Dr. C. B. VanArsdall, Sr.

Thus, closes our autobiography, but before we go, to you, Dr. VanArsdall, we Seniors would like to say a word of appreciation for the many years of faithful service you have rendered our school as a member of the Board of Education from 1917 to 1956. As each of us go from this school as responsible citizens of the community, your unselfish service will be a beacon to those of us who try to serve our community, our state, and our nation. You have been more than Chairman of the Board; in a sense you are a symbol of those who love Education and those who think as the poet Edgar Guest said:

"There is an education of the mind which all require and parents early start, but there is training of a nobler kind and that's the education of the heart. Lessons that are most difficult to give are faith and courage and the way to live."

You have shown us that way!

THE BEST YEARS OF OUR LIVES

"O talk to me of a name great in story;
The days of our youth are the days of our glory."

Harrodsburg High School
Harrodsburg, Kentucky

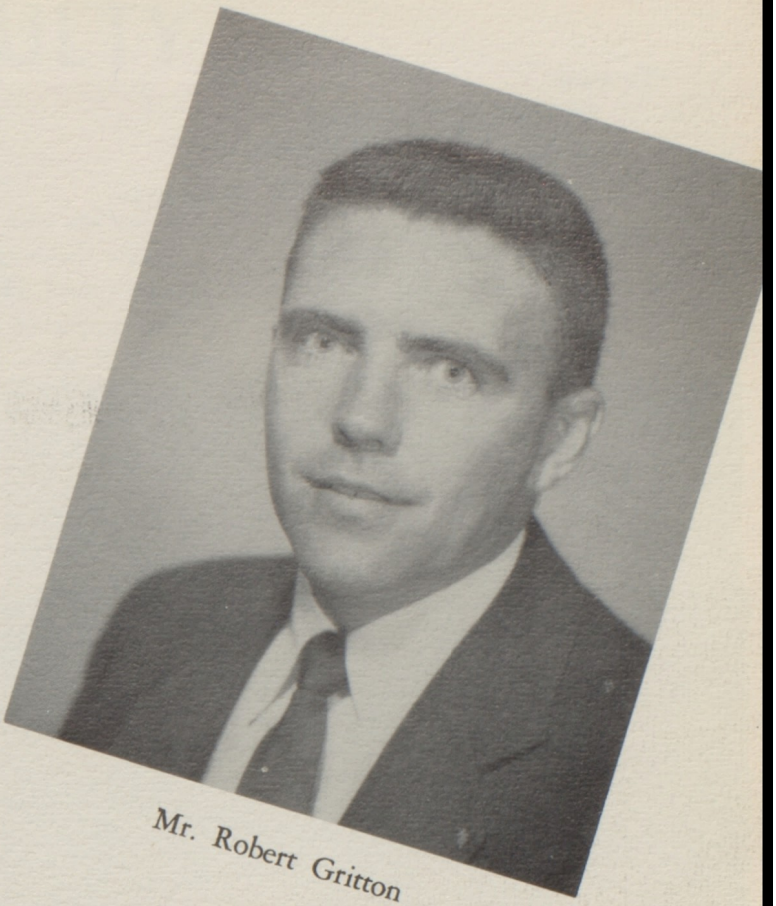

"The school is my workshop; here I stir ambitions, stimulate ideals, forget the keys that open the doors to opportunity. I am Education."

DEDICATION

In appreciation, we, the Class of 1957, dedicate this Harrodian to Mrs. Aimee Alexander and Mr. Robert Gritton who have made high school the "best years of our lives." We have taken our problems to them and they have always been ready to aid us in any possible way. Not only have they shared our sorrows but our joys. They have also given of their time and effort to guide us along the path to becoming better people. This is just a small token to show our gratitude.
