ANNUAL BOARD MEETING MAKES MANY CHANGES

**Dr. S. J. Miller, President Emeritus, Honored—
Bids to be Let for Razing of Old Building—
New Administration Building to Be Named.**

The Board of Trustees of LaVerne College met Saturday, January 30th. Twelve of the board members were present, five from the north, six from the south, and the alumni representative. This body of men met in good trim to clear away a mass of business. The men who constitute this board are people who are in active life in several different professions and are in the habit of thinking definitely and quickly.

The organization of the board resulted in the election of Rev. M. S. Frantz, of Lindsay, as president; Dr. J. B. Emmert, vice-president; Rev. A. O. Brubaker, of Fresno, as secretary, and E. R. Blickenstaff as treasurer. The executive committee was enlarged to five members and now consists of Dr. J. B. Emmert, Elder W. M. Trostle, L. M. Davenport, E. R. Blickenstaff and E. R. Yundt.

Due to the fact that the faculty for this year is making a splendid success of its work, the teaching staff selected last Saturday is substantially the same as that for this academic year.

Another matter of interest is the disposition which was made of the old administration building. It was decided to ask for bids which will be opened at some future date for the purpose of razing this structure to the ground during the summer months.

(Continued on page 4.)

STUDENTS ORGANIZE CLUB

Literary Interests of the College to Be Advanced by First Society for Literary Purposes.

The mythical journalistic club which has been hinted at all year has now become a reality. About a dozen students have already placed their names on the charter roll.

As far as is known, this will be the first club of this nature in LaVerne. There have been organizations for other purposes, but the school is sadly lacking in clubs to foster arts. Such an attempt should be welcomed at the College.

This club will be the workshop for The Campus Times. It will be organized at the next meeting, some time this week. But besides having this practical purpose, it will be somewhat socially inclined. Meetings will be regular and it is hoped that the club will soon be recognized as a selective organization.

Do Your Banking

BUSINESS WITH A HOME BANK

We strive to be a community bank for the service and accommodation of the residents of LaVerne and vicinity. We invite you to test our service. 4 per cent paid on savings accounts. Safety deposit boxes, electrically protected, for rent.

The Farmers and Merchants Bank

COMMERCIAL SAVINGS

An extreme woman suffrage has become established. The feminine portion of the school has, by organized endeavor, tried to gain control of this institution.

This rebellious attitude has reached such a degree of ferocity that the faculty are taking steps to completely isolate both sexes from each other. If this is to be the result of the political split, there will be many fond hopes and anticipations dashed to the ground. For, there are those in this institution whose sole inspira-

tion is obtained from one of the opposite sex. If quarantine is to be put on these gregarious people who have such a mental constitution, their neurons will not function in a normal manner.

As platform for their party, the Spare-Ribs, for such is their "monicker," have adopted the slogan, "More Orange Blossom subscriptions than any other party." If the male element want to save themselves from everlasting shame, they must organize and crush these ribs.

BIBLE INSTITUTE CLOSSES AFTER SUCCESSFUL WEEK

**Many Speakers Hold Theme at High Standard—
Special Attractions in Music and Drama Keep
Interest at Climax Throughout.**

The Annual Bible Institute which has been the center of interest in LaVerne for the past week will come to a close tomorrow, after as successful a run as any that has been held in the past. Although lacking an imported lecturer to carry the main attraction throughout, as was

the case last year, this Institute was none the less interesting and wonderful in thought and spirit. President Studebaker, Dr. Arnett and Dr. Emmert were the three main speakers of the week. They were aided by other speakers, including Rev. M. S. Frantz, of Reedley; Rev. Zimmerman, of Long Beach; Dr. S. J. Miller; Rev. A. O. Brubaker, of Fresno; Eld. C. Ernest Davis; Dr. J. P. Dickey; Rev. Herman B. Heisey, of Los Angeles, and Prof. Laura E. Haugh, of the College. This cast of speakers, who need no recommendation where they are known, placed this Bible Institute on a par of excellence which is an attainment in itself.

President Studebaker gave a series of lectures on "The Teachings of Jesus" at 10:10 a. m. throughout the week, besides opening the Institute with a sermon Sunday morning. His lectures were what everyone expected of one so well versed in his subject.

At 11:05, Dr. C. E. Arnett spoke on "Principles of Teaching." To visitors, Dr. Arnett undoubtedly pre-

(Continued on page 2.)

ANNUAL WORK CONTINUES

**Special Subscription Rates Offered to
Early Subscribers**

Work on the "Orange Blossom," the college annual, is going on fast and furiously under the various editors of the staff, according to Florence Landis, editor-in-chief. The subscription campaign was given a decided boost by the "Spare Ribs" in their initial program. Over ninety-five pledges have been signed, and about three hundred annuals are to be printed this year. The books give promise of holding some good material, including more maps and pictures than ever before, and an attractive cover.

All those who wish to save twenty-five cents in the future should subscribe right away, if they intend to get an annual at all, because the annuals will be raised from their present price, \$2.25, to \$2.50 later. Subscriptions will be gladly received by Lloyd Studebaker.

**Your Business With

"TYNDALE" RECEIVED HIGHEST INTEREST OF INSTITUTE

Religious Drama Presented by Dramatics Class of Prof. Laura E. Haugh Attains Many Compliments.

The religious drama, "Tyndale," presented by the dramatics class on Wednesday evening, February 3d, under the direction of Mrs. B. S. Haugh, proved to be a powerful and artistic piece of work. The players acted over and above the handicap of poor stage equipment in a way that left nothing but the supreme message of the drama in the hearts and minds of the audience.

It pictured the hardships and suffering undergone by the noble and heroic men who translated the Bible into the different languages. William Tyndale, portrayed by Wilbur Hoke, filled the scenes with the spirit of Christian martyrdom. As the tutor of Sir John Walsh's children, he fearlessly upheld the truth as he saw it in opposition to the blind ignorance of the time as characterized by the Abbott of St. Giles, acted by Gladys Larimer. The pompous old abbot was the very personification of complacent, self-righteous hypocrisy. Martin Luther, played by Harold Hoff, was a grand character in whom

(Continued on page 4.)

STUDENTS IN SPEECH PRE- PARE ORATIONS

**Two Coming Contests Hold Interest
High in Platform Presentations.**

The College Speech Department under Mrs. Haugh will be somewhat concentrated in the next month and a half on orations which are being prepared for two oratorical contests. The local Keiser oratorical contest, which is fostered by Mr. Keiser, of this city, will be held within a month. Several students are planning on entering this. Then about the middle of March the Southern California Peace oratorical contest will be held, at which LaVerne College will be represented by a speech student selected by some competitive method for that honor.

The upper division speech class has been busy with orations for some time. The semester examinations were given in that manner. Also several of the students rendered their orations at odd times during the Bible Institute. From the standard exhibited in these cases, Mrs. Haugh is confident that she has some capable material to make these coming contests worthy affairs.

The second semester began January 25th with an enrollment of 105 students and a few specials. A number of students were lost by "quotation" and several Seniors by the equivalent of graduation, which makes our number smaller this semester than last.

Ivan Betts has been chosen manager of the Clarion Four Quartet. The fellows wish to announce that all correspondence should be addressed to him.

HISTORY CLASS TRACES LAVERNE'S EXISTENCE

The students and friends of the Jacob Funk family were very sorry to hear of the accidental death of the eldest boy, Lloyd, last Tuesday night. He was killed almost instantly by falling into a tank of hot liquid while on duty as a night watchman at an oil works in San Pedro.

Lloyd was a student at LaVerne in 1922-23. Hazel, his sister, is a student now. Rev. Funk is a member of the Board of Trustees. So the death comes as a shock to the entire constituency. These friends, besides paying tribute to the deceased, wish to express their sympathy through every available channel to the sorrowing family.

HISTORY CLASS TRACES LAVERNE'S EXISTENCE

**Interesting High Lights Discovered
Concerning City and College Early
Life.**

The class in the History of the West has been enjoying immensely the task of writing a history of LaVerne. During the past semester they have been following the activities of the Spaniards in the West, which has afforded an excellent background for the history of this valley, which begins with the romantic days of the Spanish Missions. It has been through the kindness of the descendants of Don Ignacio Palomares and Ricardo Vejar, who early came into possession of this land, that the material was secured on the development of the movement prior to 1887. Mr. Cross and Mr. Henry L. Kuns, pioneers of LaVerne, have furnished material for the period of the boom. The old files of the Pomona Progress, now in possession of the Pomona Library, were also a valuable source of information in compiling the history, and needless to say were also the source of considerable amusement. The tremendously advertised city of

(Continued on page 4.)

DEPUTATION TEAM MAKES FINAL PREPARATIONS

A deputation team chosen to represent the three Christian organizations of the school—Student Volunteers, Y. M. C. A. and Y. W. C. A.—is planning on giving a program in all of the churches of the Brethren in the Southern District, starting February 14th at San Bernardino.

The subject of the program will be "Christ in Education." Ramah Maust will give a talk on "Christ and Education." Mark Lehmer will have for his subject "Christ and Education and Ourselves," and Sarah Yoon will give a reading entitled "The Traveling Man," by Lady Gregory. The music for the program will be furnished by a male quartet composed of Zafon Hartman, Mark Lehmer, Claude Bowman, and Paul Blocher.

NEW BUILDING RECEIVING EQUIPMENT

**Administration Is Busily Engaged
Equipping New Plant With Best
Possible Equipage.**

With the immediate construction of the new Administration Building assured, President Studebaker and Business Manager Yoder have been busily engaged securing equipment for the plant. The last week was spent in arranging for furnishings of the Chemistry Laboratory, Library, Auditorium and stage.

President Studebaker announces that the utmost care is being taken to secure properties for the stage and auditorium. Especially is the necessity considered for good acoustic properties in the auditorium. So many buildings are equipped with the most gorgeous equipment only to be a failure as an auditorium because of poor acoustics. This will be avoided if at all possible.

Construction has not actually begun as yet, due to the completion of a few odds and ends which always must be arranged for before any such building can be erected. But it is practically certain that it will be completed for use for the beginning of next collegiate year.

THIRD LYCEUM NUMBER RECEIVES APPLAUSE

**Magician Displays Large and Varied
Collection of Slight of Hand Tricks**

Edward Reno, master of magic, mystified a large and appreciative audience assembled in the College gymnasium last night, February 4th. Mr. Reno's program was the third number on the Lyceum Course, and due to the many out-of-town visitors who are here to attend the Bible Institute, the audience was unusually large.

The entertainment was full of mysterious tricks, cleverly performed, allowing no time for dull lapses.

He had a large and varied repertoire of tricks and slight of hand performances which baffled the most careful observer. Like most magicians, he asked the help of children, who added quite an interest to the performance by solving the tricks and then finding that their solutions were the basis of other tricks. They were certain where the duck, and the block of wood, and the dish of water went to until investigation revealed the fact that they weren't there at all.

It was indeed a spectacular display which captured and held the attention and interest of everyone present.

ATHLETIC INJURY FUND GROWS

The Athletic Injury Fund which is being raised by classes to cover athletic injuries of the season has now reached the total amount of \$90.25. The following tells part of the story:

Seniors \$13.00, 87c per student.
Juniors \$13.00, 70c per student.
Sophes \$20.50, 78c per student.
Frosh \$43.75, \$1.01 per student.

C. BEAN WRITES FROM FEED
My Dear Jelly Bean:

Well, I am still alive and kicking, although I sure had a narrow escape the other night when I attended the Y. M. C. A. feed at the College Gym. The fellows used us pretty rough and I kept saying to myself, "Well, it won't be long now, ole Bean!" But luck was with me and tonight I am sitting under a tomato can in back of the dormitory, counting my blessings two by two.

It was a pretty good feed, I guess; at least they made a lot of noise. I happened to be parked on one corner of Mark Lehmer's plate (he's the president of the "Y") where I could take everything in. I was in the best of spirits until Mark suddenly poured a lot of that hed-hot catsup into my eyes and I missed out on part of it. A Kid-me Bean next to me started telling me all about the speeches from the visiting ministers, but just when he was telling about the funny things Ernest Davis said, he was stuck with a fork and waved goodbye. He was a good bean and I hated to see him go, especially since he was so close to me. I looked about me and saw that my friends and fellow sufferers were fast disappearing. I lay in fear and trembling and shook so hard that I rolled off and under the edge of the plate. I could see better than before. I can tell you I was mighty glad I didn't happen to

be dished out to Chet Shirk, or I wouldn't have lived to write this letter to you. He broke up more happy families in Beanville than any fellow there. There were some pretty educated men there who told lots of funny jokes. I laughed and laughed until I thought I'd bust open, and I did crack a little at the last one Ernie Davis told. He sure is a funny bird. Well, that was my first experience at a Y. M. feed, and it came pretty near being my last one, but I am good for several more adventures yet. Here's hoping you are still living in the candy jar.

Yours till string beans wear knickers,

Your affectionate brother,
Chili Bean.

"THE IRON HORSE"

One of the greatest productions ever shown on the screen, "The Iron Horse," starring George O'Brien, will be shown in the College Auditorium next Saturday, February 13th. It surpasses all other pictures ever produced representing the struggles and hardships borne by the early pioneers of the great West. It is so realistic, so true to the history and life of those who made possible the dream of a great transcontinental railway. It is a story full of thrills in the mad rush of the Union Pacific and Central Pacific to reach the desired goal first and of the struggle with the Indians; it depicts both humor and pathos, and is coupled up with a real romance—not of a sheik, a caveman or a lounge lizard—but a welcome type of rugged manhood. If you ever enjoyed a good picture you will enjoy this. Come and see. Price, adults 25c; children, 15c.

BIBLE INSTITUTE CLOSSES AFT- ER SUCCESSFUL WEEK

(Continued from page 1.)
sent a pleasant surprise in his forcefulness, sincerity and thought, which have made him a favorite in classroom and chapel among the students.

Dr. Emmert spoke on "Messianic Hope in the Old Testament" at 2:50 every afternoon.

Besides those attractions already mentioned, special musical programs were arranged for every evening by Prof. Haugh. The Glee Club, Lyric Club, Clarion Four, choirs and various other combinations were on the program.

The whole Institute was replete with thought and talented presentations which would do justice to any like occasion.

SENIOR PLAY CAST ENTERTAIN SELVES

On the evening of January 22d the College Senior Class held a pow-wow in San Dimas Canyon for the deserving cast of "The Goose Hangs High." The crowd left LaVerne about 4 p. m. and had as their destination a cabin just beyond the second ranger station, where fires were built and eats unloaded. The boys indulged in games of rook while Pearl enlarged her muscles by pounding steak. The main feature of the evening consisted of the aforesaid steak, flanked with pickles, doughnuts and gallons of hot coffee. After such a satisfactory repast everyone was at his best. Much originality was manifested in composing songs. Mrs. Haugh and Wilbur Hoke each brought home a prize.

The party broke up, quite wisely, when some one stuffed rags down the chimney of the fireplace and smoked the crowd out.

Pearl Whitchee, the Senior Class president, thought a little excitement would be appropriate and lost her watch while going from the cabin to the cars. She didn't tell anyone about it until she reached LaVerne. Flash lights and lanterns were borrowed, and after returning to the canyon and searching for a short time, the watch was found unharmed, for it had its hands before its face. Miss Whitchee hasn't worn her watch since!

LAVERNE PROFESSOR RECIPI- ENT OF CHAIN LETTER

One of the much-heralded good-luck chain letters which have been receiving notoriety in print, has been directed into the hands of Prof. Ray Cullen. This letter contained the names of several noted gentlemen ranging from the rank of count and general to movie actors. Among the latter was that of Harold Lloyd, Sid Grauman, Joseph Schenk, Mack Sennett, and several others less known. At least one university president was on the list, as well as authors, princes and gentlemen by the names of Oster Pakkenmaudent, Wibolds and Dodsierre Effegarot.

Prof. Cullen received it from H. S. Fouts, of McPherson College, Kan. He will carry out the directions by transmitting the letter to nine others. There were ninety-one names on the letter. Each person had sent nine letters and each letter was multiplied nine times when received. To date, how many letters have been circulated? That's your day's problem in mathematics.

A SAD OWL

A little owl sat on a knot;
The more he wished the less he got.
The less he got, the more he wished,
For he had no Valentine (poor fish).

Have you?

Well—Frasher's have Valentines with sentiments to suit every occasion and for every "Sweetheart," be it Mother, Dad, Sister, Brother, Auntie or—some little "Friend."

When a body likes a body
Who is mighty fine,
Then a body tells a body
With a valentine.

Of course, it's "Frasher's," 158 E. Second St., Pomona, for the Valentines and Valentine Party fixin's. Their party department on the mezzanine floor is all aflutter with Valentine Party Favors from the invitations and decorations to the "Jack Horner" Pies and Favors. They will gladly help you with your plans, and by the way, they offer quantity prices on Serpentine, Confetti, Hats and Favors. Adv

LA VERNE ENJOYS CONCERT

Apollo Club Gives Successful Musical

The musical program given to the public free of charge under the direction of Prof. B. S. Haugh on Monday evening, January 25th, was greatly appreciated by the large audience in attendance. The Lyric and Men's Glee Clubs made their seasonal debut and were cordially received by the enthusiastic listeners. Several members of the voice department gave their initial solos very creditably and students of piano rendered artistic interpretations of the masters.

After the recital the Apollo Club received the performers in the expression room. The musical games under the direction of Dorothea Dick were amusing and interesting. After a happy social hour, punch and wafers were served as a delightful conclusion to the evening.

Joys are heaped upon joys. After the Apollo entertainment, a group of girls gathered at the home of Reetha Rensberger to welcome Velma Noll, who has returned to college after a semester's absence. Miss Noll's parents, Mr. and Mrs. Sam Noll, of Fresno, have come with her, intending to make their home in Pomona. The dark hours were beguiled with popcorn and candy, and long draughts from the cup o' friendship.

I BELIEVE HE WOULD

I painted a picture.
With brush and pen I colored
The canvas. And when at last I'd
Finished with the work, I put it
With a host of other canvasses
And stood back to look upon my work.
It was not so good
As were the rest; and so I
Took it back and touched it
Here and there, and made it better.
I think my God
Will do as much for me!

—Spectator, McPherson.

The world is not going to be taken for Christ by high-powered evangelism, but by personal contact.—Dr. Arnett.

Unless you become as little children, you cannot enter the kingdom of teaching.—Dr. Arnett.

PERSONAL

There will be a decided country-to-city movement tomorrow, when the female element of the College almost entirely boards the car for Los Angeles, where they will take the bi-annual civil service examination. They are looking forward to possible jobs for the summer.

Prof. and Mrs. Cullen took several early morning walks last week to enjoy the smudge.

Mrs. Haugh's address during the Bible Normal was heartily endorsed by our old friend, the enthusiastic radiator.

Zafon Hartman rent the smudgy midnight air with wild cries the other night for a half-hour or so in an attempt to get into the gym, which was locked against him. He seemed to be under the impression that he needed a shower.

Mrs. Grace Miller gave a dinner on Saturday evening, January 23d, the object of which was Blanch Young and her birthday. The subject was chicken with all of its accompanying adjectives and the Dormitory Seniors made up the remaining parts of speech.

LaVerne mourns the loss of a loyal son in the departure of J. G. Meyers, who will not attend school this semester.

The entrances hold their own with the exits. Among the new students for the semester are Velma Noll and Mina Throne, both former students of LaVerne.

Marjorie Dickey motored to Santa Barbara with Mr. and Mrs. Marion Roynon last Friday, January 12th. While in the city the party, with John Brooks and Harris Moore, were entertained at the apartment of Miss Maurine Miller, who teaches school there. Marjory reports that there are still ruins of the earthquake available for the satisfaction of sight-seers.

Dale Glick says that his motto is: "Emulate the teakettle; it may be full to the neck, but still it singeth."

Customer—Waiter, what kind of meat is this?

Waiter—Spring lamb, sir.

Customer—I thought so; I've been chewing on one of the springs for an hour.

Y. W. C. A. TO APPRECIATE VALENTINE'S DAY

Plan to Convert Valentines Into Appreciation Notes for Their Fellow Students.

According to custom the "Y" girls will again send notes of appreciation to each other on Valentine's Day. This method of sending valentines was observed last year, and met with so much approval that the girls are planning to do the same this year. In fact, it is fast becoming a tradition. All "Y" members, the faculty women and wives of the faculty will participate in this cheer-giving act.

In case any girl knows not the procedure to be observed, a short synopsis will here be given:

Any girl may write as many notes as she wishes to as many people as she wishes. The only restriction is that each note must contain some word of appreciation of that particular girl. All these notes should be in the box which will be provided for them in the "Y" room before 8:35 on Friday, February 12th. Each girl may then get her "valentines" after chapel on Friday.

The Y. W. C. A. feels that this is a splendid way of showing appreciation and would suggest that it be tried in other schools. This way of keeping the day which is commemorated because of St. Valentine, seems well worth while, helps all to appreciate each other more, and may even ward off a violent attack of the blues.

If you chance to wander in the "Y" room you will find it a small paradise of starched curtains, plump cushions and shining woodwork, saturated with the faint, sweet odor of Old Dutch itself. Men, beware! Spring house-cleaning has evidently begun.

The paper baggers, i. e., those who bring their lunch, have been turning out reams of embroidery. If things continue smoothly we may hope to set up a needlework booth at the fair next year and perhaps edit a fancy-work journal.

Mrs. Merritt has been addressing her classes this week in low and soothing tones, due to a bad cold.

Four ardent spare ribs, Miriam and Olive Shirk, Lois Ruth Miller and Minnie Dickey, challenged the sway of the Knicker Knockdowns by appearing in criss-cross stockings and zig-zag sweaters, in combination with skirts and bow ties.

Mina Shirk has been suffering from an attack of flu.

Mr. Boots is reported to be recovering nicely from the shock of exams.

We rejoice with those that rejoice. Miss Witcher's wrist watch, which was lost in the canyon, has been miraculously found by a searching party which was dispatched immediately after the tragedy occurred.

**HISTORY CLASS TRACES LA
VERNE'S EXISTENCE**

(Continued from page 1.)

Lordsburg, according to the optimistic land agents, was destined to be one of the largest and most important towns on the Santa Fe Railroad. The arrival of the "Dunkards," who were considered one of the strangest sects of the country, was hailed with much curiosity and satisfaction, and the transfer of the old hotel into their hands was viewed with great relief by those who had painful remembrances of the boom.

The History Class has not only received valuable training in the historical method but has also made a valuable contribution to the residents of LaVerne. Furthermore it has created a vital interest in the class and in the community. The class will have the privilege of expounding their knowledge in chapel in the near future.

There is no excuse for Ernie Carl appearing among us in the same pair of knickers every day, for his mother kindly offered to hunt up some of the relics of his bygone childhood similar to the ones he wears now. To you boys who have not yet purchased "plus fours" this ought to be an inspiration. Tell mother to see what she can find in the attic.

EGOTISM
To some people the world is one vast ear into which may be poured the tale of their significant doings. From morning until night one may hear only of the things they have accomplished. That they have accomplished a great deal and are talented does not add greatly to the interest of the listener who from time to time is forced to listen to the egotist who is resting on his laurels.

How much better the time that is spent in boasting could be used in working. How much better if each of us could keep ourselves so interested in our work that we would not have time to boast of large or small achievements. How much better if we would live in a wide usefulness to society instead of talking of petty achievements.—Exchange.

**L. V. C.-CHINO H. S. IN PRACTICE
GAME**

In a fast practice game on Tuesday, February 2d, the Leopards turned back the near-championship High School team of Chino by a score of 42-34. Chino took the lead and kept it during the half, but they were unable to hold the stronger, more experienced College team during the second canto. Tomberlin, the long, loose-jointed center for Chino, was practically a team within himself. He would do credit to a number of College teams in Southern California. He scored 20 of Chino's 34 points.

Capt. Mark Lehmer, of LaVerne, was high-point man with 22 points to his credit, while Betts was next highest man with ten points and about 6 points that he didn't get.

Ernie Brubaker refereed the game and has not been on speaking terms with the captain since that time. His date at Chino that evening was also canceled by the other party concerned.

**"TYNDALE" HIGHEST INTEREST
OF INSTITUTE**

(Continued from page 1)

the personality of that great man seemed to live and move again. As he and Tyndale worked together at their common task of translation, aided by attendants, acted by John Hilton and Francis Crites, the atmosphere of the Middle ages was made very real.

The bright little bit of humor supplied by old Dutch Pointz and his wife, keepers of an inn in Antwerp where Tyndale stayed for a time, was full of pure fun. Harold Hoff as the little blustering Dutchman, and Lois M. Miller as his wife proved themselves artists in their line. Lola Shirk as the swaggering janitor was a distinct success.

Sir Philip, portrayed by John Hilton, a merchant residing in the same inn, pictured all the remorse and agony of a Judas when he and his fellow conspirator (Francis Crites) finally betrayed Tyndale into the hands of the law. Tyndale in the last episode was a frail, gray old man, but with the same undaunted spirit, preferring to languish in prison and finally receive the sentence of the stake, rather than be untrue to his ideals.

Little Arletta, the old man's sweet childish friend, was very truly characterized by Mrs. Katherine Beckner.

Special appreciation is due Mrs. Beckner, Aleen Rothrock and John Hilton, who prepared their parts on the last day in the unexpected absence of Hazel Funk, who carried three of the characters.

As to the success of the play: There is just a hint that the cast has been asked to reproduce it in a large auditorium of a neighboring city of considerable size—which is a real endorsement.

Have you tried to keep your face clean

In the smudge? In the smudge?
When all around were grimy
From the smudge?

If you haven't you may try,
Although you'll probably cry
When you get it in the eye
In the smudge.

Have you wakened in the morning
Of a smudge? Of a smudge?
And caught the subtle odors
Of the smudge?

Black haze floating all around.

**Leopards Rout Road
Runners**

After smudging three nights in succession, the LaVerne Basketball Team showed their "stuff" by traveling north on Saturday, January 22d, and beating the Santa Barbara State Teachers' College quintet 34-28 on their own box court.

The LaVerne team were a little at a disadvantage on the court, which was so small that team work was practically impossible. In fact, the court was so small that the players created so much friction between them, that some of them became "het up."

The first half LaVerne rushed the Roadrunners off their feet, keeping the score at least doubled during the first half, the score being 27-12 at the mid-game whistle. The Roadrunners came back during the second period and by means of a few lucky shots narrowed the lead to a dangerous margin.

"Chet" Shirk played such a good game at forward that he copped honors as high point man, scoring 12 points. He was closely followed by Kreps and Capt. Lehmer with 10 and 9 points respectively. John Brooks played the full game at guard, while Bell was replaced by Root in the final period.

Clemore was high point man for Santa Barbara, capturing 10 points during the game. Curtiss played a good game at guard but had the misfortune of throwing his knee out of joint.

In the absence of Coach Arnett, who was unable to accompany the team on the trip, Capt. Lehmer very satisfactorily acted in the offices of captain and coach.

Those making the trip were Capt. Lehmer, Kreps, Shirk, J. Brooks, Bell, Orville Brooks, Root, Betts and Mahoney.

**THE ANNUAL BOARD MEETING
MAKES MANY CHANGES**

(Continued from page 1)

The many friends of Dr. S. J. Miller, president emeritus, will be interested to learn that, at the suggestion of the women who now room in the ladies' dormitory, said building was named the Samuel J. Miller Hall. Because of the fact that it was under the leadership of Dr. Miller that this structure was brought to successful completion and because he has rendered such loyal service to the institution, he is worthy of such honors.

A committee was appointed for the purpose of selecting a name for the new administration building. Those who have what they consider suitable names to suggest may submit them to the president of the institution. At a later meeting of the board the names which have been collected will be taken under advisement and a suitable one selected.

The board decided to invite Dr. D. W. Kurtz, moderator-elect for the next Annual Meeting, chairman of the Board of Education for the Church of the Brethren, president of McPherson College, and one of the most widely known and esteemed lecturers of our church, to deliver the dedicatory address. The exact date of the dedication of this structure will be announced later.

The reports of the business manager and president indicated that the institution is making rapid progress. The board of trustees are very optimistic about the outlook. The splendid manner in which a large number of people have been supporting the institution is sufficient evidence to guarantee the success of LaVerne College.

Blacker objects on the ground,
And the people blacker found
In the smudge?

If you have not then you know not
In the smudge, in the smudge,
Half the blackness and discomfort
Of the smudge.

No sight can I remember,
With less chance of surrender,
Than those orchard fires render
In the smudge.

—Exchange.

**L. V. C. Defeated By
Church Team**

The basketball team representing the Vermont Square M. E. Church of Los Angeles, defeated the Leopards in a fast, hard-fought game in the La Verne Gym on Tuesday, January 26th, by a score of 41 to 30.

The LaVerne team started the game with the first basket, and with equal fighting for the remainder of the half she was able to lead with a score of 21 to 19. But during the second half Chamberlain, who was high point man with 19 points, started to work and run up quite a lead, which the Leopards could not regain.

Capt. Lehmer, of LaVerne, was high point man for his team, with 16 points. During the first part of the game the Leopards sprang a fast passing and shooting attack which the visiting team could not solve. But during the last quarter the Methodists underwent a shooting complex which would have been hard for any team to stop.

This defeat is not to be taken so hard, for that game was the seventeenth consecutive victory for the Vermont Square men. Their victims number the best conference and university teams in Southern California. Credit is to be given them for their fast and efficient team.
