

School Notes

PIONEER PARK NOTES

(H. C. Wood, Curator)
"My dear, you'll have to mend your pants.
And darn your socks, and cook your grub.
The Federation meets, you see,
I have to hurry to the Club."

On Saturday last the schools visited the Park, one from Morehead, one from Somerset, and one from Campbellsville. A visit to the Park is getting to be an annual feature of the various schools.

On the Friday previous, a school from Grayson, Carter county, paid the Park an annual visit and a school also came from Trigg county, the Cerulean school.

Sunday furnished the usual large attendance that has been prevailing since the pleasant weather has put in a most welcome appearance.

Among the recent guests were Mr. and Mrs. Harris B. Webber, of Vevay, Indiana. Mr. Webber is a fine rifle maker and an authority on guns. He has a very fine private collection at his home. When questioned as to what he would do with it, he laughed and said that as his wife was a Kentucky lady a part of it at least might come to this spot.

Another interesting personage was Mr. S. T. Quackenbush, of Chicago, who also has an interesting collection of firearms, swords, etc., at his home in that city. He had an attractive picture of his 'den,' and its artistic arrangement of the collection he has acquired in several years of travel.

Mr. Sanford, of Lexington, Mo., and son, Mr. O. R. Sellers, of Chicago, were recent visitors at the park. Mr. Sellers by marriage was related to Rev. J. V. Logan, who had charge of the Presbyterian church here for a number of years.

school from Hustonville visited the park on Wednesday. On Thursday afternoon the visiting ladies of the Federation of Women's Clubs were entertained at Fort Harrod, a la 'pioneer' style.

Tuesday of this week might fittingly be called School Day at the Park. In the early morning a large bus filled with pupils from DeSoto school, near Muncie, Ind., came to the Park then later a larger number from the Training school, Eastern College, Richmond, Ky. About noon a third school from Carlisle arrived on the scene. Among these young people was Miss Susannah Reynolds, whose mother was formerly Miss Virginia Cooke, of Harrodsburg. In the afternoon a large number of pupils from the High School at Lancaster ended the lively program of "School Day" during which the Park entertained over one hundred and fifty school children.

Mr. B. W. Taylor, of 108 Summit, Ore., Jenkinstown, Pa., was a visitor at the Park. Mr. Taylor is a nephew of Mr. James Taylor Wilson, the lawyer, who died here some years ago.

During the session of the Conference of Women's Clubs of the past three days, the occasion was honored by a reception of the visitors at Old Fort Harrod in the Park, on Thursday afternoon. The large and handsome flag was raised which was given to the Park by Mr. and Mrs. Wesley Caldwell, of Washington City, formerly of Harrodsburg.

Mrs. Onis Holiday and son and Mrs. Ben Hendren were recent guests of Mr. and Mrs. Howard Styers, Perryville.

Mr. Custus McGinnis is sick this week.

ROLLING REAL ESTATE

Automobile trailers are becoming so popular that they may one day be a problem for real estate men who are trying to sell houses permanently attached to a lot. Is it that people don't want a house that won't move? After looking at the modern trailers—or land yachts—one can readily see that they offer every convenience one could get in a ten-room house, without such ubiquitous drawbacks as a coal shovel or lawn mower.

It is a problem that the future will have to deal with. Perhaps there will be a compromise, and real estate agents will have to furnish four wheels and a spare tire with every bungalow. The salesman can say, "Be a stay-at-home and see the world."
