Dear Doctor Simeone,

I have read your letter with a lot of pleasure, and the wonderful picture of you and your Alfa Romeo 8c Touring Superleggera on the Futa pass is now framed in front of me on my writing desk.

I thank you very much.

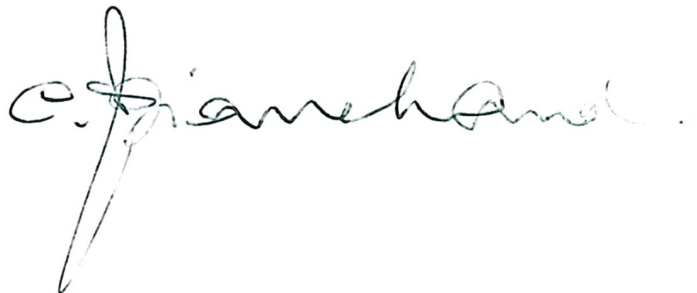

Is your Ferrari 212 long chassis Barchetta the one showed at page 196 of my Touring Superleggera book? I would appreciate very much to have a picture of this car and, of course, of your 8c 2900 B roasters.

It is astonishing to see how Alfa Romeo 2900 that Touring Superleggera has produced are now so much loved and so well kept in the States.

I hope to meet you again at the next 1000 Miglia, and in that occasion to have you for a lunch or a dinner in my house.

If you need something in Italy I will be glad to help you in any case.

With my best regards, sincerely yours

Eupilio, 20.6.86
