Plays: "Swept Clean Off Her Foot" "Black Eyed Susan" "Weather Clearing" "Jade" in " One Wild Night"

THERESA SHIFFLETT

Girls Reserve '39 '40 '41 '42. Home Ec Club '39 '40 '41 Club Editor of Spectator. "Nurse Trent" in "One Wild Night" Transferred from Maffee School '39

# THE CLASS HISTORY

As the end of the 1941-42 school year draws to a close, we a group pf thirteen seniors, stand upon the threshold of graduation. We pause and gaze back on the happy days of our high school career. Since 1938 we have eagerly awaited the coming event. At last after battling strong winds, hard work, and many other obsticles, we have achieved the goal of graduation.

It was in the fall of 1938 that this group as freshmen enrolled in high school. The class had always been a fairly large one until we entered high school and now it numbered only thirteen members. That year we were fortunate not to lose any students, but we gained one w hen Theresa Shifflett joined our class. As the first year closed our class numbered fourteen members striving for higher education.

In 1939 all our class came back to battle the storms that awaited them. Our first disappointment came when Elsie Currens stepped aside to become an industrious housewife, but this shortage in our class was filled when "Rockie" Hill came into our midst in the early fall. On account of ill health Eulas Moore was forced to quit school before the end of the year. This vacancy again left us with the unlucky number of thirteen members as we finished our sophomore year.

As we began our third year we were greeted by two new members to swell our number to fifteen when Eulas returned and Ruth Garriott transferred from McAfee. All went well until John Will Phillip s left our midst to go to Lawrenceburg Our loss of a second member came when Ruby Cosby left at the end of the first semester to become a bride. Thus when we finished our junior year we remained a faithful thirteen.

At last we were seniors, the year we have been waiting for so long. No one deserted our ranks during the year and no one joined us. Thus we still remain a graduating class of thirteen.

# THE CLASS WILL

We, the members of the Class of 1942 of the Salvisa High School being of sound mind and faced with the inevitable fact that our scholastic days are numbered and that soon we must pass on to other spheres, do hereby file this, our last will and testament.

Paul Bunton leaves his ability to 'court' in study halls and class rooms to George Omer Moore.

Martha Houchin wills to Viola Howard the art of keeping her book open and sleeping in history class.

Eulas Moore leaves his ability to get along with the women to Harney Howard.

Maxine Sanders, tho, "Mathematics queen" leaves her abilty to master geometry to Frock Sullivan.

Robert Gritton wills his position on the basketball squad to Doyle Sanders with the earnest request that he carry on the high scoring record that "Rags" established.

Allene Grimes wills to Nancy Frost her ability to get along with the boys and hopes that Nancy will have as much luck as she has had.

Harold Bunton leaves his position as "Assistant Principal" to Burton Riley with the hope that Burton will be able to carry on the business as he has done.

Irene Morris leaves her quietness and studious hours in study hall to Opal Robinson.

Wallace Bell wills his uncanny ability of chating with the Senior girls during last period study hall during the absence of the faculty advisor to Byron Morris, the Junior Casanova, and hope he will hear as many good jokes as Wallace has.

Theresa Shifflett, the army sweetheart, wills to Marthalene Speake her charming personality and way of rating with "Uncle Sam's Boys"

Ruth Garriott wills her abilityto "boodle" behind the faculty advisors back to Sue Margaret Reed and hopes Sue will make as much progress as Ruth has in the last two years.

Raymond Hill wills to Marshall Gritton his ability to go home to lunch and fail to return in time for Mrs Jones' class.

Hork Caruthers wills his 'pivot' position on the team to Shorty Morris, and expects Shorty to continue to mow them down a Hork has.

# THE CLASS PROPHECY

Before the Class of '42 pulls the curtains on High School remembrances we take a look into the crystal ball to see what the future holds in store for us. We look back on four years and think with great pride that we have climbed all the way, though the road was at times difficult, and we wonder what new difficulties will face us as we take our stand with other successful Americans.

On our first stop around the crystal ball we peek into the future to see Irene Morris ruling over a large class of 'Green' freshmen. (Be Careful Irene, remember you were a freshman once.)

Our next stop brings us to a small neat farmhouse where Theresa is busy with a meal before her farmer comes home from the fields.

Then we see a swanky lawyers office, and there is Allene Grimes as his private secretary. (Careful Allene, this lawyer has a wife.)

As in this day our Navy is the first line of defence of our country and we are proud to see that our class has contributed Admiral Raymond Hill to the Navy. (Bon voyage, Rockie)

The next scene is a doctors office, and we see that our class has presented a famous doctor to the suffering of humanity, for Dr. Paul Bunton now has a very large practice.

Our nation always needs a person that keeps all the grave problems at hand, as the president of a great people. Our Harold Bunton steps forward to be the great leader of our nation. (Harold we hope you make as good a one as Franklin D. Roosevelt)

Next we see an athletic floor and our star basketball player, Herk Caruthers is showing his team how the game is to be won.

The farmer has always been the most vitally needed person in America, and now more than ever we need good productive farms. The crystal ball shows Wallace Bell as the operator of a large truck farm.

What are the styles of the year? Ask Martha Houchin who has become one of the famous New York designers. Ladies if your hats are too extreme this year, remember who is designing them. Thats Style!

ARTIST
MOVIE STAR

Our class has put quite an artist into this fast moving world. Robert Gritton is making quite a hit at all the more famous art museums.

Your diet is to better proportioned than before, for we see Maxine Sanders as a famous dietician.

Ho! Ho! Behold we are in Hollywood and who do we see but our tall dark and handsome Eulas Moore. (Grow a mustache Eulas and you'll be a second Clark Gable.)

As we end our visit to the crystal ball we stop off in China where hundreds of starving children are crying in the streets, but Ruth Garriott is in their midst trying to cheer their hungry hearts with the story of Christ.

The crystal ball has stopped. What great and vital things are in store for us all. How we do hope that we can fill our places to make this a better and stronger world in which to live.

# CLASS O'FORTYTWO

(A CLASS POEM)

The road has been a hard one
Over which we made our way;
We never thought we'd make it
But We've reached the end, today.

Now shall we look back, Classmates
Over the days gone by;
We see - theyre not perfect.
Did you shirk? or did you: try?

We once were ignorant Freshmen
We know just how they feel,
Looking up to us as Seniors
With a feeling they should kneel.

As Sophomores and as Juniors
We fought these battles too.
With Napoleon and Hannibal
We followed our teachers through.

But now we've reached the turning point
The parting of the w ays.
Our Class of Forty Two's breaking up
Forsaking high school days.

But w e shall long remember
Though we dwell in distant climes,
And our dreams of Fame and Fortune
Fall as ravages of Time.

We s till give our loyalty
To you, dear Salvisa High!
We pray you - hold the standards
Class O Fortytwo progressing by.

"Forward! is our watchword;
"Success!" our only aim,
"Excelsior!" our banner fliers;
"Class of Fortytwo is our name.

Now as we leave our footprints
On the sands of time to tell
Our followers that we fought and won
Class O Forty-Two says-"Farewell!"

* ** "42" ** *

Isn't it queer that princes and kings,
Clowns that caper in sawdust rings,
And even such people as You and I
Are builders for eternity.

Each is given a bag of tools,
A piece of stone, and a book of rules
And each must build 'ere time has flown
A stumbling block or a stepping stone.

# THE JUNIOR HISTORY

In September 1939, we, the Junior Class began our freshman year of high school. At that time there was sixteen members in our class and we had high hopes that this band would hold together and that we would all graduate at the same time. The months sped swiftly by and the first year was soon ended and during vacation we looked forward to our entry into the sophomore year.

When we checked the roll at the beginning of our second year we found that R.D. Peyton was not present but had moved to the Fairview School. However we had four new members. Marthalene Speaks came from McAfee, Ann Retta Young from Wilmore, Viola and Star Lena Howard from Versailles. These new students were given a hearty welcome by our group and our Sophomore year continued smoothly until late spring when Star Lena Howard deserted our group to become a beautician.

When we answered roll call for our Junior year we found that Nancy Frost had joined our ranks from Rose Hill. During the year our members became more and more active in campus activities so that they would be able to fill the places of the seniors in another year. "Shorty" Morris finished his third year on the Basketball team and was easily high point man of the season, also receiving honorable mention on the all district team. Hazel Gammon was elected president of the Home Ec. Club and Byron Morris, President at Hi-Y. Hazel was also elected cheerleader by the members of her class and worked hard for the team.

In March, Ann Retta Young, the popular president of the class moved to Lawrenceburg and was succeeded by Naomi Nichols who was formerly vice president.

We now look forward to our next year, our last in high school. We are glad it is so near, yet regret that we do not have longer to enjoy the advantages and pleasures of the past three years. With these thoughts in mind we journey on toward the life ahead, knowing that by hard work and high ideals this world will be a more pleasant place to live.

# THE SEASON

The squad of 1941-42 started the season with a group of boys that for the most part had seen service in first team games although three of last years regulars were lost by graduation. During the season this group of "Dragons" developed a fine spirit of perserverence and sportsmanship that won for them several hard fought games. This was Mr Cunninghams, third year in command of the blue and white, and he devoted much time and thought to the development of a successful team. Even if this group of "Dragons" did not win all their games, they built up a fine spirit of basketball in the Salvisa School that will never be forgotten during the future years on the hardwood.

The season started with a bang and a 41 to 23 victory over a inexperienced Cornishville five. Big boy? 'Shorty' Morris pouring 21 points through the hoop. Then came two defeats , first to a fast breaking team from Wissisburg, a newcomer to schedule by 36 to 32; and to a fighting City High team from Lawrenceburg by 43 to 24. The Dragons then journeyed to Fairview, our next door neighbors and gained a 31 to 26 victory only to lose the next start to a strong team from the knobs of Forkland by 28 to 21. One of the great disappointments of the year was a defeat by their rivals from Rose Hill, a much more inexperienced team. Next came a loss to another newcomer on the schedule, Peaks Mill by 2 8 to 2 5 in the 2nd overtime.

After spending a week preparing for the McAfee Hornets the Dragons defeated their bitterest rivals 23 to 19 with Shorty Morris leading the way with twelve markers. Peaks Mill came to Salvisa and again defeated the Dragons by three points, 37 to 34. Then Cornishville was turned back 54 to 5. Next came the trip to McAfee and again the Dragons defeated the Hornets, this time 27 to 20. This was the first win for the Dragons on the Hornets floor for several seasons. Herk Caruther took high honors by dropping fifteen points from far out.

After a heart breaking 27 to 26 loss to Rose Hill, the Dragons met the great Burgin Bulldogs in the County Tournament and were eliminated by 62 to 22. This was followed by a loss to Wilmore 35 to 18. Fairview was defeated 49 to 2 5, but Forkland again won 39 to 29.

The annual blind invitational tournament between Chaplin Fairview, Salvisa and Western was held at Salvisa. In the first round Salvisa defeated Chaplin by 39 to 20, while Fairview lost to Western 38 to 26. In the evening session the strong Western five after a hard fight defeated the Dragons 23 to 22 by making a free throw good with a few seconds to play. A good crowd attended the tournament.

Although Big Boy Morris dropped in 21points, the Willisburg five again dfeated the Dragons 59 to 42 on the Willisburg floor. The last regular game of the season was a hard fought loss to Wilmore by 46 to 32.

A tough break in drawing again matched Salvisa and Burgin in the District tourney and the Dragons were eliminated 65 to 29 though they fought gamely all the way. This was the last game for Robert Gritton, Paul Bunton, Herk Caruthers, Rockie Hill Eulas Moore and Herbert Brown.

## ABOUT THE OTHER TEAMS

Once again the 42nd district and the 11th region produced some of the finest teams in the state. Burgin, Kavanaugh and Midway piled up impressive records during the season, the latter finishing the regular season undefeated.

In our own 42nd there was much speculation as to whether Kavanaugh starring Buddy Lobus, or Burgin starring Jack Coleman would go to the Regional. The temas had met twice during the season and each had won. However in the semi finals of the Tournament Kavanaugh played superior ball and eliminated the Bulldogs by a one point margin. Previously they had also eliminated Lawrenceburg, while Burgin had eliminated Salvisa and Western. Harrodsburg generally ranked the fourth best team in the district won the upper bracket of weak teams by downing Cornishville, a Medfod

The sensation of the 11th Regional tourney was Layfayette. Though the Generals had lost few games during the season they were not generally considered the equal of Midway or Kavanaugh. However, they defeated Madison Central, Kavanaugh and Midway to capture the trophy, though the Kavanaugh game went to the second overtime.

Carrying the honor of BlueGrass Basketball, Layfayette gamley fought through the state tourney, defeating St X in the Semi finals and Harlan in the finals to become state champs.

In the meantime Burgin had taken part in the invitational tourney at Durham N.C. and emerged victor overthe meet.

# THE BASKETBALL SQUAD

PAUL BUNTON - A five foot nine inch Senior, weighing around 165 who saw considerable action as a relief forward. A good long shot and ball handler he probally would have developed into a fine player if he could have stayed off the injured list. A broken ankle in 1940 and a sprained ankle early in the 1941 season kept him from active participation most of these seasons. Letterman of 1942

HERK CARUTHERS - A six foot senior, weighing 140 pounds who held down one of the starting forward positions throughout the season. Using an accurate one hand shot when close and an especially good long shot, Herk collected 144 points for second high scoring honors. Ranked among the top six players on the squad for the past three seasons. Letterman 1941-42-40

RAYMOND HILL- A five foot seven inch senior weighing about 150 and a regular guard on the team. Primarily a defensive man and a good passer he broke through on offence often enough to score 77 points for third high scoring honors. This was his third year on the squad. Letterman 1940-41-42.

ROBERT GRITTON- A five foot six inch senior weighing about 140 and playing as a substitute forward. Robert is remembered for his left handed "special" shot from the side. Though not a regular he scored 20 points for sixth scoring honors. A ball player of possibilities he was unable to overcome the competition of taller and heavier men. Letterman 1941-42

HERBERT BROWN - A five foot nine inch junior playing his last season of Basketball due to age. Herbert worked as a relief guard and often saw service when the going was tough and the regulars tired. A fair long shot, good dribbler and usually able to get the ball up the floor when no one else could. Letterman- 1942

EULAS MOORE - a five foot ten inch senior w eighing 145 out for basketball for the first time and able to stay on the travelling squad most of the year. Played as substitute forward in several games.

BYRON ROBINSON - A six foot junior weighing weighing 150 pounds who played one of the guard positions during most of the season. Although a good long shot he took very few shots but scored 66 points. A good ball handler he took more than his share of rebounds off the board. Letterman 1942

LAWRENCE 'SHORTY' MORRIS - A six foot two inch Junior weighing 165 added much to the team as regular center. Shorty not only scored 2 54 points for high scoring honors, but also held opposing centers well under control. Burgin's stellar Jack Coleman was the only opponent who out scored him. We believe this boy is of college caliber and Uncle Ed Diddle or Baron Adolph Rupp had better take notice. Letterman 1942-41

HOWARD 'FRECK' SULLIVAN - A five foot ten inch sophomore weighing 155 played a strong game at guard during most of the season. Though not especially strong on scoring he was a bear on defense. Freck is only a sophomore and should become a polished player before his career is over. Letterman 1942

KENNETH CINNAMON - A five foot eleven inch Junior who weighs about 140 and played the season as reserve center and understudy to Morris. A tall lanky youngster he was outstanding in rebounding.

BYRON MORRIS - A six foot Junior weighing about 145. Played relief forward in several games is a good shot and expected to star next season alongside his cousin "Shorty".

PHONE 2681 SALVISA KY.

TO THE GRADUATES OF THE SALVISA HIGH SCHOOL:

Congratulations for their success in the achievements of their school career.

My very best wishes will follow them along life's pathway with the hope that they will set their goal high and reach it.
