This event is for Lesbians.

Spend a relaxing afternoon browsing at Wanderground and making your own artistic expressions. Lesbians created the many objects in our collection with love and dedication. They expressed their power and pride in being Lesbian. We encourage you to draw on the energy and daring of those younger selves and use these **Heartifacts (heart filled artifacts)** to create your own expressions. How do Lesbians from the past encourage your Lesbian self today?

Lesbians – come and draw, collage, color/decorate, reflect, and share stories while you work.

Art materials provided but you're welcome to bring your own notebooks or materials if you prefer. (Exceptions: **NO** glitter, oil-based paints, or anything that can be messy or has strong odor.)

Facilitator: Thea Ernest, local artist and Urban Sketcher.
