

INDIAN 1 \$2,850

We acquired this fine beaded vest from a Ute woman who was over 100 years old and an avid collector most of her life. It has been in our collection for over 25 years. The vest measures 29" from the top of the shoulders to the bottom of the tassels as shown and 14" across the shoulders. On the front are beaded arrows, shields and American flags. On the back are a large saddled horse, arrow, American flag and shield. There are beaded stars around the bottom and at the shoulders. We can find only very minor bead loss of maybe 20 beads in all on the entire vest. Additionally, there are six Ermine pelts hanging from the right shoulder. This superb vest would be a fine addition to any serious collection. If also interested in the mannequin and stand, it can be purchased separately. Note that it is heavy and a sizeable to ship.
