

QUIMPER 101 \$1,225

We purchased this large and superb Quimper La Havre figural swan egg carrier nearly 30 years ago just outside of Quimper, France. The colors are bright, and the piece is in perfect condition save one tiny flea bite on the beak and one on the tip of the tail. We find no cracks or repairs. The swan measures 15 ½" long, 6 ½" wide and 7 7/8" high. The large swan and all six swan egg cups are marked La Havre and date from 1925.
