

QUIMPER 92 \$1,275

This is a rare to find large HR Quimper raised platter with the image of a Briton man playing a bagpipe in the center with a wide Décor Riche border. The platter is in superb condition with no chips, cracks or repairs. The only few very minor flea bites are from firing. The platter measures 13 ¼" across and 2 ¼" high from the base. The piece is marked HR Quimper on the front and back. We purchased this fine platter in France over 30 years ago. It dates from 1895.
