Tuesday, October 4, 1921.

## COLLEGE BOYS WIN FIRST FOOTBALL GAME

### GREAT SCORE 34-0

#### Game Played In Rain

In spite of the bad weather, Montebello appeared on the scene at 4:45 Friday, September 30 to compete with L. V. C. in the first game of football in this institution. The following is the game by quarters:

#### First Quarter

La Verne received and returned the ball to Montebello's 25 yard line. Netzley carried the ball for a touchdown around the right end on first play. La Verne failed to kick goal. Montebello then received and fumbled, La Verne recovering the ball. La Verne bucked the line for 4 yards, and Welch carried the ball around left end 35 yards for touch down. La Verne failed to kick goal.

Montebello received and lost the ball on downs. Price made 20 yards around right end with 12 yards to go for touchdown. Whistle.

#### Second Quarter

Price bucked line within 3 inches of goal and Root put the ball across on next play. La Verne kicked and Montebello returned ball to their 28 yard line. Montebello lost ball on downs. Welch carried ball 20 yards around left end. Price bucked line for 5 yards. La Verne fumbled but recovered ball. La Verne lost ball on downs.

Montebello fumbled but recovered ball, and was tackled behind their own goal, giving La Verne a safety. Montebello was given ball on their 20 yard line. Montebello failed to make yardage and punted on fourth down, but recovered ball on fumble by La Verne. Montebello then lost ball on downs.

Netzley bucked line for 4 yards. Root bucked line for 10 yards. Ball on Montebello's 1 yard line. Price put ball over for touchdown in next play. La Verne kicked goal. End of first half. Score 27-0.

#### Third Quarter

Montebello received and returned ball to 20 yard line. They failed to make yardage and attempted to punt on fourth down; this was blocked by La Verne. La Verne's ball on Montebello's 8 yard line. Root carried ball around right end for touchdown. La Verne kicked goal.

#### Fourth Quarter

During this quarter each man was given a chance to play, and La Verne failed to score again. The last few minutes were played in darkness.

Coach Arnett was much pleased with the showing of the team as a unit. There were no individual stars, but for the first game, the coach feels enthusiastic over L. V. C.'s chances for a football team.

The following was the line-up for Friday's game:

Right half back	Welch
Left half back	Netzley
Full back	John Price
Quarterback	Ray Root
Right end	Bettes (Captain)
Right tackle	L. S. Brubaker
Right Guard	Byrl Harper
Left guard	Throne
Center	Grossnickle
Left tackle	Marshburn
Left end	Hepner
Substitutes:	Beckner, Chase Harper, Herman and Ernest Landis; Roy-non, Flory, Garber, Smith and Hoke.

### GIFT TO CHEMICAL DEPARTMENT

Through the generosity of three staunch friends of the College, Dr. F. M. Shirk, Mr. R. F. Brubaker, and Mr. L. C. Klinzman, the Chemistry Department has received some much needed equipment for the work in quantitative analysis. A new analytical balance, four sets of analytical weights, extensive repairs on an old analytical balance, and some special chemicals were provided for by the gift, which amounted in all to about \$120.00. The "Quant" students are very appreciative of the new equipment.

In addition to the above, several hundred dollars worth of apparatus of a general character has been added. A new laboratory table, providing eight commodious lockers, has been built during the summer. And furthermore, the Department has burst through the west wall and taken possession of the old Physics Laboratory, which is now used as a chemistry lecture room.

### TIME TO ENLIST

There is an army that is loyal and true to a noble cause—a cause that they love. It is now time for enlistments and new recruits. Two years ago a goodly number followed able leaders to victory. Last year two hundred and forty rallied to the cause and carried their banners high. What are they doing this year?

September 16 the veterans made this appeal—"Subscribe for the 'Campus Times' and join the army for Publications that will bring La Verne College to the front!" They demand a minimum of three hundred subscriptions to insure the success of the paper; so let us go over the top and make it even greater than they expect.

They appeal to our common sense when they ask us to patronize the advertisers. The advertisers insure the financial success of the paper, and solve the problems of the business manager. The advertisers will fail him if the circulation is low, or if they do not get results from their advertisements.

One dollar directed to Harvey Emley, La Verne, Calif., will bring you the paper anywhere in the United States and Canada. On Friday almost the entire Student Body stood in promise to give their best support.

Come, students and lovers of La Verne College, we must stand behind the interests of our school!

### THE BLEACHERS ARE CHRISTENED

Great excitement was apparent on Wednesday evening, when a group of the College boosters decided that the new bleachers, presented by the College class of '21, should be christened. The ritual ceremony was effectively carried out by the breaking of a bottle of champagne (?). Then the ceremony was royally concluded by the singing of the College songs, "Guide of La Verne," and "Fight for the Orange and the Green."

### WHO'S HERE!

We're borrowing from some of our eastern schools this year. We are glad they were so generous to us. From far away Bridgewater, we welcome the four Garbers, Jacob, Katie, Mary and Evelyn; from Manchester, Paul and Ruth Blocher and Bertha Swihart; from Juniata, Lloyd Emmert the son of our Mission Study teacher. We thank you, Bridgewater, Manchester and Juniata.

All the way from Gleichen, Alberta, Canada, comes Miss Olive Pobst. But really, we're worth coming that far to see and get acquainted with, not to mention the education one gets incidentally.

There's somebody you're sure to like. She's small and dark and has mischief in her eye. You may call her "Vi," if you like, but her name is Miss Viola Neher, and she hails from Porterville. You'll like to be near Miss Neher.

From down in Downey comes Miss Cecilia Shaffer. She's one of our smallest Freshies. Some one remarked that all the Freshmen looked alike, but they're really not so hard to distinguish. Elsie Booth, whom you probably thought was Ethyl the first time you saw her, is from Covina.

MacDoel sends us Miss Alberta Maust, whom we prophecy will be as studious as her sister Ramah.

Earl Stoops and his sister, Esther, are here from Fresno; Ovis and Nova Leonard from Redondo Beach; and Marion and Maria Roynon from Raisin City, though Marion, of course, rightly belongs to La Verne.

Lindsay always has some representatives. This year we have Kathryn Harshbarger and Edith Holsinger, College and Academy Freshmen. Kathryn is noted for A grades, as was her sister, Naomi.

Bertrum Betts, we hear, which really isn't a nice thing to do sometimes, but it's all right if he bets he'll like it here. Lawrence Worrel is also a Pasadena man. From that same city we are glad to welcome Miss Esther Renkel.

That tall young College Freshman with the brown eyes and hair is Paul Throne, from Red Cloud, Nebraska. Nebraska really seems too far east to be truly civilized, so, of course, this is a much better place.

Two new Pomona maidens have also enrolled in our midst—Misses Vessie Noll and Nellie Beaver. We hope Vessie will "No all" and that Nellie will work like a beaver.

Three new Reedleyites are in our midst. Mr. Phil Smith and Miss Dorothea Dyck, both College Freshmen, and Irma Dunker, an Academy Senior.

Miss Velma Fager is our sole representative from the state of New Mexico, so we give her a whole state's welcome.

Adelaide Gray has come all the way from Eugene, Oregon, to begin her education. She ranks with the Academy Frosh.

Mr. Harvey Gibble, from Illinois, has enrolled as a College Freshman.

Several of our former students are with us again this year—John Price, who attended McPherson College last year, Kathryn Bomberger Brandt, and Miss Ruth Barnhizer, who have been teaching in La Verne Grammar School, are enrolled as College Juniors.

### Faculty Opens School with Musical

The usual order for the formal opening of the school was somewhat changed this year. Instead of the regular opening address, the Faculty of the Music Department of the College rendered a program in the auditorium Tuesday evening, Sept. 13. The following program was rendered and much appreciated:

Piano Duet, Overture from "Martha"—Flotow; Miss Bernice Gibble and Miss Pauline Miller.

Vocal, "Star Vicino Salvator Rosa Morning Hymn" Henselt Prof. B. S. Haugh

Piano, Encourant Godard Romanze Sibelius Miss Pauline Miller

Vocal, Autumn Song Salter Mrs. B. S. Haugh

Piano, Gondoliera Liszt Rapsody No. 1, B minor Brahms Miss Bernice Gibble

Vocal Duet, Venetian Serenade Smith Prof. and Mrs. B. S. Haugh

### RECEPTION BY FACULTY

A very enjoyable and unique reception was given the students by the Faculty the opening night of school, September 13. After the musical program rendered in the auditorium, all the students assembled in front of the ladies' dormitory. On the porch were baskets containing slips of paper on which were the names of all the students. Each was requested to find his own, and pin it on so that every one might read it.

Excitement and crowding were very evident, as each one pushed himself, regardless of his neighbor, into the fray. After locating his name, his right hand was covered with a paper bag, and he shook hands until the bag was thoroughly worn out. Old friends found each other, and new students became acquainted.

Not the least of the good time was the "eats," consisting of punch and wafers, served later in the evening. The reception, in order to start the school year perfectly, was closed promptly at nine forty-five.

Miss Velma Noll is also unable to come back this fall. She is attending high school at Strathmore, California.

### "Save and Have"

OF LAVERNE

"Your Personal Bank"

### GYMS' COMING!

The Student Body have been waiting a long time for their prospective gymnasium. Due to the many formalities, such as the closing of the streets, there has been some delay. This matter has now been decided by the City Council in favor of the proposed closing. The architect has the plans drawn, and the estimates are being prepared by a contractor, so that it will be possible to start the actual building operations very soon.

The proposed building will provide ample room for gymnasium work, for dressing rooms, showers and lockers. In addition, this building will take care of another need of the school—

### Good Proverbs

### Depositors

"It is a Long Lane that has No Turning." Kindly note that the turn in the lane that leads to success is just in front of our bank.

"Money makes the Mare go." We will stable the money if you will stable the mare.

The Farmers & Merchants Bank  
OF LAVERNE, CAL.

that of an adequate auditorium and stage. The stage will be located in one end of the main room, with dressing rooms at the sides. The dressing rooms and showers for the gymnasium are located beneath the stage.

We, as students, are all anxious to see this building completed, so let us help in whatever way we can. It will mean a greater La Verne College, the goal for which we are striving.

### HERE AND THERE

The Forney sisters, Grace and Lois, will attend North Manchester College this winter. We hope they were as reluctant to leave La Verne as we were to let them go.

We miss several of the older college students, on whom we have learned to depend as leaders in various lines. Estella Landis, Ernest Root and John Rhodes will be back for the second semester, and also several students in the Academy.

One of our losses which is deeply felt this year is that of the Minnich sisters, who have gone to their new home in the east. Hazel will teach in the high school at Virden, Ill., and Modena, otherwise "Dena" will take College Freshman work at North Manchester College, where she will also assist in teaching music. It is hoped by every one in general and a few in particular that she will be back at La Verne next year.

Another student whom we all loved, and whose sunny smile is missing, is Miss Olive Deardorff. She is attending high school at Patterson, Calif.

## SCHOOL YEAR OPENS

We are at the opening of another school year. The halls of the College fairly ring with laughter and happy voices. We older students are glad to get back and see all our old friends, and we are more than glad to welcome among our midst those who have joined our ranks as students of La Verne College for the first time.

Our buildings and our campus are not as attractive nor as convenient as they might be, or, perhaps, as many of the new students expected them to be. Yet, we older students are drawn back to this College, not because of the buildings and campus, but because of the pervading religious atmosphere and the Christian influence we receive.

Most of us have come from widely separated places, and have been subjected to distinctly different environments. Our paths have been far apart, and there seems to be an impassible gulf between. But this gulf is passible, and it is up to each and every one of us to build a bridge over the gap; to fit ourselves into our environment and to become one in body, mind and spirit. Each must bring his best ideals and incorporate them into the ideals of our College.

When we have completed our course at La Verne, most of us will expect to go away with a broader viewpoint, a deeper inspiration and a better understanding of life than we had when we entered. But listen; we cannot draw money from the bank unless we have deposited money into that bank. Neither can we expect to leave the ranks of the College with a store-house of knowledge and experience, unless we have deposited our best in that College.

Students, let us begin right now to make our deposit, to contribute our bit to make this year the best ever.

## INDIVIDUAL RESPONSIBILITY

If we want a real active Student Body this year, each of us must first be a real active student. Each one has a certain task to perform which cannot be done by another. Will we do this work, or will it be left undone? Our Commissioners were not elected to their position to do the work which rightfully rests on our shoulders. Let us get behind them and help them. Let us realize that it is just as essential to the welfare of our Student Body and reveals just as much real school spirit to take an active and interested part in the Student Body meetings as to occupy the front ranks of a cheering squad at a football game. Oftimes we think some one else can perform a certain task far better than we can. Of course, he can if we have never tried, but why not try and become a Shakespeare or a Lincoln.

## COMMISSION NOTES

President Funderburgh has granted to the Commission for their special use room No. 11 on the second floor of the Administration Building.

The Commissioners have been working all summer on their respective tasks, and are well organized. All activities have been started quickly and without friction.

John Rhodes, Commissioner of Finance, has not yet appeared to direct the work of his department, but his arrival is expected daily. Meanwhile he has authorized the Commissioner of Debating to care for his work until he comes.

The Student Body has authorized the members of the Commission to appoint someone to act as Commissioner of Student Welfare until Herman Moomaw shall arrive.

The Commission advises all students to get their Student Body tickets signed without further delay.

The Commissioner of Finance is negotiating with the administration terms upon which to take over and operate the bookroom. Mr. Rhodes plans on introducing as a side line, a stock of athletic goods. All profits will be placed in the Student Body treasury.

The Administration has granted to

the Commission the use of the Friday chapel hour for the working out of Student Body problems.

### —WHY WE ARE LATE—

Although the paper is a few days late, we hope it will nevertheless find a welcome. Our editor-in-chief and her staff have had their material ready for several days, but have been unable to use it on account of the delay in securing enough advertising to make it possible to publish the paper.

It became necessary during the second week of school to appoint a new Business Manager, so the work was delayed on that account, but now, since Mr. Harper is on the job, all is going well, for he is working day and night, and is literally extracting ads from many of his unwilling victims.

J. W. FOX,  
Commissioner of Publications.

### Definition of the Departments of the Campus Times

A department to which 1% contribute and 99% criticize. Which class are you in?

Little acts of mischief,  
Little words of sass,  
All put in together,

Make up the Freshman class.

## SCHOOL MEN "MUST DWELL ON MORAL TRAINING AND THE BUILDING OF CHARACTER"

A plea for greater emphasis on the fundamentals and greater attention to moral training was voiced by Will C. Wood, State Superintendent of Public Instruction, in his opening address delivered at the State Convention of County and City Superintendents of schools:

"The faith of the people of California in education as a saving and conserving factor has been manifested fully during the last ten years," said Superintendent Wood. "This state supports its schools more liberally than any other state in the Union. In consequence our school system is more fully developed than that of any other state. To justify this support and faith, the schools must render better and fuller service. The greatest needs of the world today are for more sound wisdom and more common honesty. Our schools are not contributing as they should to the development of sound wisdom. Too many of the present generation are inclined to turn their backs upon the past, casting into the discard history, classic literature and other studies that bear witness to the triumph of the spirit.

"They are inclined or led to believe that wisdom is to be sought in the hectic activities of the hour, with no thought of our debt to the past. Among our young people the feeling is too frequently expressed that 'we are the people and wisdom was born with us.'

"We cannot break the chains that link us with the past without risking disaster. While our young people should devote a reasonable share of their time to the new subjects, they must not be permitted to neglect the old, lest our civilization find itself adrift. Especially should we dwell upon moral training and the building of character. The wave of crime is about us, the growing disregard of law, the orgies that shock decent citizens are due largely to the passions unloosed during the war. These passions must be shackled if civilization is to survive. It is to the schools and the homes that we must look for the moral training necessary to insure the future safety of America."

## THE PRICE OF SUCCESS

From an unknown author comes the all-important question to every seeker of Success:

You want success. Are you willing to pay the price for it?

How much discouragement can you stand?

How much bruising can you take?

How long can you hang on in the face of obstacles?

Have you the grit to try to do what others have failed to do?

Have you the nerve to attempt things that the average man would never dream of tackling?

Have you the persistence to keep on trying after repeated failures?

Can you cut out luxuries? Can you do without things that others consider necessities?

Can you go up against scepticism, ridicule, friendly advice to quit without flinching?

Can you keep your mind steadily on the single object you are pursuing, resisting all temptations to divide your attention?

Have you the patience to plan all the work you attempt; the energy to wade thru masses of detail; the accuracy to overlook no point, however small, in planning or executing?

Are you strong to finish as well as quick to start?

Success is sold in the open market. You can buy it. I can buy it. Any man can buy it who is willing to pay the price.

His arms were both in bandages,  
His legs were on the blink,  
His eyes were bruised and blackened,  
So he could hardly wink.  
A shattered battleship he seemed—  
But at a closer glance,  
He looked more like a soldier  
Who'd fought "somewhere in France"

The place of shell and awful smells.  
"Oh, no," he said when I asked him  
What caused his shattered frame,  
"It wasn't shell and awful smells  
That made me lank and lame;  
I got these bumps and bruises  
In the Montebello football game!"

## IZZY NEWSEY

Dear Sam:  
Well, I'm just about settled at last. I've dropped all the subjects I had decided to take three times, but now I think my course is established once for all. Everything's going on at a full speed. I think I'll like it better, though, after I get more acquainted with the ways and customs of the school.

It surely is fierce, though, to think you have to learn everything by the trial and error method, but mostly by the error method, but I'm catching on fast. Of course, I pulled several pure "boneheads." I'll tell them to you, Sam, if you'll never tell. I'd hate like everything to have them come back to this school, because I don't think everybody has heard about them yet, and I hate to spread things.

I'll begin with the tame ones first. I kept the first plate served in the dining hall until the head of the table kindly asked me to pass it on. Honest, Sam, this sounds mild, but if you had seen all of those girls looking at you the way I did, your face would be burning yet. Then I called Dr. Hoover Mr., right to his face. Oh, it was surely awful how I felt, but not quite so miserable as the ones I pulled. All of these are tame so far, but just wait!

Then another humiliating one was in the President's office. The business manager had some candy that they had got because they paid the bill at the grocery store and sent Bob the groceryman a special delivery telling him he owed it to him. (I didn't know professors liked candy so much.) Well, they were laughing over it, and when I came in they passed it over to me. I started to take a piece, but finally drew my hand up to scratch my head, because they were just showing it to me. Well, this is calm to tell, but really, Sam, I felt like the "pre-war prices."

Now, honest, Sam, if you'll open your heart up and not squeal on me, I will tell you that one most awful one. I feel like a sunburnt potato every time I think of it. I went over to the girls' dormitory to make a date and had said the girl's name over at least a dozen times before I rang the bell, but when the matron appeared, I clear forgot everything.

I stammered and stumbled around, swallowed hard, then asked her what time they served breakfast! Well, I haven't tried it since, but as I said before, I'm learning fast.

I got in with some good kids, and they showed me how to make my foot go to sleep in class so I could appear serious, and where to park my gum in safety and everything.

Good-bye, Sam, I needs must study,  
IZZY NEWSEY.

"Patronize our Advertisers."

A German couple were much given to quarreling. One day after a particularly unpleasant scene the wife remarked with a sigh:

"Vell, I vish I vas in heafen!"  
"Ach, ya!" cried he; "always you pick out for yourself der best."

## SOCIETY

### WATERMELON FEED

Great excitement prevailed on the College campus Saturday night, September 17, when fifty or more students gathered together for a social evening. "Watermelon feed" we might call it, for watermelons donated by Mr. and Mrs. J. L. Miller "took the eye" of most of those present.

Many games were played, such as "policeman," and "pump, pump, pull away," which brought back glad memories of those younger days.

### COLLEGE FRESHMEN INITIATED

On one day last week the Freshmen children were greatly excited and important. They had just received a cute little invitation all decorated with dolls and balloons, which read:—

"Dear Freshmuns— We're gona have a party and we want you to come if you're teacher'll let you. It'll be next Thursday night at Maurine's house at 7 o'clock, and we're all going to wear our best suits and dresses. Be sure and come, cause we'll have fun."

### The Junior Boys and Girls

The wee (?) ones arrived promptly, properly armed with dolls, suckers and whistles, and dressed in their very best party clothes. However, the Junior boys and girls did not appear, but in their place several matronly ladies and kindly preachers appeared to take charge of the children.

Four different groups were separ-

ated and progressive games followed. Each group played a certain game in each room for fifteen minutes, and then passed on to the next room.

It is true that things did not go smoothly all the time, for several of the boys refused to join hands with the girls in the circle, insisting that they didn't like girls anyhow, but they seemed to enjoy themselves, nevertheless.

After several games, bowls of milk and toast were served, and the progressive games continued. Some of the smaller tots, such as Russel Grossnickle, Paul Throne and Cecil Brower were constantly getting their feelings hurt and their toes stepped on, but due to the kindly interference of the Juniors, the little ones had a charming time.

About nine o'clock all gathered on the big porch for final refreshments, which consisted of lemonade and jelly tarts. Then a sweet, motherly Junior announced that they were each going to receive a nice present to take home with them, and wear the next day to school, so everyone would know they had been to a party.

Then each one was presented with a cereal teething ring, or "Baby Educator." The proud display of these rings the next day showed that they were highly appreciated by the children, and it was quite a common request among the upper classmen to have a "chew" on a Freshy's teething ring.

## KOLLEGE KNEWS

The school year was started right with a feed at the dorm, in order to give the new students the impression that this fair land is flowing with milk and honey—to be more literal, perhaps—watermelons. Monday evening the dormitory students, plus a few outsiders who find such occasions interesting, gathered in front of the Ladies' Hall and enjoyed games and watermelon. The next morning the steps and walks testified to a good time.

Dr. Miller nearly caused a riot on several occasions when he first appeared among the students. It was quite evident that a part of his natural physiognomy was mission. Several students suggested that his teeth had been pulled, others thought maybe he was getting fat, and at last the bitter truth dawned on one and all. His whiskers are no more.

Mrs. Barbara Culley, from Washington, is now with us as matron in the Ladies' Home. We wish her the best success in caring for the tender little lambs.

Mrs. Elliott Thomas visited school last Saturday. She will take work at U. S. C. this winter, while Mr. Thomas is teaching in Burbank.

"Patronize our advertisers."

Miss Loleta Noll became the bride of Mr. Fay Robertson of Strathmore, September 16th. The wedding took place at the Noll home near Strathmore. Mrs. Robertson was formerly a member of the class of '22.

Mr. Jess Frantz is another late arrival at the college. We are always glad to welcome our old students' return.

Ruth Emley has been installed as assistant cook this year. It might be well to get into the good graces of Miss Ruth, ye hungry ones.

"Patronize our advertisers."

Pres. I. V. Funderburgh and Dr. S. J. Miller left Friday evening for Elgin, Illinois, to attend a meeting of the Joint Boards.

Among the older students who arrived this week are Royal Ott, Otis Brooks and George King. Better late than never, boys.

The funeral of Cecil Bailey, former La Verne student, was held in the Church of the Brethren Sunday, Sept. 25th. Pastor R. H. Miller conducted the services. The students extend their sympathy to the bereaved parents and sisters, Anna and Pearl.

"Patronize our advertisers."

Mr. Russell Kleipenger and wife, formerly Audrey Brookshier, visited friends at L. V. C. Friday, Sept. 23. The bride and groom were former students of L. V. C.

Last Monday evening Girls' Devotional was held for the first time this school year. Mrs. Cutley spoke to the girls, and a vocal duet was rendered by Beulah Noll and Martha Brubaker.

### FOOTBALL FIELD BEING PUT IN A-1 CONDITION

Too much praise cannot be given to the men who are donating their time and equipment to put the L. V. C. athletic field in shape. Those who are responsible for this work are: Mr. Beckner, College Business Manager; Mr. Smith, Mr. Dresher, Mr. L. B. MacDonald, and John Brooks. The Student Body appreciate the interest they have shown in the College.

## Hark! All Ye People

## The Ten Commandments

1. Thou shalt not make gods or goddesses of thy teachers.
2. Thou shalt not make for thyself or for thy neighbors about thee, a graven pony by which thou mayest ride over the river Flunkism.
3. Remember the Sabbath day when thou translatest Latin.
4. Honor thy father and mother by a liberal demand for cash, so thou shalt dwell in peace when thy debts are paid.

5. Thou shalt not get funny when a teacher saith, "Get thee hence out of the hall."

6. Forget thou not thy monthly quizzes, or everlasting reproach shall be heaped upon thy head.

7. Thou shalt not kill time in the study hall.

8. Thou shalt not swipe they neighbor's pencils.

9. Thou shalt not bear false witness when called to the front.

10. Thou shalt not covet thy neighbor's pony, nor his best girl, nor a Senior's cap and gown, nor a Senior's pin.

## Fit Footwear for All Occasions

When at home—or at a dance, a theater party, an essential part of appropriate attire is one's footwear.

## Constitution for Student Government

### Preamble

We, the students of La Verne College, in establishing a form of Student Government, in order to uphold the honor and good name of our College, to encourage mental and moral integrity in all our school activities, and to develop a greater spirit of loyalty and solidarity and a larger co-operation in promoting our common welfare, do adopt this constitution.

### Article I.—Council

Sec. 1. There shall be a council, composed of the presidents of the eight classes, together with another

## ATHLETICS

### FOOTBALL HITS LA VERNE COACH TO HAVE LIGHT SQUAD

La Verne College is beginning to come to itself at last. It makes one of the biggest strides in advancement this year with the coming of football. The squad that Coach Arnett has to work with will be very light. The average will be somewhere around 145 pounds. The game is new to most of the men, which is, of course, quite a handicap, but they hope to overcome these difficulties by pep and enthusiasm.

Price at fullback, and Welch at right half presents a speedy combination. Left half position is open for a speedy man. Quarter is held down by Ray Root. Their hopes for this year lie in speed.

On the line Grossnickle is pulling at center with promise of making good. Throne and Byrl Harper at guards take a big space to plant themselves. Right tackle is being neatly handled by Betts, our latest acquisition from Pasadena. Beckner and Hepner are working very nicely at ends. With men like Netzley, Chase Harper, Roynon, Dutch Brubaker, E. Landis, Smith and Marshburn to draw from, the field is very promising.

The squad has been running through light signal practice, awaiting the arrival of the football equipment. Before long they will begin heavy work, and then watch the dust fly!

member from each class, elected by the class.

Sec. 2. Each class shall be represented by one boy and one girl.

Sec. 3. In case the president of the class is a commissioner, another member of the class shall be elected to serve on the council.

Sec. 4. The chairman of the council shall be elected by the council, from its membership, and shall have power to call and to preside over all meetings.

### Article II.

Sec. 1. The council being equally composed of boys and girls, shall be divided into two sub-councils, one of which shall be composed of boys alone and shall have jurisdiction over the affairs pertaining strictly to the boys; and the other shall be composed of girls alone, and shall have jurisdiction over the affairs pertaining strictly to the girls.

Sec. 2. All matters found by either council to be pertaining to the welfare of the student body or school as a whole, shall be referred to the general council for consideration and action.

### Article III.—Advisory Board

Sec. 1. An advisory board, consisting of the Matron, Supervisor of Men and a member of the Faculty, shall be provided.

Sec. 2. The Faculty member shall be elected by the council, from a group of several Faculty members recommended by the President of the College.

Sec. 3. Any member of this board shall have the right to present any matter to the council, but shall not be present during the voting.

### Article IV.

Sec. 1. The Commissioner of Student Welfare shall be permitted to attend any and all meetings of the general council and his or her respective sub-council and shall have the right to join in discussion, but shall not be permitted to vote.

### Article V.—Duties of the Council

Sec. 1. The main council shall formulate all general rules and regulations of conduct and shall present them to the student body for ratification.

### GIRLS' GYM ORGANIZED

For the first time in the history of the school, physical training has been scheduled for all the girls. Heretofore, girls' athletics included only a few, with no regular supervised training for the others. Marie Woody Brubaker has charge of this department. In spite of the fact that the long-promised gymnasium is not yet begun, the girls are starting with a great deal of enthusiasm.

The gym classes seem to be the largest, although a great many have enrolled for basket ball, hiking, tennis, and indoor baseball. Four gym classes have been organized and are now meeting regularly in the auditorium. It isn't exactly the easiest thing to dismantle that large room and put it in order each time for the classes, but everyone works cheerfully in view of a future gym.

Mrs. Brubaker has the enthusiasm and pep of an old student, and is very ably organizing and directing her work.

Here's for success to the girls' athletics and their new instructor.

### BASKETBALL

The Academy Basket Ball squad looks like a championship contender this year. Although several "letter" men of last year graduated, the new men are filling the vacancies in good shape. With Neher and Bohn in center; Urbin Hartman, Otis Brooks, Root and Glen Kreps at the forward positions, and Emley, Dickey, King and Brubaker as guards, it looks as if the rest of the league teams will have to wake up if they keep the cup from our boys.

Coach Arnett's time is much taken up at present with College football, but in a few days he will divide his time between Basket Ball and Football.

Academy students, it is up to you to support your team and help them do their best. Remember the old time fight, and hold up the orange and green. What do you say?

Sec. 2. The main council shall have the power to enforce its rules and regulations and to administer discipline, except as hereinafter provided.

Sec. 3. The council shall have the power to legislate and enforce all rules, as above provided, and shall have the power to administer all discipline except to the extent of expulsion or suspension, which cases shall be referred to the Faculty with the recommendation of the council.

Sec. 4. The sub-councils shall formulate all specific rules for the government of the respective student bodies, and shall present their rules to their respective student bodies for ratification.

Sec. 5. The two sub-councils shall have power to enforce the rules pertaining to their respective student bodies. The students shall have the right of appeal from the decisions of the sub-councils to the respective student bodies.

Sec. 6. All rules and regulations shall be passed by either the main or sub-councils by a two-thirds majority of the membership.

Sec. 7. All rules and regulations passed by either council shall be ratified by a two-thirds majority of the respective student bodies.

Sec. 8. All voting shall be done in a closed meeting.

Sec. 9. All members of the council shall be subject only to the council for their conduct during session.

Sec. 10. The council shall provide a secretary who shall keep a journal.

### Article VI.

Sec. 1. The student shall have the right of appeal from the decisions of the council, to the student body.

Sec. 2. The student shall be placed upon his own honor and his word accepted, unless facts should arise which prove that he has willfully misrepresented the truth; the case shall then be dealt with severely.

Sec. 3.—Initiative: Any student may initiate any measure concerning conduct by filing with the chairman of the council a petition of twenty names, to be presented before the student body at least one day previous to the vote. Three-fourth majority shall be required to pass an initiative measure.

## ALUMNI

As students again frequent the halls of L. V. C. for another school year, they miss many of the faces of other years. The fall months find members of the class of '21 widely separated. However, a goodly remnant is left in and near La Verne, while a few are adding their talents to the faculty of L. V. C.

Pauline Miller is now putting in full time as piano instructor at L. V. C.

Marie Woody Brubaker, after taking a summer course at the University of Southern California, has accepted the position of Physical Director of Women at L. V. C. She is also librarian.

A number of others of the class have entered the teaching profession. Hazel Minnich, now of Virden, Illinois, is instructor of mathematics and general science in the high school of that city. Naomi Harshbarger has taken the position as teacher of the first four grammar school grades in a school ten miles from her home in Lindsay.

Elliott B. Thomas and wife have moved to Burbank, California, and Mr. Thomas has charge of the manual training department in the grammar school there. George Hollenberg is in North Manchester College, where he is doing teaching along with his pursuit of graduate work.

Mr. and Mrs. Albert Brubaker spent the summer in San Dimas, California, but have now journeyed to Chicago, Illinois, where they intend to continue study in Bethany Bible School.

Since the closing of college, Florence Julius has been busy as stenographer. She is now employed in a lawyer's office in Modesto, California.

Truman Funderburgh was assisting during the summer months in the Farmers and Merchants Bank of La Verne. At present he is working in the filing department in the office of the County Clerk, Hall of Records, Los Angeles, California.

Mrs. Harper W. Frantz is applying her skill at the fine art of housekeeping, and is dividing her time between culinary duties and the entertaining of friends.

It seems impossible to separate the Pasadena men. David Bomberger and Welty Lefever are taking graduate work at the University of Southern California. Each hopes to take his M. A. there in the spring, Mr. Bomberger in the field of sociology and Mr. Lefever from the educational department.
