

Mercer Quarterly Court.

J.D.Disponett,

Plaintiff.

vs.Affidavit and Claim

G.Alford,

Defendant.

of,  
Affiant, J.D.Disponett, states that he is the owner and ~~of~~  
immediate  
entitled to the possession of two red hogs, weighing about 150 pounds  
each and worth the sum of \$30.00, now in the possession of Defendant,  
G.Alford. He says that said hogs were taken wrongfully from him by the  
Defendant on or about August 1, 1920, and wrongfully and illegally  
held by him from that date to the present, and he believes he ought  
to recover of Defendant both of said hogs and \$10.00 for the wrong-  
ful detention thereof. He says that said property was not taken for  
a tax or fine against the Plaintiff, or under any order or judgment  
against him; nor seized under an execution, distress warrant or at-  
tachment against his property. He says that his cause of action has ac-  
crued within one year just prior to this date. He states that his claim  
to said property is just, and he asks the court for an order for the  
immediate possession of said hogs and damages in the sum of \$10.00,  
and his cost herein expended. He prays for all proper relief.
