

Attention . . . CAR OWNERS

# YOU MUST HAVE YOUR TIRES INSPECTED

before January 31

## TO PROTECT YOUR RIGHT TO DRIVE

Are you risking your right to drive your car—to get tires, and even gasoline? Thousands of car owners are taking this chance by putting off getting their tires inspected.

The Mileage Rationing Program provides that all car owners must have their tires inspected before January 31st. Many will wait until the last minute—there's bound to be a big rush as the deadline grows nearer. Will YOU be in this crushing line-up?

Your car is needed for essential transportation—to help win the war. Your government is trying to make it possible for all car owners to obtain tire equipment for necessary driving—whether you have an A, B or C Book. But you must take

proper care of your tires to be eligible — and inspection guards against tire abuse and neglect.

IMMEDIATE TIRE INSPECTION will show whether you need repairs now — whether you should have recapping to add months of wear to your tires — or whether you need NEW TIRES. It's your duty to get inspection early—to get the recaps or new tires you need, while recapping and service facilities are not crowded to the limit. Likewise, it is your duty to have corrected immediately any irregular mechanical condition affecting tire wear.

So, don't put off inspection another day. Protect your right to drive. Come in and get our inspection service NOW!
