

OTHER ART 6 \$1,000

While not “western” this wonderful limited edition Labrador Retriever bronze on wood base is something we wanted to offer here. This incredibly detailed bronze is by artist BEN COOPER and is 5 of 30 and signed. Measuring 9 ¾” high, 10 ½” long and 4 ½” wide on its 12 ¼” x 6” wood base, it is an impressive piece and incredibly heavy. The brass plate which was our seven time National Championship Retriever Field Trial finalist Gin’s Admiral Nemo, is easily removed. This is a special piece and one we have owned for nearly 50 years.
