NEW ERA BANQUET DATED FOR FEB. 5

Sixth Annual Good Will Ticket
Will Be \$15.00

The sixth annual New Era Banquet for LaVerne College will be held on Friday, Feb. 5, in Fellowship Hall in LaVerne. This annual celebration is designed to bring educators and friends of the college together in fellowship and goodwill. The response has been an attendance of between 400 and 500 people each year. As a benefit banquet the five celebrations held since the plan was started have brought \$26,000 to the college.

The price for this year has been reduced from \$25 to \$15 for the first plate. The purchaser is entitled to one or more associate tickets for his wife or other members of the immediate family at \$1.00 each. Students of LaVerne College are entitled to associate tickets at \$1.00 each.

A special Honor Ticket at the old price of \$25 is issued for those who wish to bestow this larger benefit. A large number of our patrons have maintained a perfect record of having purchased a \$25 ticket for every year since the plan was started and will want to continue this record by purchasing the honor ticket this year.

A splendid program is being arranged for the occasion and it is anticipated that at least 450 people will be in attendance.

CHALMER FAW SPEAKS ON S. V. CONVENTION

Chalmer Faw, LaVerne College delegate to the Quadrennial Student Volunteer convention which was held in Buffalo, New York, gave a report in chapel last Tuesday.

He said there were about 2300 delegates from different parts of the world, 250 of whom were from Canada. It was a four-day convention with 21 main addresses and 20 round table discussion groups.

Four topics were chosen for the four days of the convention. Each day was devoted to one of the following topics: (1) "God." (2) "World Disarmament." (3) "Peace and Disarmament." (4) "Living Christ." and (4) "The Cross" closed the convention.

Two outstanding speakers of the convention were Kirby Page and Dr. C. Z. Koo, a Chinese lecturer.

Preceding the report, Robert Walker and Bill Clinkenbeard played a violin duet.

I. R. C. MEMBERSHIP OPEN NEXT SEMESTER

As previously announced membership in the I. R. C. is contingent upon scholarship rating, an index of 2:00 being required, except in cases which very nearly approximate this.

The membership in the club is distributed among the classes, with not more than seven members from any one class. Members are elected once each semester. The second semester election will take place in April. Second semester Freshmen are eligible upon satisfactory scholarship attainments during the first semester.

Applications for membership should be filed early in the semester with Miss Scarisbrick, chairman of the membership committee.

DRAMATICS CLASS TO WORK PUPPETS

They're here—to give LaVerne an evening of superb entertainment—the marionette troupe, direct from the hands of the advanced dramatics class. They will appear on January 26, when the curtains rise on their miniature stage of modernistic design, completely furnished, and brilliantly lighted, in three of the most entertaining one-act plays of the season—The Three Bears, Jack and the Beanstalk, and Children's Paradise.

Among those to make their debut in LaVerne and those who should receive special mention because of unique qualities are: The hefty giant, the "two-toned" cow, the "spectacle-eyed" bears and various kinds of evil passions. Second only to the work of Paderewski is that of Sambo, the colored pianist who will entertain with musical numbers between the playlets.

As a special attraction, ladies from the "Hurdy-Gurdy" puppet studio in Whittier will give intricate numbers during the program.

The performance commences exactly at 8:00. Admission prices: 25c for adults and 15 cents for children. No reserved seats.

NOTICE

In registering, it would be very much appreciated if students would be careful to fill out their booklets correctly, be sure the course number is right, and write legibly in pen and ink. This co-operation will facilitate matters in the Registrar's office.

Signed,

HARPER W. FRANTZ,
Registrar.

FRESHMEN ENTERTAIN AT S. B. MEETING

The Freshman class provided the entertainment for the student body on Friday, Jan. 15.

Before the meeting was turned over to the Freshmen, Kenneth Dearnorff gave a report concerning the publication of our annual. It was pointed out that unless the students were willing to contribute about \$3.00 each we would be unable to publish the Lambda this year. After several minutes' discussion, a motion was made and unanimously carried that we raise the incidental fee from \$15 to \$18 in order to take care of this matter.

The first number on the program was a violin solo by Bob Harris. This was followed by the presentation of a one-act play, "Hero Worship," directed by Orlin Vaniman.

Helen Heisey and Joyce Dietz portrayed the characters of Mr. and Mrs. Robbins. Their married daughter, Sally Mitchell, played by Kathryn Blickenstaff, leaves her husband because of an imagined insult to her father. Sam, alias Harold Hilton, the 15 year old grandson, has an ambition to go to high school but is unable to do so because of the financial condition of the family. However, everything ends happily.

Pastor Walker: "Fred, why were not at church Sunday?"

Fred Brunk: "Oh, I like to go to a small church, Berdoo, for example."

SOCIOLOGY SURVEY

Through the whole-hearted co-operation of the Associated Students of LaVerne College, we, the Advanced Sociology class of 1931-32 hereby submit the compiled results of a social and economic survey of the students of LaVerne College.

Due to the terminology and the difference in interpretation of the questions the results have been summarized to the best of our ability.

1. Students who pay expenses while in school: All, 40%, part 46%, none 14%.

2. Average amount of expenses earned during school per student, \$151.00.

2. Number of hours of work per student per week: 71% average 13 hours, 29% do not work.

3. Average expense per school year, \$463.

4. Average expense of textbooks per year, \$24.

5. Average cost of room and board per week, \$5.22.

6. Vocations anticipated after graduation.

Teaching (89) 62%.
Undecided (17) 12%.
Church work (10) 7%.
Business (6) 4%.
Librarian (4) 3%.
Farming (3) 2%.
Medical field (3) 2%.
Social Work (3) 2%.
Engineering (3) 2%.
Law (2) 1%.
Journalism (2) 1%.
Architect (2) 1%.
Politics (2) 1%.

7. Number who have selected a major or principal group.

Positive 70%, negative 30%.

8. Field of greatest interest:

Music, 20; Science, 17; English, 17; Education, 16; Athletics, 16; Social Science, 15; Language, 9; Mathematics, 7; History, 6; Journalism, 5; Art, 5; Church, 5; Drama, 4; Philosophy, 4; Speech, 3; Nature, 2; Drafting, 2; Woodshop, 2; Home Economics, 1; Farming, 1; Commercial Law, 1; Law, 1; Foreign Education, 1.

Average grades in the above fields: A—23%, B—56%, C—20%, D—1%.

9. Purpose of entering college: College education, 38.

To teach, 37.

Culture, 30.

Vocational training, 19.

Preparatory work, 8.

No apparent reason, 8.

Athletics, 4.

Religious training, 2.

To loaf, 1.

10. Number whose education has been continuous:

Positive, 62%; Negative, 38%.

11. Those participating in extra curricular activities:

None, 15%; one activity, 15%; two activities, 32%; three activities, 11%; Four activities, 19%; five activities, 5%; six activities, 2%; seven activities, 1%.

12. Time spent in extra curricular activities is more valuable than that spent in studying:

Positive, 91%; negative, 9%.

13. Those accepting responsibilities when asked:

Positive 90%, negative 10%.
Percent often asked:
Positive 36%, negative 64%.

14. Organization of study habits:
Well organized 36%, not organized 64%.

(Continued on Page Four)

SOUTHERN COLLEGES TO SPONSOR CONV.

The Southern California Colleges Associated Student Body Presidents Association is to sponsor a convention for the promotion of student interest in national and international affairs.

Phil Schoeller, Associated Students president of California Institute of Technology, felt the need, after studying European students, of a greater student interest in political events. Furthermore, he has sensed a wall of aloofness which has been erected between the American students and public. There is a common misconception in America that the students feel they are far superior to the average citizen and consequently student ideas or suggestions are poohoed.

However, the students are partly to blame for the existing conditions because they fail to have many discussions which are for anyone but students and too often these are too theoretical to create student interest.

To promote a general interest in discussions of current problems, this group of student leaders from Southern California Colleges and Junior Colleges are going to sponsor a conference some time in the near future. There are to be speakers who are authorities on various present day topics who can present different angles, as other nations see them, on such pertinent questions as Disarmament, Reparations, Tariffs, and so on. There is to be no attempt made to crystallize any public opinion but merely to arouse public interest and let the public know that Southern California students are taking an active interest in world affairs.

Attempts are to be made to secure such speakers as Einstein, Milikan, Byrd, and other noted men who can present various sides to our questions.

Those who met at "Cal. Tech." last Thursday, Jan. 14, were: Jack Draun, Jim Podgett, and June Harrison of Long Beach Junior College; Verda Mills and Jack Jeters of Pomona Colleges; Frances Felin and Mollie Clyde of Scripps; J. A. Moran and Homer Pheasant of Loyola; Joe Bozio of Whittier; Wayne Davis and George Loring, Jr., of Redlands, F. Everett Robison of U. C. L. A., Larimer Haines of Occidental, Roy Crowley of I. R. Tech.; Steve Salesean, Jeanne W. Thomson, and Louise Gilson of Pasadena Junior College, Phil Schoeller of Cal. Tech., "Jerry" Deal, Orlin Vaniman and "Chuck" Manning of LaVerne.

LIGHT DEMONSTRATED BY PROF. BRANDT

Prof. Brandt gave a very interesting talk Thursday morning in chapel on Theories of Light.

A demonstration of light was made by evacuating a sixteen foot glass tube by means of an ordinary evacuating pump. Then, by means of electrodes at the ends of the tube, connected with a storage battery and Ford coil, the current was carried through the tube by ions of air. The tube, as we saw it, was at first light and then appeared to be violet in color.

Another demonstration was made by holding an ordinary prism glass in the sunlight. This divided the ordinary white light into its composite wave lengths of different colors of light.

LEOPARD CAGEMEN TAKE SANTA BARB.

Wilson Takes High Point Honors With 12 Points

In a wildly scrambled and semi-football game in which a total of 23 fouls were called, the LaVerne Leopards met and successfully outpointed the Santa Barbara State College Roadrunners by a score of 35 to 26 on the Leopard court last Saturday night. This gives LaVerne a clean conference slate so far this season with two wins and no losses.

Elwin Wilson, Junior, broke into his first real conference competition and was the star of the game with a total of 12 points, making him high point man of the fray. Wilson was in high gear and seemed to be able to make the almost impossible shots. Charles Snell turned in a brilliant floor game and tied with Greeson, the Santa Barbara star, for second honors with 9 points.

The game started fast, Santa Barbara taking the tip-off, but lost to Snell, who passed to Wilson, Wilson slinging a basket from the corner. Main of Santa Barbara scored next and the fat was in the fire. The score tied, four all, early in the game but Welty, Leopard center, consistently got the jump and LaVerne gradually took the lead. At half-time the time keeper with peculiar piece of humor set off a baby cannon and explosion found the Leopards leading with a score of 22 to 10.

At the beginning of the second half the Roadrunners came back with (Continued on Page Three)

INTERNATIONAL CLUB TO DISCUSS GENEVA

The recently organized international Relations Club of LaVerne College will meet again at Miller Hall, Wednesday, Jan. 27, at 6:30. The club will discuss the possibilities of the coming Disarmament Conference to be held soon at Geneva. Members of the club are asked to take the views of different countries, especially the views of England, France, Germany, Russia and the United States. The economic aspects of limitation of armaments, as well as the aspects of the peace movement, in the event of the failure of the disarmament conference, are also to be considered. Committee appointments will be made in this meeting.

The club, thus far, is proving itself to be an active organization. Miss Lauver and Miss Muir, of the club, spoke to the D. A. R. Friday, Jan. 8, and to the Women's Club of Pomona the following Monday afternoon.

The club plans to fill the Young People's hour at the Church of the Brethren Sunday evening, Jan. 31, at which time three or four qualified speakers will appear.

Sherwood Eddie has given up his remarkable work in America and gone to China and there he has been working with the Chinese students. Just recently he held a five-day evangelistic meeting in a town. In the first two days 415 men and 38 women signed intentions of attending Bible study classes. The last night 105 men were converted.

Another device that can always tell a lie is the speedometer on a used car.

CONGRATULATIONS, FROSH

Bravo, Frosh, I am proud of you. Doesn't that sound paternal? Well, be the paternalistic tone as it may, I want to congratulate the Frosh class on its comeback and staging of one of the finest class plays, lower class, I have seen. When we stop to consider that the Frosh class had only about a week to work up the play, it is more than remarkable that such excellent staging was done.

I heard one of the Frosh say that school was beginning to get interesting. Now, here is my suggestion to any who have been disappointed in the school and are thinking of quitting. The fact that you are not completely satisfied in some respects is only natural. The person who expressed his feeling of the school as just getting interesting is running true to form. I have noticed that the Frosh—yes, and other new students—who are taking an active interest in school activities are the ones who are beginning to like it. Naturally, you are to infer that my remedy for your dissatisfaction is to take an active part in school life, and it is. It will make the student body better, create a feeling of pride in you, and make the machinery of the school run smoother.

CHARM

Dear Co-ed: Every girl wants to be liked, but every girl does not know how to be likable. Have you ever asked yourself why a certain person is attractive to her men acquaintances? Perhaps it is her kindness, understanding, wittiness, cheerfulness, good sportsmanship, or her ability of being a good listener. You are sure to find in her one or more of these qualities if you look, for they are there with their subtle radiance gleaming in her personality.

Study women of charm and try to catch some of their pleasant manners for yourself. But don't just wear them, make them a part of you for boys are fearfully uncomfortable in the presence of a girl who is not natural. Even your make-up must be natural and fresh. Your rouge may be a bit more vivid than that of a natural complexion, but it must not look like the first picture you tried to paint when you were a child. And how do you wear your clothes? Do they enhance you or do they fit you like they did the woman who said to them, "Clothes, I am going down town; if you want to go along, hang on."

Boys like the girl who is a good listener, who pays attention to them when they tell of glorious deeds and of a brilliant future. They like the girl who can sympathize with them when things are not altogether rosy. The like the girl who is fun to play with but who doesn't always beat them, for they like to be he-men. (Isn't that the way you want them to be, any way?) They like the girl who is a good sport and who will not disdain to ride in a rumble seat through a shower if it is necessary. They like the girl who does not always grumble or complain at everything which does not suit her fancy perfectly. They like the girl who is enthusiastic and excited at the mere thought of adventure instead of the one who regards each occasion as just ordinary or who compares it as not quite as thrilling as one she had once upon a time. If you must make a decision, decide quickly and don't argue. Don't chatter endlessly in a shrill voice.

Never admit you are playing the woman's game. Let the boy pursue. Don't phone a boy to come around when you are lonely. You will get better results if you powder your

nose. After all, a woman doesn't exist for men alone. She is charming and natural for her own sake, but in being so she is bound to attract men to her. If you do this, I can promise you truthfully that, in the words of the Bible, "all these things (friendship of men) will be added unto you."

Most sincerely yours,

S. O. S.

LAVERNE RED CROSS FEEDS UNEMPLOYED

LaVerne Red Cross has fed over 72 transient unemployed in the last month. This has been supported by the work they have done on the woodpile supplied for that purpose.

The method used in LaVerne, which is being adopted by many other towns in the vicinity, is that a man will be given a meal for two hours work cutting wood. He is then expected to move on. The trees to be cut are donated to the Red Cross and after being cut into stove lengths, the wood is sold to pay for the food of the workers. This plan has worked better than that of giving money to the unemployed and expecting them to buy their food in the town.

Police Chief Wiggins had this system in operation when it was taken over by the Red Cross. Surprisingly enough, the wood sold and the meals furnished have so far balanced, the only other cost, that of hauling, is donated by the city.

STUDENTS TAXED FOR TELEPHONE CALLS

We have a new student telephone in our college, in case you have not already found it out. This new system—the toll—may be a good scheme whereby the previous difficulties encountered in collecting for long distance calls will be eliminated, but why everyone in school who wishes to use this necessary convenience should have to pay a nickle every time he wishes to make a local call, even though it be merely to tell his mother he went home for lunch, just because a few who constantly make long distance calls without paying for them immediately, I don't know. I for one object.

Wouldn't it be possible to have a toll system for all calls except local ones, since these have never been an expense to the school? This may be a scheme of the commission to replenish the student body treasury but

EDITORIALS and FEATURES

EXCHANGES

At U. S. C. the perfect man has been qualified. The women allot the following percentages: Intelligence, 20 per cent; cultural background, 15 per cent; personal appearance, 15 per cent; clear understanding of the meaning of the word "no," 15 per cent; social poise, 5 per cent; dancing ability, 5 per cent. The women will stand half the cost if the men rate 50 per cent; a "perfect" man need pay nothing toward dates.

Ninety per cent of the University of London expressed a disbelief in God in answer to a questionnaire.

The University of Oklahoma recently gave wide publicity to the slogan, "Wark First, Earn Some Money—Then Come to School." The president of the university explained the slogan was adopted because, "we feel students who work cannot get the most out of college when most of his or her time is taken up out of school."—College of Pacific.

Free Tuition by Pull.—Students are paid to attend the universities of Russia, but only those in sympathy with the government are granted the privilege.—Occidental.

One hundred and twenty colleges have inaugurated systems of culture tests for sophomores for the purpose of stimulating student interest in the "finer things of life."

The newest style in blondes calls for black paint on lips, eyebrows, and fingernails. The contrast is supposed to be beautiful.

Education in Russia.—Government statistics recently published reveal that Soviet Russia's compulsory education campaign is running 110 per cent ahead of schedule. During the czarist regime the most ever in school was 7,235,000. Last year there were 17,612,000 in Russian schools.

ANOTHER THEME SONG

My skies will all be blue
When my "A's" come true.
And I'll be smiling through
When my "A's" come true.
Those high marks I've built in my mind
Will be on paper, the practical kind.
And there I'll be with you
When my "A's" come true.

"ONCE IN A LIFETIME" AT PLAYHOUSE

Presenting one of the largest casts in its history, the Pasadena Community Playhouse will open Thursday night, January 21, with one hundred players headed by George Reis, popular Playhouse comedian, in a production on an ambitious scale of the hilarious and pointed Hollywood mockery, "Once in a Lifetime," by Moss Hart and George S. Kaufman. The play will run from January 21 to 30th.

"Once in a Lifetime" was first produced in the fall season of 1930 on Broadway. Its immediate success is theatre history—the original production running a year. It has been presented on tour in most every city of the United States. Just now it is being produced with great success in Germany.

And one of the mysteries of contemporary literature is, how did Hart and Kaufman, neither of whom ever worked in a Hollywood studio, manage to aim their satirical shafts so deftly that Hollywood has refused to produce, in spite of its epic comedy, "Once in a Lifetime."

It seems to me there would be some other way of doing this with the approval of all concerned.

The policy of this paper is not held accountable for all student opinion expressed on this page.

SPASMS

By S. A.

The boss said I oughtta clean out my part of the desk at least once a year, or at the first of the year, anyway, and these are some of the things I found:

1 dirty sock. No mate.
16 best short story ideas that have ever been neglected.
13 sonnets to the "most beautiful girl."

Unaccountable notes from the office reminding me of the war debt.

3 unused Christmas cards that I couldn't find.

A spare tire lock, no key.
Enough discarded jokes to print a college humor.

2 unused tickets to "Skidding."

A map of Mexico and Lower California, with the foot paths plainly marked.

1 canceled pawn ticket.
52 practically new cards.

Finding I had scarcely broken the surface of this Herculean task, I returned all debris to its proper place and things are going merrily on as before.

This here rag threw open the editorial page to the ideas and opinions of all who cared to write them and sign their name. As a result of all this generosity the students have responded in a whole hearted manner usual to the LaVerne student body. We have had one or maybe two unsolicited articles. All of which makes the editors very happy.

Being that this comes at the end of the semester and it won't make any difference, because nobody will read the paper, how in the devil does any one expect this "collitch" to have a literary supplement to the paper, or a literary magazine, if there is no more original writing? Figure that out on your slide rule some long winter evening.

MEOWS

When Faipn Travis played the wedding march Friday morning it seemed that Chuck and Kenny were going to give us a reel prelude for the Frosh play.

And did you hear those groans of Albert when Helen was worshipping another dark-haired Romeo?

Sometimes we think it would be cheaper for Carl Eschelman to go to school here than to use so much gasoline on his way to and from the dorm.

Does fickleness wear out, or will Kenny O. be a King Solomon II?

The International Relations Club should provide some interesting material for us now that Orlin is to have charge of keeping the fellows in their places.

With that romantic voice of Dan's, it's a wonder that he can't get a break here without having to go to San Bernardino for amusement.

If the girls don't believe in a 50-50 club and the boys won't date, let's form a bachelors' and old maids' club and do it up right.

They usually say that the woman has a hard time keeping quiet, but in the case of Paul and Ardith it's very different—he's having a hard time getting her to talk.

We're still wondering when the Mrs. Travis, which we've been promised, is going to appear.

We wonder if Berkie got her date Saturday night or whether she's still sitting. See Jerry Deal for further information.

Evidently Virginia Stern enjoyed herself Saturday night. At least, we hope so.

Did anyone notice the two whole rows of some of L. V. C.'s famous co-eds at the game Saturday night? And the reason is stags! What's the matter with you durn men?

Sincerely yours,

Catty Co-ed.

According to an old Hindu proverb, one-fourth of all our education comes from our occupations, one-fourth from our associates, one-fourth from nature, and one-fourth from books.

UNDER THE BASKET

by EDE

Say, who's the one who asked for the gun to be used at the end of the game? If it was I, just forget it was ever mentioned.

Wonder how many points Elwin Wilson will pink if he starts looking at the basket. Nice work, Elwin, as long as you continue to roll up the points you can play blindfolded if you want.

"War Horse" Jones seemed to "feel his oats" the other night. He was high point man of the Frosh against Citrus, besides playing a bang-up floor game.

The varsity looked like world-beaters for about 20 minutes of the Santa Barbara game. If they learn to play the other 20 as good, look out, Redlands.

The varsity reserves looked good beating the Pomona reserves Thursday night, Cecil Brooks and George Weybright showing up especially well.

Speaking of George, he was 10 minutes early to the game Saturday. Guess his alarm went off this time.

Welly is beginning to look like one of the best guards in the league, with Deal and Adams not far behind.

Bert Jones played for the first time against the Pomona reserves, and it begins to look like his knee will "stand the gaff."

The combination of Wilson, Welly, Snell, Montgomery and either Deal or Adams seems to have considerably strengthened the varsity, especially in shooting.

If Forney learns to "ease" his shots up to the backboard and handle his passes better, he is going to be a valuable man as he is a natural "ball-hawk."

The varsity club scrimmaged the reserves after the Santa Barbara game and Thomason and Weybright again showed the form that made them a feared combination while at LaVerne.

Let's hope that none of the Frosh or varsity basket ball men become ineligible for competition because of "finals."

If the yelling at the games is an indication of the support behind our teams, then I hope the time will never come when they need that support.

The varsity men were supposed to practice shooting 50 fouls Friday. According to the number they missed Saturday they should still be practicing.

For the benefit of those who attend L. V. and not the games, we are still leading, or at least tied, for the lead in the conference for games won and lost.

Saturday night the varsity goes to Pasadena to play the "outfit" who just beat the national champs. We're going to win to give them a good game. Let's support the team.

We'll let you in on a secret. Our next conference game is at Redlands. See you there.

LEOPARD CAGEMEN TAKE SANTA BARBARA

(Continued from Page One)

blood in their eyes. In one of the fastest swirls that has taken place on the LaVerne court this year they brought the score up to within five points of the lead, which was the closest they came to overtaking the Leopards. Greeson, the blond Roadrunner center, was the leading man of the attack.

In the second half the Roadrunners made more points than LaVerne because of LaVerne's failure to sink easy set-ups.

Santa Barbara made 16 to LaVerne's 13, but it still was not enough to take the lead. Towards the end of the game the Leopard running attack was weakened by the loss of Snell, who was put out of the game on personals.

Coach Eisan utilized a new combination developed from the Shamrock game. Snell and Montgomery at forward and Wilson, running center, with Welly doing the tip-off duty. Welly's arms seem to be able to uncoil to preposterous lengths, because LaVerne got the tip-off about nine out of ten times. Deal holds down the standing guard position and cheeks in an excellent game, and his usual two points.

This combination has greatly strengthened and speeded up the Leopard attack and hopes are running high for the outcome of the Leopard-Bulldog contests on January 28 and 29. The Leopards have lost to Redlands for the past three years in some of the hardest fought games and closest scores in the conference.

The game was thrilling to watch, as it was wide open and lightning fast throughout. It was the kind the bleacher official dotes on because he can have plenty to crab about. If he had been blowing the whistle he would have made a tiddledewink game out of it by the first half. However, the refereeing could not be criticized a great deal. The Roadrunners were given 15 free throws

KITTENS AGAIN RING UP EASY VICTORY

As the Kittens had no conference game, they played Citrus High as a preliminary to the Santa Barbara-varsity game and defeated them by a score of 26 to 13.

The game started out very slow. The ball was passed up and down the court for several minutes before any one was able to hit the basket. The Kittens scored first. Citrus was unable to drop one in until the beginning of the second quarter.

Jones, guard for the Kittens, was the outstanding player of the game. By his tricky passing the forwards were able to get many set-ups and make their baskets. Jones also took high point honors with 8 points. For Citrus it was Henderson with 7. The line-ups:

LaVerne		Citrus
Crites (4)	RF	Smith (2)
Rothrock (7)	LF	Drake (2)
Kerr (7)	C	Barham
Elder	RG	Guffey (2)
Jones (8)	LG	Ward

Subs: LaVerne: Smith, Harshbarger, Dickey. Citrus: Strong, Gyer, Henderson (7).

and only converted 4. The Leopards should start in on their daily 100. They were given 11 free throws and only made 1.

Semester examinations and the fact that Caltech dropped basket ball for this season will give the Leopards an easier week and a bye. There will be one real workout, however, at Pasadena Saturday evening when LaVerne meets the Pasadena Majors.

The line-up was as follows:

Laverne	FG	FT	PF	Pts
Snell, rf	4	1	4	9
Montgomery, rf	3	0	2	6
Wilson, c	6	0	3	12
Welly, g	2	0	2	2

APOLLOS CELEBRATE VERNON'S BIRTHDAY

The Apollo Four celebrated its birthday with that of Vernon Heckman on Sunday at the Heckman home in Pasadena.

The boys of the quartet with their friends, Anna Emmert, Helen Heisey, Frances Sandblom and Bertha Thomas, were guests at a wonderful dinner. There were two birthday cakes, one for Vernon and one for the singers with two candles on it. The glowing candles brought back happy memories of the past two years.

In the afternoon the group visited the Huntington Library with its treasured books and works of art and spacious grounds.

That evening the quartet sang to a large crowd in the Pasadena Church of the Brethren where friends expressed the hope that there would be many more happy returns of the day.

MABLE! THE SMELLING SALTS!

Ladies, you would have been deeply shocked to observe the atrocious conduct of persuado gentlemen in the Y room one noon last week. Things were certainly coming off and certain gentlemen lost their dignity. Improper exposure became the temporary vogue and the bulletin board was used for outrageous purposes. I suggest we refer their sinful occurrences to the Wickersham commission.

"Chuck" Manning steam cleaning the cap of his fountain pen on the safety valve of the radiator. I saw the cap fall into the fire. I "smelt" the whole class "smelt" the sweet odor of burning celluloid. I saw Chuck, so overcome by fumes, throw up the window and nonchalantly drop the rest of the pen out of the window, amid the chuckles of his classmates.

"Do oi know Odessa?"

"Odessa who?"

"Odessa itte bit."

SENIOR MEETING HELD AT THOMASON'S

The Senior class meeting held Friday evening, Jan. 15, at the home of Esther Thomason turned out to be a surprise on Kenny Deardorff and Buck Ferree, who will pass into the ranks of the alumni at the close of this semester.

After a short business meeting at which Senior ditch day and the honor system were discussed, Jerry Deal, Orlin Vaniman and Chucw Manning gave reports on the Associated Students conference held at Caltech.

Following the reports, each Senior wrote two letters, one to Buck and one to Kenny, which will be opened some time in the future. A large cake on which was written the words, "Good Luck" and the names, Kenny and Buck, was presented to the boys, who cut it and gave each senior a piece.

After the serving of refreshments of cake and jello, the seniors departed to their respective homes wishing success to the two outgoing members.

CHALMER FAW SPEAKS AT S. V. MEETING

"A missionary is one who loves God and does something about it," asserted Chalmer Faw last Wednesday, Jan. 13, at the regular meeting of the Student Volunteer group which was held in the Y. W. C. A. room at the college.

"Our individual task, today, is to show to the world the living Christ!" Mr. Faw also gave the group some problems of every Student Volunteer group. Then he presented solutions, thru which the groups came to an understanding of its tasks and duties.

Miriam Murray sang a solo, Vera Hoover accompanying, and presiding over the piano during the evening.

Perhaps you have sometime in your lifetime of more or less stable existence had in your possession a counterfeit coin. And without knowing it you made the mistake of trying to use it as a legal coin.

PERSONAL DISARMAMENT

If you have made a mistake like perhaps you know about how money U. S. Attorney George Hatfield of San Francisco felt the other day.

"Hatfield leaped into a taxicab, hot on the trail of a gang of counterfeiters. At the end of the ride he gave the driver a dollar. 'Hey, this doesn't look so good,' protested the driver. 'Gimme another one.' Hatfield handed over another dollar and took the questioned coin to his counterfeit expert. 'One of the crudest imitations I've seen,' was the expert's verdict."

The attorney had simply made a mistake.

I wonder if we students ever do things like this. Do we go after the mistakes of other students and then make the same mistakes ourselves? It's something for us to think about as students. Don't say that LaVerne College has no school spirit if you have none yourself. Don't talk about students cheating if you're not square yourself. Don't say the student body

JUNIOR CLASS MEETING HELD AT LARIMER'S

The Junior class held a meeting at Larimer's Thursday evening, Jan. 14.

Plans were made for a roller skating party at Rollerdrome, Culver City on Tuesday evening, Feb. 2.

Refreshments were served consisting of apple cider and doughnuts, after which the Juniors all raised their voices in song, accompanied by Evelyn Wine at the piano.

This is the first real clas meeting the Juniors have had this year, but they plan big things for next semester. From the amount of pep and enthusiasm displayed, we are sure their plans will be successful.

DORMITORY GIRLS HAVE EVENING TEA-TIME

In the dormitory, tea-time on Sunday evening has come to be a time to which the girls look forward with pleasure.

Tea is always served around the cozy warm of the fireplace. There are cookies and sandwiches and fruit, and sometimes chocolate or mints. Alma Linebaugh and Charlotte Shaffer were hostesses last Sunday, and Miss Muir and Mrs. Holsinger the Sunday before.

EDMISTERS HERALDED BY CHARIVARIERS

A group of "charivariers" charivariated Mr. and Mrs. Ivan Edmister, two LaVerne alumni, at the J. F. Edmister home in LaVerne, following the basket ball game Saturday night.

At the door of the gym the groom was escorted to one car and the bride to another and the group went to the Edmister home. The evening was spent playing games, after which punch, wafers and candy bars were served.

Present were Marie Tingle, Lena Mae Ross, Evelyn Deardorff, Virginia Stern, Anita Bowman, Grace Gans, Orville Stayer, May Fyock, Gertrude Leonard, Florence and Anna Messamer, Elmo and Ellis Holl, Marvin Crites, Bill Clinkenbeard, Harry Thomas, Jay Fyock, Wilson Gillingswater, John Bateman, Cecil Huff, Charles Snell, Carl Rupert and the bride and groom, Lois and Ivan Edmister.

doesn't back her winning football team when you do not sit in the bleachers and yell yourself.

Let's boost L. V. C. with the excess energy with which we are crabbing about those who do no boosting. If we do go after those who are not doing right and make a mistake it is excusable, but let's be sure that it is only a mistake.

Butterbaugh.

You don't realize how little a family of five can live on until you ask some expert who makes \$25,000 a year.

BOTANY AND ZOOLOGY CLASS EXPLORE

The botany and zoology classes, under the direction of Dr. Gilbert, went on an excursion Thursday, January 7.

The students met at the school at 12 o'clock and started to Laguna Beach. They arrived at home at six o'clock with reports of a very interesting time. Several specimens of sea-animals and plants were brought back as an exhibition for those who were unable to go.

SOCIOLOGY SURVEY

(Continued from Page One)

14. Average hours of study spent per week: 17 hours and 40 minutes.

14. Study conditions:

In library, 28%; good, 20%; bad or poor, 18%; fair, 15%; home, 15%; by radio 4%.

15. Average hours of sleep per night: 7½ hours.

16. Amount of stress placed on religion in L. V. C.:

Proper, 55%; too much, 16%; not enough, 15%; on surface only, 12%.

17. Regular church attendance:

Positive 63%, negative 37%.

18. Student opinions of class and student body socials:

44 feel lack of spirit and co-operation.

30 are satisfied.

26 would like dancing and card playing.

18 are opposed to cliques.

15 are not satisfied.

7 enjoyed all day functions.

6 feel the lack of socials.

4 want more formal functions.

4 feel the boys stag too much.

1. The expense of each student per year to the college is \$512, of which the student pays 39%, or \$200.

2. The loss of student debts to the college is approximately one and a half per cent (1½%).

3. The actual expense of heating the administration building by lighting the heaters at the beginning of class periods averages \$65 per month. If the heaters were lighted at 6 a. m. the expense would be \$15 more per month.

The cost of having a department of business added to the college would be from \$2200 to \$2500, or salary of a new professor.

5. The cost of installing a printing press that would take care of the necessary printing of our college would be approximately \$800.

6. The average football season has paid nothing in monetary gains, but is supported by student funds.

7. The average credit hours of LaVerne College professors is 65 semester hours.
