Dear Andrew

I received your note and the inclosed Power of Attorney for Emma to sign, and we immediately went down to Mt. Holly, to find a proper officer to witness & acknowledge her signature. And trust you will find it properly done.

I am sorry that the league insurance comes up so slowly. it must be a disappointment to Margareta. I do feel so anxious on her account. but so long as her health is good her hopfull. industrious ways will bring her out all right for her self. but the two girls are the ones to feel the most anxious about. and the boys will require time to get into the way of providing for themselves.

My daughter is doing as well as we could expect and we are thankfull for it. although she lost her little boy after living a day or more. Mary hurt he(r) back lifting a scuttle of coal and has been suffering from it. But for slight colds we are all well.

With best regards cousin Caroline

ever yours truly

James A Fenwick
