

QUIMPER 67 \$1,695

Just an amazing HB Quimper Décor Riche triple vase set in amazing condition. We purchased this set in a small fine art shop just south of Quimper, France over 30 years ago. It was late on a Saturday and the lady was trying to close, but we convinced her to let us inside, and we found this set among other treasures. The center piece is 15 3/8" long, 6 1/2" wide and 7" high. The two side pieces measure 11 1/8" high 7 1/2" wide and 4 1/2" deep. The hand painting is superb, with bows, a Briton woman seated on the main piece and a man and woman on the side pieces. This set is an incredible find. All pieces are marked HB Quimper 203 and date from 1943.
