\$150,000.00 -- IT'S COMING!

CAMPAIGN ON IN EARNEST

The Students

The students are pretty hard to beat when it comes to boosting for the building campaign. They have talked and thought and planned and written "new building" until one is bound to materialize.

In the first place, they have come across splendidly with their money. There are not many students who are "rolling in wealth," even though they do roll in health. Nevertheless, they have dug down to rock bottom and brought up a fine offering of over thirty-five hundred dollars. Whenever you see the orange and green "Let's go" on someone's lapel or necktie, you know that the person underneath has given, probably until it hurts.

Then too, the students have proved very efficient in the use of lungs and automobile horns. Long processions of cars heaped with boys and girls and megaphones wound through the town every other day of the past week, to let the people know what is up—and they have found out.

In their usual loyal way, the faculty, one hundred per-cent strong, answered the call and, digging deep, added over four thousand dollars to the building fund.

"Dutch and Marie"

Before the campaign had officially started, a gift of \$25.00 for the building fund was received from Mr. and Mrs. Leland Brubaker, college alumni, who are now missionaries in Peking, China.

The Alumni

The College Alumni are now busy getting in touch with all graduates of the college, and a fine response is awaited from this source.

The Citizens of LaVerne

Teams for the purpose of soliciting funds which were organized and assigned definite work by the Chamber of Commerce have been executing their tasks vigorously and successfully during the past week in La Verne. \$32,000.00 of the \$150,000.00 which are to be raised have been subscribed by the students, faculty, and citizens. The citizens of LaVerne are to be commended for their loyalty in the support of this movement, since a large percent of those who are capable have contributed to the fund. President Studebaker announces that during his many years of experience in school work he has never seen a finer spirit of co-operation than that of the residents of La Verne.

With a similar attitude on the part

PHYSIOLOGY CLASS VISITS SLAUGHTER HOUSE

The Academy Physiology class under the leadership of Professor Sargent went to the Pomona slaughter house Monday morning and Tuesday afternoon. Prof. Sargent expected to see several of his pupils faint. Nevertheless, all withstood the sights and were ready to return the next day.

The slaughtering process was very interesting to the class as they observed it from the beginning until the meat was ready to be sold to the public. The class was very fortunate in seeing a tubercular cow, as not many tubercular cows are taken there. The things that interested the class most were the cleanliness of the building, and the ability of the men to handle the knives.

CLARION FOUR

The "Clarion Four" of LaVerne College is one of the greatest successes of the year and is the pride of the students. By reason of its many successful appearances in public it has given wide publicity to the college and is really the acme of the year's productions.

This has been a year of big progress in athletics, enlargement programs, scholastic standings, and things in general, but the "Clarion Four" has outstepped them all. It has grown from the local pride, "The Bingo Quartet," to be the pride of Southern California in the minds of those who have heard it.

This quartet produced the best

"THE DREAM THAT CAME TRUE"

"The Dream That Came True" was a pageant play given by the Student Volunteers, April 14th in the college auditorium. The curtain was raised to an over-flowing audience that pronounced the play a success in every way.

The story was that of a selfish, hard life, which was touched by the appeal of a consecrated friend and the innocent questions of a dear little daughter. Conviction of sin was sent home by means of a dream, which was portrayed very impressively by the characters of the pageant. The audience was gripped by the lesson portrayed as well as by the beauty of the performance.

A silver offering was taken which was used for the expenses of the Student Volunteers.

NEW COMMISSION ELECTED

After a rousing three day campaign headed by some peppy speeches from the campaign managers, and with a little private electioneering in evidence, the student body settled down and acted wisely, resulting in the election of five brand new commissioners.

The newly elected who will fill the honored positions next year are: Dale Glick, commissioner of athletics; Lloyd Emmert, commissioner of Publications; Madie Royer, commissioner of Forensics; Lola Shirk, commissioner of Student Welfare; and Wilbur Hoke, commissioner of Finance.

Immediately following the election the commission met and organized, making Wilbur Hoke the chairman of the commission and Madie Royer the secretary.

The commissioners are well qualified for their positions by reason of past experience in their various lines. Dale Glick has been a football star for two years and has been captain of the baseball team for the same length of time. He is an all-round athlete and is one of the best-liked fellows in school.

Although an underclassman, Lloyd Emmert has shown quite an interest in publications and did some very creditable work on the Orange Blossom staff this year.

Madie Royer is one of the best silver-tongued orators of the weaker sex. For the past three years she has been on the Woman's Debating team, and she certainly knows her stuff.

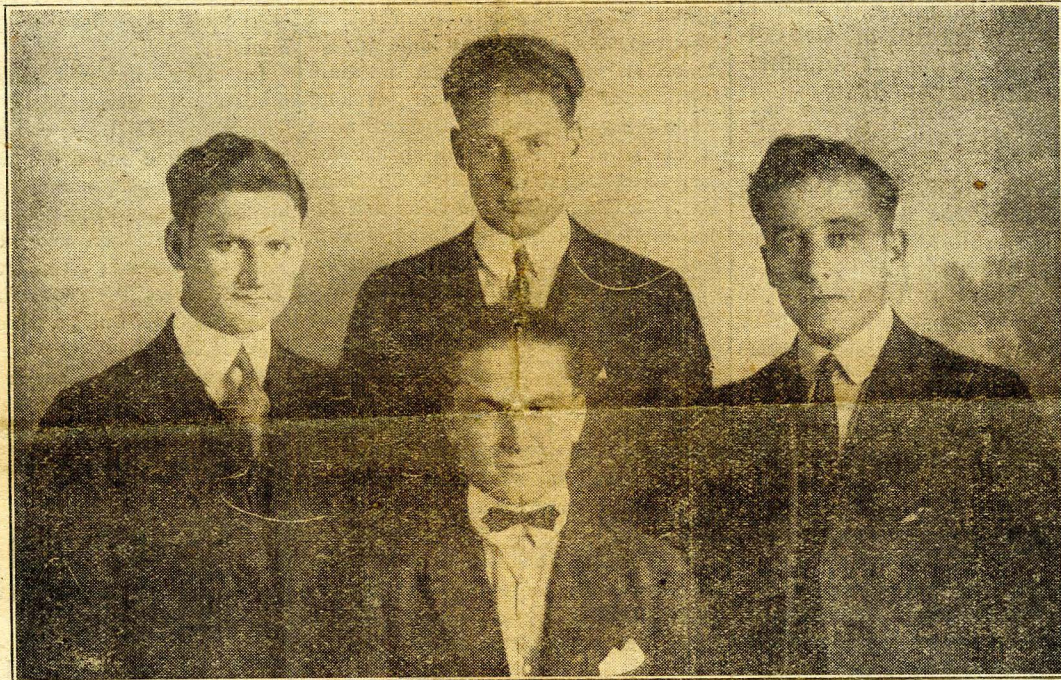

Lola Shirk, one of the snappiest and most initiative girls in school, has been on the Y. W. staff for two years and gained valuable experience there which will be a great help to her next year. She is a real expert in directing parties and social gatherings.

Wilbur Hoke is classed among the most successful "nickel jinglers" in school. From his ability the students are beginning to suspect that he claims some relation to Abraham, Isaac, and Jacob. He has convincingly showed his ability in the splendid way he put across the Orange Blossom for the past two years.

The students are justly proud of their commissioners and have faith that they will work together and accomplish great things next year.

Lloyd Emmert—The fact that woman was made out of bone explains why her heart is so hard.

Sing songs about the campaign!

MR. AND MRS. "DUTCH" AND MINEVA

Tuesday morning, April 14th, Leland and Marie Brubaker and Mineva Neher attended chapel at LaVerne College. At least, they were present in spirit and when President Studebaker read their letters it seemed that they were truly here. Leland's voice could be heard speaking every word, while Marie and Mineva smiled their approval. Even though they are learning a new language, they have not forgotten their usual charming English chatter. It is said however, that some very amazing blunders have been made in their efforts to speak perfect Chinese.

While the letter was being read everyone sat in breathless expectation, meanwhile wondering what might be concealed under the cover on the library table. Soon were revealed eighteen beautiful carvings representing miniature life studies of Chinese occupations. These miniatures will occupy a very important place in decorating the new administration building.

But there was still another surprise—one that proved that Leland, Marie and Mineva still have their old LaVerne spirit and love for they sent \$25 for the new administration building. Their contribution was the first money received for the campaign fund. Students and friends, consider giving \$25 from a missionary's meagre salary. What a challenge to us! The students and faculty will always have warm spots in their hearts for their missionary alumni.

harmony of any quartet that has entered the K. H. J. Radio Studio, and was the "best in the south" that had sung before a certain high-class church audience. The "Clarions" met their greatest success when they were invited to take the place of a well-known quartet at the annual Christian Endeavor Convention of Los Angeles County at Pasadena last week-end. Besides making a wonderful hit, they secured several prospective programs.

To date, the "Clarions" have rendered two full programs. The first was given at the home church on April 15th, and the second was given at the Glendora M. E. Church on the following evening. Since the fellows are using contributions which they receive to go through college and are giving at least a tithe to the building fund, no one can grudge the

Continued on Page Three

FACTS ARE FACTS

1. X stands for Xenium, which is a present.
2. Y is for you, which is a direct object.
3. Z is for zest, which is keen enjoyment.

Put them all together and you have "X Y Z." Consider their relative values in combination and receive these facts: "X Y Z present you keen enjoyment."

Here a few conditions must be inserted to link the problem up with LaVerne College and the gate receipts. The X Y Z's are an organization; the present is an evening of entertainment; and the enjoyment is what that evening of entertainment will contain.

The solution is reached. The rest is all on the side. Take your date book and make a few marks the equivalent to these:

Friday, May 1st—X Y Z program at the College, 8:00 p. m. Can't miss it!

Now for further elucidation, here are a few pointers about this program. Remember about a year ago, when a certain like program was given by the same group? Remember the Harry Lauder impersonations by "Happy" and the songs by the "Bingo-goes," and the play, "The Complicated What-Nots"? Sure, this one will be just as good. The Bingo quartet will not be around but the Clarion Four will. Happy will be there, too. Ditto, the play, plus a lot of new talent. Why won't it be even better?

All right, don't forget the date book.

THE NEW ADMINISTRATION BUILDING

The attention of the school is now centered upon the building campaign for the new Administration Building. The students gave the campaign a good start by subscribing over \$3,500. and the faculty subscribed about \$4,000. They are back of it with their whole-hearted support, both in time and money and will do everything possible to further the campaign.

The students and faculty will be those primarily benefited by the new building, but the town and constituency are more or less directly benefited and will do well to give the campaign their whole-hearted support.

Instead of having the old administration building, which is a fire trap and an eye-sore, the Church of the Brethren, the college, and the town will have a beautiful new efficient administration building which will be a credit to all concerned.

THE LAST LAP

Now that the school year is nearing its close, the students are buckling down for the last lap. Some will finish with a flourish, some will keep on in their steady plodding way, and some will just barely pull through.

The Seniors are beginning to plan definitely for the work for which they have been preparing through all of these years. Their goal is almost reached, they have had a splendid Christian education and training, and they are now planning to launch out on their life work.

After all "papers" and "exams" are over may we all be able to say, "I have fought a good fight, I have finished the course, and now for a good vacation."

THE NEW COMMISSION

We students have shown our faith in the new commission by electing them, now let's support them in a bigger way by backing them to the limit. We all make mistakes and commissioners are not infallible, but let's show our loyalty by co-operating through "thick and thin." We believe in L. V. C., we believe in the commission, and we believe in the student body. What more could be desired? Let's all co-operate with the commission and look forward to a bigger and better LaVerne College. Let' go!! LaVerne!!!
D. W.

BOOSTER MEETING FOR NEW BUILDING

With Bob Williams as chairman, no booster meeting could be a failure—and the Building Campaign Booster Meeting for the college was no exception. With a few peppy jokes to start things off, "Bob" introduced Mr. Paige, president of Pomona's Chamber of Commerce and leader of all civic improvement campaigns. He gave LaVerne the full assurance of cooperation in the forward look of the college, and in all steps for improvement.

Principal Randall of Bonita and Principal Sparks of LaVerne Grammar School, both gave their promise of cooperation, and their opinion as to a bright intellectual outlook for the college.

Mr. Romick, an old time resident, commended LaVerne in her forward movements, and the college especially in her step towards a greater field of service.

Our Coach, Dr. Arnett, gave his reasons for a Christian College and cheered her on in her stand for the bringing back to real living the ideals of Christ.

President Studebaker thrilled all present when he threw on the screen the picture of the prospective administration building. May his dream come true.

Punch very appropriately ended the evening of booster talks. All realized as never before the reality of the new building. Let's go!

MOTHERS' AND DAUGHTERS' BANQUET

The Mother's and Daughter's banquet, one of the biggest events of the year, was held in the college gymnasium April 17th. The women and girls of the whole community co-operated in a wonderful way to make the banquet a success.

Mrs. B. S. Haugh as toastmistress held the interest to the thought of Mothers and Daughters.

Miss Viola Neher gave a toast to the mothers and Mrs. E. R. Blickenstaff answered with one to the daughters.

Miss Margaret Arbuthnot gave a splendid reading of the revolt against punishment, from the child's of view. Miss Dorothy Williams rendered several splendid violin selections.

The speaker of the evening, Dr. Raymond Brooks of Pomona College, gave an address on the place of woman in the scale of civilization.

Music and a candle lighting service impressively closed the evening. After the candle lighting service all joined hands in singing, "Blest Be the Tie That Binds," which made all seem closer friends.

CAMPAIGN ON IN EARNEST

Continued from First Page

of the constituency of the LaVerne college in other sections of the Pacific coast there is every reason to believe that the new building will be under construction within the next several weeks.

CHAPEL CHIMES

Paul followed the light as he discovered it; he was wide open for truth. It takes manhood to break from friends, family and sect to live the truth which you have discovered.

Paul was a man of tremendous conviction and was big enough to stand ridicule in the face of authorities.

It's easy to cut a man to the core, but it's hard to apologize when you've discovered you've said something that would have been better left unsaid.

It's no disgrace to use the material of another man or woman providing you give them credit for it.

There are problems in life where the line is very indistinct.

If you're going to be free, you must get away from the boundary line. Get on one side or the other.

We need men and women everywhere who have a margin.

A man is either honest or dishonest, pure or impure in the sight of God.

Christianity requires that we do what the law requires and more.
Dr. Palmer.

Progress is a function of time.
Unless man progresses he is no longer a man.

If progress is to be progress it must be of a nature that it will result in more progress.
—Prof.Brandt.

Y. M. C. A. LEADERS CONFERENCE

The Y. M. C. A. leaders' conference which was held at the Pacific Palisades on April 18 and 19th are well attended by the Y. M. C. A. officers of the Southern California colleges. Those in charge of the conference should be highly complimented in making it so grand a success.

The program included the production of the "Iron Horse" at the Egyptian Theatre in Hollywood, a luncheon at the Hollywood Athletic Club and the conference proper at the Palisades. "Dad" Elliot, a graduate of Northwestern University and an old American football star, was the main speaker of the conference. Among other things he spoke on the real need of Christian men who will spread the correct environment by their Christian lives, the industrial conditions and educational awakening in China, Japan, Korea and other places, America's part in international relations, and Christianity vs. paganism as the ruler of lives. It takes a man with a character and a life lived so intense in Christian service as "Dad" is living to present a challenge which moves Christian men into greater things of life, to stand for Christian principles in place of conforming to the mob and crowd.

Those from LaVerne who attended the conference were: Dwight Welch, Lloyd Emmert, Harvey Emley, Wilbur Hoke and Lloyd Studebaker.

STUDENT VOLUNTEERS ELECT OFFICERS

On Tuesday night, April 21st, the Student Volunteers met and elected the following officers for next year:

- President—Howard Hoff.
- Vice-President—Ruth Emley.
- Secretary—Nellie Hynton.
- Treasurer—Marden Stifler.

Practical Service—Gladys Larimer. The Student Volunteers have just had a very profitable year and are planning on a still greater service next year. They have always cooperated with the Y. W. and Y. M. and hope to cooperate more fully next year.

ATHLETES BETTER REWARDED

At the last Student Body Chapel, an important petition was presented to the students. This came from the students and was passed unanimously with little discussion. The summary of the petition was this: Any athlete who has earned three letters in any sport will be presented with a sweater in his senior year. If an athlete makes three letters in more than one sport, he is privileged to choose which sport shall be recognized on the sweater with that sport emblem.

This is another step toward conference standards in athletics. It is to pay the athlete more for their struggles and accomplishments than simply a "letter" would do. The project is not as complete and as satisfactory as it might be, but the students felt that the out-going seniors who are qualified for this recognition should not be cheated by procrastinating for the final and entirely satisfactory solution.

Adm. building—everybody doing it.

CHALLENGE YOUNG MEN

Influential experienced Christian ministers are needed everywhere, but especially in the Church of the Brethren. The Church has them, but some are not willing to make the sacrifice of pioneering or even of working in an old field that has not run smoothly.

The ministers are not the only ones to blame for the dearth of ministers. Our Churches are not willing to accept an unexperienced young minister who has used his time, energy and funds to train himself to work in his own church, therefore he must seek work elsewhere or give up the ministry.

In order that we may keep our ministers in our church, there must be a readjustment of conditions. The young people must be more patient with the old people and the old people must give the young people an opportunity to test their new ideas. Unless young people are given an opportunity to express their own individuality at home, they will go where they can express it.

Members of the Church of the Brethren, let's work together to make our church Christ's church.

VERY PERSONAL SSSH!

Just a word about your "personal affairs"—of course at all times you need personal calling cards especially at gift time, and maybe ? this year you need some graduation announcements too. And do you know that "Frashers" Stationary Department in Pomona gives splendid service, at prices that are right, in social engraving. They guarantee satisfaction in their emboss-o-graming, which gives engraved effects without the expense of a copper plate, and right now they are giving a special calling cards offer with a genuine leather card and memo case.

FREE

With each order of cards. The case is fitted with a pencil, a pocket for your cards and two extra memo fillers and your monogram will be put on the case in gold leaf free of charge with an order for cards. The plain cards are \$1.75 for 50 or \$2.00 for 100, and the best grade of Crane's Kid-Finish, plate sink cards are \$3.00 for 50 and \$3.75 per 100. No additional charge for a name plate, your choice of any style lettering, "vince-nette," "Shaded Old English," "Modified Roman," "Tiffany" and dozens of others. Satisfaction guaranteed. Don't delay. Place your orders now while this offer holds good.

"THE CLARION FOUR"

Continued from First Page

professional aspect, nor can the service rendered be overlooked.

When one considers that it has only been a couple of months since the "Clarions" definitely and publically announced their debut, such achievements as these are almost unbelievable to those who do not know the quartet. To others, it is the fulfillment of expectations, or rather the beginning.

Let's go! New building.

KOLLEGE KNEWS

Ada Moothart, Vestal Goetze, Pearl Whitcher and Nova Leonard were royally entertained on Sunday, April 19th, by the joint hostesses, Kathryn Harshbarger and Ruth Emley, at the home of Prof. G. J. Hollenberg.

Edyth Bowman spent her Easter vacation visiting relatives in Chino. Part of her time she was with her sister in Los Angeles.

Lola Ramsey entertained a Reedley friend, Francis Jacobson, now a resident of San Bernardino, over the week-end last week.

Viola Neher spent Sunday, April 19th, at Santa Monica beach with Mr. and Mrs. E. H. Tremble.

Maurine Miller was the guest of Miss Mohler in the Ladies' Dormitory, Saturday night, April 18th.

Ruth Wilkinson, Lola Ramsey, Mrs. Jacobson, Mark Lehmer and Zafon Hartman, motored to the hills Sunday afternoon, April 19th, where they spent a very enjoyable afternoon.

To all this may concern—Sad but true—the long tresses of Mrs. Arnett have taken their departure.

So becoming and neat, All say, "How sweet."

Olive Pobst and Fern Griggs were in Compton Saturday afternoon, April 18th, as guests of Mr. and Mrs. D. Welty Le Fever, former students of LaVerne, who are now teaching at that place.

Dr. Emmert played hookey from school last week. He was in Elgin attending the meeting of the General Mission Board. While there he saw several LaVerne friends.

The college deputation teams had charge of the services of the Methodist Church of LaVerne, both morning and evening, Sunday, April 16th.

Reatha Rensberger was in Redlands Sunday, April 19th, visiting with friends.

Harris Moore was in LaVerne over Sunday last week. While here he and Marguerite Dickey, accompanied by Rose Landis and Levi Dickey enjoyed a short hike in San Dimas canyon.

Vestal Goetze entertained Ada

Moothart in the Ladies' Dormitory over the week-end last week.

The students are indeed glad to have Cathryn Byrley in school again, after two weeks absence on account of illness.

What is so rare as a day in April for fishing? So go the sentiments of Dr. Arnett, Byrl Harper, Alvin Marshburn and Russel Frantz, as they spent their Easter vacation fishing for bass at Lake Otay. Evidently they had some good catching for Dr. Arnett said, "Luck! why we had to hide in order to bait our hooks."

Dr. Hoover asked in logic if there was any unity in the theory of Leibnitz, to which Chase firmly replied, "There is if I wrote my notes down right."

An exploring trip full of beauty and wonders was taken Sunday, April 19th, when Lelah and Dorothy Irwin, Florence Landis, Dale Glick, Guy Jordan and Ernest Landis were in the Los Angeles County park for the afternoon.

"Bill" Crowston had a lamentable experience with his new car in Pasadena last week. (Ask him for further particulars).

Early morning air is certainly inspiring. So said Cecelia Shaffer, Harriet Woody, Mina Throne, Jay Myers, Merle Butterbaugh and Virgil Russel, after they had enjoyed a ride to Mt. Rubindoux to attend the sunrise services there on Easter morning.

The prayer meeting hour of last week was conducted by the college Y. W. C. A. The girls told something of the work of the organization and of its future plans.

The "Clarion Four," and Olive Shirk, Beulah Smith, Mary Blickestaff and Lola Shirk enjoyed an afternoon at Forest Home Sunday, April 19th. Before coming home they indulged in a steak fry.

The college seniors have been busy lately obtaining positions for the coming year. Several have been successful, and others have encouraging promises.

SOCIETY

MORE FUN THAN A PICNIC

On Sunday, April 19th, Misses Mina and Olive Throne entertained twenty-four of their friends at a most successful dinner party. At one o'clock a delicious buffet chicken dinner was served and all of the good fixins went with it too. The meal was a very jolly one, and only "Big Bill" aroused some disturbance when he discovered a most mysterious note which he declared he could not understand. The remaining twenty-three guests lost no time in offering suggestions and after putting one and one together the announcement was made. The hostess blushed beautifully and Virgil Russell—well it doesn't matter anyway because it was all a huge joke.

Later in the afternoon Pauline, June and Ralph entertained in their characteristic way and furnished an hour of jolly good fun for all.

Those who wish to thank Mina and Olive again for the good time are: Misses Lois R. Miller, Miriam Shirk, Hazel Studebaker, Cecilia Shaffer, Verna Shirk, Ruth Blocker, Harriet Woody, June Hershey, Pauline Dunker, Doris Welch, Margaret Garber, Kitty Rothrock and the Messers William Crowston, Ivan Betts, Buster Clay, Jay Meyers, Ralph Shrock, Merle Butterbaugh, Glen Kreps, Paul Blocker, Merlin Yoder, Robert Hanawalt and Virgil Russell.

Y. W. LEARNS NEW SONGS

On Monday, April 20th, the Y. W. girls held their regular group meeting. Instead of having various speakers, they spent their time in learning new Y. W. songs.

The annual student body rug cleaning recently took place at Manual Arts High School. While exalted seniors and lowly scrubs looked on, student body officers gave the rug a systematic and much-needed beating.

Give money to the building fund.

T. N. T's. CAUSE SHOWER

Opal Studebaker and Norma Roy-non were the victims of a surprise shower on Thursday evening, April 23rd, at Opal's home on Fifth Street. These girls are members of the T. N. T. and are preparing to enter the matrimonial drama in the very near future. Thinking that their needs and wants were many, the T. N. T's. plus fifteen other girls brought various beautiful and useful gifts to the brides to be. Ohs, and Ahs! were issued forth as the packages were opened.

After all of the pretty things had been passed around for inspection and the contents of Opal's cedar chest had been viewed, two tea towels were hemmed as souvenir gifts from the T. N. T's. Each girl present printed her name on the towels in ink so that fond memories could be recalled when household duties were being performed for Syd and Harvey.

Refreshments of cake and fruit salad topped with whipped cream were served by the T. N. T's after which best wishes for a happy future were extended and all went home wondering who would be the next to fall on Cupid's arrow.

ANOTHER MILE-POST

Cheer up Ethel! Everybody has 'em! Yes, a birthday of course and what a lovely one it was.

On the evening of April 20th, a group of girls met at the home of Ethel Drescher to appreciate her nineteenth birthday. A general good time was enjoyed by everyone, and fun reigned supreme when the popcorn and candy were brought forth.

At a later hour refreshments were served to the delighted guests.

Those girls who shared the responsibility of devouring two lovely cakes and ice cream were: Harriet Woody, Edyth Miller, Inez Eshelman, Mildred Stayer, Alberta Maust, Ruth Blocker, Margaret Garber, Olive Throne and Pearl Bailey.

Special This Week!

A Pencil given away with every box of our Stationery during this sale.

WRIGHT-ON-THE-CORNER

ORATORICAL CONTESTS

Lloyd Studebaker upheld LaVerne with an oration on "World Peace" in the Men's Oratorical Contest which was held at S. B. U. C. on April 24th.

U. S. C., S. B. U. C., Occidental, Pomona, Redlands, Caltek, and La Verne entered the contest, and the contestants were allowed to choose their own subjects.

Mr. Meyer, of Pomona, won first place, Mr. Welch, of Redlands, won second place, and S. B. U. C. won third—the decision being based on thought, composition and delivery.

This was Mr. Studebaker's first attempt at an oration and he did very creditable work, but his competition was too strong for him. Nevertheless, he gives promise of some very splendid material for future contests.

Mabel Royer will represent La Verne in the Women's Oratorical contest to be held at Pomona college on May 7th.

The students are urged to give their representatives in these contests more support, especially by attending the contests.

OPAL SURPRISES US

On Sunday, April 26th, Opal B. Studebaker, of LaVerne, and Sidney E. Miller of Hemet, California were united in marriage at the home of President Studebaker. At 11 o'clock the bridal procession, led by President Studebaker, took its place at the altar to the strains of Lohengren's Bridal March, played by Modena Minnich. The bride and groom were attended by Hazel Studebaker, sister of the bride, as bridesmaid, and Bob Miller, brother of the groom, as best man. Following the simple and impressive ceremony, which was performed by the father of the bride, congratulations were received by the bride and groom while the piano was played softly.

The bride was beautiful in a white taffetta gown trimmed in satin lace, and a veil fastened with orange blossoms, and she carried a bouquet of white rose buds. The bridesmaid wore a peach colored messalin dress and carried a bouquet of Cecil bruner roses. The groom was dressed in a suit of navy blue while the best man wore the conventional black. The rooms were decorated throughout in a profusion of roses.

At 12 o'clock a delicious tray luncheon consisting of pressed chicken, mashed potato pears, corn pudding, hot parker house rolls, perfection salad, coffee, brick ice cream, and angel food cake was served by Norma Roynon, Modena Minnich, and Hazel Studebaker.

Besides the immediate relatives of the bride and groom the guests included Norma Roynon, Mrs. Roynon, Modena Minnich, Ralph Clay and Harvey Gibble. Many beautiful gifts were received by the happy pair.

At present Mr. and Mrs. Miller are at home in Hemet, California.

A SAD CASE

The most unfortunate letter in the alphabet, some say, is the letter "e," because it is always out of cash, forever in debt, never out of danger, and in trouble all the time.

Seven languages are being taught at Central High School, Minneapolis. They are Swedish, Norwegian, German, French, Spanish, English and Latin.

Lace Tunics are in Vogue

These cleverly constructed frocks are in the forefront of fashion and yet they are quite easy to make.

Complete assortments of the needed fabrics for making them are here. Laces in insertions and edgings are shown in Venice, Chantilly and Valenciennes in wide and narrow designs. Embroidery in batiste and embroidered net or tucked net are also shown in excellent variety. See the made-up tunics here for instruction.

Pomona

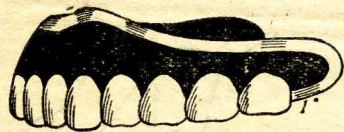

NEW STOVE INITIATED

Lucile Cox, having received her new alcohol stove, decided to entertain in a royal way. With Vestal Goetze furnishing the bacon, Nova the bread, and the cocoa and milk coming from no one knows where, a very appetizing lunch of delicious cocoa and bacon sandwiches was served. Napkins were much in evidence, and interesting were some of the advertisements on them. Jokes and "sarcasm" were the entertainment. A jolly evening was had by the dorm girls with Ada Moothart and Maurine Miller as guests, which was ended by Nova's statement, "I wonder if we'll have to tell them to leave so we can clean up."

Mrs. Arnett (in English)—Calvin can you tell about the last days of Oliver Wendell Holmes?

Calvin Hartman—Why—he had an athletic stroke and didn't last very long.

FUNNY ACCIDENTS

I saw a cow slip through the fence,
A horse fly in the store;
I saw a board walk up the street,
A stone step by the door.

I saw a mill race up the road,
A morning break the gloom;
I saw a night fall on the lawn,
A clock run in the room.

I saw a peanut stand up high,
A sardine box in town;
I saw a bed spring at the gate,
An ink stand on the ground.

—Selected.

Two women were talking in a street car. "My sister and me," said one, "We ain't no more alike than if we wasn't us. Yes, she's different as I be, only the other way."

—Selected.

ATHLETICS

COLLEGE BASEBALL

On Monday, April 13th, the strong Covina High School team was blanked by Hoff on the mound and the rest of the team played a good brand of baseball. Three double-plays were largely responsible for Covina being unable to score a run. Timely hitting and good base running scored the four runs for LaVerne in the seven innings played.

In a game with Pomona High in which both sides used second-string pitchers, the LaVerne Leopards were defeated by a 5 to 3 score. Poor base running featured in the low score for LaVerne.

In a two-game series with Christian College, the Leopards were decidedly the victors. In the first game, Saturday, April 18th, on the home grounds, LaVerne won, with Howard Hoff on the mound, by a 6 to 3 score. But three errors were chalked against the winners and nine hits were responsible for the six runs. J. Brooks made a home run and Glick a three-bagger with one on base.

The following Wednesday, the Leopards went on a spree and staged a real track festival in a return game with the same institution on their own grounds. They immediately became acclimated and when the dust had cleared away the score was 30 to 3 with LaVerne receiving the honors. Glenn Kreps was on the mound.

The Christian College game was too much for the home aggregation and they were not fully recovered by Friday so that Caltech took revenge on the 11 to 2 defeat handed them some time ago. It was so decidedly their day that LaVerne was handed the weak end of a 12 to 4 score.

Although ten hits were made off

Hoff, errors on the part of his teammates were largely responsible for the Caltech score.

Batting averages of the team for the season are as follows:

Name	A.B.	H.	Avg.
Lehmer	32	13	.406
Boots	25	10	.400
Glick	40	15	.375
Bohn	34	12	.353
Kreps	14	4	.286
Brooks	40	11	.275
Root	28	7	.250
Landis	41	10	.244
Betts	26	6	.231
Howard Hoff	14	2	.143
Harold Hoff	18	2	.111
Team	312	92	.295

ACADEMY VS. CORONA

The Academy Baseball Leopards journeyed to Corona on Tuesday, April 14th, and came out on the small end of a 12 to 11 score. The game was loosely played by both teams, being marred by many errors. Heavy hitting accounted for the large score. Either team had the game on ice several times only to have the other come back to take the lead. The game was in doubt until the last inning, when Corona made three runs and won the game.

ACADEMY VS. CHINO

The Academy Leopards met Chino on the College field last Tuesday. The weather was very cold which accounted largely for the fact that the game was loosely contested. This, coupled with poor base running, cost the loss of the game. The score at the finish was 12 to 8 in favor of Chino.

A return game is scheduled in the near future. A game is also scheduled here with Webb for April 30th.

Y. W. TO WELCOME MAY

As is customary, the students will herald the coming of May with programs and jolly spirits. The girls of the Y. W. C. A. are working hard to make May 1st a day of cheer and beauty, a time when all can forget their trials and tribulations and join in welcoming one of the most beautiful months of the year.

Lucile Beckner is general chairman of the various committees which are directing plans for the day.

A program of a devotional nature will be given at the regular chapel period and all visitors will be welcome.

At 4 p. m. a May Fete will be staged on the lawn in front of the Ladies' Dormitory. The public is especially invited to be present at the afternoon entertainment.

The tentative program for the May Fete consists of:

Formation of Queen's Flower Garden.

Quartet—Blue Danube Waltz, Strauss.

Bugle Call—announcing the May Queen.

Entree of May Queen and retinue.

Entree of Fairy Queen and attendants.

Crowning of May Queen.

Butterfly drill.

Flower Wheel.

Winding of May Pole.

Recessional.

The Inglewood Union High School celebrated its annual homecoming day on February 23d.

Shout for the campaign!

THE BUSY SOPHS RELAX

The busy school life seldom affords a time for classes to get together and have a jolly social time. Realizing this condition to be a real menace to their further development, the college Sophomore class decided to spend Saturday, Easter vacation, at the healthful mountain retreat, "Forest Home." Motivated with a Nash, Ford and Buick, the class with their class directors, Professor and Mrs. B. S. Haugh, early made the two hour drive to the "home" in the hills.

The atmosphere 5000 feet above the sea and a rapid mountain stream, caused each to indulge in some vigorous exercise which resulted in an early call for lunch.

A real supply of eats (as the sophomore girls only can provide) was soon exhausted and a hike of several miles was taken on which a beautiful water fall was found as well as plenty of snow for a jolly old snow-ball battle.

Upon returning to camp, thoughts were directed to higher and more sane subjects. The high points of the social life of the class were reviewed, and fond memories recalled that only a few years ago on Academy Senior ditch day the class spent a most enjoyable day at Catalina. Following this a suggestion was made by the aggressive Rose that the Sophs celebrate their college ditch day at Yosemite. Some economical student thoughtfully added that this trip might serve a dual purpose for Rose and thus save considerable expense.

In the early evening a weiner bake was enjoyed after which each carried his bit of snow to extinguish the fire. Then the happy group departed for home, feeling that a loyal class can only be bound together by an occasional get-together away from their trouble and busy school life.

THE CROSS-WORD PUZZLE

"The cross-word puzzle is an intensively rectangular but essentially heterogeneous concatenation of dissimilar verbal synonymic similitudes, replete with internal inhibitions, yet promulgating extensive ratiocinations and meticulously designed to promote fulminative vituperation, dispel hebetudeness and develop speculative, contemplative, introspective, deliberative, and cogitative faculties."

Now that you have this simple definition, as worked out by a university professor, you will enjoy working your cross-word puzzle more than ever.

ISHMOKA STOGI

Dear Miss Editoress of Campus Times who I hope are not so easily unnerved as my self.

Miss Editoress I are driving my car down street other day on street towards center of town where flagpole sprout from pavement in patriotic manner when all of suddenly I see many outomobiles and Ford cars assembled in strangeest of manners around above mentioned flagpole.

I are immediately become saturated with couriousness and step firmly but viciously upon accellorator thinking the while. Fire, police, wreck, bank robbery or etc.

At last I arrive and set mechanical two wheel brakes with much shrieking and sound of one hind wheel skidding to find my self surrounded in traffic jam which are making wild jesturings and crying feriociously "Let's go! Let's go!" but making no effort the while to get out of way, at last I become angry and holla also let us be going which are much better English language I believe. At this I receive many forms of applause including all loose objects not too valuable for throwing. And am now sitting peacefully in my home trying to recover myself.

For why is it so I ask to Know.

Hoping you are the same.

Ishmoka Stogi.

LaVerne College building campaign. Let's go!

UNCLE EZRA SEZ:

Th' other day I met a guy whot told me a new one 'bout horses. He says "did yer ever notice how two horses 'I coperate on a hot day when thers lots uv flies, by switchin' th' flies off uv the others noses, seein' as how one horses tale aint long enough tu switch em offen his own nose?" an I said thet I ain't. "Well," sez he, "I uster hev five horses, two teams an' a single one, an them two teams coperated thet away an the single hos wuz out er luck."

"An' how did the other hos take it" sez I.

"Well at first," sez he, "he seemed sorta sad like, but then he kinda got uset ter flies an went right on a eatin' while the other four spent their time a switchin' flies, consequentlie the single hos got fat while the other four got poor."

Provin' thet misfortune aint always so bad es it might look. When I fust heard thet the old buildin' wuz t' be torn down I felt sorry fer LaVerne but it sure did my old heart good t' see thet th' people uv th' town and college wuz like th' extra horse an went right on plannin' fer better things instead uv wastin' their time a houlin' hard luck an swattin' mental flies.

In the English room Wednesday, a dangling participle finally dropped and split an infinitive. No one was injured but the infinitive.
