

QUIMPER 8 \$345

Large and substantial HB Quimper trivet beautifully hand painted with a Breton man and woman in crème, green and blues. Marked HB Quimper 239 from the modern movement period and dates from 1935. Measures 12 ¼" x 12 ¼" and is 2" high. Someone attempted to paint some very small glaze pops on the front which could likely be removed, but which should have been left alone in the first place. It is in incredibly fine condition for its age. We acquired this at a village roadside antique sale in France over 30 years ago.
