

Ans- I felt-----

42-Q- I don't ask about your feelings- - you knew that?

Ans Yes

43-Q- You picked up the sticks and left these other things lying there?

Ans Yes.

44-Q- How long did they stay there after that?

Ans I couldn't say how long.

45-Q- How long was that tarpaulin?

Ans I don't know that I could tell you how large it was. It seems to me that some of it had been torn off.

46-Q- What was the length of your wagon frame?

Ans I would judge- I don't know exactly- about 13 feet.

47-Q- How high was the tobacco on the frame?

Ans- I don't remember that exactly- it seems to me it was about four feet, something like that.

48-Q- And the tarpaulin covered the entire load well?

Ans No sir, I don't think it did- we used some pieces of carpet and matting.

49-Q- Was the ~~xxx~~ tarpaulin not long enough to extend over the ends of the wagon?

Ans I won't say whether it covered the entire wagon or not, but I don't think it did by us using the matting and carpet.

50-Q- Didn't you state that it covered a hay rick?

Ans I didn't say what size hay rick-

51-Q- Well, what size hay rick was it?

Ans- It partly covered the rick

52-Q- Did you see it on the hay rick?

Ans Yes

53-Q- How big was the hay rick?
