These fine small child's Sioux beaded moccasins, c/1907, are sinew sewn and in flawless condition. We acquired them at the Lebel Old West Auction in Cody, Wyoming in 1999. There is a tag affixed that says: Collected at Jerome, Indiana c/1907-1915 Wayland Collection. The moccasins measure just 4 3/4" long and are the best example you could hope to find. This superb little pair belongs in a serious collection.
