

SPURS 19 BUERMANN BRONZE HORSE HEAD 1930'S SPURS WITH STRAPS \$465

We purchased these fine BUERMANN bronze horse head spurs that date in the 1930's at Brian Lebel's Cody Wyoming auction in 1998. They are all original, in superb condition and are, of course, marked with the Star and have the original chains. The spurs measure 6 3/8" long, 3 1/16" inside the heel bands are 7/16" wide on the off-side. The rowels measure 1 3/4" across. We also have the matching bit in our collection. The nice old leather straps may be original to the spurs and are dark rich color that only comes from honest age.
