

SADDLE 35 \$1,050

This fantastic R.T. FRAZIER PUEBLO, COLO. c/1910-1920 youth saddle is made just like the grown-ups. It is in superb condition for its age, and, although it was ridden by a lucky young cowpoke, it was well cared for over the years. The saddle measures 25" front to back, 11 ½" from the base of the horn to the top front of the cantle, and the cantle measures about 4 ½" high. The saddle has eight original leather conchos and the sheepskin appears to also be original. The horn is tight and the saddle is maker marked in six places. A true collector saddle!
