

SPOON 7 \$130

This fine early Sterling Silver Indian spoon is fabulous and among the best we have seen. On the front of the handle is the full detailed image of a standing Indian with lance and tomahawk, and on the reverse is the image of a squaw holding a baby, tepees, bow and arrows, pipe, canoe and the traditional rolling log symbol. In the bowl is a cowboy on a bucking bronc and the inscription Billings, Mont. The spoon measures 5 5/8" long and is marked Sterling.
