THE FOOL IS COMING

SENIOR CLASS FINISHING
PRACTICE SESSIONS

Channing Pollock's Popular Play is
Heaviest ever Attempted
In LaVerne College

Fool: A person lacking in understanding, judgment, or common sense; a simpleton, according to the dictionary. This was the title earned by the young curator of a fashionable Fifth Avenue church, when he did his best to live the Christ-like life in the twentieth century. But, fool, though they branded him, he is found to be the happy and contented one in the conclusion.

This play has started considerable controversy and deep thinking on the part of the clergy and business men of the country. Channing Pollock has injected into the play a man who because of his near-perfect life is labeled "the fool." The question is, are the teachings of Christ useless in this, the twentieth century?

"The Fool" is one of the heaviest dramas ever to be produced at La Verne College. Mrs. B. S. Haugh, head of the department of speech, is director, and her cast have been working hard to prepare the play for the public. With two more rehearsals for the cast the play will be in good shape for presentation.

"The Fool" will be presented at 8:00 p. m., on Tuesday night, February 2nd, in the college auditorium. Tickets may be purchased at 50 cents for adults and 35 cents for children and reserved at the LaVerne Drug Store.

The cast is as follows:
Daniel Gilchrist—Harvey Emley
Clare Goodkind—Lola Shirk
"Jerry" Goodkind—Hoyt Strickler
George Goodkind—Harvey Brubaker
Umanski—Lloyd Emmert
Mary Margaret—Velma Noll
Pearl Hennig—Lois M. Miller
Joe Hennig—Wilbur Hoke
Mrs. Gilliam—Mae Miller
Dilly Gilliam—Rose Landis
Mrs. Thornbury—Mary Messamer
Mrs. Tise—Nellie Hylton
Dr. Wadborn—Paul Blocher
Barnaby—Gerald Miller
Benfield—Chester Shirk
Grubby—Paul Blocher

(Continued on Page Three)

PROFESSOR CULLEN RECEIVES NEW DEGREE

We like very much to hear of the achievements of the professors of our school and it is hereby announced that Professor Cullen, who teaches Sociology in this institution, was presented last Sunday with the honorary degree of D. A. D.

This new addition is a girl, valued at seven pounds and three ounces, and is named Katherine Marie Cullen. However, it is decreed that she shall be called "Katy" from babyhood up.

Prof. Cullen has already made one discovery, which worries him very much. "Katy" has a very bad temper. The first thing she did was to cry violently. It is hoped that this failing will be overcome because it would not help Prof. Cullen's rheumatism to spend cold, weary hours in the night pacing the floor.

Bible School Sends Representation

STUDENTS' LEAGUE OF MANY
NATIONS TO GIVE PROGRAM

Work of Group Towards Better International Relationship Praised

In this age of rebellion, revolution, civil war, strife and combat; in this age of warring and battling nations, much worry is expended as to what will be the outcome of all the unhuman and ungodly conduct on the part of the nations and the people within the nations.

A representative group from the Practical Bible Training School of Bible School Park, New York, will give its program promoting International Welfare at the Church of the Brethren on Saturday evening, Feb. 5th, at 7:30.

This group represents fourteen different nations, and each person will be dressed in his national costume. They will tell of conditions in their own countries, their friends' ideas of America and other countries of the world and will also tell of experiences happening to them in their own country. They will do much toward settling hard feelings between different countries. The countries they represent are mostly those European countries in which there is strife and unsettled political and economical conditions.

Their program will probably offer a better remedy for international friendship than a whole wagon-load of conferences, World Courts and Leagues of Nations. At any rate it will be interesting and there will be no admittance fee asked. It will be especially interesting to the departments of Sociology, Economics and International Law.

(Continued on Page Three)

Cox and Company Well Received

Miss Dorothy Cole, Dramatic Reader,
Adds Surprise Number

Cox and company, entertainers and impersonators, the third number on the LaVerne Lyceum Course, were pleasing in their program beyond expectations. Mr. Cox, who is nationally known, having given programs in every state in the Union, was exceptionally well received in his impersonations. His impersonation of the negro preacher and Al Jolson, the Ozark "hick," Harry Lauder and the drum major, were all exceptionally well executed. His little witticisms, mannerisms and gestures were always the source of much laughter. He lived up to the words of his title of "entertainer and impersonator." His singing did not show a great deal of talent, but his well-rendered readings and impersonations overshadowed this.

The "orchestra" of the company, a Mr. Miller—was an impersonation within himself. His effeminate tone of voice and mannerism afforded much amusement to the audience.

An unexpected addition to the program was the dramatic readings given by Miss Dorothy Cole, a talented artist from the stage.

AWAY TO FOREST HOME

It is good that we have a father of our country and also good that that father has a birthday annually. Said birthday is the cause of a school holiday and student body picnic for which everyone rejoices. This holiday is the only one that breaks the monotony of the second semester.

It also is the cause of much discussion, argument and hot air in the student body meeting. For to have a school picnic it is necessary to have a river or something to go to, and the many beauty spots of Southern California lend complexity to the question of choice.

...Seemingly, everyone is not satisfied by the site used the previous year, and so a new one must be chosen each year. This year the motley group decided to invade Forest Home in order to commemorate the birthday of the Father of His Country. This is a popular mountain resort in the San Bernardino mountains about forty miles from home.

In this environment many students should prove their ability to act as goats in more ways than one.

BIBLE INSTITUTE WEEK

The music for the week is to be under the general direction of Professor B. S. Haugh. On Monday and Wednesday evenings there is to be a preliminary three-quarter hour musical program, before the lecture, of solos, duets, numbers from both the men's and women's glee clubs, and also some readings. At other times throughout the Institute there will also be worth-while musical numbers given.

The main features of the musical program on Dedication Day, Sunday, Feb. 13th, are, the Clarion Four and a duet number by Professor and Mrs. Haugh.

President Studebaker's lecture is also to be another of the treats of (Continued on Page Three)

COMING EVENTS

Saturday, Feb. 5—Students League of Nations, Church of the Brethren.

Sunday, Feb. 6—Bible Institute begins.

Tuesday, Feb. 8—Senior class play, "The Fool", 8:00 p. m.

Friday, Feb. 11—Y. W. C. A. Cafeteria Supper. Historical pageant of LaVerne College, 7:30 p. m. Alumni Reunion.

Sunday, Feb. 13—Dedication of Administration Building at 2:15 p. m. Bible Institute closes.

Wednesday, Feb. 16—Women's Conference Debate—Pomona at LaVerne; LaVerne at Redlands.

Saturday, Feb. 19—Elimination Contest for Southern California Eisteddfod.

Sunday, Feb. 20—Men's Glee Club Program—Covina.

Monday, Feb. 21—Lyceum Course—Wagoner-Jackson.

Sunday, Feb. 27—Men's Glee Club Program—Upland.

Dedicatory Service is Planned

THE PAGEANT

Oh dear! Oh dear! What shall I do?
Can't get my group to practice today at two.

One straggled in yesterday at three
And said, "What's this I see?"

Waiting for me already?
Why I just couldn't get here a moment sooner

Just had to say hello to Freddy.
Say, what's this thing all about anyway?

Can't you tell a fellow some day
Just what it is he's supposed to try?"

Then I stopped and for the hundredth time
Repeated my little story from line to line:

"You see," said I, "It's a pageant representing
LaVerne's history, both college and town

Clear back to the time of Spanish government it goes.

And the first episode clearly shows
The relation between Indian and Spaniard.

Episode two is the second period pictured out
With a period of colonization

And the Dunkers coming out
From the east to make LaVerne their home

Then comes the time of the founding of our college, dear

With a bit of cheery college life
pictured in literary societies,

Mingled with many a dark and trying day and year.

Finally a drive for funds is made
And, 'Boost for L. V. C.' becomes the slogan far and near.

At last a grand and noble building
Becomes a reality rather than a dream,

And moving goes ahead
(Continued on Page Three)

"COTTON BLOSSOMS"
BLOOM

LARGE ATTENDANCE TO HEAR
NEGRO QUARTET

Y. M. C. A. Obtains Quartet To Give
Benefit Program

The Cotton Blossom Quartet gave its program before one of the largest audiences to gather in the La Verne College auditorium. The Y. M. C. A. while looking for some one to give a benefit program to obtain proceeds to furnish the "Y" room, found this wonderful quartet from the Southland.

These men were representing the Piney Woods Industrial School, at Piney Woods, Mississippi. This is a non-sectarian Christian industrial school for negroes. It takes the ignorant negro at any age and gives him an education and teaches him a trade. Most of the students work their way through school while on the campus.

The Cotton Blossom Quartet were the typical "dyed in the wool" Southern negroes, untainted by contacts with the whites and too much stage technique. They sang negro spirituals and folk songs with the true negro melody, harmony, gestures and feeling. Their music, sincerity and unpretentious methods were appreciated by the whole audience.

The Y. M. C. A. netted a good sum as the result of the program and will soon have the "Y" room ready for use.

DR. EDWARD FRANTZ TO
DELIVER ADDRESS

Visiting Speakers from Neighboring
Colleges and Universities Take
Part in Program

The dedicatory services for the new administration building will be held as a grand finale of the Bible Institute week. The building has been in use for some time but the dedicatory service has been held back because of the wish to obtain a prominent educator and church leader from the East to give the main address and also be of use during Bible Institute.

Ample accommodations are planned to take care of the hundreds of visitors, consisting of student body, alumni, constituents and friends of the school.

President Ellis M. Studebaker will preside during the dedicatory program. The program will be begun with community singing. Visiting speakers from the neighboring colleges and universities will give short talks on such subjects as: "The Purpose of a Liberal Arts College," "The Place of a Denominational College in Relation to the University" and "The Outlook of LaVerne College."

This program will be interspersed with music furnished by the Clarion Four; Women's Glee Club, and a duet by Prof. and Mrs. B. S. Haugh.

The climax of the program will be reached by the address of Dr. Edward Frantz, prominent church leader and editor of "The Gospel Messenger." Dr. Frantz will speak on the subject "College Life and Christian Faith."

Immediately following the address will be the dedicatory service proper in charge of M. S. Frantz, president of Board of Trustees; Harrison A. Frantz, Field Representative and Dr. J. B. Emmert of the faculty. Dr. S. J. Miller, President Emeritus, will deliver the dedicatory prayer which will conclude the service.

The program will begin at 2:15 p. m. on Sunday, Feb. 13, and remember ample accommodations will be provided for everybody.

Modern education has simplified the three R's from Readin', Ritin' and Rithmetic, to Rah, Rah, Rah.

"SHE AIN'T WHAT SHE USED TO BE."

Changing the gender of this pronoun we can apply this phrase to President Studebaker. Last Tuesday he decided to have those helpless appendages removed, which are blamed for all the ailments of the human body, commonly called tonsils. These appendages were extracted last week at the Pomona Valley Hospital. As to President Studebaker's excuse for this violent attack on these helpless organs we do not know whether it was a fad for improvement of voice, or an excuse from meeting his classes the first week of school. At any rate he has convalesced sufficiently to be back at his work in the office and classroom.

A CITIZEN OF YOUR SCHOOL

Much has been said in past years of citizenship. This was in reference to government, especially national government. We speak of a person being a citizen living up to the ideals and standards of society, with the full exercise of rights in connection with this country, and of the alien who may or may not live up to the standards of American society and are refused the privileges of an American citizen. We speak in high honor of a citizen and consider an alien rather despicable. The alien is one, who legally, has not been naturalized, and socially, not been amalgamated into our society. No one can be so lonesome or despicable as an outcast from society.

Going down to some of the other units of society to which we all belong such as the state, county, city or town and even the home, we consider the members of such to be citizens if they live up to the standards set by them. There are other social groups that have their citizens and aliens, such as churches, schools, industrial concerns, clubs and civic institutions.

In the daily routine of our school life we seldom think of students in relation as citizens or aliens. Yet all social groups have their standards by which their work and life is carried on. The citizens may be active or passive in their work but the alien is detrimental to the life of the institution. Either the alien is "naturalized" or "deported."

Our own school we have our own laws and standards by which students are to conduct themselves both in the school and outside of school where they influence people in respect to the college.

I'm sorry to say but we have our aliens at LaVerne College and it is necessary to do something to remedy the matter. In the first place we have those that are always deriding the school because of its smallness, not considering the advantages of a small school over a larger one, such as: social equality, personal touch of teachers and other qualities that cannot be gained in a larger institution where you don't even know your classmates or anybody else unless you belong to a fraternity or a sorority, which institutions are demoralizing most colleges and universities of today instead of strengthening them socially.

Then again the alien says that the curriculum isn't large enough and the laboratory facilities aren't conducive to practical training. They do not realize that fundamentals of a course in a science, history, etc., are all that is taught at a Liberal Arts college and that specialization work is to be undertaken at a technical school. Facts as well as practically all knowledge obtained in college are forgotten in after life or they become out of date in a decade or so. The main ideal of a school is to establish the proper attitudes, ideals, etc., in the hearts and minds of the pupil so that when he leaves school he will not be an alien but an aggressive citizen.

The conduct of a student shows whether or not he has been amalgamated into the proper school life. His conduct in the class rooms, in the halls, on the campus, on the athletic squad, in church, down town or wherever he may be is a measure of his citizenship.

One who is an alien to the school, lowers the respect of the people in relation to the college. They not only hurt themselves but they drag the rest of the institution into the dust with them.

The Federal government, for its own protection either naturalizes or deports its aliens. The aliens in school jeopardize the reputation of the school and it is necessary to either naturalize the new pupil or deport him.

It is the best for the school and the pupil to naturalize him so that he might live according to the standards of the school. On the other hand it is necessary for the aggressive citizen to do something about the invulnerable alien.

The real, aggressive citizen of LaVerne College is the person that will give the country a name for this institution and save it from jeopardy.

Are you a citizen of your school?

R. L. M.

CHAPEL GLEANINGS

"We should not classify people before we really know them."—Jerome Shaffer.

"Our Creator arranged things so that what we are shows in our faces."—Jerome Shaffer.

"Do not leave God out of your life, but take Him into your life."—Dr. Hoover.

"Ninety-five per cent of the services held in the Mormon temple are for the dead."—Mr. Harrison Frantz.

The person that I have the least use for is the one who makes excuses."—Jerome Shaffer.

"The Mormon Church is true to its understanding of the Gospel."—Mr. Harrison Frantz.

"A person can be selfish by being so independent that he won't let anyone do anything for him."—Jerome Shaffer.

"We should push our own cause—our Master's cause—and not be ashamed of the Gospel of Christ."—Mr. Harrison Frantz.

THE WHY OF BIBLE INSTITUTE

Many new students and friends of the college do not understand why a modern college should have a Bible institute annually. It is safe to say that they have not experienced the benefits derived from such a series of meetings as is conducted during Bible Institute.

One would think that the chapel exercises daily would be all the spiritual uplift that a student needs. It would be if they would take advantage of all of it, but the monotony of practically the same program from day to day tends to lessen the spiritual benefit attained in chapel.

A physician, when puzzled as to the verdict to be pronounced after the inspection of the patient, often declares that a chance is necessary. This is one reason why Bible Institute has become an annual affair. There is a variety of numbers and lectures given on various phases of religious subjects. Outside speakers of note are obtained to bring in new ideas and thus heal our spiritual ailments.

Another reason of importance is that it brings a week of relaxation from the continual grind of school work. After the worries of semester exams a person's nervous system isn't worth a whole lot. It takes some such beneficial change as a Bible institute to break this studious strain.

Our constituency, friends of the college, should derive some direct benefit from the college that they have to build and develop. This is one way that they can obtain something that is most beneficial to them.

Bible Institute may not be necessary to the welfare of the college, but neither are railroads, telephones and myriads of other utilities necessary for existence but they are very beneficial to the welfare of all concerned. So, Bible Institute is very beneficial to the growth and welfare of a Christian institution.

R. L. M.

SPOTTED BY THE LEOPARD

New students—welcome!

Professors learning a stounding new facts from answers to exam questions.

Some sad and some glad over grades.

Dr. Emmert supposing that the first of the month comes on the first.

Mr. Frantz almost giving Ernest Carl away.

Fred Mahoney wondering if "liberty in law" is something like a mother-in-law.

A Bible salesman trying to convince Alberta Maust that she should buy a Bible.

A junior testing out his cookies on the chickens.

Ruth Stoner surrounded by books and magazines.

Margaret Price preferring Harry to a big juicy apple.

The scripture being read from Second Alfalfa.

Wilbur Hoke all dressed up in his smudging outfit.

Nova Leonard, Ramah Maust and Lloyd Emmert debating on the best place for the picnic.

John Brubaker telling the "whole truth" about Forest Home.

Lorrell Weiss passing and surpassing the intelligence test.

Cecelia Shaffer and Harriet Woody typists in the making.

The new Botany lecture room being initiated.

Owen Gible teaching a geography lesson.

Others just "observing" for a week.

President Studebaker gone but not forgotten.

Stanley Weddle and Arno Meyers not staying long in Tia Juana. We wonder why?

New song books being initiated and dedicated.

Aileen Rothrock delighted over Amos Ikenberry's new sweater. Ahem!

Mae Chromister catching mice in a glass jar. Bravo!

The end of a perfect (?) semester.

A first edition of John Bunyan's Book for Boys and Girls which was bought by a woman at Hemel Hempstead, England, a few years ago for a half crown (about sixty-one cents) sold recently for \$10,200.

A London aviator watched the sunset as he left London on his London-to-Paris flight, and saw it set again the same day while taking a passenger on an altitude tour of 7,000 feet.

"If you take your chastisements gracefully, it will help wonderfully in the game of life."

"The person who wins is only successful because he knows what to keep and what to discard."—Jerome Shaffer.

SCHOOL ETIQUETTE

This is not an article on etiquette as etiquette is generally considered, which is etiquette of one person in relation to another. This is etiquette of one person in relation to things and its effect on others.

Dr. Hoover mentioned in chapel about our etiquette in relation to the bulletin boards and what was on the bulletin boards. This had some quieting effect for a while, but some one's innate desire to mess things up has taken control of him again and the result is reflected on the whole student body.

The same has been done in relation to auto traffic in front of the campus. Such behavior on the pupils shows either a poor sense of humor or a very low I. Q. This wouldn't bother us at all if the honor was directed to the right person. But as it is with many visitors around the school, it would behoove the degenerate few to so act that they would not drag the reputation and standing of the rest of the school into the gutter with them.

A foe to God was ne'er a true friend to man.—Young.

Y. W. C. A. ROOM IS GIVEN HOUSE WARMING

Y Men Are Invited to "Y. W." Open House at Opening of new Room

From 3 to 5 p. m. on Wednesday, Feb. 2, the Y. W. C. A. women conducted an "open house" in honor of the completion of the furnishing and decorating the new "Y. W." room. The Y men and faculty were guests of honor and the tendency to linger was an evidence of the comfort and beauty of the room. Punch and wafers were served while lingering.

The room is furnished with Venetian blinds and chintz curtains. The light gray reed furniture is nicely set off by gay cretonne-covered upholstery and draperies. The room is enhanced by a fern in one corner and camellias on the table. There are a few beautiful and fitting pictures on the walls. The two large rugs on the floor make it home-like. The Y. W. C. A. women should be proud of their room.

The Y. M. C. A. men take this opportunity to thank the Y women for the honor of being invited to participate in the "open house" and will further show their gratitude at the cafeteria supper to be served by the Y. W. C. A. on next Friday night.

ALUMNI TO HOLD REUNION DURING INSTITUTE WEEK

Board of Directors Plan Large Improvements on Athletic Field

Inasmuch as there will be an influx of the members of the Alumni Association during Bible Institute week, the Alumni Board of Directors have planned for a reunion. This informal reunion will be held after the Historical Pageant of LaVerne College on Friday evening, February 11th. An informal program as well as refreshments are being planned for the evening. Places will be reserved for the members of this association, by classes if requested.

Plans for putting a curbing around the track on Arnett Field were also under consideration, which will probably develop into a reality in the near future. The Alumni Association is becoming more of an asset to the college from year to year, and their interest is appreciated fully by both the administration and student body.

BIBLE INSTITUTE WEEK

(Continued from Page 1)

Bible Institute. All who have heard him know that there is a rare charm and power in his speaking which holds and impresses his audiences.

Dr. Arnett's part of the program is something to be really looked forward to for he has something always that is worth while and helpful.

Dr. Hoover also is a speaker worth listening to. His lectures are always thought inspiring and those who hear him during Institute week are sure to be well repaid for their time.

Professor Laura E. Haugh, Dr. Harper Frantz, and Prof. R. R. Cullen are others of the faculty whose lectures are sure to be both interesting and helpful.

Of course all who have heard as well as those who have never heard Dr. Edward Frantz and Dr. F. H. Crumpacker are looking forward with anticipation to hearing these talented men who speak from a wealth of varied experiences.

In short, Bible Institute with its talented speakers, beautiful music, the presentation by the Seniors of their class play, "The Fool", the Historical Pageant of the history of our college, and, as a grand climax the dedication of the new building, will be one of the great high-lights of this year and one which no one can afford to miss.

When a child dies in some parts of Greenland, the natives bury a live dog with it to guide the child in the other world, as it is claimed dogs can find their way anywhere.

NOTICE TO ALL GIRLS

Read These for Your Personal Benefit. Hock Rules.

I. Anything and everything left laying around promiscuously in the "Y" room—this includes tennis rackets, books, pencils, handkerchiefs, hats, coats, etc.—will all be hocked.

II. Straying handkerchiefs will be hocked from the auditorium, rest rooms and classrooms, as well as library.

III. Anything hocked may be obtained within a week after it is hocked, without pay.

IV. Ten cents will be required to obtain anything whatsoever after a week.

V. A public auction will be held at the end of the semester. (Signed) Hock Manager.

PERSONALS

Louise Huff was rather rudely awakened last Saturday nite and after the usual preliminaries she found that it was a surprise party on herself. Many happy returns, Louise.

Nellie Hylton spent the week-end in the city with her aunt.

The new semester has brought some new students and we welcome them. Among the old students who were not in school the first semester but who have entered for the second semester we wish to welcome Olive Throne and Ruth Massey.

Kathryn Strate and Eloise Shepard spent Saturday in the city shopping (?) or something of the sort.

Stanley Weddle spent the week-end in San Diego visiting with his aunt and uncle. Incidentally he took in the basketball game, San Diego vs. LaVerne and for some unknown reason knows a surprisingly large amount about Tia Juana.

ANNUAL SHOWS HISTORIC PICTURE

"Abraham Lincoln" To Be Shown Tonight

As February 12th draws near, it is fitting to remember and to observe the birthday of America's greatest man "Abe" Lincoln. The "Orange Blossom" business staff has arranged for the picture "Abraham Lincoln" which is a ten-reel historic film of Lincoln's life to be shown Friday night, Feb. 4 at 7:30. The picture will be preceded by a Felix comedy and an interesting program of varied bits of "home talent" starring the ingenious "dorm girls" of Miller Hall.

THE PAGEANT

(Continued from Page 1)

With flying colors and full steam And in the end, like all true fairy tales that become real.

The students sing the old school songs and give the old school calls

Within the newly finished walls." Yes, the pageant is picturing a reality and you'll be sure to want to see it. Remember, Friday Nite, Feb. 11th, 7:30 p. m.

A free-will offering will be taken to defray expenses.

AZTECS ANNEX DOUBLE HEADER

LEOPARDS LOSE TWO HARD-
FOUGHT GAMES IN SOUTH

First Game Score 32-23; Second
Game Ended at 30-27

By Donald Snider.

The LaVerne Leopards grasped a firmer hold on their cellar position in the conference standing when they lost both their Friday and Saturday night basketball games to the San Diego Aztecs. The games were played on the Marine gymnasium court which was smaller than the usual size. The score of the first game was 32-23; and the second, 30-27.

In the first game the Aztecs had the upper hand throughout, always leading by a small margin and at the intermission at the half the fans were entertained by none other than Orville Brooks. Orville went out on the court to practice hitting the hoop. The fans in the balcony liked the way he was entertaining them so they tossed pennies to him. Orville says the evening was quite profitable.

In the second half the Teachers continued to hold their lead at a safe margin and at the final shot La Verne was on the small end of a 32-23 score. Lehmer was high point man for LaVerne, shooting the melon through the hoop for a total of twelve digits.

Saturday night the Leopards came back with determination to wreak revenge on the Aztecs, but lost by the close score of 30-27. In the first half the Teachers built up a score which added to occasionally during the remainder of the game but the Leopards could not quite overcome that lead. LaVerne's offense and defense looked greatly improved since the game Friday evening. The score at the end of the half was anybody's score, 19-11. (During the intermission Orville found his practising not so profitable as Friday evening.)

LaVerne came back with more fight than ever and held San Diego to eleven points while they were making sixteen points. The defense became tighter and the offense performed better. With only a few minutes to play LaVerne rallied and sank several shots through the hoop. The San Diego fans became worried lest the Stater's lead might be overcome but the time was soon up and the Aztecs had won, 30-27.

As in the previous game Lehmer was high-point man. He dropped nine points through the hoop and was pushed by Boots who put eight digits through the basket. Captain Betts made six points. Bohn played a good defensive game. It might be said right here that San Diego knew they had played a real basketball game when they finished the game.

DELLENBACH IS FROSH CAPT.

Glenn Dellenbach, stellar defense man for the Frosh basketball team, has been elected captain of the Kitten squad it was announced by Coach Dale Glick Monday evening.

Dellenbach, better known as "Dee," played four years at Beattie High School in Kansas. After that he spent two years playing for a town team which helped to make him the star defense man of the Kitten team. In every game throughout the Frosh court campaign Dee has played a steady, dependable game for the

LEOPARDS TO MEET SOUTHWESTERN U.

SOUTH-WESTERN DEFEATED
LEOPARDS IN EARLY GAME

Shirk at Guard Expected to Play
Stellar Game to Hold Purple Shirts

In an early season game, with the help of a stunted ball, the purple shirts from Southwestern University defeated the Leopards in an uninteresting display of basketball. Tomorrow nite, Sat., Feb. 5, the Leopards on the large home court and a ball at least larger than the volley ball previously used expect to return the compliment in a much more satisfactory method than was shown at the first game.

Shirk and Bohn, two fast and sure guards, can be depended on to hold down the score—and it will be up to Lehmer and Boots, forwards, to co-operate in a search for the hoop in order to win the game. In previous games these forwards have taken turns in doing the heavy artillery work, but this time it will be necessary for both forwards to scintillate at their best.

Few changes are expected in the line-up during the game. The Leopards are expected to take revenge on the purple shirts for the various defeats taken from the conference teams. Oxy and Cal Tech are still to be met in the conference race for cellar championship.

LATE START BEATS FROSH

With the score piled up to 16 to 4 and three quarters of the game already gone, the Frosh basketball team looked like easy meat for the Glendora town team when the two squads met Tuesday evening on the LaVerne court.

However, the freshmen were not to be downed so easily and it seemed out of their line to give in without a final kick. The score at the end of the scramble was 22 to 12. That tells how they fought in the last few minutes.

The Kittens seemed unable to hit the bucket. Their whole style of play was handicapped by several of the team being out of practice for a week on account of examinations, term papers and other nightmares.

The Glendora outfit put up a strong, clean game and the Frosh are looking for another chance to sink their teeth into the foothiller's team.

LaVerne lined up with Mahoney, Fischer, forwards; Leonard, center; Captain Dellenbach and Heminger, guards, with Miller and Brubaker as utility men.

INSTALL CURB ON TRACK

Alumni Making Athletic Field
Improvements

Since the Frosh have seeded down the athletic field for turf, the Alumni behooved themselves to fix a curb around the track. The track has been surveyed and material from the old building is being used for the construction of a redwood curb. This is to be installed by volunteer labor on the part of the Alumni this afternoon and Saturday.

This improvement has been needed for some time and the fellows will sure appreciate it when completed.

Plans are laid out for a new baseball diamond and a new addition to the gym. Construction of bleachers on the north side of the field is under contemplation.

Frosh.

Danny Fischer, star forward from Redondo High School, was Dellenbach's only opponent for the honors.
