Southern Railway Co in Ky

Defendant

E. Cutter, New York City N. Y., and it obligated and bound itself to carry and deliver said eggs to the consignee without delay and in safety for a consideration which has been paid.

It says that the defendant or its connecting lines and carriers allowed said eggs, and a portion thereof, consisting of six cases contained in the Harrodsburg shipment of 275 cases to become wet and thereby damaged and injured. The plaintiff says that said eggs when taken from the car at destination were excepted to as is shown by the expense bill also filed herewith.
