WOMEN DEBATE TEAMS TEST SKILL NEXT WEEK

Forensic activities of the college are in full swing and at the beginning of the holiday vacation period most of the teams for the various debates of the season should be chosen.

The women's teams are already busily at work for their activities. The women are debating the question, "Resolved, that social fraternities and sororities in American colleges and universities are undesirable." There is a great deal of material upon this question and the women are finding a great deal of pleasure in working on such a question. The negative team, consisting of Neva Snell and Lucille Hylton will be the first to see action when they debate the Whittier women on next Thursday, December 12. The debate is to be held at Whittier.

The affirmative team, composed of Virginia Stern and Arnelia Brubaker will not get into the fray until the latter part of next week, when they will probably meet Southwestern University representatives. These two women, although both are freshmen, have had a great deal of experience and with the able coaching of Professor Brubaker, they should develop into a very formidable team. Both have worked hard on the question.

Coach Brubaker and Commissioner of Forensics Ed Cunningham were delegates to the public speaking conference last Thursday, December 5. Representatives were present from all the Southern Conference colleges. A number of questions were discussed concerning the conference activities, one of the most important being the setting of the dates for the freshman debates. These dates are set for Thursday, April 21, and Thursday, May 8. All the conference schools expressed their intention of

(Continued on Page Two)

Frosh Football Team Feasts in S.D. Canyon

A frosh football team feed was held in the faculty cabin in San Dimas canyon on Friday evening, December 6th. Besides the team, several high school seniors from various schools, Coach Rex Whittemore, Mr. Yoder and Mr. Frantz were present.

The arrival of the participants extended over a period of one hour. At 7:30, when all had arrived, the gang began on the chicken noodles, mashed potatoes and salad which was furnished by Mr. Yoder.

Following the main part of the meal, pumpkin pie was served. The process of serving the pie was interrupted by an explosion which caused a few cases of pie and floor contacts. O'Hanesian thought he had suddenly gone blind; but it turned out that no one could see, because the concussion from the explosion blew out the three kerosene lamps which illuminated the room. When the lamps were made to once more give forth their brilliance, the remains of a giant firecracker were found on the floor.

The feed was followed by jokes and stories from the gang. Coach "Rex" and several other members gave short talks after which the party took its departure homeward.

DR. SHARP APPEARS IN CHAPEL SESSION

Dr. S. G. Sharp was a college guest and speaker at the chapel services Thursday morning. Having almost reached the age of ninety-four years, many of which have been spent in educational work, Dr. Sharp speaks from a rich experience.

The address was made very interesting by the speaker recounting many incidents of his childhood and youth.

Mr. Sharp can remember during his lifetime the developing of railroads from a curiosity into an indispensable factor in modern commerce and the laying of the first telegraph. It is a significant fact that during the lifetime of this one man more inventions have taken place than during the six thousand years preceding.

During Mr. Sharp's childhood it was no uncommon thing for his sisters and mother to weave flax and wool for their clothing or for his father to bring out the old flintlock musket in order to start the fire which had gone out during the night.

Dr. Sharp is also one of the very few persons still living who heard Abraham Lincoln deliver his Gettysburg address and he gave in the course of his speech a detailed account of that program.

The assembly seemed very much interested in these accounts of another generation and the speaker sat down amid loud applause.

NORTHERN DEP. TEAM SCHEDULED FOR SUN.

The northern deputation team will give a pre-schedule program in North Pomona at 3:30 Sunday afternoon, at the Mission Sunday School building. This program will take the place of dress rehearsal and precedes the Christmas vacation trip which will start the following Friday with Bakersfield as the first stop on the schedule.

One of the main attractions in the program is a two-act play, "Living Water," which covers about twenty-five minutes in time. The cast is composed of the quartet members, May Chronister, Lois Rupert, Marvin Bolinger and Vernon Heckman. There will also be five quartet numbers, a duet and a solo, besides a short talk by Hazel Rothrock.

Rumors state that the team is as good as the best ever sent out, and maybe plus. Time remains to prove this. Local people are invited to attend the Sunday afternoon service.

Sunday and Monday evenings, Dr. Hoover and Prof. Jamison attended the Institute of International Relations which convenes at Riverside throughout the week. This is an independent institute organized on the Pacific Coast for study and investigation of international problems. College and university professors, clergymen, business men and others interested in world relations are giving this movement their support and cooperation.

Field Secretary Frantz spent the week-end at Lindsay on business concerning the New Era Banquet. He returns today.

CALENDAR

Wed., Dec. 11, 8 p. m.—Student Volunteer meeting at Pastor Walker's.

Thurs., Dec. 12, 7-8 p. m.—Cantata practice.

10:25-11:05 a. m.—Aeolian program.

8:00 p. m.—Women's debate.

Fri., Dec. 13, 8:00 p. m.—Basket ball; U. C. C. A. at LaVerne.

Mon., Dec. 16—Y. M. C. A. entertains Chino.

Y. W. C. A. Potluck Supper.

Tues., Dec. 17—Basket ball game with Bobeteria Boys.

Wed. Dec. 18, 7 p. m.—Vesper service by Y. W. C. A.

Thurs., Dec. 19, 7-8 p. m.—Cantata practice.

Fri., Dec. 20, 3:45 p. m.—Christmas recess begins.

8:00 p. m.—Basket ball; Southwestern University at LaVerne.

Jan. 6, 7:40 a. m.—Instruction resumed.

ASSEMBLY ENJOYS EDUCATIONAL FILM

During the chapel hour Tuesday morning three reels of educational films were presented by Prof. Hollenberg, two picturing some common desert trees and the third being some scenes of life on the ocean floor.

Among the interesting trees which were shown was the smoke tree which at a distance resembles the smoke from a campfire, the ironwood, greasewood, Palo Verde acacia, and the Cat Claw acacia. Pictures of the yucca or Joshua tree were very striking, showing the unusual and ghostly shapes which this plant may assume. This tree is really a member of the lily family and another interesting fact about it is that the roots have often been used for soap.

Views of the Washingtonia or fan palm were interesting in that this is the one palm native to the California deserts.

With the showing of the next reel the scene was shifted from the desert to the ocean floor. Many strange and unusual inhabitants of the ocean were in evidence. One crab was particularly observed in the clever way he disguised himself by placing shells and pebbles on his back.

On the whole, the pictures were very much appreciated.

Men's Debate Team Tryouts Scheduled

In order to give the men a chance to work during the holidays, the dates for men's debate tryouts are set for next Tuesday, December 17, at 3:45 p. m. It is hoped that there will be a large number of men trying out for positions on the debating squad.

Tryouts will consist of a constructive speech, not exceeding five minutes in duration, on either side of the question, "Resolved, that all nations should immediately disarm completely." A rebuttal speech not exceeding two minutes will also be required.

This is a splendid chance for men to express their loyalty to the school and to learn some of the fundamentals of reasoning which are employed in debates.

SARAFIAN TELLS OF ARMENIA'S PAST

The talk given the Student Volunteers last Tuesday evening at the J. M. Frantz home on Fourth street by Professor Sarafian was one of unusual interest and full of vital meaning. It created within the listeners a deeper appreciation of the preserving qualities of Christianity and of the Armenian race, which it has preserved in the face of the most severe persecution ever endured by any people. It caused us to pledge anew our loyalty to the "living faith of our fathers."

Dr. Sarafian, having grown to manhood in his native country and having had close relatives and friends who were subjected to the hardships of the times, was well qualified to give reliable information concerning his people.

The Armenian nation is one of the three great Christian races existing today, the Greek and the Hebrew being the other two.

Armenia is a mountainous country lying between the Black and Caspian seas, where the only two passes in the Caucasus Mountains, connecting Europe and Asia Minor, are found. This in itself has been a strategic situation. Its people were originally natives of Phrygia on the western coast of the Black Sea in what is now Bulgaria.

In the eighth century B. C. there was a great immigration into Asia Minor, where they were subjected to much fighting on all sides. A hardy people to begin with, they

(Continued on Page Three)

SENIORS PERFORM IN STUDENT ASSEMBLY

Student body meeting Friday morning was given over to the presentation of a program by the seniors. The program consisted mostly of short musical and humorous numbers. Ronald Brownberger, senior president, has charge of the program.

In the absence of the student body president, Glenn Harmon officiated. By next Friday President Thomason will probably be back in charge of affairs.

The general theme of the entire program expressed the sentiment that the seniors have enjoyed their school days and will remember them with fond thoughts. The first number, "Child Days," especially demonstrate this. May Chronister and Lois Rupert, who presented the number, were costumed for the occasion, being dressed in caps and gowns for the present, changing to childish costumes when they sang of the past.

Stanley Weddle and Ronald Brownberger gave a clever skit called "Echoes."

Ruth Dickey and her various attempts at public speaking during her school days was impersonated by Eleanor Maryott.

Edna Amberson demonstrated how much she dreaded parting from her school friends by a song in which she begged her little black friend sitting beside her to always remember her, and the little pickaninny expressed similar sentiments when she chimed in on the chorus. By the way, the little black girl happened to be Ruth Dickey. The girls represented Topsy and Eva to perfection.

8000 STUDENTS CHEER MUSIC OF AEOLIANS

The Aeolian Quartette has returned from a two weeks tour and reports great success. During that time the quartet gave twenty concerts with a total attendance of approximately eight thousand people, practically all of whom were students of high schools. The average attendance was about four hundred.

The quartet, composed of George Berg, Orville Thomason, Doyle Montz and Russell Frantz, and their manager, Don Miller, traveled through the San Joaquin Valley last week, giving fifteen concerts during the week, while the quartet filled five engagements during the preceding week.

Concerts were given at the following schools: Riverside High, Colton High, Corona High, Caruthers High, General Grant school, Reedley High, Fowler High, Washington High, Fresno Tech, Washington Junior High, Clovis High, Parlier High, Exeter High, Strathmore High, Delano High, and Bakersfield High.

They also sang at the Covina Methodist church and the Kingsburg Methodist church, as well as the Rotary Club at Monrovia. Due to the fact that the auditorium at Bakersfield would not hold the crowd, they gave two concerts there.

The largest attendances were at Riverside and Bakersfield, each being over a thousand.

Before Christmas the Aeolians are booked to sing at the Atherton Baptist church in Los Angeles and the Azusa Rotary Club.

On Thursday, Dec. 12, they are to give their high school program in chapel.

Y. M. SPEAKER BRINGS GUESTS WHO SAW

The Y. M. C. A. had a very digestible program Monday morning,—short and sweet.

The speaker engaged for the period was Rev. Hutslar of the First Christian Church of Pomona. The men who were present to meet him were pleasantly surprised when it was learned that the assistant pastor, Rev. Stivers, and his wife, had also accompanied him and would give a couple of numbers on the saw after his talk.

Rev. Hutslar spoke on the subject of "Service," using the poem, "Trees," in connection with it. He developed his subject in a very clear-cut, precise manner and presented quite a challenge for, as he said, "What this world needs most in nature is trees, and in society, the lives of men who will carry out the purpose of God and help others to do the same." His talk was followed by two very excellently rendered selections on the saw by Rev. Stivers, accompanied at the piano by his wife. The numbers rendered were "Jesus Lover of My Soul," and "Have Thine Own Way, Lord."

Special mention ought to be made of the fact that next Monday morning Rev. Stivers and his wife will give a program entirely of entertainment in Y. M. C. A., and considering their performance this time, every man and professor in the college should be in Y. M. C. A. meeting to hear them.

DEFEAT IS GOOD; VICTORY IS GOOD

"You can be beaten by victory as well as by defeat."

There was a lawyer who started out in early life by winning a claim-suit which netted him about \$75,000. He was quite too young and unseasoned to stand it. He had an immediate notion of his excessive abilities to make and handle money. He was of good personal character; exemplary life; but he "knew it all." He lost it in a year or so.

Then he laughed it off. Said he, "That was a good lesson. I am not so smart as I thought. Watch me profit by my experience." And he did. He won back; made good; exercised prudence, listened to advice, established himself anew, and is to day a lawyer of large practice, wide friendships, and fine fortune.

That was where victory was bad and defeat was good.

It is good, of course, only if it IS good. That sounds silly, but we mean exactly this. Victory is good to those who can stand it. Defeat is good if out of it you can snatch something that leads to future victories.

HOCK SALE OF Y. W. C. A.

With a lively, enthusiastic auctioneer, Edith Murray, in charge the Y. W. C. A. entered into the program of Monday morning full of interest.

This auctioning off of articles that have been found around the school and have been unclaimed, has in past years been a big event in the Y. W. C. A. year, and is known as a "Hock Sale." Articles ranging all the way from handkerchiefs to jewelry were sold to the highest bidders, and competition

ran high on some of the articles. Bracelets, beads, pie tins, lunch cloth, rings, compacts, handkerchiefs, boxes, etc., were among things sold.

The money made from this sale will be used in giving a Christmas party to the Mexican children. Next Monday evening, at Katherine Hanawalt's home, the Y. W. will hold a potluck supper, after which the evening will be spent in making little gifts for the Mexican children in LaVerne. This will afford both the association members and the children real enjoyment for the Christmas season.

Leopards Whiskers

"Dee" Dellenbach

I have been blamed falsely—that article about the hybrid coverings of the seniors was blamed on me. I really don't mind taking blame for what I write but I object to taking the blame for anything else—so if anyone makes any statements in regard to any half-breed, three-quarters breed or full-breed clothing that people wear, don't blame it on me.

I see in the paper that Wilbur Glenn Voliva fears that Byrd will get rash and fly over the edge of the world. Mr. Voliva is as irrational as a college professor, so the world overlooks his mental weakness.

Now that the basket ball season is started we ought to get a little more enthused. Next Friday night we play U. C. L. A. here and we should have all the students out. I think more games should be played on Friday night, as Saturday night is the night of the Bath and thus causes a considerable conflict.

Stew, your little play was a knockout, but you left out one part—the place where the author appeared on the stage and—the audience killed him.

I wonder if it is premeditated—fact that the picture of a set of false teeth generally appears either above or below the advertisement of a restaurant—in the Campus Times.

Kleptomania is defined as an insane propensity to steal—we have a case of this sort in LaVerne. One of our prominent students (prominent except in size) has a great propensity for absconding with thumb tacks. I suggest that the administration appoint Dr. Sarafian, Dr. Hoover and Professor Haugh to guard the bulletin boards from such theft.

Since the football season is over and before it is forgotten, I believe we should give Mr. Woody and Mr. Long our thanks for the care they took of the field this year. LaVerne has one of the best turf fields in the conference and it is only through Mr. Long's and Mr. Woody's efforts that such a thing was possible.

Santa Barbara seems to think they scared us out in football, which only goes to show that even institutions of learning have weaker moments of delusion.

WOMEN'S DEBATE TEAMS

(Continued from Page One)

putting freshman teams into the field this year, so conference competition should be very keen.

After this meeting the men were invited to take dinner at the college cafeteria. Following the dinner, the men's annual extemporaneous speaking contest took place in the auditorium.

Although LaVerne did not have a representative in the contest due to several reasons, the contest proved to be very interesting.

The general subject was Educational Problems in American Colleges and Universities. Sub-topics were drawn one hour before the contestant was scheduled to speak.

Edwin Espey of Redlands won first place, speaking on "The Problem of Educational Purpose." Second place was won by Mr. Hutchinson of Caltech, speaking on "Co-education."

Vernon Weybright was a dinner guest Sunday at the home of Mildred Smith at Glendora.

Kathleen Shaffer and Kenneth Deardorff were dinner guests at the home of Mr. and Mrs. Leland Brubaker at Covina.

Nick: "Seems to be lots doing here in the way of studies."

Ed: "Yeah! Everything I do seems to be in the way of studies."

TENNIS RULES

1. Rubber soles—positively free from nails.
2. No team or individual may use court longer than two sets at a time, and in no case not to exceed one hour. (This applies when there are others waiting to use courts.)
3. West court reserved for varsity from 3 to 5 p. m.
4. These courts are for the use exclusively of students, alumni and faculty of LaVerne College and their guests.
5. Do not lean against nor jump nets.
6. Anyone who abuses his privileges forfeits his rights to the use of these courts.
7. Courtesy is always in place.
8. These regulations may be changed at the discretion of the commission.

Dr. H. (in Poli Sci): "Some nations practice banishment of their own citizens."

John K.: "What do they do—Just kick them out or tell them to go somewhere?"

Dr. H.: "When the president makes a nomination for ambassador, what does the senate do?"

Mary Throne: "Don't they leave it for awhile?"

Dr. H.: "Leave it for what—sit over night and cool?"

Indeed, the human brain is the wonder of the world. It starts working the minute you get up and keeps right on working until the first class in the morning.

Many a family tree has produced a nut, a lemon, a sap, and a peach at the same time.

STUDENT SOCIAL LIFE

Alumni

Rev. Albert Brubaker of Rice Lake, Wisconsin, preached in the Church of the Brethren Sunday evening. He stated that he is glad to see the vision of a new church building becoming a reality, as it was talked about when he came to California in 1908. He also stated that the weather is very different in Wisconsin. The thermometer has been as low as 15 below zero this year, the coldest last year was 52 below. It often registers 30 degrees below zero during the winter. He and his good wife Mabel (Crist) went to Rice Lake as summer pastors seven years ago and have been kept right there. The church membership has grown from 35 to over a hundred.

Mr. and Mrs. Byrl Harper and little daughter, of Huntington Beach, spent the week-end with Mrs. Susie Larimer.

Mr. and Mrs. Earl Schrock of Alhambra, Ralph Schrock of Azusa and Mr. and Mrs. Perry Schrock attended the 55th wedding anniversary of their grandparents, Mr. and Mrs. Ephraim Lichty, last week. It was sponsored by Mr. and Mrs. D. F. Schrock.

David Brubaker sang a solo at the golden wedding anniversary of his parents in the church Saturday evening.

Mrs. Harvey Brubaker (Beulah Smith) is now tinting pictures in Frasher's store in Pomona.

Mr. and Mrs. Wayne Bohn entertained with a sumptuous birthday dinner Friday evening in honor of her father, R. J. Shirk, at their El Monte home Saturday. The guests were Mr. and Mrs. R. J. Shirk, Miss Verna Shirk and Dwight Shirk.

Miss Ruth Price and Miss Genevieve Page took their "annual school visiting day" excursion Thursday. They visited schools in Los Angeles.

Raymond Mahoney is carrying one educational course in Pomona College in connection with his school teaching at Corona. He attends Pomona College each Tuesday evening. He is working for his secondary credential.

All members of the class of '21 are invited to meet at the home of Prof. and Mrs. B. F. Jamison Thursday evening in honor of Rev. and Mrs. Albert Brubaker. Members of this class include Albert Solomon Brubaker, Mabel Crist Brubaker, David Roy Bomberger, J. Truman Funderburgh, Alberta Neher Frantz, Naomi Harshbarger Hollenberg, George Hollenberg, Florence Julius Davis, D. Welty Lefever, Pauline Miller Brooks, Hazel Minnich Landis, Elliott B. Thomas and Marie Woody Brubaker.

Byrl Harper and Levi Dickey attended the Phi Delta Kappa meeting at University Club in Los Angeles last Friday evening.

Ernest Landis and Merlin Yoder proved to be successful "duck shooters" Sunday afternoon at Los Serranos.

A dinner party was given in honor of Orville Thomason at his home Sunday.

Miss Gwendolyn Ardinger spent the week-end at her home in Inglewood.

Miss Prudence Strickler, who is a student at U. S. C., spent Sunday with Edith Murray.

CHRISTIANTY AND ARMENIA THEME OF TALK

(Continued from Page One)

developed thereby enduring qualities as they strove to uphold their high ideals which opposed the pagan and Aryan religions surrounding them.

Gradually they gained power and the nation reached its territorial height under Tygranes the Great, when it included all of Asia Minor and was entirely independent. At that time it was the subject of Roman ambitions and conquests.

During the time of Christ and directly following, the Christian faith was preached there and spread rapidly. Much persecution ensued, for the ruling dynasty was of the Aryan faith and had political reasons for checking the other. But in A. D. 301, Christianity became the national religion through the remarkable conversion of the Aryan king. Schools for the common people, as well as the princes and the priests of the pagan religions were established where Christian instruction was given. This was brought about by the great Christian, Gregory, the Illuminator.

The fifth century marked the Golden Age of Armenian culture which grew out of the great Illumination. A most excellent translation of the Bible into the ancient Armenian language, made at that time, has become known as the queen of translations. The literature, culture, and works of art, (much of which Prof. Sarafian has studied from the original) is permeated entirely by Christian ideals in a very significant way.

When Rome became Christian 70 years later she allied herself with Armenia, thus causing Persia to become jealous. Consequently she resolved to crush Armenia with military force, after being refused the forming of an alliance. For fifteen years the Armenians were harassed by Persian arms, during which time they gladly sacrificed luxurious quarters for mountain life and endured untold deprivations for the preservation of their religion, to which they clung so tenaciously that they were at last given religious freedom once for all. Politically, they surrendered to Persian control.

During the Golden Age of culture and this period of religious freedom, a new type of architecture, the Byzantine, which served as a pattern for the Gothic, was developed in the erection of a thousand and one magnificent cathedrals.

Following the Persian oppression, the Arabs invaded their country and conquered for a time, but failed to establish their pagan religion. After this, began the long and terrible strife against the Mohammedan Turks who used every possible means of trampling their Christian religion under foot; but martyrdom was preferred rather than the sacrifice of their faith and love for Christian ideals. The policy of the Turks to exterminate all Christian races failed to materialize, for they were subdued, but not until the World War. In their attempt, however, nothing was too horrible to resort to.

The history of Armenia as a nation illustrates in a remarkable way "how Christianity built a nation, preserved it, and defended it against invaders."

Prof. Sarafian closed his talk by giving some concrete examples of persecution by the Turks. A brother of his spent several years trying to escape from the Mohammedan intruders, and finally did, but was reported dead several times before word of his safety reached Prof. Sarafian.

Myrtice Butterbaugh, Esther Dickey, Ronald Bessey and Glen Vaniman motored to Pasadena where they visited friends Sunday.

Faculty News

Professor Brubaker acted as judge last Wednesday at Covina for a debate between Covina and Alhambra high schools. On Thursday he and Prof. Jamison went to Fullerton and Compton Junior Colleges. The same day Prof. Brubaker, as president of the Southern California Forensics League, attended at Whittier a meeting of that organization.

Last Friday evening Prof. and Mrs. Brubaker entertained at their home on Grand avenue the following guests: Prof. and Mrs. Jamison, Prof. and Mrs. Hollenberg, and Prof. and Mrs. Cullen.

Last Friday Professors Cullen and Jamison attended a meeting of Phi Delta Kappa at the University Club in Los Angeles. Monday night Prof. Cullen addressed the P. T. A. at Lincoln Grammar School on "Modern Education." He will speak during Teachers' Institute in Los Angeles next week on "What More the Public Should Do for Progressive Education."

Last Wednesday Prof. Travis had as his guest Lloyd Thomas of U. S. C. Mr. Thomas, known as the "Maker of All Americans," enjoyed considerable notoriety as a football star last year on the U. S. C. team. He and Prof. Travis were graduated from high school at the same time in North Dakota.

Professor Brandt is the father of twins, a boy and a girl, born last Saturday, Dec. 7.

Saturday evening Dr. and Mrs. S.J. Miller entertained at dinner Rev. S.Z. Sharp. Mr. and Mrs. Miller were both students of Rev. Sharp during the early days of McPherson College.

Personals

Ed Cunningham, Commissioner of Forensics, accompanied Prof. Brubaker to the meeting of the Southern California Forensic League held at Whittier last Thursday. An extempore contest was the main event of the evening.

Chester Flory is attending this week at Riverside the Institute of International Relations. He is particularly interested in this field and possesses a working knowledge, owing to his background of experience as a missionary's son in China.

Miss Mina Throne has recently discontinued her position as soloist in the First Christian Church of Covina. She had served there for nearly two years.

It will be of interest to LaVerne students of last year to know that Miss Ethel Jamison was one of four McPherson students to attain the Honor Roll first quarter. The student body there numbers about 260 in all. Miss Jamison is a junior this year. She is a sister of Prof. Jamison of LaVerne College.

ALUMNI

DORM DOPE

Opal Kuns, Frances Sandblom and Marion Souter spent the week-end at their respective homes.

Bernice Conley spent Sunday with Edith Coffman in Covina.

Ruth Gible spent the week-end in San Bernardino.

Dorothy Soper and Louise Grisct went to a turkey dinner in Redlands Sunday.

**DON'T
RAID
THE ICE BOX!**

HERE'S A TIP to LaVerne housewives: If you want to keep a full ice-box just bring him to WRIGHT'S for his bed-time lunch. A sandwich, a salad, a cup of coffee will make him happy and prevent a raid on your supply of food for the next day's meals.

Leopards Expect Hard Battle with U.C.L.A.

The feature game of the pre-conference schedule will be played in the local gym next Friday night when the U. C. L. A. melon tossers meet the leopard varsity. The frosh have a preliminary tilt with Chino Hi which will be called at 7:00 p. m.

The locals will have to play the best basket ball of their lives in order to win, for the Bruins have plenty of speed and everything else that brings in the points. The Leopards will have to polish up on sinking free throws and play an all-around game of mid-season calibre. The defense played up to form against Chaffey and may be able to break up the offensive drives of the Bruins.

The Westwood bunch lost practically all of the bunch that baffled LaVerne last year, but they always have about three squads of equal strength in reserve. This is the Bruins' first game and they are out to keep up their record of 100 per cent wins over Southern Conference teams.

A game that should prove to be interesting will be played when two local squads meet. Bob Williams' team of Bobeteria Boys play the varsity next Tuesday evening in the gym. The Bobeterias are a well known team which consists of former college and high school players.

Varsity Tub Tossers Whip J. C. Team

With their offensive combination showing almost mid-season form, the LaVerne basketballers swamped the Chaffey J. C. quintet by a 49-20 score last Saturday night in the local pavilion. Another game with Chaffey will be played Tuesday evening at Ontario.

To start the game the Panthers got off to an early lead but held it only for a short time. Keough, the J. C.'s forward, was shooting baskets from all angles, but when the Leopards found their stride they were unstoppable. The offensive combination of Stutzman, Weybright and Thomason started in with an attack that completely baffled the visitors and by half time LaVerne was leading 25-15.

In the second half the Leopard defensive held the Panthers to only three field goals, the other three points being made by free shots. The offensive got off to an early start in this period and shot goals from anywhere on the floor.

The Jaysees outplayed the Leopards in only one department of the game and that was in making good their free shots. They tallied six times in as many attempts, the local quintet made good in a little over 50 per cent of their free shots.

Nicolas and Hubbell, at the guard positions, played a bang-up game for the locals, proving that they are going to see plenty of action in the conference games this year.

Keough and McCormack were the high point men for Chaffey.

The line-up:

LaVerne	Chaffey J. C.
Weybright(18)	F (2) Briggs
	F Carter
Stutzman(12)	F (9) Keough
	F Rothrock
Kindy	C (2) Holsinger
Thomason(18)	C
Hubbell(1)	G (3) Ball
Nicolas	G (7) McCormack
	G (1) McRiese

Buggy Washers Clean Second Team

On Friday evening the Pacific Auto Laundry hoopsters defeated the LaVerne second team by a score of 41-20. The steam cleaners showed some unexpected strength in all departments of the game,—which is accounted for by the fact that several former college stars are on the squad. What really beat the Leopard squad was the ability of the Buggy Washers' forward and center, who could sink shots from almost any point on the court. The Leopard team was composed of Deal, Calvert and Kindy, forwards; Welty, center; Heiser, Thomason and Nicolas, guards.

Last Tuesday afternoon the varsity won from the Citrus J. C. squad 65-16. Weybright and Stutzman led the attack for LaVerne. The second squad played most of the second half.

Conference Notes

All the conference teams are going full blast in their basket ball practice. Several of the squads have played games. The varsity at Oxy won a close decision from their alumni, 38-35. This shows that the Tigers have a strong quintet this year, as most of the players for the alumni were either on last year's championship squad or the team of two years ago when Oxy tied Whittier for conference honors.

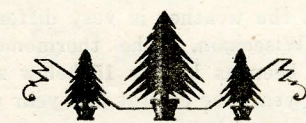

Pomona won a close decision from Chaffey J. C., 26-24, and won by a good margin from the L. A. Olympics.

DORM DOPE

"For gosh sakes," exclaimed Harriet Hoke vehemently.

"Listen, here, young lady, I'll wash your mouth out with soap if you are not careful," declared her mother.

"Just try it," replied Harriet, and promptly forgot it. Her mother slipped up behind her and proceeded to carry out her declaration, then fled into the dining room, closely followed by Harriet with a cup of water. The door swung closed just in time between them. Harriet threw the water around the corner, but missed.
