

CUFFS 10 \$325

Early cowboy cuffs in outstanding condition for their age and measure 6 ¾" long. With a deep chocolate patina, top and bottom lined with thirteen 3/8" spots on each cuff and one 5/8" spot circled by 8 small spots on each, they have tremendous eye appeal. The strap and buckle on one cuff appears to be original and is fragile, while the strap on the other appears to have been replaced long ago. There is an impressive stamped design circling the cuffs top and bottom. We purchased these from a private collection 28 years ago.
