

QUIMPER 85 \$2,850

This superb Porquire Beau bent scroll dish is spectacular. The detailed hand painted image of a Briton man and child is bright and vivid and the blue color in the scroll border quite rare. This is a substantial piece and quite heavy for its size. There is one very small chip at the lower front edge that does not detract, and we find no cracks or repairs. The piece measures 10 ½" by 8" and rises 2" from the base. It is marked with the early Porquier Beau mark and dates from 1875.
