

CHAPS 44 \$1,075

Child's goatskin batwing chaps by GWS (GREAT WEST SADDLERY) that are incredibly rare and in outstanding condition. With five original conchos per leg and spots lining each leg, and a wonderful chocolate patina, they are impressive. The chaps measure 29 ½" long from the top of the billet, with each leg 14" wide at the widest and have leather pockets on the front with snaps marked GWS. The belt is also marked with their trademark horseshoe and the leather is soft goatskin. There are eight original snaps on the back of the legs. We purchased these superb chaps from Bill Welch many years ago.
