

SADDLE 10 \$3,750

We purchased this fine custom made to order c/1907 high back loop seat R.T. FRAZIER PUEBLO, COLO. saddle in 1999 at Cody, Wyoming. This is a big saddle, measuring 29 1/2" front to back, 16 3/4" from the base of the horn to the top front of the cantle and 20" across at the seat skirts. Ridden but very well cared for, the extensive floral tooling is fantastic. There are two dog heads on the front of the cantle that appear to be Labradors. The 16 star engraved CANON CITY COLORADO PRISON made conchos are original to the saddle. The horn is tight and the sheepskin is in very nice condition. The Cheyenne style cantle measures about 6 1/2" high from the seat. The saddle is marked R.T. FRAZIER MAKER PUEBLO, COLO on both fenders.
