

QUIMPER 90 \$6,350

We purchased this very rare pair of Porquier Beau vases in France nearly 30 years ago. They are in fabulous condition with no chips, cracks or repairs save one small nick at the base of each of the vases from light use as shown in the photos. The detailed images of a Briton man and girl on one and woman and girl on the other are bright and vivid, as are the floral designs on the back of each vase. They are 11" tall, 6" wide and 3 ¾" deep. As is quite usual, only one of the two is marked La Torlette Quimper Porquier Beau and they date to 1880.
