

QUIMPER 88 \$1,175

We purchased this fabulous Porquire Beau shell shaped dish in France nearly 30 years ago. The hand painted image in the dish of a Briton woman and child is highly detailed and the colors are bright and vivid. The piece is in superb condition and we find no chips, cracks or repairs. The dish measures 8 $\frac{3}{4}$ " top to bottom, 8 $\frac{3}{8}$ " side to side and is 2" high from the base. It is marked with the early Porquire Beau mark and dates from 1875.
