

CUFFS 9 \$415

Very large early cowboy cuffs in excellent condition and measure 7 ½" long. With superb patina and twenty four ½" spots on one and twenty six ½" spots on the other and both with nineteen 3/8" spots in a circle pattern, these cuffs are impressive. The strap and buckle on one are intact and appear to be original. The strap on the other has broken at the end, but the mounting and buckle appear to be original. We purchased these from a private collection 28 years ago.
