I. R. C. CONFERENCE OF SO. CALIFORNIA COLLEGES HELD

SIX STUDENTS ATTEND PARLEY

CURRENT TOPICS ARE DISCUSSED OPENLY

The International Relations Clubs of the Southwest held their annual conference at U. C. L. A. on Friday and Saturday, Nov. 18 and 19. Twelve colleges were represented. Misses Mary Ellen Lauver, Helen Heisey, Vera Mae Shafford, Hester Cox, Hazel Kennedy and Royal Glick represented the LaVerne chapter.

The conference was opened in Kerckhoff Hall at 9:30 Friday morning with registrations. At 10 the first meeting took place in Royce Hall. Welcoming speeches and reports from each club represented were given.

At noon the delegates all assembled at El Encanto Tea Room in Westwood Village for luncheon. Here Dr. Paul Perigord of U. C. L. A. gave an interesting speech on war debts and reparations.

At 2:00 the delegates separated into six round table groups which were: The Far East, India, Disarmament, War Debts and Reparations, America's Stake in International Economic Activities.

Dinner was held in Kerckhoff and Chester Rowell, regent of U. C. L. A., and editor of the San Francisco Chronicle, gave a stirring address on current events. Delegates who remained over night were lodged at fraterntiy and sorority houses.

The conference closed at noon Saturday after a meeting at which the reports from the round tables were given and the final business transacted. The conference was pronounced most interesting and successful by each LaVerne delegate.

THE FACULTY WOMEN'S CLUB IS ORGANIZED

In October the women of the faculty and the faculty wives organized a club known as the Faculty Women's Club.

This club, which meets on the second Monday of each month, is for the social as well as educational advancement of its members. Mrs. Studebaker is president, with Mrs. Harper Frantz as secretary-treasurer.

The first meeting was held at Mrs. Crawford Brubaker's home, and the November meeting was at Mrs. Ray Cullen's. Mrs. Eyre from Scripps College addressed the club on the "Mannerisms of Children." A number of the LaVerne Grammar School teachers were present to hear the lecture.

The next meeting of the club will be on Monday afternoon, Dec. 12, at Mrs. Studebaker's home. At this meeting, Mrs. Sarafian will tell the women some of the interesting experiences of her childhood.

Through this club the faculty wives are becoming better acquainted and are getting some very valuable knowledge from the lectures of both local members and outside speakers.

STUDENTS PRESENT CONFERENCE NOTES

A very interesting program was given in the College C. E. Sunday evening, Nov. 20.

The speakers of the evening were Arnelia Brubaker and Manuel Kwon, who represented LaVerne at the International Relations Conference at the Redlands University Friday and Saturday

Miss Arnelia Brubaker told of the wonderful international spirit pervading at the conference, which was made up of students who had recently come from many parts of the world.

Mr. Kwon told of the contact made with foreign students from other universities and manners of entertainment among the institute representatives.

The International Relations Conference does not make any definite decisions. It brings different nationalities together to discuss international problems from a purely unprejudiced point of view.

Be different. Don't always try to have your own way. Write this column your opinion or contribution occasionally—there is a pigeon hole in the Campus Times office for such purposes.

THE JUNIOR PLAY IS COMING ATTRACTION

We have a play, "Dulvy," to be be presented in two weeks by an unusual cast picked from the talented junior class.

No student of LaVerne College can afford to miss this hilarious, side-splitting comedy in three acts. Dulcy, a devoted wife, tries to fix the business transactions of her husband, William. Well, how she fixes them!

Come and see for yourself on Dec. 13 and 14, in the college auditorium.

FIVE STUDENTS ON DEPUTATION TEAM

Tuesday, November 22, the tryouts for Deputation team were held in the auditorium.

From the fifteen or more who tried out, one team of five was selected. They will travel north, visiting the churches in northern California during all of Christmas vacation.

Those selected for the quartette are: Evelyn Deardorff, soprano; Gwendolyn Ardinger, alto; Elmo Holl, tenor, and Vernon Heckman, bass. Maurine Hamann was chosen to accompany this group as reader.

Miss Strobach, Professor Haugh and Royal Glick, deputation manager, were the judges.

The program will include several quartette numbers, violin solo, vocal solo, reading, devotions, and speech. The definite selections have not been decided upon.

TROPHY IS PRESENTED TO THE STUDENT BODY

The chapel period for Thursday, Nov. 24, was sponsored by the forensics club, Vernon Heckman being in charge.

Marvin Bolinger gave a vocal selectoin. Mr. Brubaker, director of forensic activities, gave a complete history of this function since it was first started in LaVerne College. Miss Strobach of the Speech Department gave a very dramatic reading. Arnelia Brubaker, commissioner of forensics, next presented a summary of the activities as they are scheduled on the conference calendar for this year.

Presentation of a cup to Maurine Hamann, who won first place in the extemporaneous speech contest held at California Christian College a few weeks ago was made by Miss Strobach. Miss Hamann gave a few words of appreciation and presented the cup to the student body.

KIND HOSPITALITY IS SHOWN L. V. STUDENTS

The students who did not go home for Thanksgiving wish to extend their heartiest thanks to the townspeople.

LaVerne people thoughtfully invited them into their homes for Thanksgiving dinner. Enough homes extended invitations so that it was possoble for all students who remained here to enjoy a Thanksgiving meal and the felowship of a home.

LEOPARDS PLACE SECOND IN SOUTHERN CONFERENCE

BANQUET PLANS ARE BEING COMPLETED

LaVerne College will honor its greatest football team culminating its successful season at a banquet Saturday, December 10, at 7:00 o'clock in Fellowship Hall.

Next year's football captain will be elected, and an interesting program is being planned.

Resolved, That the United States should agree to cancellation of inter-allied war debts, is the question being debated at the tournament this week-end.

Various practice debates among these and other students have been held during the past week. Professors Brubaker and Miller and individual students have constructively criticised the debaters.

Interest on the part of the student body should be shown in regard to this tournament.

HOLLENBERG SPEAKS IN TUESDAY CHAPEL

Professor Hollenberg of the Science Department talked during the Tuesday chapel hour on the "Nature and Spirit of Science."

He opened the lecture by giving the scientific method which is characterized by its exactness, the fact that it is experimental, and that it is inductive. He compared this method with that of the Greeks who would argue all day over how many teeth a horse had but considered it unsportsmanlike to go and see.

He ended by quoting some famous scientists.

STUDENT VOLUNTEERS ENJOY SOCIAL HOUR

A group of young people met at the home of Evelyn Deardorff for a general social hour, which took the place of the regular Student Volunteer meeting, last Wednesday evening.

The evening was spent in hilarious games, in charge of Grace Gans, which proved very exciting.

Popcorn and orange juice punch were served as refreshments.

Those who enjoyed the evening were: Grace Brubaker, Esther Statler, Grace and Alice Gans, Gwendolyn Ardinger, Emma Mae Neff, Hazel Kennedy, Evelyn Deardorff, Ruth Clark, and Ira Metzger, Willard Davisson and Earl Royer.

Prof. Brandt spent his vacation as nurse for his flu-smitten family. The entire family has recovered.

EISENMEN END FINE GRID SEASON

LEOPARDS SCORE FIVE VICTORIES

The rambling gridsters from the Leopard greensward, under the able direction of Head Coach Lee Eisan have attained laurels in the Southern Conference that heretofore were not even dreamed of. The Leopards played seven conference games this year, winning five and losing two for a percentage of .714. They played two other games, winning from Cal-Christian and losing to Fresno State for a total of six wins in nine games or a percentage of .667 for the entire season.

Leopards Make Fine Start

The Leopards got off to a fine start this season by defeating Cal-Christian in a non-conference game by a score of 25 to 0. They continued their winning streak by defeating Caltech, the defending champions, 21-0. The fellows next journeyed to San Diego, where a large group of Leopard rooters watched them come from behind in the last quarter to defeat the Aztecs 15-12.

The Leopards returned to LaVerne to take a short rest before their important game with Whittier, which was two weeks away.

The largest crowd ever to be assembled at LaVerne College viewed the LaVerne-Whittier game. This game saw a slightly superior Whittier eleven batter down a stubborn defense to win by a score of 13-0. Whittier got two nice breaks and made use of both of them, one resulting in a score and the other stopping the only serious LaVerne scoring threat.

Alumni Weep

Oxy was LaVerne's only bad game of the season. Oxy was good and the punting of Joe Forbes is something to marvel at, but, that night the Leopards were in something more than a slump. The line was like a sieve; the backs could not find a hole if the line made

KWON AND BRUBAKER ATTEND INSTITUTE

Arnelia Brubaker and Manuel Kwon, representing the LaVerne International Relations Club, attended the Institute of Pacific Relations held at Redlands University November 24 to 27 inclusive.

The Institute of Pacific Relations is a student conference of delegates from colleges and universities in the Southwest. Since the number of delegates from each college was limited, there were fifty-four students at the conference. In this number there were twenty-one nationalities represented. Each college had to send as many students of other races and nationalities as native Americans.

The study was in the form of round table discussions on problems of Pacific relations. Organized recreation made the conference more varied and interesting. The LaVerne delegates report a very pleasant time.

AFTER THE NEXT THREE WEEKS WHAT?

"The events of the next three weeks may decide the history of the world for the next half century."

This rather apalling statement was made by Dr. Chester Rowell before a recent conference of the Southern California International Relations Clubs at U. C. L. A. Although his remark may be striking, it makes us realize that right now we must determine the way in which the civilization of the world shall go.

There are three great questions or problems upon which Mr. Rowell bases his remark. Namely, these are (1) war debts, (2) disarmaments, and (3) Sino-Japanese relations. How we, the present day generation, answer these great questions hinge the future progress of the world.

Within a month the world powers will meet again at Lausanne for a final attempt to reduce arms. The success of this conference is rather doubtful as every nation has very definitely demanded security and have so far found it only in arms. And still we all know that it is only by disarming that Europe can pay since she has lavished billions of dollars on her armies and navies. With this in mind, how can, if America refuses to cancel the war obligations, these continental countries pay some eleven billion bollars? The test of the League of nations comes on November 24 when it meets to consider the report of the Lytton Commission on the Manchurian situation. This report, which states that Japan must withdraw her troops and that China be given sovereignty over the disputed area, Japan has flatly defied. She has also defied the League by declaring that she will hold her position at all cost.

What should the League do—what can it do? In order to bring Japan to terms, an economic boycott or a war must be levied upon Japan, and yet war, with the present depression, is impossible, and the economic boycott unthinkable. But if the League does not stand for justice, the powers of the world will finally be convinced that the peace movement is worthless and foolish. This of course can lead only to one thing—arms: to arms for national security which is so vital for all governments. This would result in a horrible race for arms preventing the payment of debts and leading to an inevitable destruction of our civilization.

All this within the next three weeks! And all these questions radiate from the Manchurian situation and rest on its outcome. Can our present peace apparatus be effective? It is a grim and breath-taking spectacle—this watching history in the making, especially when it concerns the life or death of civilization.

There have been many things blamed on the depression, but just what effect it would have on the increase of the utility of silverware in preference to Pullman towels is a question facing campus officials at Stanford. They have searched various fraternity houses for clues of the fast vanishing array of knives, forks, and spoons, with little result. However, they have heard that beautifully curved forks and Damascus like knives, bearing the Stanford emblem upon their their handles had been sighted conveying victuals to the mouth of a student in a New England college. A similar set of "tools" were seen delving to the depths of a rice bowl in a Chinese hash house far across the globe.

MANUEL KWON TELLS SUGAR CANE HISTORY

Sugar cane probably originated in Southern Asia, though exactly where is not known. Chinese writers of the eighth century B. C., however, record its importation from India. The plant, in many different varieties and forms, grew in most of the South Sea Islands previous to the coming of the white race, undoubtedly transported by the Polynesians during their migrations. Even a hundred years ago the Hawaiians usually carried pieces of cane as a convenient portable and concentrated provision during their travels.

Besides its use as food and medicine to the early Hawaiians, the cane plant was important to them in several other ways. Its leaves were occasionally used to thatch their houses. As a sign that the plants in a field was Kapu, or not to be taken by the common people, it was sufficient for a chief to place a stick of sugar cane in its corner.

The sugar industry in the islands had a very modest and desultory beginning, in which many races of men have had a part. A Chinaman, coming to the Islands in 1802, started a mill, and, since his evacuation, many other attempts were made by other people. With the gold rush in California in '49, agriculture in the islands was greatly stimulated. Not only sugar but wheat and potatoes were grown and exported to miners. Here, due to the decline of native stock and lack of laborers, were the orientals imported.

Today suugar cane is planted in the islands from near sea level to an elevation of about 2,000 feet and controlled by several organizations who are very successful in the methods used.

COMING ATTRACTIONS AT PLAYHOUSE

Gilmor Brown, producing director of the Pasadena Community Playhouse announces several plays in production for December and the first of the new year.

Following the lavish production of "King Henry VIII," opening November 29, a special dramatization of Charles Dickens' novel "The Cricket on the Hearth," is planned.

A new comedy satire of Hollywood, in the vein of "Once in a Lifetime," entitled "You Never Get a Break" by Arthur Horman, will be produced for the membership of the Pasadena Community Playhouse Association on December 5, and may be presented as a regular attraction, depending on the reception the comedy gets in its first presentation.

For the annual holiday production between Christmas and New Years, Brown announces a production with music of "Alice in Wonderland," a dramatization of Lewis Carroll's immortal story. Present plans call for matinee and evening performances daily.

According to present plans, Noel Madison, stage and screen actor, will be presented in "The Devil Passes," unusual and stimulating comedy by Benn W. Levy, as the first production of the New Year.

COMBINED CHOIRS TO GIVE "MESSIAH"

Combining into a great chorus choir of more than three hundred into a great chorus of over 300 voices supported by the leading soloists of Southern California, the choirs of Redlands University and Pomona College will join on December 9 in Bridges Auditorium, in rendering Handel's magnificent oratorio, "The Messiah," and on the preceding evening in Memorial Chapel, Redlands University.

This is not the first occasion on which the choirs have combined for a religious concert, Bach's "Passion" having been presented here last Easter before an audience of nearly 2,000. For many years "The Messiah" has been given by the Pomona College Choir, and has become one of the fine traditions of the Christmas season.

The Redlands presentation will be directed by Professor W. B. Olds, head of the department of music, with Arthur W. Poister, organist, and Theresa Schermerhorn at the piano. In Claremont the choirs will be directed by Ralph H. Lyman, with Thomas Pollock at the organ, and Gordon Sutherland, pianist.

The folowing artists will sing the solo parts:

Mrs. Blythe Taylor Burns, soprano, a member of the Smallman a capella choir, the Tudor singers and one of the best known soloists of Los Angeles.

Hardesty Johnson, of Los Angeles, for many years first tenor and accompanist of the famous deReszke Male Quartet.. He has a voice of unusual clearness and range for important solo parts in oratorio.

Genevieve Chumlea, contralto, prominent soloist at First Baptist Church, Pasadena, and in Beverly Hills. For a number if years she was a member of the Los Angeles Grand Opera Company.

Alexander Kisselburgh, bass, of Los Angeles, for several years soloist in the famous choir at the Brick Presbyterian Church, New York City. Hhe will be heard in Claremont for the first time.

A nominal charge will be made to meet expenses.

Keyhole Tidbits

Ain't it a grand and glorious feeling to place second in the Southern California Conference? We'll have to celebrate at the football banquet. And how!

PROGRAMS AT CHURCH OF THE BRETHREN

A Junior Church League program, with a playlet, was given Wednesday evening at the Church of the Brethren. There was an address by Mrs. Ruth Forney Brooks, returned missionary from India, and also songs in the Gujerati language by Betty Jean Brooks.

There are a number of different events to follow, covering activities of the week to come:

Friday and Saturday—Ladies' Aid Christmas bazaar at Fellowship hall.

Sunday, 7:30, quarterly music evening, Prof. Ralph Travis in charge of the organ and vocal program.

Wednesday, 7:30—Autumn love feast and communion.

The Sophomores won the interclass basket ball championship by winning a hard-fought game from the Juniors, 30-28. Last year, as Freshmen, the same team won the interclass title. In another thriller, the Seniors defeated the Freshmen in an extra period, 17-16, after the game had ended in a tie score.

These games, which were played Thursday, resulted in the Juniors getting second place, the Seniors third, and the Freshmen fourth.

LEOPARDS OUTPLAY TEACHERS TO CLIMAX GREAT SEASON

WHITTIER WINS CONFERENCE TITLE

HALT REDLANDS IN 13-7 THRILER

The Whittier Poets' fine football team defeated the Redlands squad by a score of 13-7 at Whittier on Thanksgiving day. The two evenly matched teams fought to a scoreless tie in the first half. In the third quarter Whittier scored on a long pass from Wood to Arambide.

Redlands came back to score in a similar fashion, the pigskin being hurled from Bandy to Perkins. In the fourth quarter the Poets started a march of 47 yards which ended in a touchdown and victory.

This victory gave Chief Newman's Poets the mythical Southern California championship and dropped the Redlands Bulldogs to third place. The Bulldogs finished with the Same percentage as the Leopards, but since LaVerne scored a win over Redlands, second place goes to LaVerne and the Bulldogs receive third position.

FIVE SCORES IN FINAL GAME

GREAT DEFENSE SHOWN BY LINE

The LaVerne Leopards completed a very successful season by soundly trouncing the Santa Barbara Roadrunners 34-0 on Turkey Day at LaVerne.

The Leopards got away to an early start when Calvert recovered Stockel's fumble on Santa Barbara's 35 yard line. The Leopards then marched down the field for a touchdown in four plays, Brooks going over for the score from the 2 yard line. Red Montgovery took a "hide-out" pass for the conversion. LaVerne scored again in the second quarter after a drive of 58 yards. Heckman converted from placement.

The Leopards scored once in the third quarter and twice in the fourth for a total of five scores. The third score came when Wright and Calvert blocked a punt on the Santa Barbara 15 yard line. The Leopards scored in a few plays.

Montgomery and Brooks turned in a fine offensive game. Calvert, Wright and Kercher played fine defensive ball. Peewee Lathrop ended his career by doing a fine job of backing up the line. He also made good yardage on plunges.

SEVEN SENIORS LOST TO SQUAD

HAVE PLAYED FINAL GAME

The 1933 football team will be without the services of seven of the men from this year's squad. Of these men at least three were usually in the starting line-up for the conference games.

Captain Forney

Captain Max Forney, although out of the line-up much of the time this year as the result of injuries, played good ball when he was on the field. Although he seldom carried the ball, his blocking paved the way for many of the Leopards' substantial gains.

Ed Ohanesian

Ed Ohanesian plodded along on the second string this year until the Pomona game, when he was given his chance as a first string guard. Ed made good and remained on the varsity the rest of the season. Nice work, Ed.

Peewee Lathrop

Peewee Lathrop was pulled from the line to play fullback this year. He met with tough luck when he broke his arm in the second game of the season. However, Peewee was back in the line up about a month later and he finished his career with a fine performance.

Harold Stern

Stern was the understudy of Lathrop. He did a swell job of backing up the line against San Diego. In fact, he played well all season. He deserves a lot of credit for helping to fill Peewee's shoes.

Vernon Heckman

Heckman played quite a bit this season at his guard position. He was often sent into the game for the use of his educated toe.

Dan Stover

Because of an operation, Stover was not able to report for football at the first of the season. When he did come out his trick knee kept him from playing very much.

Shorty Howell

Shorty was a good reserve halfback. He was rather light, but he could always be counted on for his best when sent into the game.

These men played a fine brand of football this year and we hape their places will be filled next year by capable fellows.

LEOPARDS SCORE FIVE VICTORIES

(Continued from Page One)

one, and the tackling was something to pity.

Some of the alumni who had been ardent supporters of the team this year while it was winning, showed what school spirit they didn't possess by leaving before the game was over. Oxy won 24-0.

The next week a completely remodeled grid machine faced Pomona. The powerful defensive of the LaVerne line, which always held in the tight places, was the deciding factor which enabled the Leopards to eke out a 6-0 victory.

Conference Leaders Repulsed

On Armistice Day another record crowd turned out to witness what proved to be the most thrilling game of the season. LaVerne played Redlands. The Bulldogs were undefeated so far and planned to stay that way, but LaVerne had other plans.

Eisan started the second string and before anyone knew what had happened Redlands had 14 points. The varsity went in and at the end of the half Redlands led, 14-13. Redlands tallied early in the second half, making the score 20-13. LaVerne came right back and scored to again trail by only one point.

Shortly before the game ended, the Leopards again scored and the game ended 25-20. The alumni who went at the end of the first ten minutes had been wailing and broadcasting remarks about a certain coach's way of running a team. They were congratulating each other with remarks that "that was just the way they would have done it."

Fresno Wins

The Leopards went north and were defeated by Fresno State 6-0, but they came back and climaxed a great season by trouncing the Roadrunners 34-0.

The Leopards have just fiinished a wonderfully successful football season. All hail a great football team and a great coach. They have written history at LaVerne which will not soon be forgotten.

KLEET KLATTER

By EDE

Max Forney didn't play like a fellow who was just up from a sick bed. His blocking, passing and kicking was exceptional. If it wasn't for the "bawling out" Frank gave him it would have been his perfect day.

Wish Peewee would tell us whether it was the Pomona game or the determined way he went to score in the Santa Barbara game which won him the title of "the most fear inspiring player."

Heckman leaves a place in the line which will be hard to fill—and I'm not kidding about what he weighs.

Ohanesian is another lineman who will be missed. Ed settled down this year and went to work at football and showed us what he really could do.

Howell and Stover are two seniors who played in tough luck. Shorty with an injured shoulder and Dan with a bum back.

Harold Stern also played his last, and there is many a man in this conference who knows he can give them as well as take them.

Wonder where "Cal" was the last night of practice that made him so late the coach sent him "thru the mill?"

Guess I shouldn't even mention that because Hylton didn't get there at all.

To the seniors it is their "swan song," and for the rest of the squad, the three games which we lost this year are a challenge for next season.

With interclass under way, some of the fellows can't forget, for I heard the "ref" call tackling on Cecil.

If you want to see your favorite player in action, be sure to come out and see the interclass games.

SENIOR PICTURES TAKEN FOR LAMBDA

Photographs of the seniors are being taken this week for the Lambda.

Although this is a rather sudden notice, the Lambda staff is doing its best to make the annual a success, and they will appreciate it if each senior will do his part in cooperating with them.

This year the seniors and the members of the faculty are the only ones who will have their pictures taken separately. The pictures will be taken at the Gillespie-Hartsook Studio in Pomona.

Come on, seniors! Get your picture taken this week and solve that annual old problem—what to give for Christmas.
