

MERCER CIRCUIT COURT.

Laura Sanders Voorhies,

Plff.

-vs-

Motion to Re-instate Agreedcase, and for  
Additional allowance to Plff.

R.W.Keenon, Guardian,

Deft.

The Plff, Laura Sanders Voorhies, comes and states that the PDeftin this original action, State Bank & Trust Co has resigned, and that ~~X~~ R.W.Keenon is now the guardian of the infant Defendants John B.Sanders &c. She says that the said John B.Sanders is now 17 years of age; that he is attending school and that the cost of living is such that she cannot support him on the present allowance; that the other two infants are now 13 and 11 years of age; that each is attending school and that the allowance of \$25. is not sufficient to support said infants, and that the Plff, having no occupation other than a laborer and all of her time being required to provide for and care for said infants, she is unable to support them on the amount so allowed. She says that the house in which she resides was originally hers, and without consideration she conveyed it to the Deft John B.Sanders under the erroneous belief that she would thereby own a home for herself and infant children. She says that she is now occupying the said house with the said children.

Wherefore she prays that this case be re-instated on the docket and that the allowance made at a former term of Court be so increased as to enable the Plff to support and care for said infants.
