

QUIMPER 51 \$1,150

This Henroit Quimper huge Ivoire Corbet fish platter and six dish set is simply amazing! The platter measures 24 ¼" long, 11 ¾" wide and 1 ¾" high and 2" at the tail. The plates measure 9 ½" x 9 ¼", with three having Briton women hand painted in the center and three with men. All pieces are marked Henroit Quimper 120 and are wired for hanging, making an impressive wall display. The set is in fabulous condition. One plate has a tiny crack which does not detract or interfere with the integrity of the piece. We found this superb set well over 25 years ago in a legit antique store in San Diego, CA. The set dates from 1925.
