

QUIMPER 103 \$1,445

We purchased this incredible HB Quimper piece from a private collection in northern France nearly 30 years ago. It is a very heavy and substantial piece measuring 12 7/8" wide, 13" high and 8 3/4" deep. The piece has spectacular hand painted color and is extremely rare. We can find no chips, cracks or repairs. It is marked HB Quimper A and signed Brion for Jorg Robin and dates from 1910.
