July 19 th 1861

I have been in service 3 months have been in the Bombardment at Aquia Creek but dont feel now to write particulars about it I have made up my mind to Keep a account of all the proceeding hereafter Capt Lewis has us right up & trying to get him out a long time ago Elected on the 15 th inst Geo H Payton for our Capt W J Botts 1st Lieut John K Anderson 2nd Lieut and Thomas S Knox 2nd Jr Lieut. There was a great deal dissatisfaction before that and

I hope we will have peace now in Camp. On the 16th I with 3 others of our Co volunteered to go with Rackets Artillery and on the night of the 17th we were waked up orderly to pack Knap sacks and be ready to March at a moments notice we didnt start until daylight of the 18th we 1st Artillery went on as far Stafford chapel a church near Brooks Station, Where we waited for the 2nd and 4th Regiment they came along about 2 o'clock got to Stafford C.H. about 4 o'clock where

we rested about an hour
when we started again
and finally Capped last
night, at this place,
this a very pretty place
for a camp it is a grove
of Trees just on the Bank
of Negnia Creek. this side
of Negnia, Negnia
is a place, or has been
a place of some note
once, especially for a
Tobacco Market, I went
over there last Evening
and had a good look at
it, it has a store or two
one or two dilapidated
Houses and an old Tobacco
Warehouse build of
Rock the Creek used to
be navigable up to here
but it is now so filled

up that nothing but
a skiff can come up
here now and so the
place has gone down.
well I must close this
for this morning as
we have to get ready
to March again. We
are on our way to
Manassas Junction heard
they had a Battle there yesterday
we expect to get there
sometime tomorrow.
1 o'clock P.M. left Camp
at 6 o'clock A.M. stopped
at Chickamauga rested
Rest and got something
to eat rested about
hour and had Step
Biscuit & Bacon
for Dinner. a Telegraph
Dispatch from

Manassas say they are fighting there.

9 o'clock P.M. This is a Church here called Union Church got here a little before dark had Supper of Bacon Flour Bread which we Baked & coffee orders are to cook provision for 2 days and that we will have to march again at 2 o'clock A.M.

Saturday morning 29th 1862 Started at 2 o'clock this morning, we are now on the march I am writing this on one of the Covers just past Burbville some say it is 4 some say 6 miles to Manassas yet but we shall get there before 12 o'clock

1, o'clock PM, Manassas

Got to Manassas about 10 o'clock I was very much pleased with the place there are not many Soldiers here but they are all scattert around here about 60 or 70 Thousand, we passed Manassas station and are now encampid about 2 miles from there they had a Battle about a mile from here at a place called Bull Run on the 18th inst. it is reported that the Yankees lost about a thousand Killed Wounded & Prisoners. while we only lost only about 30 in Killed & wounded & missing our Force were about 6000 strong while the

Yankees had about
15 00. they were repulsed
3 times when they finally
retreated, the Washington
Artillery from New Orleans
were in the Battle and
they cut the Enemy all
to pieces at the first
fire, the 1st Regt Va Volunteers
had they most of the
fighting to do, We expect
another Battle to day
the weather is awful
Worm and Water along
the Rout was scarce
it is hard to come
at here, Will do, will
stop here now may hear
something Interesting to
write before night.
21st 6 Oclock A.M.
had no attack last

night, but had an alarm, about 2 Oclock this morning by one of the pickets firing his gun at horse, at the same time one of the Tenn Men got shot through the Heart but by whom I could not learn but, supose by another of his company by accident. Every body is on the alert now for we certainly expect an attack to day. I feel first rate just now just come back from the Spring where I enjoyed the Luxury of a good Wash which I haven't had for sometime. I thought yesterday Water was scarce but I was mistaken

as we have first rate
Water not more than
300 yd from here
9. think if the Enemy
dont attack us shortly
we shall attack them
as there are about 90 000
men about here now
22nd Yesterday after I wrote
the above we suddenly hear
the boom of Cannon
when we were at once
ordert to get ready
and march to the scene
of action we got ready
in about 15 minits started
and went about 10 miles
from Camp. When we
were ordert to halt, we
wanted to go on very
leadly as we heard the
booming of Cannon all the
5

time and sometimes could hear the battle of Manassas about 1 o'clock PM we received orders again to march, and after a hard ride over a rough road we reached the field about 4 o'clock but by that time the firing was very slow. two of our Companies were ordered up on a hill and the other 4 kept back for a reserve, I. was kept back with it. the Enemy was about 2 miles off throwing three Shells, one two Rifle Cannon let fly at them and scattered them every which way killing a good many I. was not permitted to leave the Company and

Couldent go on the Battle field but I saw a good many others come from there with all Kinds of Trophies. it was a terrible hard Battle about 30.000 on our side and some of the Prisoners we took say there were 120.000 of the Enemy Engaged there was an awful Slaughter of Men on both sides I think there was not less then 1000 - to 1500 Killed on our Side and about twice as many on the Enemy side we took about a Hundred Prisoners I saw a good many of them some of them are hard looking cases we took a good many small arms and about 30 Cannons we took

Shermans Celebrated Battery
we staid at the place
till dark by which time
the firing ceased, and we
left to come back to the
Camp we left in the
morning, but got within
a mile of it where we
camped and staid until
daybreak this morning
and came here it has
been raining all day
