To Whom it May Concern and
any Others Interested

Several students and frosh have made remarks of late concerning the excitement caused by a recent railroad editorial printed in this column as the only real interesting incident kicked up on our campus all year. A few remarks have been to the effect that the editor of the paper should write something else to create a little excitement concerning our social life or just anything that would cause our students to show a little life.

No doubt, these few students who made these remarks have some ideas of their own as to some constructive method of rousing the rest of us from our stupor. Or perhaps, they have a few destructive remarks they would like to get off their chests.

For these reasons, this editorial column and one single column on this page will be open to student comment for the remainder of the year on anything you wish to comment about. The most constructive of these comments will be printed in the editorial column.

It will be understood that these comments are "personal opinion," and in no way are they supposed to be representative of general student opinion. If anyone cares to comment on a comment published the week before, he has a perfect right to do so. Sign your own name or the name of the class of which you are a member.

It is hoped that these comments will start other students thinking, will give the new commissioners a hint or two as to what they should do, and will help LaVerne College as an educational institution.

E. Calvert.

P. S.—This isn't any joke! Don't go blowing off around the campus any longer. Let us put your ideas in print and find out what other people think of them! Your ideas may help others!—E. C.

HERE IS ONE TURNED IN AFTER THE ABOVE EDITORIAL WAS WRITTEN!

PERSONAL OPINION

Does LaVerne College want some Freshmen next year? What is she doing to get them? Why doesn't LaVerne raise some social spirit some way or other? She seems to be dead from the neck up. Can't the upper class women and men do something to raise a social spirit? While speaking to an upperclassman, he said, "When I was a frosh I had high ideas of social life, but when I rose to an upperclassman this spirit died out." It seems to me that the upper class students are the fault of insufficient student social life.

If the students have noticed, it seems as though the frosh and sophs are practically the only ones that back the few and far between socials of LaVerne College to the fullest extent. The upper class men and women are always,—not present.

I think I can illustrate this by a party given by the frosh last Saturday. The frosh were there, but where were the JUNIORS? I think there was one there. Is this a good illustration? If not, take the "clean-up day." Who backed that to their full power. The frosh and sophs.

Upper classmen and women, wake up!! and create a NEW student social life if you want NEW freshmen here next year.

A Mere Frosh.

Campus Chuckles

Prof. Frantz: "Where is the youth of today going?"
Chuck Manning: "Why, to the Junior-Senior banquet, of course!"

Ralps Fesler: "But, darling, don't you want to marry a man who is economical?"

Willie L.: "Sure, but it's not much fun being engaged to one."

Buck Ferree (speeding): "I was just hurrying to town to see my solicitor."

Traffic Cop (writing ticket): "Well, you will have some more news for him."

School Principal: "Weren't you here two weeks ago, and didn't I tell you then that I wanted an older girl?"

Naomi Whipple (looking for job): "That's why I've come back."

Dad: "Whew! That licking I gave you tired me all out."

Son: "Yes, but you can sit down and rest."

Benny Anderson: "Do you think you could learn to love me?"

Zelda Sheller: "Well, I learned to eat spinach."

Evelyn Holmes: "What is a polygon?"

Mildred Adams (hesitation): "A dead parrot."

Dr. Sarafian: "How many times have I told you to be in class on time?"

Alfred Nicolas: "I don't know! I thought you were keeping score!"

If you don't like these jokes
And their dryness makes you groan,
Just stroll around occasionally
With some good ones of your own.

Mrs. Merritt: "Parse the word 'kiss.'"

Charles Snell: "This word is a noun, but it is usually used as a conjunction. It is never declined and more common that proper. It is very singular, in that it is generally used in the plural. It agrees with me."

Kenny Brownsberger: "Can you tell me if Helen Buckley is up in her room?"

Virginia Scarisbrick: "Sorry, there's no one home in the top story."

Kenny B.: "Oh, excuse me. I'll ask someone else."

Orchestra Members
Repair Music

A number of LaVerne College students who are interested in the success of the college orchestra met at the home of Mr. and Mrs. Howard Green, Wednesday evening, to arrange and repair music.

The evening was spent in work and fun. Although quite a bit was accomplished, more work must be done before the orchestra can have a really good practice.

The efforts of those present were well rewarded by dainty and appetizing refreshments. Candy, popcorn, delicious sandwiches and refreshing punch were served.

Those enjoying the evening were Anita Bowman, Evelyn Deardorff, George Berg, Kenneth Brownsberger, Ralph Hopewood, and the host and hostess, Mr. and Mrs. Green.

Personal opinion column welcomes your comments.

PERSONAL OPINION

Just now as my senior year draws to a close, and I want to make a final good impression upon certain of the faculty members, and with two term papers due within a week, my attention is most logically turned to the library.

We have a wonderful library in our college. In fact, I am sure that our library, considering its proportion to the number of students in the college, is one which very few colleges can excell. (Note the write-up next week concerning the library.)

But every good thing can be improved. The conduct and administration of the library is much the same today as it was when I first entered that portion of the campus equipment. Certainly, the librarian's desk has moved west, the magazine rack has enlarged its proportions, more books have been added, bringing with them shelves upon which to park, but we still have the same old rattling hall door, the same scraping cement floor, the same rules of conduct, and really, the same conduct, except that a few of the Seniors, with their experience, have learned to talk out loud instead of merely in a loud whisper as of yore. And, lastly, the library is still closed at all hours of the day except when we are attending classes and do not have time to use a good library.

Here is the trouble. Our library is identical to a high school study hall. It isn't a library at all. A library is a place for students to go when they have time to browse around and explore cultural depths and search out some of the real truths of life—which, after all, make up our education.

When I want to do this, I go to Pomona, Pasadena, or some other seaport where I can take my time and see what I can find.

I don't like this idea of checking out for one period at a time, one book at a time, getting in line at seven o'clock so you may be able to have your little book (cutting all others out) for a little while tomorrow evening.

Why don't they leave the books on the shelves where we can use them, and leave the library open until at least nine o'clock in the evening so we can go there and use them!

Our library goes from 7:40 to 12, and from 1 to 3:45, which, I say, is just like high school. The catalogue lists study hours, but if we bachelors are going to study like we ought to, we have to go to the Pomona city library. I want to use our own library. I think you get what I mean. Next year will be a good time to start a new policy.

I wish I could write some more, advocating battleship linoleum on the floor, swinging hall doors, and other improvements which would greatly aid the students, but my time is up.

A Senior.

The other day in a group of students somebody mentioned the "social hall" as a possible place for a certain function. A number of upperclassmen smiled knowingly and some laughed outright at this suggestion, while the Freshman wore a look half of doubt and half of ignorance, evidently never having heard of the particular "hall" in question.

Whats the matter, students and faculty of LaVerne College? At what straits has our school arrived when a portion of our administration building specifically set aside for social functions is either laughed about by the upper classmen who know the joke or puzzled

Cy Nical Comments

The writer of this column has been one of the best writers on the staff all year. With only one or two exceptions, his copy was in on time each week; and from comments overheard around the campus, he has held your attention and interest by his clever remarks both semesters.

Perhaps he has written a remark or two which all of you have not agreed with; but I believe every regular reader of the column has a word or two of congratulation for the writer.

The history of the column would hardly be complete without the uncovering or unveiling of Cy Nicol's identity on the campus. For this reason and others too numerous to mention, the above act will be forthcoming next week.

The Editor.

P. S.—If you don't already know, GUESS WHO? ? ?

New Commission Installed

(Continued from Page One)

He will see that the Lambda and other publications are kept at the high standard, and placed even on a higher standard than ever before. Verna Minor was the previous commissioner.

Orlin Vaniman, Commissioner of Forensics, took Chalmer Faw's responsibility. He will be responsible for all forensic activities and will perform them to the best of his knowledge.

Leslie DeHart, who is our new Commissioner of Finances, will be entrusted with all school money, take care of the books, and look after the financial system of the student body. He took Ralph Fesler's place.

The Commissioner of Athletics, will will be responsible for the best functioning of the managerial system, the equipment of the gym, and the athletic activities, is Homer Kreps, who took "Red" Weybright's place.

Dale Stutzman, the retiring president, in his farewell speech, said: "I will make no comments on what has been done, and no apologies for what has or has not been done." He commended the graduate manager, the commission, the editors of the Campus Times and Lambda, the Student Store manager, the student body in general, and others very highly for their cooperative and "stand-by" spirit. He said, "I am proud to turn this office of president over to Jerry Deal."

It was indeed with greatest and deepest feeling that every student on an impulse stood in recognition and appreciation for our old and new presidents. These sentiments were shown both when Dale left

at by the Freshmen who never heard of such a place? Social hall, you say? Store room, dust collector, an improvised photographic studio combined and conglomerated!

Since the visit of "Dad" Elliott, the great crying need of this school has been seen to be a more complete social unity among the students. Why then seek elsewhere for the golden charm which will bring this all about when the very tools and equipment furnished for this purpose lie unused or misused beneath our feet.

Social hall? Make it one! Make it one in fact and not just in name (to be laughed about and juggled here and there as a by-word)!. A little more wide-awake-ness, a little more realizing the opportunities at hand, and above all a little more school spirit, which will make old L. V. C. a place to be admired, respected and honored! That's the challenge, students. Next year, ahoy!
A Junior.

Y. W. C. A. CABINET
MEETING HELD

The weekly Y. W. C. A. cabinet meeting was held Wednesday, April 29, during the noon period. The student cabinet training convention was discussed, and a general plans for the coming year were evolved.

Also, arrangements were made for the coming Hi Jinks, to be held in the Gym Tuesday, May 12. It is to be a very informal affair and everyone is to come in costume. Relays and games interspersed with snappy program numbers will constitute the evening's fun. A big turn-out is expected. According to Frances L. in charge of the affair, this event will be something that everyone will enjoy.

the chair, and when Jerry received it..

President Jerry Deal, our executive officer, is responsible for presidential duties and the maintenance and keeping up of the high standard of the school. He thanked the old commission for doing the bet all around commission. L. V. C. has ever had, and said, "We plan to pick up the threads of the old commission and carry out their plans."

The last couple of years somewhat there has been a social depression but the old commission has tried us safely past that. The commission plans to go even further. They will work for a more congenial and friendly atmosphere on the campus, a better student body organization and program, and more exchange programs. In fact, "A Bigger and Better Verne College."

The students are asked to behind and support the commission, the publications, social activities, athletics, and all other student activities.

The Alma Mater closed the meeting.

Announcements

"Ice Breaker, and Ice Breaker Himself," a book, has strayed from the library. If you have seen it, send it home.

The new football schedule posted. Homer Kreps calls for "big boost" this summer for L. V. C.

W. TRAINING CONVENTION HELD AT U.C.L.A.
Seven Delegates Represent LaVerne

LaVerne College was represented by seven delegates at the annual W. C. A. Cabinet Training convention for Southern California universities and colleges held at U. C. L. A. from April 24 to 26. Those who attended were LaVerne's Frances Sandblom, Mildred Smith, Frances Nix, Mary Hollinger, Helen Buckley and Virginia Scarisbrick. The two days were filled with lectures, committee meetings, luncheons, and banquets. All sessions were held in the new Y. W. C. A. building on the U. C. L. A. campus. The LaVerne delegation stayed at Kappa Kappa Gamma house.

Among the speakers was Miss Josephine Little, national student finance secretary, who spoke on "How Shall the Student Y. W. C. A. Spend Its Money?" Other notable leaders and speakers were

VOLUNTEERS ELECT 1931-32 OFFICERS

Chalmer Faw is the New President

Thursday evening, April 30, the Student Volunteers met in the Freshman-Sophomore classroom at the Church of the Brethren for a business meeting.

Officers for the coming year were elected and will be installed at office May 13 at the residence of Evelyn Deardorff on Sierra way.

The new cabinet stands as follows: Chalmer Faw, president; Evelyn Deardorff, vice-president; Hazel Barnhart, secretary; Fred Brunk, treasurer; Marie Pobt, chorister; Harry Thomas, deputation chairman.

Announcements were made concerning the spring conference held May 1, 2, 3, at Redlands, and about other plans of the group for this year.

STUDENT SOCIAL LIFE LUMNI NOOS CHI DELTA CHI STAGING "CLARENCE" AS LAMBDA BENEFIT Production to be Put on this Friday Night, May 8th

Gladys Larimer Hollinger is the proud mother of a baby girl born in Inglewood about a week ago.

J.M. Roynon and Harry Blickenstaff took their Boy Scout troop on a camping trip over the weekend. The boys report a wonderful time passing cooking tests under Harry's eagle eye, as well as sundry and varied other tests. The boys report that Marion "got into some pretty deep subjects" in an intimate talk around the camp fire when he admonished them to strive to keep clean in speech, body and habits. The work of these two men is being felt in the "boy life" of the Church of the Brethren in LaVerne.

Miss Ruth Price announced her engagement to Wilbur Pobst of Canada in a four course dinner party held at the home of her mother, Mrs. Lillie Price, Friday evening. The wedding will take place May 31.

Mr. and Mrs. Ernest Root are planning to spend the summer in San Diego. He teaches in the Calipatria high school near San Diego. They have had a little experience with muddy roads the past week or two. The mud was so deep that schools had to be closed because students could not get to school. Mrs. Root is remembered as Cathryn Harshbarger, sister of Mrs. George Hollenberg.

Miss Mineva Neher, who returned home for her first furlough from the China mission field about ten days ago, went to Riverside Monday to have a slight operation performed on her eye. Miss Neher was the guest of honor at an informal party at the home of Dr. and Mrs. Harper Frantz Friday afternoon. Among the guests were Marie Woody Brubaker, Elice Laycock Neher and Naomi Harshbarger, Hollenberg.

Mary Perry, national industrial secretary of Asilomar Division of the National Student Council, and Miss Helen Hobart of U. C. L. A.

Of special interest was the banquet Saturday evening, the theme of the speakers being "The Negro Race in America Today." A number of notable negro speakers and students were present.

Special group meetings were also held for each cabinet member. Many new ideas were derived from the exchange of suggestions and discussions with people who have had a wide experience in Y. W. C. A. work.

Another feature of the convention was the trip through the new Student Union building which has just recently been dedicated.

Y. M. C. A. Entertainment Next Tues.

Swim and Campus Tour to Replace Y.M. Banquet

Tuesday evening, May 12, is the date set for the Y. M. C. A. guest night. This is going to be in the nature of a swim at the Pomona Y., a bean feed following and a visit through the college for the guests.

This is to take the place of the annual banquet which was formerly set for Saturday, May 9.

It is hoped that every man in college will plan to co-operate in this affair and make it a real entertainment for the invited guests.

Play and Other Items Discussed at Sport Business Meeting

Chi Delta Chi held a short business meeting at 12:30 Thursday. The first item discussed was the matter of pins, and it was decided to send for them at once. Plans were then made for the rest of the year. It was decided to have a party after the play, "Clarence," Friday, May 8th, at which time initiations will take place. Plans are under way for a breakfast meeting May 12th at which time officers will be elected. Miss Shepp suggested that the club attend the Pasadena Community Playhouse some time in the near future, after which the new officers will be installed at Miss Shepp's home in Pasadena.

"Clarence" was discussed and everyone was asked to do his part to make it a huge success. The club asks that the students back them up as the majority of the proceeds go to the yearbook, the Lambda. The cast has been working hard and will do its part. It's now up to the student body. Come on, sell the tickets to help the Lambda.

The cast of characters is as follows: Mrs. Martin, Mr. Wheeler's secretary, Opal Kuns. Mr. Wheeler—Doyle Montz. Mrs. Wheeler—Eleanor Shepp. Bobby Wheeler—Orlin Vaniman. Cora Wheeler—Ruth Rothrock. Violet Penney (Cora's governess), Frances Bishop. Clarence—Kenneth Deardorff. Della (the Wheelers' housemaid)—Ruth Gibbel. Dinwiddie (butler)—Dan Stover. Mr. Hubert Stern—Jerry Deal. "Clarence" is a returned soldier boy who had the reputation of "driving mules without swearing." Come Friday night and see for yourself how well Clarence succeeds in driving the mules. For mules they are—O Boy! If you don't hold your sides and come up for air from laughing at Cory and Bobby, you should have your family physician see that liver is adjusted immediately. "Clarence" is being directed by Beth Masterson, one of the students of the advanced drama class. Chuck Manning, who has an enviable reputation as a stage manager, is taking charge of this production, with Ed Cunningham as assistant. Leslie DeHart, our commissioner of finance-elect, is business and advertising manager. The costumes and hand properties are in the hands of Vivienne Wyne and George Berg respectively.

Frosh, tell us what's wrong and right with LaVerne, in the Personal Opinion column!

Dont' forget the Hi Jinks for girls Tuesday evening, May 12, in the gym. Every girl in the college should plan to be there if possible.

Let off your excess steam in the Personal Opinion column vent right away!

Come, bring the girl friend, uncle, aunt, cousins, grandma and grandpa, for a good laugh Friday night. Seats reserved at the LaVerne Drug Store. Admission, 50 cents.

RULES FOR THE NEXT WAR

A new world war will kill off surplus labor. This obviously is the easiest way of solving a difficult problem; it is so much easier to start a war than to apply common sense to world ills.

Well, if we are going to have another war, we might as well have some rules for it. We therefore offer for public approval this model set:

1. That all congressmen and senators voting for war be given their choice of enlisting in the shock troops or being shot on the capitol steps.
 2. That each battleship, cruiser, destroyer and submarine shall carry as excess baggage, one or more stockholders in battleship building concerns.
 3. That all manufacturers of war supplies be hanged when their profits reach the millionaire mark.
 4. That all holy men who announce to their congregations that "God is fighting with us" be dispatched to interview God personally on the subject and find out.
 5. That college professors be estopped from delving into history to prove that the enemy always was a low-down scoundrel, anyway.
 6. That the secret service be restrained from the discovery of "enemy plots" every time somebody turns on a light in the parlor.
 7. That the cause of the war shall be clearly stated to the nation as the reduction of unemployment, and not disguised as "a holy war to save civilization."
- Many more rules will be needed. But these will suffice for a starter.—Los Angeles Record.

Mr. Bowman Pictures "A Spiritual Tenderfoot" Talk Replaces Friday Student Meeting

Do you know what a spiritual tenderfoot is? According to the explanation given by Mr. Bowman, a Bible teacher of wide experience who spoke in the auditorium Friday, a spiritual tenderfoot is much the same as a tenderfoot of the mountains.

He is generally characterized by little real experience and abundant "cock-sureness" that his ideas are right. The tenderfoot of the mountains, who has become lost because he did not follow the directions of the guide, could find his way out if he would find a stream and follow it down to the valley, but he is sure that if he wanders around he will eventually find the trail, and wastes his time and energy in doing this. So it is with the spiritual tenderfoot. He will listen to any and every guide, especially those who back their beliefs with high-sounding philosophical arguments. Consequently, he becomes lost in a maze of ideas, none of which are substantial elements of real life.

The wisest person is not the one who can give advice, but the one who can take it. After he has taken it he will experiment with it and find out its true quality. He will not fully accept everything he hears without trial.

The main thing is to get a guide, one who has his guiding principles based on experience, and then to follow the chart or map which he gives you. The guide which the spiritual tenderfoot needs is God and his chart is the Bible.

Campus Personals

The LaVerne College orchestra, under the direction of Howard Green, will play for "Clarence," the three-act play to be presented by Chi Delta Chi, Friday, May 8, 1931, at 8 o'clock.

The following co-eds spent a perfect week-end at Balboa: Edith Roberts, Fern Glick, Miriam Dickey, Edith Eisan, Molly Warrington, Ardeth Horning and Zelda Sheller.

These boys also spent the week-end at the beach: Kenny Brownberger, Cecil Brooks, Lee Eisan, and "Red" Montgomery.

The Aeolian Quartet sang at the young people's banquet in Pasadena Saturday night.

Ruthe and Frances Bishop, with their mother, Mrs. Bishop, and Cora Lowder visited Catalina Saturday.

LA VERNE COLLEGE

Monday, May 4, 1932

Jerry Deal Elected President; New Commission is Installed State Supt. Kersey and Mrs. Clement Visit LaVerne College Campus

Associated Student Meeting Sees Change in Commissions

Dark Horse Creates Interest in Elections

STUDENTS ARE ASKED TO SUPPORT OFFICERS

As a result of the election Tuesday, April 28, the Associated Students got a "square deal" by choosing Gerald "Jerry" Deal as president.

He has shown his executive ability as president of the Junior class the past year, and agrees to work for the progress of LaVerne College during his term of office as president of the Associated Students.

The "dark horse" created a great deal of interest and curiosity, and students showed their confidence in the manager who explained his qualifications for the position, to give him a high vote. In the re-vote, the "dark horse" (Charles Manning) received a large majority of votes for Commissioner of Publications.

Leslie DeHart, who has proved his ability as business manager of the Lambda, was elected Commissioner of Finance. Homer Kreps will be Commissioner of Athletics next year.

Orlin Vaniman, a debater himself, was chosen to head the foreign activities of the college during 1931-32.

Esther Thomason, a real worker, has shown her ability for planning socials, will try to improve the student social life, as Commissioner of Welfare.

These are the student leaders for next year—a capable president, and reliable commissioners. They will do their part in working for LaVerne's progress, but it takes the co-operation of the students as a whole to make LaVerne a bigger and better college. Co-operate with the commissioners! Boost for LaVerne!

Mr. O. J. Bowman Speaks in Chapel Tuesday

Spiritual Gifts is Subject of Talk

Mr. O. J. Bowman, of Detroit, Michigan, widely known director of Religious Education and Music, spoke in chapel Tuesday, April 28, the subject, "Concerning Spiritual Gifts."

The speaker used 1 Corinthians 13, 14, as the basis of his talk. He stated that the source of all gifts was from God, and it is our duty to conserve, increase, and use these gifts. We are the product of all that is back of us and all that is around us, and the character of our posterity will depend on us.

The associated student body meeting, that regularly occurs on Friday, was held Wednesday, April 28, for the purpose of installing the new student body officers for the new year.

The proposed amendment to the constitution was read and voted upon. The change of By-Laws Article III, Section 3, clauses 4 and 5, was passed to read as follows:

Clause 4. Athletes who have received awards for three successive years in varsity competition shall be given a college blanket as specified in the LaVerne College Table of Awards.

Clause 5. Varsity or Freshman athletic awards may be worn only on LaVerne Green as specified in the LaVerne College Table of Awards.

Dale Glick, L. V. C. graduate manager, gave the students a short sketch of the past year and its accomplishments. He asked us to recall the work of the students, as well as that of the commission. The commission, although responsible for everything, has functioned exceptionally well this past year. It has been praised for its accomplishments, unjustly criticised, and not praised at all. It has, however, been one of the best commissions LaVerne College has ever had. Some of its exceptional successes, as well as those of the student body in general, are the managerial system composed of a senior, a junior, and a sophomore; Clean-up day, awards for athletic accomplishments, "L" day, beach day, publications, and many others. The Campus Times, a bigger and better paper than ever before put out in L. V. C., and the Lambda, which without doubt will be the best ever published, have been great successes.

The new members of the commission were introduced and given their offices. Esther Thomason, who took Myrtice Butterbaugh's place, is to be responsible for all school social affairs and school social activities. She is Commissioner of Welfare.

Commissioner of Publications Charles Manning took over the responsibility of all L. V. C. publications.

BOOSTER EDITION ON TAP

1931-32 LaVerne College to Be Featured Next Week

Next week, the regular editorial staff, with the help of several faculty members, will issue a special Booster Edition.

The purpose of this Special Edition is to boost our Alma Mater, to give outsiders a concept of the purpose and nature of LaVerne College, and to inform the students of several important changes and (Continued on Page Four)

Sunshine Quartet in Farewell Program

Give Proceeds to Lambda

One of the best musical programs of the year was the Sunshine Quartet farewell program presented in the college auditorium last Friday evening, May 1.

The program included everything from classics to spirituals, which were sung in quartet, duet, and solo groups, with Elizabeth Lehman acting as accompanist. The program was composed of the following numbers:

"Greeting to Spring."
"Little Boy Blue." (Requested by Mrs. J. S. Miller.)

Little Bluebird of My Heart.
Solo, "Villanelle," Vera Flora.
"Love Came Calling Me."
"Out of the Dusk to You."
"Sing Me to Sleep."
"Indian Dawn."
"Little Papoose."

Duet (a) "Down the River of Golden Dreams"; (b) "Mellow Mountain Moon," Anna Emmert and Flossie Page.

"De Coppah Moon."
"Little Orphan Annie." (Accompanied by Ralph Travis.)

"Heab'n"
"Standin' in Need o' Prayer" (requested).

Solo, (a) "Auf Wiederseh'n" (b) "On the Shore," Myrtice Butterbaugh.

"Great Is Thy Love."
"Lift Thine Eyes."

Garden scene, "Old Fashioned Garden," Vera Flora, Myrtice Butterbaugh.

"Little Old Garden."
"Smilin' Through."

"Just a Wearyin' for You," Anna Emmert.

"A Perfect Day."

Farewell Song, music by Lee; words by Flossie Page.

The Sunshine girls surely threw themselves into this Lambda benefit program and the result was two hours of the best entertainment on the market. The students surely appreciate this effort and take this opportunity to thank the Sunshine Quartet.

Frosh Debaters Divide with Redlands

Negative Team Wins; Affirmative Team Loses

Our Frosh debate team now has an average of .500 per cent as a result of its encounter with Redlands Frosh last Thursday evening. The negative team, composed of Aubrey Calvert and Royal Glick, met and decisively defeated Redlands' affirmative team. The same evening Bob Walker and Fred Butterbaugh traveled to Redlands, where, after a glorious fight, they went down in defeat.

Bob Walker and Fred Butterbaugh are to be congratulated on their fine showing against a team composed of two experienced debaters. This was the first real debate for either of them; and with this experience under their belt, they are now preparing to take Caltech down the line next Thursday evening. They are working hard and with a little more polishing from our able coach, Prof. Brubaker, they are headed for victory.

Royal Glick and A. Calvert evened things up for LaVerne by taking Redlands' affirmative into camp after a hectic battle of words. Glick showed up exceptionally well and looks like varsity timber for next year, while Calvert is not far behind him and has a good chance of filling his brother's place as soon as he gets a little more experience.

Last Tuesday afternoon each team had a non-decision practice debate with Glendale J. C. in which many valuable points were learned, and a good time was had by all, even if the speaker did insist upon saying ladies and gentlemen when there were no ladies present to enjoy the compliment.

These debates on "installment buying" are very interesting and educational, as it is a question which is vital to all of us, or soon will be for those whose dreams come true. Come out next Thursday and support our team, and enlighten yourself on the installment plan. You will never regret it.

Superintendent Kersey Gives Inspiring Chapel Talk Wednesday

Pres. Studebaker Accepts Gift from Mr. Muir

LaVerne Receives Valuable Oil Paintings

President Ellis M. Studebaker of LaVerne College has just announced that one of his most esteemed teachers and long-time friend, Professor F. G. Muir of Pasadena, Calif., has made a very valuable gift of oil paintings to the college. Three of these paintings, namely, Eucalyptus Trees, Laguna Beach; El Cajon Valley (after Braun), near San Diego; and On the Mediterranean (after Roberts), have been hung in the reception room of the president's office. The other two, Doghead, Laguna Beach; and Laguna Hills Opposite Doghead, have been hung on the walls of the library. These Laguna Beach paintings are especially interesting to the students of the college since they make frequent trips to this beautiful pleasure resort. The Mediterranean scene was painted while the artist was on a European trip during the year 1930. Mr. Muir is the father of Professor Gladdys Muir, head of the Department of History in LaVerne College. Miss Muir took a leave of absence from the college during the year 1929-30 for graduate study in European universities. Her parents accompanied her, and her father spent much of his time sketching points of historical interest.

During a period of twenty-seven years, Mr. Muir was Professor of Piano in McPherson College, McPherson, Kansas, having been appointed to this chair by Dr. S. Z. Sharp, first president of the school, when the college began operation in the year 1888. In that early day, Professor Muir taught both piano and voice, but later when a voice teacher was added, he gave his entire time to the teaching of piano. Mr. Muir had his musical training in the Oberlin and American Conservatories of Music. During these many years of teaching the art of music, Professor Muir acquired a wide circle of friends.

Check Your Vocational Interest Blank

This is made necessary by the fact that 25 cents did not even pay the cost of the blanks and keys; and as a result, no dinero was left over to pay someone to check them, as was planned.

The blanks and keys will be in The Campus Times Room from about 3 p. m. till 6 p. m. Tuesday and all day Wednesday excepting the 10:25 and 11:05 periods.

Mrs. Clement is also Introduced in Wed. Period

LaVerne College was honored having as a visitor and chapel speaker, the state superintendent of public instruction, Honorable Vierling Kersey, and Mrs. Evel Clement, head of the teacher certification department.

He based his talk largely on the agitation now going on in Sacramento for reducing the education expenditures in California; and also, a conversation between two leading men—Arthur Brisbane and Frank Crane—concerning the future of America. "What can be done towards producing such great leaders as Washington, John P. Jones, Lincoln, and many other heroes of the early days of America?"

Superintendent Kersey maintained that education is the only great force capable of creating leaders for the nation. "America is concerned in raising its level of educational maturity," Mr. Kersey pointed out, "education has worth because each one is going to contribute to improving that level of educational maturity."

Out of education will come a desire for a safe democracy, and of it will come a culture. The United States will not borrow its culture from other countries, but will create its own.

Education is not for economic reasons alone, although that is an important factor. It is up to the leaders of education and the students in the various schools to see to it that the highest viewpoint of education is maintained, Superintendent Kersey forcefully announced.

This will result in the Commonwealth of California holding an important place in the leadership of the country.

Prior to this talk, President Studebaker introduced Mrs. Evel Clement, head of the Teacher Certification Department of the State, who in turn introduced the speaker of the day, Superintendent Kersey.

PROF. TRAVIS TALKS IN Y.W. MEETING

Subject of Address is "The Truth about Opera"

Lecturer Proves Popular With Girls' Organization

Prof. Ralph Travis was received with a storm of applause in Y. Monday morning, April 27, when he appeared to give his address to the girls. Professor Travis said he regretted that he couldn't send flowers to all the girls. (Well, do, too.)

Spring Football in Full Progress

PROSPECTS FOR NEXT YEAR BRIGHTER

The Leopards got off to a good start in spring football practice and have been working out for two weeks.

Coach Eisan and Coach Glick have been keeping their eyes open for a good outfit next season. It is reported Eisan has some good hope under his hat and the next fall season will open with a determination to turn out a sweet eleven. Coach Eisan has some idea as to the material on hand, and with many more men who will probably transfer from various junior colleges, he will have a fighting bunch of candidates who will be seeking regular berths for the Leopard eleven when the 1931-32 season rolls around.

Measuring everything up, LaVerne will have about a 100 per cent improved team next year. With the aid of the Frosh, and the new students who will be coming to school next year, the football situation will look much better, and it is hoped that the Leopards' 1931-32 football season will go down in history with many victories.

Punting Contest Coming Up

Contest Open to All Students of LaV. College

Thursday afternoon a "Kicking Kontest" will be held on the local field. The winner of this "kontest" is to have his—or her, if there should be a feminine contestant who should happen to be able to kick harder and farther than any of the males—name engraved upon a trophy which will be permanent and stay at the school to have other names added from year to year. A similar contest will be held each year during spring football practice and a new name added to the trophy.

The contest is open to all students of LaVerne College and is to be judged upon a 50-50 basis between the longest average kicks and the longest kick. Each punt will be graded upon percentage, a 70-yard punt being considered a perfect kick. All the points of each punter will be added together to find his aggregate number of points. Each contestant's best will also be graded and these points will be added to his other total of points to find the kicker with the greatest number of points, who will have his name put upon the trophy.

Those who will stand a good of winning the contest are Brooks, Davis, Montgomery, Lathrop, Jones, and any others who might have been holding out on their kicking ability during the past week.

STAFF MEETING

There will be a complete staff meeting this coming Wednesday at 10:25 in the Campus Times Room.

Come, see what it's all about!
The Editors.

GIFT FROM MR. MUIR

(Continued from Page One)

among his students and colleagues, not only because of his expert work as a teacher but also because of his unique sympathetic interest in the cultural development of young people.

Mr. Muir's first interest in painting was developed during the summer months as an avocation. In the year 1915 he retired from the teaching profession and came to Pasadena, California. Since that time he has devoted himself quite largely to oil painting. He has been a pupil under such artists as Maurice Braun, C. A. Fries, and Roy Colman. Most of Mr. Muir's paintings are landscapes, though he does some marines. He has never wished to commercialize his work, but has painted primarily for the love of art.

The college now has in its possession six oil paintings, the first one having been given by Mrs. I. Brenaman, of LaVerne, who became interested in oil paintings when she was about 50 years old. This picture is hanging on the walls of the president's office. There is probably no type of decoration which has added quite so much to the cultural atmosphere of the college as that of these oil paintings. President Studebaker therefore is herein announcing that they are most gratefully received by the college.

Horsehidors Resume Practice

FACE CITRUS HIGH ON HOME FIELD

After a prolonged lay-off of one week and two days, due to rain-soaked grounds, spring football practice, and a bye in the schedule, the LaVerne College baseball team will start practice again tonight by furnishing competition for the Citrus high school team on the home ball field.

In view of the heavy conference schedule to be played by the Leopards in the next two weeks (Oxy Saturday, May 9; Caltech Wednesday, May 13, and Whittier Saturday, May 16), Coach Dale Glick has arranged another practice game for Wednesday, May 6, with Fullerton Jaysee at Fullerton. This is a return game for the one that took place two weeks ago on the Leopard field and in which the Leopards took the small end of a 2-1 score in a very tight game. The boys are determined to even things up by winning over their previous conquerors.

This coming Saturday, May 9, the Leopards will attempt to break into the win column of the conference percentages when they meet Occidental on the LaVerne grounds. The Tigers are tied with Pomona and Whittier for the conference leadership, so the LaVerne team has its work cut out for it. This is a good chance for the dops to be upset if the team can start hitting the ball.

Because there has been no practice during the past week, the pitching assignment for this afternoon is not settled. Coach Glick may use either Thomason or Welty, but probably both will see action on the mound. The rest of the line-up will, in all probability, be: Weybright, catcher; Forney or

PROF. TRAVIS TALKS

(Continued from Page One)

Professor Travis's address dealt with the truth about opera. Opera first came in the seventeenth century. Several of the leading men in the music world met in Florence, Italy, to make a change in music. Their real object was to find the music used by the Greeks. This resulted in the renaissance in music in 1600.

Up until 1850 male sopranos were very popular. If a man had a good soprano voice he was just "it." Both men and women sang in the operas. When the men would sing the ladies' part, they dressed like the fairer sex.

Another interesting thing about opera, which would be very unappreciated today, was the fact that when a person would be on the stage speaking, a group would be singing off stage what the speaker was saying.

Early operas were taken from Greek myths, but after 1800, tragedies were brought in. Some one just had to die in the last act. It was usually the hero, or heroine. If both died it would be a perfect death, as they would die in each others arms. Most operas were long.

Everything is for realism now. They must have a peasant boy in it, or such.

A story of the opera "Aida" was told by Prof. Travis. It is an Egyptian opera written by Verdi, an Italian. It is written in Italian, but the scene is laid in Egypt. As in most operas, there is a love theme which is triangular.

Several phonograph records from the opera were played by Prof. Travis at the close of his interesting talk.

Ferree, first base; DeHart or Forney, second base; Bessey, third base; Deal, right field; Hubbell, center field, and Jones, left field.

Frosh Enjoy Snappy Beach Party

Laguna Scene of Merriment; Several Juniors Represent Class

For plenty of fun and space to play, the Frosh report that Laguna Beach is the ideal spot. They seem to have found out last Saturday at what was supposed to be a Junior-Frosh party, but which turned out to be a Frosh beach party with four or five Juniors as critic representatives of the class.

The whole group had arrived by 3 o'clock and games directed by Coach Eisan were participated in by the boys while the girls went swimming.

By sunset the crowd began to feel that a little nourishment would be quite appropriate and buns and hot-dogs with the usual accessories were resorted to. Later on pie and coffee were served.

Professors Brandt and Eisan acted as chaperons and incidentally as entertainers.

BELIEVE IT OR NOT

Tuesday afternoon in the 2:50 European History class, Miss Muir told her students (?) that since they were having the test Wednesday she would give them until Tuesday to get their term papers in.

From the back of the room came the following exclamation from Helen Buckley: "Ah, you darling!"

If you don't believe this, ask Helen or Miss Muir—or even the industrious history class!

Bowman Speaks in Chapel

(Continued from Page One)

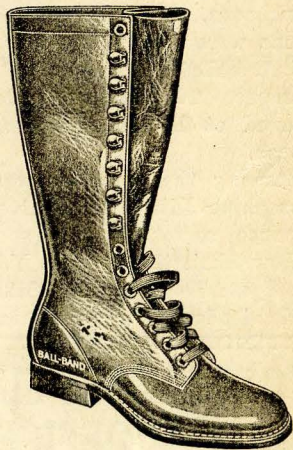

pend on the proper use of our gifts. Each individual is responsible in proportion as he is talented. Everyone has a role to play, no matter what gradation of talent he may possess. We must strive towards an unselfish use of our gifts, since we can only be of service to the world when we get our focus off of self.

The speaker also mentioned the fact that we should choose occupations where we may exercise our gifts. There are too many square pegs in round holes, so to speak.
