

QUIMPER 75 \$4,250

This incredible Porquier Beau jardinier was purchased directly from Marc Pasquiou in France nearly 30 years ago when we spent the day with him. It is extremely rare to find, and, with only a few very minor chips shown in the photos, is in superb condition. This is a substantial and heavy piece and measures 12" long, 8 ½" wide and 5" high. The image is a Briton family watching a passing train in the distance on one side and a very detailed floral image on the other side and at the ends. The piece is marked with the earliest PB mark and Guengat, the artist. It dates from 1875 and is quite exquisite.
