NEW COACH HAS AMAZING ATHLETIC RECORD

EISAN'S HISTORY UNCOVERED BY REPORTER

Coach Leland Eisan comes to LaVerne as head coach with an amazing record of success in athletics, and a record of success in scholarship. He attended Polytechnic High School in San Francisco where he won renown. In his freshman year he played on the 110-pound basketball team which won the city championship; and the following year played with the 130-pound team which tied for the championship. In his junior year, he played quarter on the football team and on the 145-pound basketball team which took the championship. Also his activities while a senior furnished a fitting climax to his high school career. He was student body president, played on the unlimited basketball team

FACULTY ENTERTAIN STUDENTS IN PATIO

The annual reception to the students of LaVerne College with the faculty as hosts, took place in the patio of the college Thursday evening at 8:00 o'clock.

The receiving line was headed by Dr. and Mrs. E. M. Studebaker, who pinned the respective names on students as they passed by.

President Studebaker, who gave the purpose of the occasion and welcomed the group, was in charge of the program. The Student Body president, Dale Stutzman, gave a hearty welcome to all, especially the new students, Miss Myrtice Butterbaugh sang a solo, accompanied at the piano by Miss Edna Brubaker. Miss Wilma Long gave three short readings, Daniel Stover and Vernon Heckman played two piano duets, and Russell Frantz rendered a saxophone solo accompanied by Professor Travis Marvin Bolinger and Daniel Stover sang "Lucky Me and Lovable You," and dedicated it to Coach Lee Eisan and wife. The closing numbers on the program were given by the Apollo Four.

Refreshments consisting of ice cream and wafers were served by Ruby Saylor, Kay Crist, Esther Dickey, Edna Brubaker, and Gladys Ikenberry. There were about 190 present.

FRESHMAN "BIBLE" GOOD

CRIST PUTS OUT REAL HANDBOOK

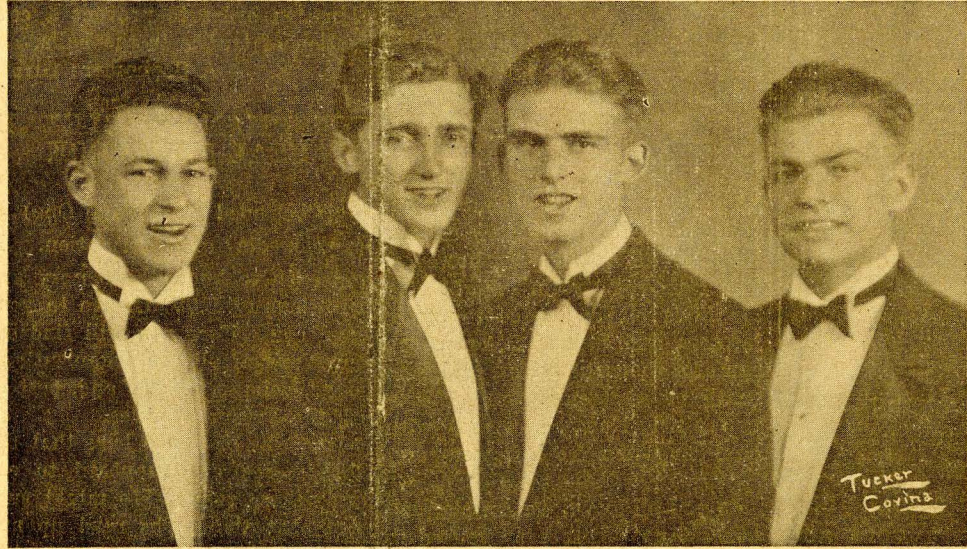

Handbooks—right this way—only fifty cents. By the way, have you really considered what a fine piece of work Kay Crist and her staff turned out in the 1930-31 handbook? It is the best looking handbook that ever graced the pocket of the ultra-innocent frosh. Its contents are brief but to the point and its arrangement is logical and exceptional convenient.

Speaking in all seriousness to the Frosh and other wayward people, there is one reliable source of all information. If you are desirous of knowing anything concerning L. V. C. or LaVerne—go to your handbook. In this handy pocket edition of knowledge Miss Crist has given you access to an

(Continued on Page Two)

CALENDAR SEPTEMBER

Friday, 19—First Home Coming of Apollo Quartet.
Sunday, 21—Dedication of the new Church of the Brethren.
Monday, 22, 8 p. m.—Pipe Organ Recital in the Church of the Brethren.
Tuesday, 25, 7:30 p. m.—Program by the First Brethren Church, at the Church of the Brethren.

QUARTET ENJOYS TRIP IN NORTH

APOLLOS BUILD UP REPUTATION

On the second day of June the Apollo Four of LaVerne College, unknown musicians, with a broken down Chevy and hardly money enough to reach the first day's destination which was to bring them to the southern portion of northern California and also to their first concert of their summer tour, left LaVerne to fill a summer's concert engagements. No one knew that they would make good. No one expected them to do much till next year. Only one of the group had reached his majority, while the two youngest were only eighteen. They barely knew enough songs to give a full concert.

With such an inauspicious beginning the Apollo Four started what has proved to be one of the most unique tours ever made by a LaVerne College music organization. They had no reputation and no one looked for much from them but this did not last long. The Apollos worked and sang. People followed them miles and miles once they had heard them. Many of their listeners heard them four and five times during the summer, traveling often forty or fifty miles to hear the boys repeat the songs which they

(Continued on Page Two)

Friday, 26, 7:30 p. m.—Program at the Church of the Brethren by Young People of LaVerne.

ASSOCIATED STUDENTS HOLD FIRST MEETING OF YEAR

STUDENTS' STORE OPENS FOR TRADE

The student store, which is a new project this year, is open for big business. It is operated by Kenneth Deardorff, who makes this announcement. "We have all kinds of supplies with the L. V. C. emblem on them. We carry a good supply of LaVerne stickers, pennants, pillow covers, book paper, and other caps and and 'Bibles.' We also have an 'Extra Special' fountain pens. Come down and

look them over. Students shall bear in mind that books ordered from the East cannot be sold in the store the next day.

Y.W. SPONSORS GET-ACQUAINTED PARTY

BIG SISTERS ENTERTAIN LITTLE SISTERS

The Big and Little Sister party, Tuesday evening, in the Patio, gave each girl an introduction to the friendly atmosphere which L. V. C. holds.

Every one had a part in the laughter and pep created in the

program of games. In fact, even some of the interested men could not refrain from a glimpse.

A very interesting program was arranged. Esther Dickey gave a warm welcome to all new girls, and Myrtice Butterbaugh pleased

(Continued on Page Four)

PRESIDENT STUTZMAN INTRODUCES COMMISSION

Associated Students of LaVerne College assembled for the first meeting of the year Friday, September 12, at 10:25. Dale Stutzman, president, welcomed the students and took charge of the program. Miss Gladys Ikenberry, who had returned to LaVerne for her senior year, favored the group with two solos, "Swinging in a Hammock" and "It Seems to Be Spring." The new commissioners to handle the various school activities during 1930-31, were next introduced by Mr. Stutzman, namely: Ralph Fessler, Commissioner of Finance; Myrtice Butterbaugh, Commissioner of Welfare; Verna Sheets, Commissioner of Publications; Vernon Weybright, Commissioner of Athletics; and Chalmer Faw, Commissioner of Forensics. The editor of the Campus Times, Everett Calvert; business manager, Onis Lee

ard; and the editor of the Lambda, Charles Manning, and Business Manager John Kindy were also introduced.

Everett Calvert told about changes being made in the Campus Times this year and asked the operation of the students in running the paper representative of whole school. A journalism club has been organized under the direction of Professor Brubaker, the attempt to improve the college publications from a journalistic standpoint.

Kenneth Deardorff, manager of the Students' Store, explained the general idea of the store, which supplies could be obtained there and the hours the store would open. He urged the students to help in making this store a success by purchasing school supplies there.

Towards the close of the meeting, pep and enthusiasm were created when Charles Manning, the year's yell leader, led the students in yells and songs and helped the Frosh to overcome their timidity and learn the yells and songs, having them "perform" along with Mr. Woody's assistance. At a closing number, all joined in singing the Alma Mater.

ORGAN RECITAL

Monday, September 22nd, at 8 p. m., Professor Diggle of Los Angeles, will give a pipe organ recital at the church of the Brethren.

Professor Diggle is organist at the St. John Episcopal Church in Los Angeles. He is also Vice President of the National Association of organists.

Left to Right: Ralph Fessler, Commissioner of Finance; Vernon Weybright, Commissioner of Athletics; Myrtice Butterbaugh, Commissioner of Welfare; Verna Sheets, Commissioner of Publications; Everett Calvert, Editor, The Campus Times; and Charles Manning, Editor, The Lambda. A picture of Chalmer Faw, Commissioner of Forensics, should be with the above, but a cut of him was not available.

AN EXPLANATION

Due to various business managerial difficulties, this
first issue is rather late. However, we hope that this will
not happen again, and we will do our best to get each edition
out on time.

DON'T FORGET YOUR SUGGESTIONS!

The readers' comments in the form of a letter box which
was suggested in the first Friday meeting of the Associated
Students failed to materialize. This will remain open the
rest of the year, though; and it will be greatly appreciated
if readers will take time to mail their criticisms to us or
leave them in the Campus Times box.

LEOPARD LEAPS

Our Alma Mater has made and is undergoing more
changes for the better than in any year previous, and out-
siders are beginning to notice them. The Handbook was a
leap—the best yet. A graduate manager and a whole new
managerial system has been instituted in publications and
other student activities as well as in athletics, where the
greatest improvements have been made. Two clever coaches
have taken over the moulding of our athletic teams (foot-
ball) who are revolutionizing that field in our school. If you
doubt the latter statement, drop out to football practice some
evening for a minute or two, take a look at the new lockers
and other equipment in the dressing rooms, or wait till the
next game and receive a very pleasant surprise in the form
of the new helmets and a better team than ever before.

Numerous other changes could be mentioned, but will
withhold now, so—
Boost LaVerne! We're coming up!

ALUMNI WORKING

The Alumni are getting behind us, too. They are help-
ing financially. They are working for new students. They
are changing the athletic situation by their support. They
are building up a good reputation for themselves and La-
Verne College by their success in teaching, coaching, etc.,
in their respective localities.

The alumni of a college or university determine to a
large extent the career of that institution and little help has
come from them here until this year.

So we thank you, Alumni, and ask your continued
support!

COMMISSIONER OF FORENSICS TAKES ESSAY PRIZES OF \$43

Chalmer Faw, Commissioner of
Forensics and a Junior at college
this year, won three 1st prizes on
the W. C. T. U. essay—"World
Movement Against Alcoholics and
Protections."

Near the close of the college last
year, Chalmer was called upon the
stage by one of the W. C. T. U.
leaders and given three dollars for
his first prize. His essay was sent
to Los Angeles county head-
quarters and Chalmer received
his prize again. He was award-
ed fifteen dollars. Then his essay
was sent in to be judged by the
state and Chalmer came home
with the bacon again. This time he
was awarded twenty-five dollars
for his first prize. Altogether Chal-
mer's winnings add up to forty-
five dollars. However he wishes
to state that this is all gone now!

Good Eats at the Tavern

MANY NEW BOOKS PURCHASED DURING SUMMER

The library this year is being
greatly improved by the addition
of a number of new books. Be-
tween five and six hundred books
have been ordered and a large
number of these have arrived and
been placed on the shelves.

Mrs. Miller, the librarian, has
been busy ever since school start-
ed classifying the new additions
and she is not nearly thru yet.

New books have been added in
practically every department to aid
the professors in making the stud-
ents work.

From the looks of the library
shelves there will be no dearth of
collateral this year.

The best new books in every
field have been brought into the
library in order to keep our classes
up to the minute and make La
Verne the up and coming institu-
tion that we want it to be.

Cy Nical Comments

We notice that the Frosh are
and have been enjoying the beau-
tiful view of the mountains which
may be had from the front steps.
The odd part of it is that the
Sophomores have been admiring
the same thing with them. Re-
member Sophs., "Train up a child
in the way he should go: and when
he is old he will not depart from
it." Also, foolishness is found in
the heart of a child; but the rod
of correction shall drive it far
from him." Come on Sophs.

Have you noticed our new stick-
ers? If you will stop and do a
little plain and fancy thinking you
will discover that good old L. V. C.
is the only school in the southland
with such a distinctive sticker. Now
don't any one come around to me
and try to convince me that L. V.
C. isn't up and going some where.

Last Friday in Chapel 'Stutzie'
mentioned something about upper
classmen wanting to step Frosh.
I suppose he meant girls, however,
since I am not certain I might give
this little bit of advice to upper
classmen and Stutz. Solomon, the
man of a thousand wives, said "the
mouth of a strong woman is a
deep pit." Now be careful with
these dangerous frosh women.

As you all know, we are starting
the best year that ever paused to
hang its hat in L. V. C. At present
everyone seems to be good friends
and here is a little wise philosophy
which will keep things that way.
"Whoever keeps his mouth and his
tongue keeps his soul from trou-
ble." Likewise that person keeps
the good will of all. Let us all
keep this in mind and bear no tales.
If we cannot say anything good
about some one, then let us keep
still.

Back in ye good old days when
sophs were sophs and frosh were
wore garters, the frosh were not
only docile but obedient. Who can
remember allowing the frosh to go
out of chapel ahead of upper class-
men? Who ever heard of allowing
frosh to go out every night and not
get home before 12:00? I am al-
most on the verge of shedding tears
over the shameful and asinine en-
forcement of frosh rules.

Have you noticed what a hand-
some lot of frosh we have, especial-
ly since they have adorned them-
selves with their cute green caps?
In some cases the caps are almost
becoming. When one goes into the
library it resembles the green fair-
way of a miniature golf course,
until the door bangs and all the
Frosh look up to gaze at the new-
comer, and then it resembles a lot
of stray golf balls running around
in the rough. Perhaps I should
have said diamonds in the rough.
At any rate, those caps are becom-
ing—I thing I should say, a little
more prevalent.

50c Dinner at Chocolate Tavern

FROSH MAKE PLANS ELECT OFFICERS

George Weybright for Chairman,
and Ruth Rothrock for Secretary,
were the officers elected for the
Freshman class at a meeting called
by the advisor, Prof. Brandt, on
Wednesday, September 10, at 3:45
p. m., behind the carefully guard-
ed doors of Room 9.

The officers were elected tem-
porarily. They are to serve until
the members of the class become
better acquainted with each other.

FROSH TROUBLES ALSO SOME INFORMATION

It has been rumored abroad that
a certain freshman girl has been
looking for suggestions on ways to
keep Freshmen rooms from be-
ing stacked, and for her benefit,
and any others deeply interested in
the subject, the following sugges-
tions are offered:

1. After men have been hooked,
snarled and caught, they should be
returned by ten o'clock, so that
they will be on hand for the use
of upper classmen after that time.
2. The men should not be over-
worked, especially during football
season. One night a week is all
that is allowed to Freshmen for
dates. Many have not been com-
plying to this rule.

3. It might also be advisable for
new students to know that pres-
ident Studebaker has offered to
loan his reception room for couples
making, or trying to make, their
plans; in order to prevent a con-
gestion of traffic in the halls.
—A Sophomore Girl.

FRESHMAN "BIBLE" IS REAL HANDBOOK

(Continued from Page One)

encyclopedia of information. If
you wish to know the history and
traditions of L. V. C.—go to your
handbook. Here you will find de-
scriptions of all the organizations,
songs, yells, schedules and, best of
all, the Freshman rules.

It might be added here that the
Sophomores are supposed to en-
force these rules. We might sug-
gest that the Sophs read up and
find out what they are supposed
to do.

Another handy feature of the
handbook is its advertising section.
If you tear your pants or run out
of Stacomb—go to your handbook.
In the back of this book is a fair-
ly complete list of advertisers,
eliminating all excuses that you
may have for not knowing where
to spend your money.

Indeed, Miss Crist has given us a
book which will go down in the an-
nals of L. V. C. as one of the best.
We compliment her.

APOLLO FOUR TOUR THE COAST

(Continued from Page One)

had already heard several times.
The Apollos made a great name
for themselves in the north. Few
quartets can boast the natural har-
mony which this group has. State-
ments to this effect come from
everywhere along the coast. Dur-
ing the summer the boys gave
nearly eighty concerts. There is
yet to be found a listener who was
not pleased.

While not giving concerts or
traveling to fill engagements the
boys were busy learning new songs.
They now have learned about fifty
numbers, most of which have
never been sung by a LaVerne
quartet. Many of their songs are
taken from the works of the fa-
mous Revelers, America's best
known male quartet.

The Apollos will start their fall
concerts with their first annual
home-coming concert in Founders
Hall Auditorium Friday evening,
Sept. 19, at 8:00 p. m. This con-
cert will be largely of a secular
nature.

The chairman, George Weybright,
is from Fresno, and the secretary,
Ruth Rothrock is from La Verne.
Other officers will be elected at a
meeting to be held in the near fu-
ture.

The purpose of the meeting was
to arrange the class under one
unit—possibly to withstand their
Sophomore brothers and sisters.
Also, that the members of the class
might learn to know each other.

Campus Chuckles

Fred Hubbel (to Coach Eisan)
"Where did you meet your wife?"
Coach Eisan — "At a Xmas
party."

Fred—"Oh, you kissed her under
the mistletoe, eh?"

Coach Eisan (hotly)—"No, I
never monkey with my wife's feet."

Bob—"Look at that rhinoceros."

Willie—"That ain't no rhinocer-
os, that's a hippopotamos. Can't
you see it ain't got no radiator
cap?"

Kay—"Did you ever take air-
plane medicine?"

D. Stutzman—"No, how is it?"

Kay—"Very efficient—one drop
is enough."

Ed Ohanesian: "Na, I don't care
for any coffee. That was the cause
of my poor father's death."

Waitress: "Coffee killing any
one? How come?"

Ed: "Five hundred pounds of it
fell on his head."

Mimi—"Did you ever have hal-
lucinations?"

Vernon—"Yeah, twice; but it
didn't take."

Officer Epperson—"Young man,
you've been driving amuck all over
town."

Prof. Travis—"I beg your par-
don, sir; but it was a Ford."

Of all the sad surprises,
There's nothing can compare
With treading in the darkness
On a step that isn't there.

REACTION TO THEIR RULES

(By a Frosh)

The Frosh rules are not too
tough for us. We would not feel
that we were true frosh without
them. We expect to have the soph-
omores make goats out of us.
None of the rules are hard enough
to work hardships on any of us.
They are not expensive or radical.
So Frosh, do your stuff and don't
rebel.

But there is another side to the
question, upper classmen. It is
something we frosh don't like. To
us, it looks bad for the sophomores
to spoil a party in order to make
two or three boys walk home from
some distant point. The writer
of this article thinks it's all right to
make the boys walk.

Too, we do not object to the ran-
sacking of our rooms. We take
it jolly and know we deserve it.
We get a bang out of it? Still, we
don't like the idea of things being
lost.

Hop to it sophomores. We'll
take everything good naturedly as
long as you don't get radical.

The rules this year are great!
A Frosh

FROSH TAKE ENGLISH EN- TRANCE EX.

When the freshmen entered the
doors of La Verne College at 9:30,
September 8, 1930 they were wel-
comed with directions to the chapel
where they were given a test on
essentials of English. The paper
consisted of seven tests which in-
cluded the test on grammatical
correction, vocabulary, punctuation
and capitalization, sentence and
its parts, Sentence Sense, Inflec-
tion and Accent, and Spelling. The
English divisions and sections were
decided by the results of this test.
Perhaps some of the Freshmen
lost their heads, but cheer up,
Frosh, a similar test will be given
all Freshmen entering LaVerne
College from now on.

Homemade Candies at Tavern

ENROLMENT SHOW INCREASE

SIXTY-SIX FROSH ENTER COLLEGE

This college year started with
an enrollment of 207 students, in-
cluding specials, regulars, and
music students, which shows an in-
crease of 35 over last year's en-
rollment. The most remarkable
feature of the student body is that
one-fourth of the total number are
seniors, a circumstance unheard of
in the previous history of the col-
lege.

Incoming Freshmen, however,
have the largest class enrollment
which is 66, 29 girls and 37 boys.
The Sophomore class of 1930 re-
turned complete with the exception
of 11 of its members; and the pre-
sent records show a registration of
26 women and 18 men.

The smallest class of the entire
student group is the Junior class
number 16 women and 12 men.

Music seems to have a prominent
place in the interest of the stu-
dents, as 13 have entered as music
students. There are 5 enrolled in
special courses.

Eleven distinct religious denom-
inations are represented this year
among the students, including
Christian, Progressive Brethren,
Methodist Episcopal, Swedish Mis-
sion, Baptist, Presbyterian, Con-
gregational, Pentecostal, Christian
Science, Methodist, and Church of
the Brethren.
The majority of the students
come from California, but there
are also students from Canada,
Washington, Oregon, Arizona,
New Mexico, and Kansas.

STUDENT SOCIAL LIFE

CHORAL UNION TO BE FORMED

Prof. B. S. Haugh announces the forming of a Choral Union, a new and distinctive ensemble organization.

The union is being formed with the idea of building up an organization which will give the Dramatic cantata, "David and Goliath," next spring. In the meantime there are expected to be many vesper services on Sunday afternoons at least once a month. Also it is expected that there will be opportunities to give concerts here and elsewhere.

MAX FORNEY IS SOPH PRESIDENT

The Sophomore class has started the new school year with plenty of pep and enthusiasm. The class held their first meeting at 3:45 on Wednesday, September 10, for the purpose of electing the class officers for the year. Max Forney was elected president of the class and Alfred Adams, Vice-president. Dorothy Page and Mary Hollinger hold the offices of secretary and treasurer, respectively. Edith Coffman was elected as Chairman of the Social Committee, and Elbert Ebersole as reporter to the Campus Times.

A swimming party is to be held in the near future and it is requested that every Sophomore pay his first semester class dues of one dollar. A delinquency fee of 25 cents was voted to be added to the class dues of anyone who does not pay them before October 15. Be an early bird and not a worm; the class treasury needs the money.

Y HOLDS PEPPY MEETING

The first Monday Morning meeting of the Y. M. C. A. of the college took place last Monday morning, September 15, at the regular ten-twenty-five period. This meeting was well attended and general enthusiasm for the Y. M. C. A. program was shown.

The meeting was in charge of the first vice-president, Ed Cunningham, who introduced the members of the Cabinet, including professor Cullen, the faculty adviser, who concluded the program with a short address pertaining to the program of the College Y. M. C. A.

He expressed the desire of the Y. M. C. A. to enlist every college man in its program and to back every worthwhile movement in the school—thus sponsoring a greater and finer La Verne spirit.

About fifty men attended this meeting, including Frosh.

THE LONG-LOOKED-FOR HAS HAPPENED

When a group of ten LaVerne students met for a good time at Ganesha Park, Thursday evening, what pretended to be merely a picnic turned out to be an event of greater importance.

Lunch was spread on the tables, and Whitcomb Overholtzer was the first to bite into an unsuspecting-looking sandwich. To the utter surprise of all present, there was discovered a tiny strip of cardboard wrapped in oiled paper, and concealed in the sandwiches. "Willie and Ralph" was written across each one, and a lovely diamond appeared on Wilma's finger.

After congratulations were made, the group spent the rest of the evening at the Fair.

Those present were: LaVonne Putnam, Esther Dickey, Gerald Deal, Edna Brubaker, Myrtice Butterbaugh, Whitcomb Overholtzer, Mildred Smith, Vernon Weybright, Wilma Long and Ralph Fessler.

A. D. HELSER PAYS VISIT

FINE LECTURES GIVEN

Rev. R. D. Helser, Church of the Brethren missionary to South Africa, now traveling in the interests of the Student Volunteer Movement, spoke in chapel, Tuesday and Wednesday mornings and Wednesday evening.

He said his desire is that all men love Christ. "Our relationship to Christ is the most important thing in all the world or it is nothing." It is how much one lives that counts for Christ.

Today one of the most important questions is that of race. How the present generation reacts towards the race problem will determine to a large degree the solution to the war problem. He gave an illustration to show what the colored people think of the whites. There were nine wild dogs who went out to hunt antelope. They met a lion who invited them to go with him. They were successful went out to hunt antelope. They question of disposal came up. The lion told one of the wild dogs to say how he would decide the question. The dog said that since there were ten of them and ten antelope, each should have one. The lion knocked him down and asked another how he would decide.

"Lion, you are mighty. You are nine and if we take one that will make ten."

"You're a wise little old dog. How did you learn so much?"

"When you knocked down my little brother."

At the close of one of his talks he gave the following quotation: "O cross that liftest up my head, I dare not ask to flee from thee; I lay in dust, life's glory dead, And from the ground there blossoms red Life that shalt endless be."

Wednesday morning Rev. Helser told first that young people should have an understanding as to what they are going to do in life. It will avoid much disappointment and oftentimes even sorrow, if before they consider marriage seriously they each know what the other wishes to do in life and plan accordingly.

Secondly, he told about the starting of the mission in Africa. A point he made was that missionaries do not preach much in the ordinary sense, but they try to live Christ.

His frank appeal, his personality, made Mr. Helser a most interesting chapel speaker; then, besides, his talks were very educational.

'Y' MEN HAVE GOOD TIME OVER WEEK-END

The first of the year's activities sponsored by the College Y. M. C. A. took place last week-end when a small group of the "Y" men and their faculty members went to Jenks Lake, in the San Bernardino Mountains, for the annual fall Y. M. C. A. retreat.

Parts of the group went up to the lake Friday evening after classes and others came later during the early morning hours and during the day Saturday.

A fine breakfast was enjoyed Saturday morning, after which a lively indoor ball game was played. After dinner, swimming boating and general recreation kept the men occupied until supper time and the campfire meeting.

The campfire meeting proved to be very interesting despite the lack of members. All the men responded with one or more jokes

CHANGES IN FACULTY; HAMILTON, EISAN AND GLICK NEW MEMBERS

The school year of 1930-31 opened with most of the former members of the faculty returned, and three new professors added. Dr. Hamilton from the University of California, is taking Professor H. P. Allen's place as visiting lecturer on Education, from Pomona College.

Coach Leland G. Eisan, a graduate of University of California, is also one of La Verne's new faculty members who will do all within his power to boost football, and make it an outstanding sport in La Verne College. He will be assisted in the Physical Education work by Mr. Dale Glick, a graduate of La Verne College, 1927.

Those who will again have places on the faculty this year are:

W. I. T. Hoover—Dean of College, Professor of Philosophy.

Harper W. Frantz—Professor of Chemistry and Registrar.

Gladys E. Muir—Professor of History, Secretary of Faculty.

Jesse C. Brandt—Professor of Mathematics and Physics.

Benjamin S. Haugh—Professor of Vocal Music.

Jesse B. Emmert—Professor of Bible and Missions.

Laura E. Haugh—Professor of Speech.

Kevork A. Sarafian—Professor of Modern Languages and Education.

George J. Hollenberg—Professor of Biology.

Ray R. Cullen—Professor of Sociology and Education.

Dorothy Merritt—Associate Professor of English Literature.

Crawford F. Brubaker—Professor of English Literature.

Ralph R. Travis—Professor of Piano, Pipe Organ and Theoretical Music.

Martha Lena Lenhardt—Associate Professor of Modern Languages.

Vera Hoover—Director of Physical Education for Women.

Ira P. Yoder—Business Manager.

Harrison A. Frantz—Field Secretary.

Mrs. S. J. Miller—Librarian.

Mrs. Minnie B. Porter—Matron.

Isaac J. Woody—Supt. of Buildings and Grounds.

With an ever-growing faculty, and an increasing student enrollment, prospects for this year and following years are very hopeful for La Verne College.

DEAL CHOSEN JUNIOR PRESIDENT

Members of the Junior class meet for the first time this year on Wednesday afternoon for the purpose of electing officers. The following were chosen: Jerry Deal, president; Esther Thomason, vice-president; Frances Sandblom, secretary; and Leslie DeHart, treasurer.

After the election, a Junior play was discussed, and every member was urged to volunteer for parts in the cast.

apiece after which a general discussion of campus problems ensued. A short address by Dr. Studebaker upon the Natural Religious Life, a song, and a prayer closed the campfire program.

Sunday morning the men hiked to Inspiration Point, where the devotional services was lead by Dr. Harper Frantz. Then breakfast closed the program and the men came back to LaVerne determined to do more to make La Verne College a greater institution.

HAUGHS ENTERTAIN AEOLIANS AND APOLLOS

Mr. and Mrs. Haugh entertained the Apollo and Aeolian quartets at their home on the evening of September 9th.

It was their first home-coming meeting and the evening was spent in relating the experiences of each member of the quartets. Mr. and Mrs. Haugh also told of their pleasant vacation during the summer.

At the close of the happy reunion, refreshments were enjoyed by all.

Besides the host and hostess, Mr. and Mrs. Haugh, those present were the Messrs. Orville Thomason, George Berg, Russell Frantz, Doyle Montz, Marvin Bolinger, Albert Gnagy, Vernon Heckman and Daniel Stover.

SWIM AT COVINA

Swimming and watermelons being the attraction of the hour, a number of the students gathered at Covina Park last Tuesday evening to enjoy the fun.

Racing and diving stunts were open to any one who cared to compete, with prizes for the winners. Miss Frances Nix and Mr. Paul Funk both received prizes for speed swimming.

The spirits of the swimmers were dampened by the chill of the foggy evening, but the appearance of the watermelon revived them.

VOLUNTEER MEETING

The Student Volunteers of the College had their first meeting of the year on Wednesday Sept. 10th with about thirty-five attending. Ed Cunningham, president of the organization, had charge of the meeting. Announcements, introduction of the cabinet and a short, inspirational talk by the leader were the items of the program. A good year is planned.

MILLER HALL ELECTS OFFICERS

The Associated Women students of Miller Hall elected new officers, Monday evening, September 16. They are as follows: president, Vivienne Wyne; secretary, Harriet Hoke; treasurer, Edith A. Coffman.

A regular business meeting of the A. W. S. of Miller Hall will

COLLEGE GRIDIRON IMPROVED
MR. WOODY DESERVES PRAISE

Four years ago LaVerne College planted a turf. This turf has gradually improved and thickened since then and is now a soft mat of Bermuda grass. It is rated as one of the best turfs in the Southern California Conference and compares favorably with any in the South. A field of this type must receive constant care and the one man responsible for this condition is I. J. Woody. For he is the man who oversaw the installation of the greensward and since that time has cared for it like one of the family and brought it up in the way it should go. The Associated Students and especially the players owe a great deal to Mr. Woody for the present splendid condition of this overgrown lawn for it has not been his special duty to care for it, but he has done it merely thru his love of the game and because he likes to see things well done.

So, fellows, when you are hurtled thru the air by some big linesman and come down on the south end of your neck on a spot that is not so soft, do not moan because the spot is there, but thank "Ike" Woody for the fact that the whole field is not just one big spot.

QUARTET TO GIVE HOME-COMING CONCERT

 Rigoletto.
 "Parade of the Wooden Soldiers."
 Tenor solo, "By the Water of the Minnetonka," Marvin Bolinger.
 "Old Ironsides."

LEOPARD PROSPECTS BRIGHT
J. C. AND SOPHOMORE MEN BOLSTER UP SQUAD OF LETTERMEN

New Coaching Staff Changes Spirit of Men

The outlook for the La Verne Leopard Varsity this year is the brightest it has been in several years. La Verne has not been represented in the win column for three years and this year they expect to break in in a big way. The material is of high quality but the thing that is going to win games this year is the spirit. In the days gone by when Arnett was coach and Dale Glick, present graduate manager, was quarterback the spirit was of the best and the relations between the coach and his men were of the closest type, La Verne put winning teams on the field. Since that time there has been a sad lack of spirit and in consequence, the teams have been losing ones.

With the coming of a new coaching staff, the old winning spirit has returned. If you find this statement hard to swallow, just wander out on Arnett Field any evening and watch the boys go through their paces. You will see a large bunch of fellows passing, punting, taking exercises and running signals as if they enjoyed it and you will see Coach Eisan bawling directions through a megaphone like a Coxswain in the winning shell on the Poughkeepsie.

Eisan has a real bunch of fellows to work with and should shape up a team that will hold its own with any of their conference rivals. The so-called "first-string" at present consists of Capt. Fred "Bunny" Hubbell at quarterback, Vernon "Red" Weybright at fullback, Harold "Brick" Lewin and Max Forney at halfbacks. This combination is as versatile as we could possibly get for it offers a punter, passer, line-plunger, a speedy man for end runs, a couple of good interference runners, and a mighty good safety man.

The line was strengthened considerably by the transfer of two Colton boys, Adams and Jones, who attended San Berdoo J. C. last year. At present they are holding down the wing positions and Jones is being called back to help with punting duties. The tackle berths are being taken care of by Ferree and Leonard and these boys are capable of tipping the scale beams well over the two hundred pound figure. Roynon and ???? are being used in the guard positions but will have to fight hard to retain their positions. Nicolas has been passing the ball from the center position and seems destined to retain this job.

La Verne's real strength this year lies in her reserves and the present "first string" will have to work. With this combination of material and spirit LaVerne will finish well up in the games won and lost.

"The Owl and the Pussy Cat."
 "The Woman in the Shoe."
 "Swing Along."
 Vocal duet, Marvin Bolinger and Albert Nagy.
 "When the Twilight Shadows Fall."
 "Goin' Home."

NEW COACH HAS AMAZING RECORD

(Continued from Page One)
 team which won the Ellerly Arms Trophy, and coached an American Legion baseball team which went to the finals in the Central California play-offs after defeating the victors of several counties. It must not be forgotten either that Eisan was chosen all-coast quarter last year and was given honorable mention by "Pop" Warner of Stanford. Now Eisan has taken over the direction of athletics at LaVerne. Lets' get behind him even more and help him to carry on his great success into the field of coaching.

NEW ATHLETIC REGIME, 1930-31

NEW MANAGERIAL SYSTEM; NEW EQUIPMENT PURCHASED

With the coming of the present football season comes also a new athletic regime to LaVerne College. In the past the Commissioner of Athletics has had complete charge of buying and care of equipment. At times he did not have enough time or the proper authority to do the best possible job.

Under the new regime, LaVerne has copied after her older brothers and has acquired a graduate manager. This office is held by Dale Glick and thru him a new system is being instituted. He has created and organized the Student Store and a managerial system has been worked out. One of the best things he has accomplished is the buying of new athletic equipment. A number of new lockers have been installed in the men's dressing room to accommodate the larger number of men who are turning out for football and who will turn out for other sports. This purchase assures plenty of locker space.

Much new football equipment has been added to the stock, and the football headgears are nothing to be ashamed of. During the last few years, many of the coaches have added many innovations in the line of football suits and LaVerne has joined in the procession.

A new tackling dummy has been installed to take the place of the old one, which has graduated. Towels and socks are being furnished gratis, which is quite an aid to sanitation.

Max Forney—"Did you dye your hair?"

Bernice Conley—"No, I thought it was dead when I bought it."

Fessler—"These eggs aren't fresh."

Grocer—"Not fresh? Why, the boy brought them from the country this morning."

Fessler—"What country?"

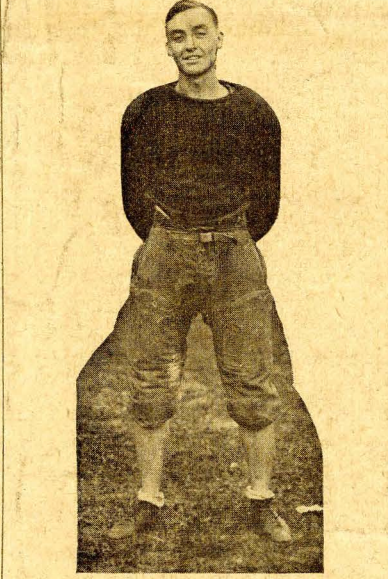

Ed. O'Hannisian—"No, I don't care for any coffee. That was the cause of my poor father's death."

You're welcome at Tavern.

HUBBEL CAPTAINS LV. VARSITY
CAPTAIN IS 'JACKRABBIT' OF TEAM

The Leopards are to be led this year by a "jackrabbit." Capt. Fred Hubbell is the jackrabbit and the La Verne College Varsity football team are the Leopards. Hubbell received his monicker from his running ability and his jackrabbit tackles while packing the ball. Hubbell is climaxing his college football career as leader and it is certain that the squad will give everything to make his last year his best. Hubbell started his football career at Pomona Hi School where, thru his lack of weight he played end. Nisbet his high school coach, was thought to be quite brainy but he slipped up when he failed to realize the ball packing possibilities of this dynamic bundle of wire. He entered La Verne College with the freshmen class of '27 and Van Cleave immediately inserted him into the backfield where he ran riot and he has been going wide open every since.

Hubbell is still a light man but when an opponent sees this light weight coming at him with his terrific driving speed and looking like he was all feet and knees he doesn't think about his size, for he may grab for him, wrap his arms around his legs and then look up to see the jackrabbit going

on down the field for another ten yards.

"Benny," as his team mates call him, is not an orthodox runner, but he starts in full stride and is running as fast on his first stride as he is on his fifth or sixth. This has a tremendous advantage, especially as he has the ability to pivot and hip-wiggle to go with it.

Naturally, such a small fellow must have a great amount of intestinal fortitude to buck up against the men he has to meet in the Southern Conference. That he has such qualifications was ably shown when in his junior year he cracked a vertebrae in his neck in the Oxy game. The following week he had had a brace devised to strengthen the fracture and he continued his play in the remaining games.

This young man's athletic ability is not confined to the gridiron, but he also is a mainstay at running guard on the basket ball court and holds down the center garden on the baseball diamond.

The followers of this young man expect much of him this year and they will not be disappointed.

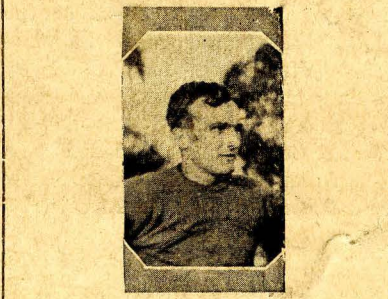

'30 FOOTBALL SCHEDULE

Sept. 15—First official practice.
 Oct. 4—L. A. J. C. at LaVerne.
 Oct. 11—Caltech at Caltech. (Night game.)
 Oct. 18—Santa Barbara at Santa Barbara. (Night game.)
 Oct. 25—San Diego at San Diego. (Night game.)
 Nov. 8—Cal. Christian at Cal. Christian.
 Nov. 15—Whittier at LaVerne.
 Nov. 22—Redlands at LaVerne.

COACH GLICK HAS GOOD RECORD

Graduate Manager, Assistant Football and Basketball and Head Baseball Coach

It is the custom of practically all of the larger colleges and universities to have the business connected with the athletic teams handled by a graduate manager. This year, thru a change of system, La Verne is to have a graduate manager. A graduate manager must be a complex man, for he must deal with sporting goods

agencies, representatives of other schools, the athletic, and other groups. Another prime requisite of a graduate manager is that he must be able to understand the viewpoint of an athlete. La Verne has secured Mr. Dale Glick to fill this post and to act as assistant coach in football and basketball as well as head coach in baseball.

Mr. Glick secured his high school education at Sacramento High school. He starred in both football and basketball. He was especially skilled in baseball and received much attention from the Sacramento ball club of the Pacific Coast League. After graduating from Sacramento High, he came to LaVerne, where he soon developed into an all-around star. He acted as quarterback in football and was by all odds the brainiest quarterback ever to visit the halls of La Verne. During his last year at LaVerne he averaged eight yards every time he carried the ball and that is good enough ball playing for anybody's team. Glick starred in baseball also, in which sport he patrolled the center garden. He was keen judge of fly balls, a timely hitter, and a dangerous man on the bases. With the aid of his sliding ability he had many pilfered bases to his credit.

After graduating from La Verne he has taught and coached at Citrus J. C. With this splendid background he will make a capable coach and graduate manager for La Verne College.

Y. W. SPONSORS GET-ACQUAINTED PARTY

(Continued from Page One)

every one greatly with several numbers of her Scotch songs, impersonating Harry Lauder. Wilma Long and LaVonne Putnam delighted all with "The Rag Doll" dance. Of course Hazel Barnhart's reading was highly applauded, and Eddie Brubaker favored the group with one of her fine piano solos.

The program ended with the group singing "Follow the Gleam" and the Alma Mater.

Refreshments of delicious hot chocolate and sandwiches, prepared by Glenna Betz concluded the evening's festivities.

VARSITY CLUB SHOWS GUESTS LIVELY TIME

PRESIDENT STUDEBAKER PRAISES CLUB'S WORK

The Varsity Club entertained new men students of the college Monday night in the social amid cocktails, chicken pie and casual jokes.

The meeting was opened by Dickey who introduced the master, Wayne Bohn. Bohn turn introduced the speakers of evening — President Studebaker, Dale Glick and Coach Eisan.

President Studebaker expressed his appreciation for what the Varsity Club has done for the college since its organization seven years ago and especially for what members have done in the last months in the way of bringing letes to the college.

Dale Glick made a plea to Frosh men who are not out football to take up the game and see what they can make out themselves; and he also thanked Dayton Newcomer, who was guest of the Varsity Club, for help in bringing athletes to La Verne.

Coach Eisan asked that the Varsity Club and "university" not expect too much of him at first promised that with every one in the program of athletics in La Verne that the college would its proper place.

Throughout the evening vaudeville members were called on for and those not prepared were called on. When Ben Hepner was called on President Studebaker paid the compliment and asked that Ben not tell a joke.

The banquet was prepared by the Mothers' Class and the service was done by some of the ladies of the Miller Hall.

There were sixty-seven present; thirty-two Varsity members and thirty-five guests. A good time was had by all.

Meet Your friends at the Tavern.
