## MUTANT PEACE DOVE LANDS IN GRAVY

### CONFESSIONS OF A MUTANT DOVE by Wavy Gravy

a chapter from Wavy's upcoming book, edited for Hog Callings

"A smart bomb is one that refuses to explode" ■ Wesley "Scoop" Nisker

"A movement is when people do all the things they sing about." ■ James Bevel

Somewhere in the ancient times (late 60's-early 70's) I would fantasize aloud to a live audience about assassinating Richard Nixon with a Bic pen. That company ran an ad on national television where they would load a Bic pen into a special gun, shoot it through a board and then write with it. I'd say "Eat Bic, Dick! It's mightier than the sword." Then pow!

### DRAGON-KNOCKS-EM-DEAD

Dorje goes to great lengths-adds 30 feet to Flash, the Chinese dragon who danced in the Year of the Ram with the Grateful Dead. The dragon head was brought from Hong Kong several years ago and embellished and bejeweled by Dorje, Sooze, Nancy, Sindi and others-many scales were sewn by deadheads who took part in the Mail-a-Scale Program, the red, silver and blue body scales were sewn and assembled by Dorje of Intent, to look like the Steal Your Face with a silver lightning bolt all
