W.A. TRACE,
ALLENWOOD,
ONT.

555

Receipt mailed only upon request accompanied
by stamped addressed envelope.

This account may be paid at 620 University Ave., or

Rural accounts consist of a monthly service charge and a three step consumption charge at the rates authorized for each particular district.

Ordinarily all bills will cover three months' service.

Summer cottages will be billed in the Spring for annual service charge for the Commission's fiscal year ending October 31st, and at the close of the season for consumption only.

Arrange to pay your bill promptly and save the discount. Do not ask for, or expect, the discount when payment is not made within the specified time. All consumers must be treated alike, without discrimination or favour.

An additional charge of \$2.00 will be made if service is disconnected for non-payment. Should arrears be paid at time representative calls to disconnect service, this charge will be reduced to \$1.00.

Advise promptly if your name, address and rural route are not properly shown on this bill. Such errors often result in serious delays.

Accounts will be rendered to OWNERS of premises served unless the Commission is otherwise instructed in writing by the owner.
