The C.I.A. and the Greek Coup

**Papandreou Reveals U.S.
Role In Overthrow and
Control of Greece**

A Startling charge of American C.I.A. control of the Greek Intelligence Service that masterminded the military coup that overthrew parliamentary government in Greece in 1967 has been made

by Andreas Papandreou, former Greek Minister of State.

Mr. Papandreou, son of the former Prime Minister of Greece, George Papandreou, and now leader of the Panhellenic Liberation Movement, told me that the Greek Intelligence Service was one of the government agencies under his jurisdiction as Minister of State, and that when he assumed that office, he sought to acquaint himself with its structure, staff, operations and budget, as he did with other agencies and departments under his authority.

He learned nothing about the intelligence service that he was supposed to supervise,

however. Instead he was told that it was none of his business nor that of any other part of the Greek Government. He says that he was informed bluntly that it was an appendage of the American Central Intelligence Agency and not under the control of the Greek government. It was financed entirely and directly by the American C.I.A. and not by the Greek government, according to Papandreou.

"I protested this," Papandreou exclaimed to me, "for I think that every government should have its own intelligence service, independently of whether it is an ally or not of another country

"Richmond As A City Will Be Destroyed"

**SUPERVISORS BET ON SUBURBAN GROWTH
QUASH PLEAS FOR DOWNTOWN PLANS**

If you read only the Independent, you would think that the location of a new super-shopping center (Sun Valley West?) is not really very important to the city of Richmond.

But if you had been at the Board of Supervisors meetings yourself on October 8 and 10, you would know that to Richmond government officials, the Richmond Unified School District, and especially the Richmond black community, this may be a matter of the life and death of a city.

The Supervisors don't really care. They are betting on the suburbs, where the future growth is expected to take place, not on Richmond which obviously they already consider defunct.

Or if not exactly defunct, but destined to become another Emeryville, they couldn't care less.

At the regular board meeting on October 8 they were ready to vote on the matter
