LEOPARDS LOSE HARD ENGINEER BATTLE, 27-13

JUNIORS SELECT 'MISS LULU BETT' FOR CLASS PLAY

WORK ON PLAY TO BEGIN VERY SOON

At a called meeting a week ago Monday afternoon the Juniors selected, "Miss Lulu Bett" as their class play. Material has been ordered so that work on it may begin soon.

The play has a cast of ten characters, five men and five women, a selection of which will be under the supervision and direction of Mrs. Haugh.

The plot of the play is centered around the life of a woman, Miss Lulu Bett, who lives in the home of her married sister. The members of this home constantly remind her of her inefficiency, inability, and lack of initiative, but she finally proves to them that her attitude is a result of intimidation because of their too evident impression of her.

SENIORS DISCUSS FUTURE PLANS

The second class meeting of the seniors was held in the Men's Y on Tuesday evening, October 7, 8:00 p. m.

The first item of discussion was a Senior "togger" which is of extreme importance—that is, from the girls' viewpoint. What it shall be was not entirely decided. Joseph Roydon brought before the class a number of samples which were agreeably accepted, although they provoked a great deal of controversy. However, nothing was finally decided upon, perhaps they plan to spring something entirely different. Suppose so?

And now, Sophomores, it's our turn to feel important, for you are most minutely discussed throughout the remainder of the evening, at least until refreshments are announced—and it was decided that since you had proved yourselves at the Mud Roll Monday night, you were deserving of a party at the Seniors' expense. So advise you to closely watch the student mail box for those little little missives that tell you a lot when it comes to the subject of parties.

The Class Play will be produced during Senior week, so everyone give that time.

Since the meeting was a short one, refreshments were served by Myrtice Butterbaugh and Martha Baer. Everyone ate with appreciation the fruit salad and sandwiches, and adjourned to their respective dwellings to struggle over lesson plans and Greek History exams.

Leopards vs. Santa Barbara Friday night instead of Saturday.

DR. VAN KIRK GIVES INTERESTING READING

SELECTION FROM "THE RING AND THE BOOK," BY BROWNING, GIVEN

Dr. Van Kirk, a retired minister of Pomona, and an old friend of LaVerne chapel attendants, received a hearty welcome Tuesday morning when he appeared as the speaker of the chapel hour.

He gave a reading from "The Ring and the Book," by Robert Browning, who is Dr. Van Kirk's favorite author. This work is Browning's magnum opus and was taken from the account of a murder which he found in a discarded, parchment-covered book.

The speaker gave a short synopsis of the story before he began the reading proper, which was an extract from Guiseppe's defense of Pompilia in the court.

Pompilia, being 13 years of age, is the child bride of Count Guido, a young Italian nobleman who has reached the end of his resources. Guido was attracted to Pompilia by her wealth and her beauty, but after he has her for his wife he treats her cruelly because she

STAFF MEETING SOON

Before the announcement of the year, a meeting must be held of all reporters, department heads, the different editors, and all of the business department.

If it is to be held this week, notices will be posted on the bulletin board in the Campus Times room, and in the main hall. If you do not see notices at one of these places this week, watch this same space in the next issue for information as to time, place, etc.

Be thinking of any suggestions or criticism that you may have and bring them with you ready for presentation.

Please don't forget, Staff members!

The Editor.

failed to get money from her parents for his use.

After a time certain events give him an opportunity to get all of her money. There is a chance meeting in the theater with a young and handsome priest, Guiseppe, which turns out to be a case of love at first sight between him and Pompilia. Although neither shows any demonstrative sign of their feeling, Guido realizes the situation and decides to use their love as a tool to obtain his ends. He sends forged letters from his wife to the priest and from the priest to his wife, but both ignore these epistles, thinking them to be a trap.

At last, however, Pompilia goes

Saturday — Football game at Santa Barbara.

Sunday — Acolians at Covina M. E. Church, 7:30 p. m.

Apollos at Pomona First Christian Church, 7:00 p. m.

FIRST BONFIRE RALLY FRIDAY NIGHT

"CHUCK" MANNING AND ELBERT EBERSOLE YELL LEADERS

The first bonfire rally of the season was held Friday evening, Oct. 10, previous to the first Conference game with Caltech.

A fair sized crowd gathered one of the hottest bonfires on record. The pep was pumped up by Elbert Ebersole, leading yells and "Chuck" Manning leading singing. After a short session of this the crowd formed a serpentine and marched up town. The yell leaders formed them in a croup in the middle of the street and the crowd really got down to business and did some plain and fancy yelling.

All we need is more cooperation with the leaders and more pep. We are hoping for many more rallies and lots more pep.

WHISKERS SHAVED FRIDAY A. M.

Whiskerino Causes Discomforts; Lots of Fun, Too

What a relief—whiskers are no more.

Last Friday, Oct. 10, the be-whiskered members of the stronger and mightier sex of L. V. C. decided unanimously to efface their protruding essence of masculinity. After a session of camera cracking, a raid was made on the barber shops. By 1:00 p. m. many of the men looked as if they had had a long illness. They were as conspicuous without whiskers as they had been with them. They could be told by their pale and self-conscious expressions. Some of them

(Continued on Page Four)

to the priest and asks him to take her away, telling him that she is very unhappy with Guido. At first he declines, but when she goes again he complies with her wishes. Nevertheless, Guido catches the refugees in their flight and fatally wounds Pompilia with a knife. Guiseppe is exiled. Guido also murders Pompilia's parents. Now he believes himself master of his wife's possessions, but the court interferes. Guiseppe is called back from exile to testify, and it was his testimony which Dr. Van Kirk presented to the chapel audience.

MR. VOORHIS TELLS OF BOYS SCHOOL

THE KINGDOM OF GOD, THE PURPOSE OF HIS WORK AND OF EVERYONE'S LIFE

Mr. Voorhis of the Voorhis School for Boys, endeavored to acquaint the LaVerne College students with the purpose of this school in chapel Thursday morning.

According to Mr. Voorhis, the all in all of life is found in the human spirit. We are now living in a spiritual age, and people are coming to realize this more and more. The fullest development of the human spirit is found in the kingdom of God, which is a society in which people seek not their own gain, but the spiritual gain of others. This can be realized by personal sacrifice.

The aim of the Voorhis School is to establish the kingdom of God in the lives of its pupils; first, by training them to use their own creative power, and second, by making good-will the guiding principle. In conclusion Mr. Voorhis made an appeal to LaVerne students to help in his work of spreading the kingdom of God.

At the opening of the chapel period Anna Emmert sang, "O, Dry Those Tears," a fitting preface to the speech which followed.

FEAST OF NATIONS PLANS MADE

Cooperation! That will make the Feast of Nations this year a greater success than ever before. In former years, this cafeteria supper has been sponsored by the Y. W. C. A. with the help of a few willing members of the Y. M. C. A., but this year the two organizations have agreed to work together and divide the profits.

It is felt that such cooperation will increase the interest and make it possible to put on a better Feast of Nations, with more attractive booths and more delicious food.

Miss Viola Smith has been appointed by the Y. W. C. A. cabinet to have general oversight of this supper, and general plans are under way. Committees will later be chosen, and a definite date will be set apart for the Feast of Nations.

HALF ENDS WITH SCORE OF 14 TO 13

EISAN'S MEN SHOW GREAT AND DECIDED IMPROVEMENT

MODERN LANGUAGE CLUB ORGANIZED

GEO. BERG PRESIDENT CHI DELTA CHI

A dramatics club was organized last Thursday morning at a breakfast held at the St. Charles Grill in Pomona.

The name chosen for the club consists of three Greek letters, Chi Delta Chi. Mrs. Haugh, honorary member and advisor, acted as chairman until Miss Eleanor Shepp was elected president. Miss Shepp then took the chair and the following officers were elected: Charles Manning, vice-president; Opal Kuns, secretary; Ed Cunningham, treasurer; Doyle Montz, chairman of program committee; Elizabeth masterson, chairman of the membership committee; and Orlin Vaniman, publicity manager.

Chi Delta Chi is introducing something entirely new in the way of clubs on the campus, its purpose

"L" DAY COMING

"L" Day—the great event of the school year—is now being thought of, planned for, and talked about.

As yet no definite date has been set, but October 29 is a possible day for this mountain climbing excursion. This has been thought best, for the benefit of the football men.

Keep up your enthusiasm and make big plans for "L" Day. It's coming soon!

pose being to create interest and support the high ideals of true drama.

The club is composed of fourteen charter members, and only a limited number of members will be taken in later. Entrance examinations must be passed and the true dramatical ability of the individual will be taken into consideration.

An extensive plan for programs for the year is already under way. Some of the best plays will be produced and an effort will be made to make Chi Delta Chi a club for dramatics students in which they will want membership.

Prof. Cullen: "What is a budget?"

Vi Smith: "As nearly as I can tell, it's a system of worrying before you spend instead of afterward."

Line Puts Up Great Fight Nicolas, Ferree and Adams Play Outstanding Game

The Frosh started the day right, but the varsity failed to come through as gloriously. Although the Leopard varsity failed to win the game, they have shown that they are a team which has found itself. LaVerne has been losing team for so long that the varsity went into the game Saturday with the feeling that this was to be just another one of the games. The play during the first quarter seemed to bear them out their belief for the score at the end of the quarter was 14-0 against them.

But during the second quarter LaVerne got on their feet in a big way. The fireworks started when LaVerne had the ball on the Caltech 40 yard line. Forney dropped back and pegged a beautiful pass into the arms of Bert Jones who was waiting down the field. Jones took the ball in like a long lo brother and tenderly carried across the goal line.

That touchdown had a dynamic effect on the LaVerne team as they went to work as if they really enjoyed the job. The line held like the proverbial stone wall as they soon gained possession of the ball in midfield. Another pass from Forney to Jones put the ball on the 25-yard mark. From that point Forney and Weybright alternated in carrying the ball straight line bucks until Weybright carried the ball over for another six points. This touchdown came just in time for there was just half a minute left to play. Weybright made this conversion good and the half time ended with Caltech leading by the narrow margin of 14-13.

Throughout the second half LaVerne's line fought like the well known Tartars of old, but the backfield defense against pass had blown up to give Caltech the edge they needed to tally two more touchdowns to make the final score Caltech 27, LaVerne 13.

The failure of LaVerne to win the game can be summed up in three factors: The inability of the punters to come through, the lack of a good pass defense, and the great ability of the backs to funnel on any and all occasions.

Neither Forner nor Jones was able to get off any decent punts. These fellows are both good punters in practice, but they don't seem to get any place under fire.

HOW CAN WE PEP UP OUR STUDENTS?

This is a question that has puzzled the editor for over three long years, and even yet, there seems to be no definite solution. If YOU have one, send it in.

There is no doubt about the lifelessness and stupor of our students in backing up the commission and other officers of the Associated Students of LaVerne College in school activities. The rally Friday night showed how football-minded you are, and the attendance at class meetings, etc., are good evidence of the backing offered other groups.

Well, that's enough on the trouble or problem. Everyone can understand that. Now for a tentative solution.

It has been suggested to the editor that everyone be compelled to go either to Y. M. or Y. W. meetings on Monday at 10:25; that each class have a meeting or program every Wednesday at 10:25 to which all must go; and that attendance at Associated Student meetings on Friday be taken care of the same way Tuesday and Thursday chapel periods are, with a minimum number of ditches allowed!

What do you think of that? If you don't like it, write out your solution and turn it in because this student body just has to come to life! We want to know how to bring it to life!

* * * *

LEOPARD STOCK GOING UP!

The editorial printed above was ready for print before the game Saturday, but most of it still holds, although LaVerne rooters finally woke up and showed some real spirit Saturday at Caltech. Why, they could actually be heard on the field, and believe me, it sure was music in the ears of the coaches and the players. Keep it up, rooters! The Leopards are beginning to growl and before the season is over, they are going to accomplish something, with coaches like Eisan and Glick leading them! You ain't seen nuthin' yet!

And did you see those Kittens? Say, some of them are almost full grown Leopards already; and by next year, we're going to have some crop for Eisan's varsity aggregation.

Yes, sir, LaVerne is on the way to the top. Let's boost and boost and boost! Maybe we will beat Redlands or Whit-tier or even San Diego yet, this year, and the Frosh can hardly help winning their championship!

* * * *

STAFF NEARLY COMPLETE NOW!

The staff is finally nearing completion and before long (the next issue or two) it will appear at the head of this column and a review will be made by the editor for the readers.

The Journalism class under the direction of Professor Brubaker and other writers, copy-readers and those in the circulation department, advertisement collectors and others deserve much praise for the work done thus far. Give them a hand and congratulate them when you find out who they are next week if you really appreciate the work they are doing!

Business man: "Well, Miss Smith, would you like to take a business trip with me next week?"

Miss Smith (chewing hard): "Say, I may be your typewriter, but I'm not portable."

Mother (to Bobby): "Surely you did something else but eat at the school treat."

Bobby: "Yes, mummie, after tea we sang a hymn called 'We Can Sing Full Tho We Be.'"

Mother learned later that the hymn selected had been "Weak and Sinful Tho We Be."

DOES ICE CREAM INDUCE WHISKERS?

The Y. M. C. A. cabinet evidently thinks that ice cream tends towards raising a better crop of whiskers. Ask anyone in the Lincoln school cafeteria.

WHEN YOUTH RETURNS

A centenarian who smokes cigarettes, prefers a "kick" in his egg nog, and flirts with his nurses, may need a guardian for his bank-roll, but he is certainly alive.—The Examiner.

Campus Chuckles

Freshie (to himself, in library): "Owh, I 've a gould in (sniff) my 'ead (sniff)."

Soph: "Oh, I see you have a cold."

Freshie (sniff, sniff): "You can't see it now."

Prof. Cullen: "What would be if what is wasn't?" Now I ask you if what is wasn't what would be or what wasn't if what would be is or what would be is if what wasn't—oh, heck, figure it out for yourself.

DON'T BE ENGLISH

Prof. Brubaker: "Mr. Anderson, tell the subject of the following sentence: 'Every one of the girls was equipped with hob-nailed shoes and a pointed staff.'"

Benny Anderson (dreaming of some good-looking subjects): "Girls."

Prof. Brubaker: "Sorry, Mr. Anderson, but we want the subject of the sentence."

OVERHEARD

Paul Funk in some 7:40 class, saying: "There are more divorcees today than ever before, because—of—!"

Have you ever noticed Marvin Bollinger's "angel walk"? One may overhear anything in the hall, Marvin.

Elsie: "I'm sorry, Bill. Perhaps some other girl will make you forget me."

Bill: "I can never forget you."

Elsie: "Oh, yes you can. You succeeded very well last Christmas."

Daughter: "When did you first get acquainted with dad?"

Mother: "About three weeks after we were married."

He: "May I hold your Palmolive."

She: "Not on your Life Buoy."

He: "Then I'm out of Lux."

She: "Yes, Ivory formed."

George Washington Jefferson Lee went to a doctor to have his ear treated. The doc examined it and found it full of water.

"How did this happen?" he asked after he had drained the ear. "Been swimming?"

"No, sah," said the little fellow, "I've been eatin' watermelon."

A TYPICAL ERROR

"Thank you for the flowers sent," she said;

She blushed and smiled and bowed her pretty head.

"I'm sorry for the way I spoke last night,

Your sending flowers proved that you were right."

Forgive me?

He forgave her.

And as they walked and talked among the bowers,

He wondered "Who the devil sent the flowers?"—Exchange.

We wondered what was wrong with Kenneth Groff, but at last the big mystery is solved. Everyone knows that environment affects the lives of every one, and one phase of it, association, certainly affects Kenneth. Here is the answer. He often walks to school with Mary Hollinger and Zula Hollinger. Better beware, Kenneth, a Freshman and a Sophomore walking together may cause trouble.

Ida Know Answers Puzzling Questions

Did you ever have a weighty question on your mind that you wanted answered? It may pertain to love affairs, college affairs, or anything connected with college life! If so, just write and ask Miss Ida Know. She will answer and tell you just what you want to know, to the best of her ability. Come on letters!

Dear Miss Ida Know: I have noticed that the college students do not seem to have any respect for the flag, or at least nothing to equal to that of high schools. At the high school that I attended every student stopped and stood very still until the flag was up. The boys took off their hats and stood at attention. It seems to me that college students should show a little more respect for the flag of our country. I would like to hear what some of the other students think about it.

Sophomore.

ANSWER: Well, Soph, I really agree with you. I think that the students ought to respect the flag enough to stand at attention while it is being raised and lowered. It seems to me that we as Christian young people ought to respect the American flag as much as we do the Christian flag. Perhaps, Sophomore, some more students will express their idea next week. All replies may be placed in the Campus Times box in the student lobby.

Dear Miss Ida Know: Can you or any of the students figure this puzzle out:

Stand take to takings

I you throw all my
The answer is printed somewhere in this issue. Look for it.
A Girl Friend.

ODDS AND ENDS FOR FRESHMEN TO THINK OVER

What every Freshman should know:

1. Don't be sad because you are so juvenile in appearance—be consoled by the thought of the people who spend millions at beauty parlors trying to look youthful.

2. It is said that a history lesson of fifty pages cannot be thoroughly assimilated in the five minute period between classes. (Note to Frosh: ASSIMILATE means ABSORB—ABSORB means SWALLOW—Oxford Dict.) And it is doubtful if in that length of time you can assimilate (see above) enough to make Dear Teacher think you have been studying into the wee small hours of the A. M. A word to the wise—

3. Study diligently and continuously, "Satan finds work for idle hands to do"—and besides we sophomores don't want to have you around bothering us.

4. It is advisable for freshmen to exert an effort to learn their ABC'S as far as "F," especially stressing the letters from D to F inclusive—then they can tell what their grades are.

5. It does seem, Freshmen, that it's hard to have to pay \$3.50 for a history book when you could get a good College Humor for thirty-five cents, but life is like that—and you'll get used to it, just like us sophomores.

6. Join a club or two—your membership will add to your prestige, and, what's more important, to the club's treasury.

I never had such a tough time in my life. First I got angina pectoris, then tuberculosis, pneumonia, and finally appendicitis. I don't know how I ever pulled thru. It was the hardest spelling test I ever had.

Cy Nical Comments

Yow-ee. Say, there is something that our library is sadly in need of. What can get on one's nerves worse than to have a sniffling, snuffling neighbor? I suggest we purchase dispensers which, when one deposits a nickle, will return a proboscis muffler. Remember, a snoot-ker-wiper in the time of need is worth three in the dresser drawer.

In his talk the other day, Dr. Van Kirk mentioned a common ailment of many students—love. It is rather comical and sometimes pathetic to watch the ones so affected when they are not aware of what is wrong with them. They have a worried look and can not determine just what part of their percolator has cracked. However, I will take the one who is in love and doesn't know it, to the moon-eyed goof who wanders around with a lass tucked under his arm.

Confound it all, I bumped my shin again. I think I shall have to ask Dean Hoover to write up a petition asking students to turn up the seats when they leave chapel. To bump my shins on one of the darn things is as bad as using my hairbrush for a toothbrush.

Did you know that Mrs. Haugh doesn't like the handsome whiskers of our whiskerinos? She said she was going to get goggles if it lasted much longer. The funny thing is, she doesn't like our looks bare and likes them twice as worse covered. I guess we will have to go eat worms. Bet she won't like that.

I feel as if I would like to be serious right now. "Life is not made for sorrow." Is it true? I believe it is. How often we make the sorrow and then fit our life into it. We see that even in school work. We do not study and then are sad because we do not get a good grade. Aren't we queer?

Oh, yes, the stork stops at L. V. C. once in a while. His newest delivery is the infant Drama Club, Chi Delta Chi. This infant gargled its first pancakes last Thursday morning, and by the noise it makes it should be a wow. Wait till it graduates to soup and you won't be able to see it for spray.

Of all the deplorable, decrepit, untidy, almost disgraceful sights, the Y room took the cheese last Monday. The Frosh are supposed to keep it clean. Well, you had to make a line plunge to get across the disordered room, and when you moved anything you had to pull off your sock quick to cover your nose or the dust would smother you. There was paper enough on the floor to start a real spitwad scrap and a bonfire thrown in. The windows were all spotted; oh, yes, I remember the flies were bad, and the rugs were square with something a long ways off. On the whole, it resembled a genuine Frosh nursery.

Twenty-six students gathered in Prof. Lenhardt's room on Thursday afternoon, Oct. 2, in answer to the notice that a modern language club was being organized. George Berg was elected president.

At present the foreign language students meet together as a group, but as soon as a chairman can be selected for each department, separate meetings will be held. There are three departments represented: French, Spanish and German.

The aim of the club is to promote interest in foreign languages by presenting programs and plays in which foreign languages are used.

STUDENT SOCIAL LIFE

Alumni Notes

A letter from Iela Irwin Mishler states that she and her husband, Galen Mishler, have left Canada for Washington, where they will work in the apple harvest in the Wenatchee Valley for a few weeks and then come on to LaVerne to spend the winter.

Frances Arnold Throne and her husband, Paul Throne, are rejoicing over the birth of a little son in the Pomona Valley Hospital, Oct. 8. He has been named Marvin Arnold.

Virgil Brooks and his wife, Eleanor Houdyshel Brooks, are the proud parents of a little daughter, born in the Pomona Valley Hospital a few days ago.

Lloyd Studebaker and his wife, Modena Minnich Studebaker, entertained a group of LaVerne relatives at their Loma Linda home Sunday, including Herman Landis and his wife, Hazel Minnich Landis. Lloyd is in his second year on his medical course in the Loma Linda Sanitarium and school of medicine. Modena teaches in a nearby public school. Her mother, Mrs. Elizabeth Vaniman, takes care of their little son in the meantime.

An alumni and young married people's Sunday School class has been organized since dedication of the new church, with Dr. W. I. T. Hoover as teacher. Merle Butterbaugh is president, Harvey Brubaker is vice-president; Elva Shirk Brooks is secretary; Ivan Betts, treasurer, and Miriam Shirk Betts, chorister. Prof. J. C. Brandt is assistant teacher. They follow the regular international lessons and invite any one of the alumni to join who does not have a Sunday School home. Visitors are always welcome, too.

Observation and Gossip

1. Harry Thomas bears the name of "kisses." We wonder where he got it!
2. Have you noticed Marvin Bolinger's walk? He has the cutest little swing you ever saw. We wonder why they call him "Angel." Is it because of your tread, Marvin?
3. Almost anything can be overheard in the hall! Better keep your spoken thoughts to yourself if you don't want them published.
4. Dalzie Wimer and "Convict," alias Maurice Smith, seem to be hitting it off as keen friends!
5. Ivan Edmister seems pretty lonesome this year. Cheer up, Ivan, after this year's grind life will be worth living.
6. Have you noticed Pearl Niswander's distant and dreamy stare in the library of late? Do you need any assistance, Pearl? I think the kitchen would be lovely in green and white.
7. Have you noticed "Chuck" Manning's "Dr. Kurtz" hair cut? Very nice looking, Chuck. I mean the haircut!
8. Some of the Frosh are very studious. We think your education will do you a world of good, Frank Saylor. You will make an excellent gardener.
9. Don't you think Joe Cosner and Lucile Forney make a cute couple?" asks a Freshman. Better give yourself up, Joe; she will get you anyway!
10. At table in the library sat three boys: Ed Ohanesian, Alfred Adams and Leslie DeHart. A young lady gazed at them in awe and exclaimed, "They are all good looking. I wonder which would

Dorm News

Edith Coffman of Miller Hall was the week-end guest of Mrs. Madden of Pasadena. While there she attended the Caltech-LaVerne game and visited Grauman's Chinese theater where "The Big Trail" is playing.

Zelda Sheller spent the week-end at her home in Long Beach.

Ruth Gible was the guest of Eleanor Shepp at her home in Pasadena the past week-end. The LaVerne-Caltech game, theaters, parties and a picnic helped to furnish entertainment.

Pasadena claimed many Miller Hall girls this week. Eva Satturbury and Doris Swenson were house guests of Evelyn Johnson.

Helen Buckley spent a pleasant afternoon and evening at Camp Baldy last Thursday. Helen has been puzzling the girls with her mysterious phone calls. But alas! No more—We all know now.

Mildred Adams, Meryle Thomason, Eleanor Shepp, Hazel Gilson, Zelda Sheller and Bernie Conley spent the past week-end at their respective homes.

Y. M. MEETING OCT. 6 IN CHARGE OF JUNIORS

The Y. M. C. A. meeting was launched on an enjoyable meeting by singing songs while Dan Stover played the piano and "Chuck" Manning directed them. Homer Kreps entertained for several minutes by reading "Love Letters from An Interior Decorator," "Ninety Ful Days in Reno," and "Hints to the Prospective Bridegroom." These were enjoyed by all. The meeting was dismissed after standing and singing the Alma Mater.

have made the best cave man."

11. Last night several Frosh girls' rooms in Miller Hall were stacked. Don't worry, girls; all shrubs and greenery have to be sprayed sometimes.

12. I guess we will have to nickname Ruth Rothrock "gang leader." What ever would have happened to the Frosh girls last Friday in Student Court if it hadn't been for her. They probably would have repented and sad, sad, the bitter wail!

13. John Kindy! Poor John! He is a very willing participant in the Whiskerino Club, and had a head start on all the boys, having a lone whisker on the tip of his chin, but look at him now! A sad case indeed. We wonder, will you ever become a man?

14. Did you notice Friday during the 9:30 period the notes that flew back and forth across the room between Kenneth Groff, Arnelia Brubaker and Harriett Hoke? Better watch out, Kenny, or you will have to turn all notes over to the Sophomores to be read in Student Body meetings.

We were all glad for the one loyal student at student body meeting Friday. However, we wish to extend our sympathies to Royal Glick, who was dreaming of Hazel so much he forgot that the meeting was postponed until 7:30 p. m.

BOTANY CLASS STUDY TREES IN CANYON

The botany class with their advisor, Prof. Hollenberg, went on an excursion to San Dimas Canyon Thursday afternoon, Oct. 9.

Even though the rain prevented the class from going to Camp Baldy, their first choice, it did not prevent the excursion altogether.

About thirty people increased their knowledge of the trees and shrubs native to the mountains in this vicinity.

The trip was considered quite eventful, with the invention by one of the girls of the "short route" down the mountain side. Even though all were wet, the spirits of none were dampened.

After the hike, a warm fireplace, hot coffee, sandwiches, salad and "cocktail" at the faculty cabin topped off the trip for all.

The class wishes to express their regret that one of its members wanted to go back to Florida where all the scrubs were from.

Faculty News

Professor Kevork A. Sarafian will give a series of lectures over Radio KMPC on Wednesday evenings, from 9:00 p. m. to 9:30 p. m., beginning Nov. 19, for the U. S. C. radio education division. His lectures will constitute Applications of Psychology, including:

- (a) The Mainspring of Human Action.
- (b) Some Common Fallacies.
- (c) Individual differences.
- (d) Sex differences.
- (e) Race differences.
- (f) Other Fallacies.
- (g) Influence of age upon learning.
- (h) Formal discipline and transfer of training.
- (i) Wrong conception of discipline.
- (j) Fallacies of play and work.
- (k) The Psychology of Thinking.

Professor Brubaker attended the Women's Forensic Conference at Whittier College Saturday morning, 9:30 a. m.

Mrs. Haugh will begin work at the Ebell Club in Pomona on Wednesday afternoon, October 15, in a special class for training the speaking voice. She will meet with the section every two weeks.

Professor B. S. Haugh is organizing a Freshman women's quartet. Members of the quartet are: First soprano, Marion Steves; second soprano, Martha Darkes; first alto, Edith Flory, and second alto, Grace Gans.

A Freshman men's singing organization is also well on the way. The music department's time is well filled.

President Studebaker left for the district conference at Empire Friday morning, October 10th. He is expected to return Tuesday evening.

A "Rook" party was held at Prof. and Mrs. George Hollenberg's Thursday evening. Members present at the party were: Mr. and Mrs. Ray Cullen, Mr. and Mrs. Jessie Brandt, Mr. and Mrs. Harper Frantz, Mr. and Mrs. Crawford Brubaker, Mr. and Mrs. Dale Glick, Mr. and Mrs. Lee Eisan, Mr. and Mrs. Perry Schrock. Refreshments were served later in the evening. Mrs. Glick won the prize.

Prof. Hollenberg took the elementary botany class on a trip to San Dimas Canyon Thursday afternoon when they studied trees and shrubs. Later they went to the faculty cabin and ate their lunch. The class had planned on a trip to Mt. Baldy, but could not go because of the unexpected showers.

STUD. VOLUNTEER MEETING AT EDNA PHILLIPS' HOME

PLAYS FOR LOCAL DEPUTATION DISCUSSED

Edna Phillips' home was the meeting place Wednesday evening for about 50 Student Volunteers who congregated there for their weekly service.

The meeting opened with group singing led by the chorister, Miss Pearl Niswander, after which Robert Walker favored the group with a violin selection, Adagio, from Beethoven's Moonlight Sonata.

The main business of the meeting consisted in the discussion of plays for the local deputation work, which will be selected next week.

The lasting value of student associations such as the Student Volunteers was pointed out and emphasized by Rev. Walter Coffman, pastor of the Brethren church at Yakima, Washington.

OASIS OPEN TO ALL

Has any one wondered what the Oasis might be? It is the name chosen for the weekly prayer meeting at the Church of the Brethren, which takes place every Wednesday evening at 7 o'clock.

The Oasis is open to everyone as can be seen by the special invitation on the bulletin board.

CHORAL UNION FUNCTIONING TO GIVE PRODUCTIONS

A Choral Union, composed of most of the singers of LaVerne College and directed by Professor Haugh, was formed the first of the semester and has been functioning every week during the 10:25 period.

They have been practicing on a number, "Te Deum," by Dudley Buck, that they will give during the morning church program of November 2 at the new church of the Brethren.

The organization is a splendid project and it is planning great things for the year, but it needs support. So, please, all members and all singers who would like to be members, turn out for practice next Wednesday at 10:25 in the chapel.

Bruins 21, Pomona 0

The Bruins of U. C. L. A. failed to trample on Nixon's men as expected and only scored three touchdowns in a game that should have been a walk-away.

The score at half time was just 7-0, and it looked like Pomona might have a chance, but although the Sagehens fought hard, they didn't go very far offensively. Pomona hasn't much of a team this year compared with other Sagehen machines.

SOUTHERN CONFERENCE RESULTS

Santa Barbara 7, Redlands 6

A score that interests us a great deal is the 7-6 defeat suffered by the Redlands Bulldogs at the hands of Santa Barbara Friday night.

The muddy field, no doubt, slowed up Redlands' aerial attack and hampered their scoring machine considerably, but even then, the Bulldogs cannot be as powerful as they were previously rated.

On the basis of comparative scores, then, Santa Barbara and Redlands are about on a par with Caltech.

Occidental 25, Whittier 0

After holding Oxy for two long quarters last Friday night, the Whittier Poets finally weakened, and before the end of the game four touchdowns had been shoved across their goal line.

As a result of this victory Oxy is favored to retain the title. Either San Diego or Pomona must defeat Oxy to wrest the title from them, and it seems that it will be plenty hard for either team to turn the trick.

San Diego 19, Cal-Christian 0

The Panthers put up a stubborn fight Saturday night at San Diego and the third quarter had arrived before any scoring had been done by Herreid's men. The Aztecs got going in the third stanza, though, and chalked up all three of their touchdowns in this quarter, remaining scoreless throughout the remainder of the game.

It sounds "phoney," but maybe Oxy was scouting the game. Keinholtz's men play San Diego this week-end in a game that may decide the Conference championship.

LEOPARD KITTENS SWAMP CALTECH FROSH

LA VERNE BABES WORK LIKE A FINE WELL-OILED MACHINE

LEOPARDS LOSE ENGINEER BATTLE
(Continued from Page One)

These boys cannot be censured too much, however, for they are the pair that executed one pass for a touchdown and completed another pass that made the second touchdown possible.

The pass defense was lousy. Time after time the line would hold for three downs, only to have Caltech resort to the air and make their yardage. There is nothing that takes the spirit out of a line more quickly than this, but the line fought on like good troopers and were going just as good in the last few minutes as earlier in the game.

In all probability Coach Eisan will put handles on the ball after this for the backs just couldn't seem to hang onto it.

The work of Nicolas, Ferree and Adame was outstanding for the LaVerne aggregation. The defensive work of Nick from his guard position was a revelation. He played fast, smart ball and time after time he broke through the line to nail the famous Stanton lateral pass before it had a chance to get started. He was trying and fighting all the time and to this can be attributed the only "boner" he made during the day, and that was when he tried to down a punt and let it get away from him.

"Buck" Ferree played the tackle position at which most of Caltech's power plays were directed, and he stayed in there time after time and fought them to a standstill. He was fighting as if he enjoyed it and it was a hard blow for LaVerne when he received a sock which partially dislocated a vertebrae in his neck and had to be removed just before the end of the third quarter. Ralph Adams played a good game at end and time after time he would smear the interference and would leave the ball carrier wide open for the backfield to tackle. He also made a couple of pretty nifty catches of passes. But in looking up and down the line just try to pick out a man that didn't play real football. The fellows worked together and fought with the old LaVerne spirit.

The teams lined up as follows:

LaVerne 13		Caltech 27
Adams	L.E.R.	Hayes
Leonard	L.T.R.	Shuler
Nicolas	L.G.R.	McKinley
Montz	C.	E. Crawford
Funk	R.G.L.	Murdock
Ferree	R.T.L.	Morris
Jones	R.E.L.	A. Crawford
Weybright	Q.	Goodman
Hubbell(c)	L.H.R.	Bennett
Forney	R.H.L.	Dickey(c)
Smith	F.	Watson

Score by Quarters

Caltech	14	0	7	6-27
LaVerne	0	13	0	0-13

Subs: Thomason, Stover, Shirk, Calvert, Adams,

FINAL SCORE 39-0; MONTGOMERY AND BROOKS MAKE LONG RUNS; LINE DESERVES MUCH CREDIT

The Leopard Kittens ran all over, around and through the Engineer Babes at Tournament park Saturday and came home with a 39-0 win.

Those Frosh take to football like ducks to water and really enjoy knocking the pep out of an opponent. If you don't think so, you didn't see that game Saturday.

The scoring started soon after the game got under way and never ceased until the end of the first half, tallies coming from runbacks of punts and kick-offs, straight drives, etc.

"Red" Montgomery is the boy who ran back a punt fifty yards for a touchdown and Cecil Brooks pulled the run-back from kick-off.

The average was three touchdowns per quarter during the first half and then the scoring stopped. This was partly because the young Leopards were tired and partly because the time was so short. Old Sol had traveled so fast during the first half that there were only about fifteen or twenty minutes left before the varsity was to do battle when the first half ended, consequently six-minute quarters were played the second half of the frosh clash.

The Frosh linemen deserve a good hand, for they pushed their opponents around until they were too washed out to offer much resistance, and this enabled the back field to get their baggage together and journey to the goal line. On defense the forward men broke up all laterals Caltech tried and smeared anything else the sprouting Engineers chose to offer. The line consisted of Messic and Wilkerson, ends; Noll and A. Calvert, tackles; Deeter and Aeschbacher, guards; and Replogle, center.

Now for that backfield combination of Montgomery, Brooks, Vaniman, and Davis. That's the smoothest working combination this writer has seen in many a day. A coach couldn't ask for much more. "Red" played a whiz of a game at quarter, called the right plays, and wriggled his way thru all of his opponents a couple of times. Brooks ran like nobody's business and the Caltech Frosh couldn't seem to get hold of him at all. He also did some nice punting. Vaniman hit that line like a battering ram and when the frosh line failed to get the Caltech ball packer, he just stepped in and smacked 'em in the solar plexus, and it is needless to say that the runner stopped. "Tad" Davis is also a real half and has about the same characteristics as Brooks when he gets the ball, besides passing and having a world of pep. Tad does much to keep up the morale of the whole team.

The whole team clipped well and

Eisan's Men Play First Nite Game

This Friday the rejuvenated Leopards travel to Santa Barbara where they will take on Santa Barbara State in their first game under the lights, with a white football.

This should be a real game for Santa Barbara held Caltech to a 6-6 tie a while back and Eisan's men are bound to improve greatly this week.

This game will also show us about where we stand with Redlands, for Santa Barbara defeated the Bulldogs 7-6 last Friday night.

All who possibly can should make the trip. There will be plenty of time if you start after school, for the game will not be called until 8:15 p. m.

The Frosh do not have a game this week.

COAST CONFERENCE GRID NEWS

Washington State 7, U. S. C. 6

The Trojans took a long trip just to get a 7-6 defeat plastered on their record Saturday. It was thought that Washington State's defeat of the Golden Bears a week ago was just a little luck, but those Cougars really have something to write to their folks about since they took Cal and S. C. in a row on successive week-ends.

And speaking of coaches! "Babe" Hollingbery rates right up among 'em now. Any coach that can take the numbers of two other coaches like Jones and "Nibs" Price in one season deserves plenty of applause from the multitude. (And all the people said "Amen.")

The coast championship seems to be leaning like the tower of Pisa toward Pullman, but will probably get there long before the famed tower falls.

Stanford has an outside chance to tie for the title, but it's pretty far out since they play both California and the Trojans. The only way that either S.C. or Cal can even tie the Cougars now is that they win over both the other and Stanford and then the Cougars are upset by Jimmy Phelan or one of the Oregon mentors, which seems very improbable. You never can tell what will happen though, so let's wait and see! In the meantime give the Cougars the credit due them.

California 7, St. Mary's 6

After trailing from the second quarter 6-0 for two quarters, the Golden Bears shoved over a touchdown in the last stanza of the game and added the extra point to trip Slip Madigan's galloping Gaels 7-6, Saturday at Memorial Stadium.

The Bears went into the game 2-1 favorites to get their second licking of the season, but well deserved the 7-6 victory which they eked out of St. Mary's team.

This victory will probably put new life into Price's men, who showed much improvement since last week-end, and here's hoping they take the red out of Pap Warner's Cardinals yet, just for Coach Eisan, if nothing else.

worked like a well oiled machine on offense. "Fuzz" Merritt, Pomona Frosh coach, said after the game that the Kittens were the smoothest running Frosh team he had ever seen in the conference, and I imagine he would have a lot more to say if he had to meet them this year.

G. Weybright, Anderson, Kelley, Fluck, and two or three other substitutes also played part of the game.

WHISKERINO CLUB ENDS
(Continued from Page One)

felt as bare as a skinned pig and almost as embarrassed.

There was a general period of rejoicing throughout the school, especially by some of the women. They talked as if whiskers were objectionable. It was probably their tendency to catch cooking crumbs and soup spray that the women didn't like (maybe). Dea Hoover could not understand how students in an institution of learning and culture could harbor such degenerate ideas. Well, kids will be kids, and students in Dr. Hoover's time did rather peculiar things, too. Another person who no doubt celebrated was Mrs. Haugh. She will not have to buy her dark glasses now.

Well, be that as it may, or was the fellows were glad to get their off also. However, it is a good thing that the contest was staged because there was much good natured fun around the school for three weeks which richly repaid for the discomfort.

Washington 27, Idaho 0

The Huskies garnered their victory of the season Saturday by trimming the Idaho Vandals 27-0. The game was fairly even until the fourth quarter, when the winner made two of their touchdowns. Do Spears, new Oregon mentor, was scouting the Huskies, so very little was shown in the way of trick plays or formations, straight football turning the trick for Jimmy Phelan's boys.
