STATION AT
FALLS CITY IS
ON FIRE!

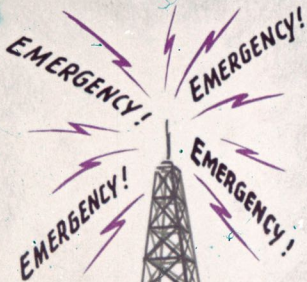

FALLS CITY

A cartoon illustration showing a green and white double-decker train on tracks. A conductor is visible in the front window. To the right of the train is a small, single-story station building with a sign that reads "FALLS CITY". The station is on fire, with large flames and a thick plume of black smoke rising from the roof. In the background, there are several houses and a church steeple under a pale sky.
