. 21, 1936, about 10 o'clock.

She was the daughter of the late "Uncle Joe" Hopper and Mrs. Molly Mitchell Hopper. During the life of her husband they lived in Louisville.

She is survived by three brothers, Dr. W. O. Hopper, Perryville; Dr. J. H. Hopper, Springfield; and Mr. H. N. Hopper, of Perryville; also two sisters, Mrs. Rose Bruce, Louisville, and Mrs. Danny Tucker, Perryville.

Funeral services were held Thursday morning at 10 o'clock at the Presbyterian church in Perryville, of which the deceased was a life-long member. Rev. William A. Hearn, pastor of the church, was in charge of the rites.

RANDSELL

Stanley Rhoten, infant son of Mr. and Mrs. J. Lee Randsell, of Lexington, died at the home of his parents Tuesday night after an illness of approximately two weeks duration. He was one year and eight days old. The body was brought to Harrodsburg Wednesday where it remained until Thursday before being taken to Bohon for funeral services and interment.

Besides his parents, survivors include two brothers and two sisters. An aunt, Mrs. Ernest Reed, sister of Mrs. Randsell, lives in Harrodsburg. Funeral services were held Thursday afternoon at 2:30 o'clock at the Church of Christ, Bohon, conducted by the Reverend Vaughn, pastor of the Church of Christ at Brodhead. Interment followed in the cemetery at Bohon.

GILLIS

John Gillis, 46 years old, died at 6:30 o'clock Wednesday night, January 22, 1936, at his home on North Main street, Harrodsburg. He has been an invalid for several years, having returned only recently from veterans' hospitals in Lexington, Ky., and Huntington, West Virginia. He was a veteran of the World War, having been gassed in that conflict, and was a member of the Danville Baptist church.

Survivors include his wife; two sisters, Misses Dessie and Frances Gillis, and a brother, James Gillis, all of Harrodsburg. Funeral arrangements have not been completed at this writing.

What will the senate do? What will the house do? These are questions that are agitating the country, as the wheel of political fortune spins. Round and round she goes—but what it will get the taxpayer, nobody knows.

CHILDREN'S EYESIGHT

If you have a growing child, it is a mighty good idea to have its eyes tested occasionally. Often children have defective eyesight that is not discovered until much trouble is caused.

A survey made thru the medium of examination in a large city showed that only 3.4 per cent of 1,860 school children who underwent the examination were free from eye defects.

It is highly important, if there is something wrong with a child's eyes, for that fact to be learned. A youngster cannot hope to do himself justice in school if his eyes are defective. Often a supposedly dull student has been found to be suffering simply from weak vision, and when medical measures are taken, such a child will show his full mental powers.

Not only will poor vision retard learning and hamper health but it also jeopardizes the life-time vision of the individual. An examination costs but little anywhere, and many times nothing at all, and may do a world of good.

PIONEER PARK NOTES

(H. C. Wood, Curator)
The squirrel family at the Fort. Faced hunger—quite forlorn, Till Walter Latta sent them, A dozen ears of corn. A happier lot of squirrels now—Has never yet been born.

Sunday, with its zero-like temperature and heavy blanketing of snow, brought but few visitors to Pioneer Memorial State Park. It was decidedly not a day for sight-seeing.

A number of people from different states have lately written the curator for pictures and information concerning the Park and Mansion. The beautifully illustrated edition of the Progress Magazine, gotten out when the President was here, fills the bill in this direction, as it also has interesting information concerning the many lovely colonial homes in Harrodsburg and its nearby neighbor—quaint Shakertown.

SINGLE COPY OF N. Y. SUN

WEIGHED TWO-AND-HALF LBS.

The New York Sun of January 4 put out one of the most unique editions in the history of journalism. It was known as the "Voice of Business" edition and consisted of 140 pages, the single copy weighing two and a quarter pounds. The entire edition used up eight hundred tons of paper and nine tons of printer's ink. It is estimated that if the pages of every copy of the edition were laid end to end they would extend for 36,000 miles once and a half times around the globe.

GOLD CROSS FOUND

A gold cross weighing eighteen grams was discovered near the Dvin Village, which was the capital of Armenia from the Fifth to the Eighth Centuries. The cross, the only one of its kind, is set with a Sasanian carved gem bearing the image of a bird.

BEREA DOGS MUST WEAR TAIL LIGHTS

According to a recent monthly edition of a popular magazine there is a city ordinance in Berea which states that all dogs out on the street at night must wear a tail light. Which must make the job of the officers and of Police Judge Andrew Sheppard pretty tough if the ordinance is enforced.

Lewis J. Sims met with a very painful accident Saturday. He was cleaning a rifle with a piece of cloth and put some powder in to blow the cloth out. The barrel burst and blew off his left thumb.

A number from here attended the Missionary meeting at the Methodist church in Harrodsburg last Thursday.

There has been no school at Fairview this week owing to the heavy snow.

At Dugansville Thursday at 2 a. m. the thermometer registered 25 below zero.

CHURCH GIVES MEMORIAL WINDOW TO JANITOR, WIFE

One of the multicolored memorial windows in the Little Church Around the Corner is to George Wilson and Elizabeth Wilson—"Sometime Doorkeepers in This House of the Lord." George, born in slavery, was one of the fortunate Negroes to find refuge in the edifice. A conscientious worker, he remained there until the end of his long life, bowing hundreds of communicants to their pews. His wife was the janitor and kept the church pin-neat and shining.

DOCTORS' BILLS SMALL

PART OF FAMILY BUDGET

Doctors' bills do not constitute such a large item in the American family budget as is generally supposed, in fact they are far less than any other expenditures for things which might be considered as luxuries. Dr. J. E. Paulin, president of the Georgia Medical Association, in a recent address before the convention of the state health officials at the State Capitol in Atlanta stated that the average family pays \$150 yearly for motor cars; \$87 for candy; \$25 for radios and other musical instruments; \$87 for tobacco; \$34 for drinks, not including alcoholic beverages, and \$24 for doctors' services. Each year \$125,000,000 is spent for quacks, and \$350,000,000 for patent medicines.—Exchange.

UMBRELLA ELECTROCUTES BOY

When the umbrella he was carrying came in contact with a live wire, snapped by accumulated ice, T. C. Johnson, 11, was electrocuted at Atlanta. A few days before, a Negro was also electrocuted when he slipped and fell against a tree holding a broken wire.

4339 ILLITERATE CCC MEMBERS LEARN TO READ

During the fiscal year ended June 30 a total of 4,339 illiterate men in CCC camps were taught to read and write, according to a report received recently by Robert Fechner, director of the Civilian Conservation Corps.

There were still 7,639 illiterates, 1.9 per cent of the total, in the camps at that date, representing enrollment, the report indicated.

Of these 5,406 were induced to take part in an instruction program 3,607 in classes; and 1,799 received individual training, according to Howard C. Oxley, director of camp education. An illiterate was defined as an enrolled man who could not read a newspaper or write a letter.

"It was found that 78 per cent of the illiterate were younger than 25, 5 per cent between 26 and 35, and 16 per cent older than 35," Mr. Oxley wrote Director Fechner. "About 96 per cent of the illiterate enrollees were born in the United States, and only four per cent were of foreign birth."

BIRD CENSUS TAKEN AT BOWLING GREEN

Forty-seven species and 6,476 individual birds were counted at Bowling Green in the annual bird census taken December 24 by Dr. Gordon Wilson, Mr. J. R. Whitmer, Mr. Charles Taylor, Mr. Basil Cole—all of Western—and Mr. Edward Ray, of Louisville. The crow was found to be the most numerous, and nine common species, of which the cardinal is one, were discovered to be more common this year than ever before here. The census was taken in a 15-mile diameter north and south of Bowling Green, and is the eighteenth annual count conducted. The results will be published as a part of a nation-wide survey in the February issue of Bird Lore—College Heights Herald, Bowling Green.
