GAPS-?-TIES

Vol. 28 No. 19 LaVerne, Calif. April 16, 1936

Y.W.C.A. ELECTION RETURNS

LEOPARDS RUN IN MEET

Last Thursday the La Verne Leopards journeyed to Riverside and competed against Riverside J.C., Riverside Poly Hi, and Loyala U. of Los Angeles.

The meet was won by R.J.C. with Poly Hi, Loyala U. and LaVerne, finishing in that order.

The Leopards placing in the meet were: Smith-tie for first in the 440 in 51.8; Cranford -second in the pole vault and broad-jump; Verbeck-third in the two mile run, Butterbaugh-fourth in the mile run; and Raley-second in the low hurdles and fourth in high hurdles.

The Leopard tracksters are improving with every meet and should be in great shape for the all-conference on May 2nd.

Next Saturday the Leopards travel to San Diego for a meet against the strong San Diego and Whittier track teams.

The Y.W. election was held Tuesday in the Y room. Officers for the coming year include Helen B. Pres; Virginia M., program chairman and V. pres; Clelia Brubaker, secretary; and Elaine Garner, treasurer. The new president will appoint the other members of the cabinet. Mrs. Verday Carl was elected to the advisory board replacing Miss Muir, who, with Mrs. Brandt and Mrs. Cullen, has made up the board for the past year. The members of this board serve for three years and one is replaced each year. Miss Muir has served on the board for the past three years.

Last Friday the Y.W. meeting nominations for the officers were held. Nomination speeches were made for the candidates. The new girls' quartette entertained with two numbers. The quartette includes Kay Steele, Helen B., Lois Myer, and Altonetta Waas.

ON POLITICS

Well folks, I don't know what to write about this week. Of course, the predominant subject of conversation about the campus nowadays is politics, politics. But, you know, I can't say anything about it because...Well just 'cause.

It's kind of hard running for an office and also having to wfite nonpartisan editorials. Probably anything I'd say one way or the other would be inveigling myself, so I'll just say--I hope that each individual votes by his conscience so that the best man wins.

--The Editor--

OUR PAPER TO ENLARGE

Things are happening around this school thick and fast this week with the elections, the May Carnival coming, the League Track Meet not far off, the Lambda in its last big rush parties here and there, plans going forward for the Junior-Senior Banquet, and the Chi Delta Chi Beach Retreat. And so in the spirit of the time, The Campus Times is planning some enlargements. We are planning to add another page to our paper. Because of increasing advertising needs and flourishing journalism, it will be necessary to enlarge the Campus Times by adding another sheet.

The Campus Times Staff has definitely decided to have the last edition of the year printed on large, regular sized newspaper. This edition as now conceived, will summarize all the events and happenings of the year in one big last splurge just before exams. Now the problem is, how can such a plan be financed? After consideration, we have decided to sell advertising space in our paper from now till the end of the year. And further -

more, since the advertisers in the Lambda wished to have mention made of their advertisement in the Campus Times, it will further necessitate enlarging our paper. Norlyn Dull has been appointed advertising manager and he has secured $1.35 of advertising for this issue and expects to double it in next weeks issue. Therefore you see the reason for our expansion program.

The next question is, how can you help us. The first and most important is to patronize these advertisers. The second is to tell the clerk who waits on you where you are from. And the third is to cooperate in helping us to build up our advertising and journalism contributions.

The Campus Times has grown considerably since the first issue on Nov. 14, 1935. Starting with a staff of 22 members, 18 of them being new students in LaVerne, the quality, composition, size and interest in our paper has continually improved throughout the 19 editions. Students are now realizing the influential importance of our paper and are making greater use of its columns each week. It is this place in the lives and interest of the students for which we have sought this year.

Other plans for the rest of this year include the reviving of an old tradition in which a complete file of the Campus Times is presented to the president of the Assoc. Students for preservation in the archives; another is the appointing of the Campus Times staff before the end of the year so that the paper may start off "with a bang", the first of next year; and another is a system of succession within the Campus Times staff so that students may "work up" and also for coordination from year to year. The only way to obtain these improvements in our Campus Times is to get in and work for them. And so, in conclusion, we ask the help and interest of every member of the Associated Students in our present proposed expansion program. ---The Editor

PLEASE!!! IF ANYONE: elopes, dies, gets married, goes away, comes back, has a party, has an operation, has a fire, robs a bank, gets all A's, becomes a nudist, shoots a Prof., WE WANT IT! ITS NEWS!!!

FROSH MAY FETE

The Freshman class will sponsor a lovely May Fete on Saturday, May 2nd, in the college gymnasium. Extensive plans are being made for the event which will probably become a tradition on the campus. The festival will begin with the coronation of the May Queen of La Verne College. Following this impressive ceremony, the May Pole dances will be given on the Miller Hall lawn.

Various school organization will have booths at the carnival. A final attraction will be a very novel free floor show, the awarding of the grand prizes. A true carnival spirit and the tradition of this special day should make the Frosh May Festival an outstanding event on the social calendar.

MAY QUEEN ? ? ? ?

Who is your choice for queen? First of all, she should be beautiful. Then she should possess poise and charm. But perhaps more outstanding than these even, should be her personality. You know, "Lovely to look at, Delightful to know." These are the qualifications that the May queen should possess. Is there a girl in your organization that fits these? Why not submit her name and elect her to rule over the May Carnival? Just turn her name in to Mildred Mc Henry with the signatures of five members of the organization she is representing.

Shoose your candidate for May Queen soon so you can start electioneering for her. It will mean as much honor for the organization sponsoring the winning candidate as for the queen herself. Why not make the nominee from your organization queen and gain a name for your group in doing so? Remember that it will be a feather in your own hat if the queen is from your organization.

****

Each class and organization turn in your candidate for May queen immediately to M. McHenry. The signatures of five members of the organization must be submitted along with the nominee's name. The preliminary election will be held Next Thursday, April23, and the finals will be held the following Thurs. April 30.

(Cont. Y.W.Election)
The President, Ila B., announced the annual Y.W. Retreat, which will be held April 25 and 26. At this time, or in the near future, the new officers will be installed. All girls in school may attend the Retreat, so save the week-end of April 25 and 26 for a grand Retreat.

The Y.W. room has recently been redecorated and all of the girls in school extend the congratulations and thanks to Helen B. and her efficient committee.

CLASS TO PRESENT PLAY

"Here Come Three Knights" a comic-farce, will be presented under the auspices of the Advanced Dramatics class in the college Aud. on May 6 and 7. Prof. La Follette is being assisted by three student directors, Merlin Eisenbise, Mrs. Gloria Woods, and Dorothy Blickenstaff.

* * * * *

The Quill and Scroll Club will meet Thurs, in the Y.W. room for a regular meeting. The members of the club are selling personal cards, printed by the Progress Bulletin. We would appreciate your seeing us, or letting us know if you wish any.

PRE-CONVENTION RALLY

A pep rally for all valley C. E. Societies will be held in the La Verne Church of the Brethren, April 17, 7:30 p.m. This pre-convention rally is being held for several purposes--to arouse enthusiasm for the coming convention, to elect valley C. E. officers, and to have first eliminations in the C. E. quartette contest. Pictures of previous conventions will be shown and a peppy song service will follow. The quartette contest is open to anyone between the ages of 17 and 35 years of age. The winning quartette will compete in the county C. E. contest, and the winner of this will likewise compete in the State finals. Last year the Cecilian quartette had the honor of winning second place in the State finals. It is the desire of the Valley C. E. Division officers that this be an inspiring and important meeting to everyone. An inspiring devotional period will be held as the more serious part of the rally. It is hoped that everyone will attend this rally and in turn will go to the County Convention in Long Beach, May 1st 2nd and 3rd.

----------P. Koch

ALUMNI NEWS

The Easter season brought a number of La Verne alumni members back to La Verne who come only occasionally. Among those noticed were Cleo Berry of Empire, Alice Strate of Strathmore, Kenneth Brownsberger of Exeter, Elizabeth Lehman of Delano, Lois Miller Yochem of Brawley, Jay Bessey of Tipton, Vera Mae Shafford of Pine Canyon, Mrs. Edith Eisan of San Francisco, Mildred Hostetler of Bakersfield, Ernest and Ida Kinney Swihart of Yucca Valley, Elmo Holl of Parlier, and Ronald and Myrtice Butterbaugh of Terra Bella.

Lloyd Cunningham will finish his four year's medical course with the Loma Linda school for Medical Evangelists in June and will go almost immediately with his wife, Ellen Edminster Cunningham to Chicago, where he will take his year of interne work while she attends the Bethany Biblical Seminary. They are looking toward the foreign mission field.

BEYOND THE HORIZON

It is interesting to note that the California Republican delegation is not to be instructed in the choice of candidates at the national convention; this, in spite of the adoption of Landon-for-president by our nominal state citizen, W.R.Hearst The affinity between the two is somewhat analogous to the relation of a parasite to its host.

Other candidates are seeking to consolidate and strengthen their position in the various states. The memory of most people is rather short and policies might be forgotten if presented too soon. Then, too, this election will, as Mr. Farley indicates, be one of the "dirtiest" of the past several decades. Issues will not be uppermost in the program of each candidate so much, perhaps, as will the records of the opponent. It is an old adage that some men are known not by their friends but by their enemies.

Pres. Roosevelt remains the Democratic choice despite attacks from within and without the party ranks.

Politics at once attracts and repels; attracts because it is the medium whereby we may express our voice in government and bring about reform and progress; repels because it is employed by various groups as a means to gain special privilege.

----Norlyn Dull

SUPER SNOOPER--by Dutch

Again we break down and reveal the dirt of our fair campus....I hear Mildred has the date all set and is raring to go. We all sincerely congratulate you, but, on the other hand, we might say, "It's about time." But really, Mildred, the ring is really all right... I always thought Lucille wasn't much of a cowgirl. And to prove my thoughts, she let a little old donkey throw her off. Maybe you'd better stick to your knitting, so you can come back to school after vacations. She can't ride a bucking horse; I wonder if you, Packard, can "Wa-Hoo". ....Some months ago the fellows staying at the Yoder residence had some pictures stolen. These fellows would indeed like to have those pictures back because they really miss those Old Familiar Faces. Johnson and Cranford may even offer a reward.....

Did the Swihart brothers burn up up??? While crossing third and D streets the other night in their V16 Oakland, they lost a rear wheel and di d I laugh ! Poor Jessie and Jonsie had to walk home. Don't worry, girls--there's always a first time for everything !

...Just a little warning to Bob Fisher---Say Bob, beware of Mary Lou, she tore three buttons off my shirt just for a little picture. Just think what she might do if she really lost her temper. When she does, you better have on your tin armour or else---- !..... Well, that's all this week--cook the dirt and we will promise to serve it.

DORIS O. FOR WELFARE

Everyone is saying, "we want action ! We want bigger and better parties ! Action you will have if you vote for Doris Olwin as Commissioner of Welfare.

It takes ingenuity and cleverness to make a party successful. It takes neatness and accuracy to keep the date-book correctly. It takes experience to do all these things effectively. For a successful new social year--vote for DORIS OLWIN.

TEXACO SERVICE

FIRECHIEF GASOLINE

HAVOLINE MOTOR OIL

L.R. Jones--Prop.
Jim Cranford--Sub.

VERBECK SEEKS PRESIDENCY

When there was need for the people to be led out of Stygion blackness of ignorance, Aristotle, Descartes, Darwin, and Pasteur came forward with the candle of truth. Out of the need for political freedom, such figures as Voltair and Rousseau came into being. Karl Marx arose to the need for a new economy. The slaves turned to Lincoln. Huey Long got shot. The aged find "Nirvana" in Dr. Townsend, and the need which La Verne College Associated Students feel must inevitably be dealt with by

D DON VERBECK! !

LET'S INSURE GOOD SOCIALS

Farewell to this year's commissioner of Welfare; and may the next one fare well in that position. Haven't we enjoyed our activities under Bert?--"L" Day, Snow Day, the Skates, etc. Almost as much as the best of the football thrillers. But there really is no comparison; we all love to see a seething mass of La Verne men and brawn give its last ounce of energy to old L.V.C., but we also enjoy well-planned snow trips, hikes, and skating parties, though in a different way. Insure this important phase by electing. . . MAURINE MOOMAW FOR WELFARE. . . .

MESSICK FOR PRESIDENT

Don't let your blood pressure get the best of you. Think which candidate is best suited for the job and vote for Messick. I could extoll his virtues all day, but you know yourself that Messick is one of those likeable young fellows with personality plus, and a fellow that has La Verne College's best interests at heart.

Vote for Messick--the fellow who is qualified for the job.

Now that your blood pressure is back to normal. Remember--MESSICK IS THE MAN.

* * * * * * * * * * *

GROBER FOR FORENSICS

For Commissioner of Forensics we must have one who is not only dependable but efficient. Frances Grober, who has previously served for two years on a Student Body Commission and who was a year Commissioner of Foresnsics in high school, would certainly know what this office means and how to perform the duties efficiently. Vote for Frances Grober--Student Commissioner of Forensics.

* * * * * * * * * * *

VOTE FOR CAPABILITY !!

Which means more to you --Personal opinion or experience, vision and capability? Let's bury the first and consider Ralph Smeltzer's experience and qualifications for Commissioner of Publications.

He is editor of our own paper, the "Campus Times"; was editor of the local High School C.E. paper; assisted the editor of the Bonita Annual; was correspondent for the "Brick", a C.E. division paper; and wrote up Varsity Basketball for last year's Lambda.

Putting Ralph in office means you are taking steps against "Ill-will" and

FRANTZ FOR PUBLICANTIONS

In choosing any person for any office, the first considerations are for his capability in that particular line of work. Any of you who know Dot Frantz knows that she is capable of carrying out anything that she sets her mind to do. She has a good "business head" and the personality to make her schemes and ideas work.

She was editor of the Bonita annual and business manager of the College handbook. Who could doubt that Dot, with her skill, experience, charm, and personality is the best candidate for Commissioner of Publications.

CHAPEL PROGRAMS

During the past two weeks we have had a variety of chapel programs. Tuesday, April 7, Dr. Harper Frantz talked on the practical application of chemistry in our every-day life. Dr. Frantz particularly stressed the importance of industrial chemistry. He clearly showed our numerous clearly showed our numerous contacts with things chemical, and gave only a brief idea of what our civilization would be without the help of chemistry. Dr. Frantz gave special emphasis to the advance of chemistry during the past twenty-five years, which, he said, marks the beginning of a "chemical" revolution of far greater importance than the industrial revolution.

Last Thursday Mr. Fry, who was spending the week in Pomona, gave us a very appropriate Easter message. He showed how great Jesus' human sympathy is which is demonstrated by his accepting human limitations to show God's love to us. We have battles which are real ones that are fought secretly within our own nature, but we have access to Christ's power because he brought the divine to us by being human. We must be human and learn how to help others. Mr. Fry held the attention of the students and closed by saying, "Let the divine sympathy in Christ live in you so that we may make a better world."

Mr. Cooper gave a very interesting short description of the history of modern art. There are two schools or trends in which art has developed, romanticism and classicism. He traced them from their early beginnings and illustrated his ideas with colored slides.

It is indeed very pleasant to have such a good variety of speakers as we have had in the last two weeks. ---M.E.B.

DRAMATICS CLASS PROJECT

Members of the Advances Dramatics Class are preparing four one-act plays at the present time to be presented in the next few weeks. The plays are either original work of the class or dramatization of short stories. Roy Smith, Merlin Eisenbise, Dorothy Blickenstaff, and Wilma Lambeth are in charge of the production.

---F.K.

MANY HAPPY RETURNS OF THE DAY

One of La Verne's coeds who has gained the name of a good cake baker for La Verne students, is celebrating her ? birthday April 17th. Best of wishes to you Dot Blickenstaff.

A frosh, Barbara Juckett will be ___ years old April 19th. Even though she is a frosh, that is no reason for upper-classmen should take advantage of the day.

A new boy here, a Junior, and one who plays and sings cowboy songs, Don Swihart, will celebrate his birthday on April 22nd. --V.W.

The Washington Club held a meeting Friday at Frank Lapp's home, when a taffy pull furnished the main entertainment for the 13 club members and their guests. Games in the Easter motive were played outdoors. Small sandwiches and coffee were served at the close of the evening.

- - - - - - - - -

A surprise party was sprung on Lucille Gregory April 13th, on her nineteenth birthday in the La Verne Park. A picnic lunch and a birthday cake decorated with yellow candles was served. The table was decorated also in yellow and white. Guests were: Esther Myers, Pat Packard, Mildred Young, Catharine Miller, Marian Sullivan, Leona Fiest, Edythe Fesler, Eleanor Herrick, Lucille Boots, and the honoree, Lucille Gregory.

A weinie roast at Corona Del Mar was given Sunday afternoon in celebration of Lucille Gregory's birthday. The swimmers were Lucille, Leona Fiest, Galen Price, Dick Moon, and Ade Way.

- * - * - * - * - * - * -

WHO HAS IT ?

BROND OR BRUNETTE?

May 2nd is the day set for the big Frosh carnival. From all that we hear, it is to be one of the oustanding events of the season. The way the Frosh are all working on it already the rest of the school may be assured that they will put it over in a big way! But who is going to reign over it? That is up to the rest of the school to decide. The Queen of the May Carnival may be any girl in school, but who the lucky one will be no one knows. Each class and organization in school is to enter a candidate right away and start pulling for her.

LEOPARD GROWLS

By "Raving Raley"

Me, oh my! nothing to rave about, what to do? Well, dear children, the Southern Conference is doing pretty good in track this year. With the Olympic games just around the corner, interest is running unusually high. The strongest events in the Conference this year are the 880 with Huyett of San Diego the tops so far; the mile with Cooper of S.B. and Baker of Whittier leading the list. The hurdles are also very strong with Harigan of S.D. leading the high hurdles with a 15.2 mark. And Ray of S.D. with a 24.8 low hurdles mark. The 440 is also strong with Kilday--Oxy's Iron man the leader with a 49.1 in the 440. And speaking of Kilday--he only weighs 155 pounds, but he throws the shot 45 ft. runs the 100 in 9.9, the 440 in 49.1 high jumps close to 6 ft., broad jumps close to 22 ft., runs the hurdles in 16 secs. Outside of that, the poor boy just sits around and chews his fingernails. And by the by, dear boys and girls, remember we have a track team--go to some of the meets and root for your favorite. It might help just a little. We have a meet at Redlands on the 26th of April and the All-Conference at Redlands on May 2nd. Be There!!!!!!!!!!!!!!

CRANFORD FOR ATHLETICS

Jim Cranford asks the Associated Students to support him in promoting a more active and fruitful athletic program for our school.

Leaving a brilliant executive and financial career at San Bernardino J.C., Jim came to La Verne this year and immediately made a worthy name for himself as an athlete and publicity man.

If you want a Commissioner of Athletics who "knows the ropes" and will make every dollar count, vote for JIM CRANFORD.

in this world, but we won't be conscious that he is brying to get position in the world, until we see by the papers that he has arrived. He's fun to know and there's something about him that makes you want him to notice you. If we were a girl we'd set our cap for him, for he's the type that makes the best provider.

SENIOR GIRL

She laughs and lsughs, just like the little Audrey joke fame. Her hair is dark, and she has that olive skin that beauty specialists talk about. She's not beautiful, but who wants to go around under the strain of being beautiful? She can manage people for we see her do it everyday. She stays in the background a great deal, but that's the type of girl that we like to confide in. We'll bet she knows a great many people's secrets, but she'd never tell them. She likes a good time, too. Just take her out once and you'll find out. We like to be around her, but most of all we like to just plain giggle with her. There's something about her giggle and low laugh that does your heart good. Try a laugh with her sometime.

ENGAGEMENT ANNOUNCED

Mildred Holl announced engagement to Don Verbeck at a party Saturday at the home of Mr. and Mrs. Durwood. During the evening, a telegram was brought to the door for Rube Callison, written in code, supposedly from the recipient's parents at Wenatchee, Washington. Mr. Callison deciphered the message which proved to be an announcement of the hostess to wed Don Verback in June, 1937

An Easter egg hunt was staged during the evening in which June Walker received first prize.

Guests at the party were Belva Buck, Doris Harding, Barbara Bolling, Lois Myer, Eleanor Herrick, Helen Brownsberger, Marguerite Deal, June Walker, Everett Myer, Elvin Ebersole, Cletus Holmes, Merlin Eisenbise, La Vere Flory, Roy Smith, and R. Callison.

M Mildred McHenry announced her engagement Saturday to Harold Forsnas of Huntington Park at a dinner-dance at the Palomar to a group of friends.

The wedding will take place in the middle of June.

Harriet Strate entertained her sister, Alice, an alummus of La Verne, in the city over the Easter week-end.

Saturday, the sisters, accompanied by Dorothy and Helen Frantz, visited the Los Angeles County Hospital. They had dinner at the renowned Lucca Restaurant Saturday night, and then the girls attended Easter Sunrise Services at Forrest Lawn, where the Philharmonic Orchestra under the direction of Otto Klemperer played. After breakfast at the Pig-and-Whistle in Hollywood, Alice and Harriett, with their aunt, visited friends in Redlands.

Margaret Grant, Cliff Frantz Vivien Saul, and Bill Crawford visited the Hippodrome in Long Beach Saturday night. After rollerskating, the foursome went to the pike.

Dissertation on Fog
Written in a class.

The fog creeps in in
the morning.
The day is gray and drear.
The trees stand cold like
shrouded ghosts,
And drip great foggy tears.

There seems to be no hap-
piness.
It isn't at all like home.
There skies are never
cloudy,
And you never wish to roam.

The fog covers all like a
blanket.
It's thick and cold, and
white.
The singing birds are si-
lent,
The world's a sorry sight.

Ma Nature played a joke
on us.
She does that--boy and how
But I guess we'll have to
take it,
And be satisfied somehow!

E. & V.

Advice to the Practice Teacher

Push versus Pull

I was out of work
And looking for a job
The Other Day.
Cussed the Luck and
Said it Took "Drag"
To Land an Easy Berth.

Thought I'd try again
In a Big Office downtown.
The Door of Opportunity
Was Closed.
I Pulled and Pulled, but
It did not Budge.
Then I saw a Sign, which said
"Entrance, PUSH"
I Pushed--the door opened.
My Pull had done me no good.
I kept right Pushing my
way upstairs for the Job.
I Pushed the office door;
It opened. The Stenog said,
"What do you want?" Isaid,
"Your Manager wants to see
me".
"Your Mane," said she.
"Will Push, said I.
She Pushed the frosted glass
door,
Opening into the mahogany
Green Pluch Sanctum.
The Big Boss looked up.
"Will Push ismy name;
You need a man;
I can Start at Once."
"You're Hired," said he.

*****

PUSH, the Open Seasame to
the Door of Opportunity-
Got Me a Job.!
