

QUIMPER 98 \$4,850

We purchased this incredible and rare Henroit Quimper violin from a private collection in northern France nearly 30 years ago. The images are spectacular as are the bright and vivid colors. The piece is in superb condition, and we can find no chips, cracks or repairs. The violin measures 19 ½" long, 8 ¼" high and is 3" deep. It is marked Henroit Quimper 18 and dates from 1922. This is an exquisite piece and impossible to find.
