

QUIMPER 45 \$875

We purchased this fine HR Quimper ravier dish with twisted handles directly from Joan Datesman over 30 years ago. The superb image of a Breton man and woman on the dish is highly detailed and the colors are bright and vivid. The piece measures 11 ½" long, 8 5/8" wide and is 1 5/8" high from the base. We can find no chips, cracks or repairs. It is marked HR Quimper and dates from 1910.
